

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

CONSTITUTIONAL PROVISIONS AND THE LAWS WHICH HAVE RELATION
TO THE WORK OF THE STATE BOARD OF CHARITIES;
AND THE RULES AND THE BY-LAWS
OF THE BOARD.

THE STATE BOARD OF CHARITIES.*

By Article VIII of the Constitution of the State of New York, adopted in 1894, the State Board of Charities, created in 1867, became a constitutional body January 1, 1895. Such Constitution provides that the Board shall visit and inspect all institutions, whether State, county municipal, incorporated or not incorporated, which are of a charitable, eleemosynary, correctional or reformatory character, including institutions for epileptics and idiots, and all reformatories (save those in which adult males convicted of felony, shall be confined), and excepting institutions for the care and treatment of the insane, and for the detention of adults charged with or convicted of crime, or detained as witnesses and debtors.

The Constitution also provides that the members of the Board shall be appointed by the Governor, by and with the advice and consent of the Senate, and all existing laws relating to institutions above mentioned, and to their supervision and inspection, in so far as such laws are not inconsistent with the provisions of the Constitution, shall remain in force, and that the Legislature may confer upon the Board any additional powers. It further provides that while payments by counties, cities, towns and villages to charitable, eleemosynary, correctional or reformatory institutions, wholly or partly under private control, for care, support and maintenance, may be authorized but shall not be required by the Legislature, no such payments shall be made for any such inmate of such institution who is not received and retained therein pursuant to rules established by the State Board of Charities.

The Commissioners comprising the Board are twelve in number, and are appointed for the term of eight years, one from each judicial district of the State, one additional member from the county of Kings, and three additional members from the county of New York. The Commissioners are required to reside in the districts from which they are respectively appointed, and no Commissioner can act as such while a trustee, director or other administrative officer of any of the institutions subject to the visitation and inspection of the Board.

The principal duties of the Board are to visit, inspect and maintain a general supervision of all institutions, societies, or associations which are of a charitable, eleemosynary, correctional or reformatory character, whether State or municipal, incorporated or not incorporated, made subject to its jurisdiction by the Constitution and the statutes. Other duties are to frame rules for the reception and retention of inmates and to approve or disapprove the organization and incorporation of all institutions which are or shall be subject to the supervision and inspection of the Board.

The chief officers of the Board are a President and a Vice-President, elected annually from its members.

Each Commissioner receives as compensation ten dollars for each day's attendance at meetings of the Board or any of its committees, not to exceed \$500 in a year to any commissioner, and is also paid his expenses while engaged, and his outlay for any aid or assistance rendered, in the performance of his duties. The Board is required to report to the Legislature annually. The seal of the office is the Arms of the State surrounded by the inscription, "State of New York — The State Board of Charities."

EXTRACTS FROM THE CONSTITUTION

Of the State of New York Relating to the State Board of Charities.

ARTICLE VIII.

* * * * *

§ 11. The legislature shall provide for a state board of charities, which shall visit and inspect all institutions, whether state, county, municipal, incorporated or not incorporated, which are of a charitable, eleemosynary, correctional or reformatory character, excepting only such institutions as are hereby made subject to the visitation and inspection of either of the commissions hereinafter mentioned, but including all reformatories except those in which adult males convicted of felony shall be confined; a state commission in lunacy, which shall visit and inspect all institutions, either public or private, used for the care and treatment of the insane (not including institutions for epileptics or idiots); a state commission of prisons which shall visit and inspect all institutions used for the detention of sane adults charged with or convicted of crime, or detained as witnesses or debtors.

1. CORPORATIONS — WHEN CHARITABLE IN NATURE — CAPACITY TO TAKE CHARITABLE GIFTS. The capacity of a corporation to take and administer charitable gifts does not imply that the corporation must necessarily be of a charitable nature.

2. EXEMPTION FROM TAXATION AS INDICATION OF CHARITABLE NATURE OF CORPORATION. The exemption from taxation given by chapter 553 of the Laws of 1890 to societies for the prevention of cruelty to children does not show that the New York Society for the Prevention of Cruelty to Children is of the class designated as charitable, since charitable institutions were already exempt, and the statute was not necessary if this corporation belonged to that class, and, moreover, exemption from taxation is a privilege frequently conferred by the legislature upon corporations with no charitable features whatever.

3. CORPORATION RECEIVING MONEY FROM CITY TREASURY. In receiving and disbursing the money which is annually given from the city treasury to the New York Society for the Prevention of Cruelty to Children that corporation does not receive or administer any charity, but only takes an allowance from the city for doing work that otherwise would devolve upon the police department.

4. NEW YORK SOCIETY FOR THE PREVENTION OF CRUELTY TO CHILDREN — PURPOSE AND CHARACTER OF — NOT SUBJECT TO VISITATION BY STATE BOARD OF CHARITIES. The New York Society for the Prevention of Cruelty to Children, organized under chapter 130 of the Laws of 1875, for the prevention of cruelty to children and the enforcement by all lawful means of the laws relating to or in any wise affecting children, is not a charitable institution within the scope of sections 11 to 14 of article 8 of the Constitution, chapter 771 of the Laws of 1895 and chapter 546 of the Laws of 1896, giving to the State Board of Charities the right of visitation with respect to all charitable institutions, since it receives no public money for charitable uses and administers no charity in any legal sense, but exists for the sole purpose of enforcing the criminal laws to prevent cruelty to children, although the corporation, as a mere incident of its work, feeds, clothes and cares for children temporarily while detained as witnesses or victims of cruelty pending the prosecution of the offenders in the courts.

5. STATE SUPERVISION OF CHARITABLE INSTITUTIONS — EXTENT OF. The scheme of state supervision of charitable institutions under the Constitution and statutes was not intended to apply to every institution engaged in some good or commendable work for the relief of humanity from some of the various ills with which it is afflicted, but only to those corporations, public or private, maintained in whole or in part by the state, or some of its political divisions, through which charity, as such, is dispensed by public authority to those having a claim upon the generosity or bounty of the state. *Court of Appeals, January, 1900, People ex rel. State Board of Charities v. New York Society for Prevention of Cruelty to Children*, 161 N. Y. 233 (42 App. Div. 83, reversed).

1. CORPORATIONS, WHEN CHARITABLE. A charitable institution, within the meaning of sections 11 to 14 of article 8 of the Constitution, chapter 771 of the Laws of 1895, and chapter 546 of the Laws of 1896, giving to the State Board of Charities the right of visitation with respect to all charitable institutions, is one that in some form or to some extent receives public money for the support and maintenance of indigent persons, and by public money is meant money raised by taxation not only in the State at large, but in any city, county or town. *Court of Appeals, April, 1900, People ex rel. State Board of Charities v. The New York Society for the Prevention of Cruelty to Children*, 162 N. Y. 429.

2. PRIVATE CHARITABLE INSTITUTION NOT SUBJECT TO STATE INSPECTION. A purely private institution, which, without any compensation from the public, cares for or maintains indigent adults or children who voluntarily seek it as a home, or who remain there voluntarily, is not subject to State inspection or regulation. *Id.*

In that case (161 N. Y. 233) the only question before the court was whether the defendant (the New York Society for the Prevention of Cruelty to Children) was an institution of "charitable, eleemosynary, correctional or reformatory" character within the nomenclature of section 11, article VIII of the Constitution, and, therefore, subject to the visitation of the State Board of Charities, a question not at all involved in this case. *Court of Appeals, February, 1901, Fox v. Mohawk and Hudson River Humane Society*, 165 N. Y. 517.

§ 12. The members of the said board and of the said commissions shall be appointed by the governor, by and with the advice and consent of the senate; and any member may be removed from office by the governor for cause, an opportunity having been given him to be heard in his defense.

§ 13. Existing laws relating to institutions referred to in the foregoing sections and to their supervision and inspection, in so far as such laws are not inconsistent with the provisions of the constitution, shall remain in force until amended or repealed by the legislature. The visitation and inspection herein provided for, shall not be exclusive of other visitation and inspection now authorized by law.

§ 14. Nothing in this constitution contained shall prevent the legislature from making such provision for the education and support of the blind, the deaf and dumb, and juvenile delinquents, as to it may seem proper; or prevent any county, city, town or village from providing for the care, support, maintenance and secular education of inmates of orphan asylums, homes for dependent children or correctional institutions, whether under public or private control. Payments by counties, cities, towns and villages to charitable, eleemosynary, correctional and reformatory institutions, wholly or partly under private control, for care, support and maintenance, may be authorized, but shall not be required by the legislature. No such payments shall be made for any inmate of such institutions who is not received and retained therein pursuant to rules established by the state board of charities. Such rules shall be subject to the control of the legislature by general laws.

PRIVATE CHARITABLE INSTITUTIONS — EFFECT OF NEW CONSTITUTION UPON STATUTORY LOCAL AID FROM PUBLIC MONEYS. The Constitution of 1894 did not of itself annul and render inoperative mandatory provisions in existing statutes requiring the payment by localities of public moneys to private charitable institutions, by force of the new provision (art. 8, § 14), that such payments "may be authorized, but shall not be required by the Legislature;" but its effect was to leave such statutory provisions in force until superseded by subsequent legislation. *Court of Appeals, April, 1897, People ex rel. The Inebriates' Home for Kings County v. The Comptroller of the City of Brooklyn*, 152 N. Y. 399.

LIMITATION ON FUTURE LEGISLATION. The above provision of the Constitution is a mere limitation on future legislative action, and was not intended to forbid the operation of existing laws. *Id.*

NON-ABOGATION OF ADMINISTRATIVE DUTY OF PAYMENT OF PUBLIC MONEYS TO PRIVATE CHARITABLE INSTITUTION. The above provision of the Constitu-

INSTITUTION EDUCATIONAL IN PART. Such institution, so far as it educates pupils who pay for their tuition, board and maintenance, is not to be regarded as a charitable, but only as an educational institution, and as to those pupils the Board of Charities has no jurisdiction or power of supervision.

INSTITUTION OF CHARITABLE CHARACTER. Such institution, being to an extent charitable as well as educational, falls within the provisions of the Constitution and statutes as an institution of a charitable character or design. *Id.*

STATE MAINTENANCE OF FREE EDUCATION. The provision of the Constitution (art. 9, § 1), that "the Legislature shall provide for the maintenance and support of a system of free common schools, wherein all the children of this State may be educated," relates only to the public or common schools of the State, and has no application to appropriations made by the State to an institution for the education of the blind, wholly or partly under private control. *Id.*

STATE AID TO PRIVATE EDUCATION OF THE BLIND. Appropriations by the Legislature to a local or private institution, for the education and support of the blind, are based upon and authorized by the provisions of the Constitution (art. 8, § 10 of 1874; § 9 of 1894) which prescribe that the prohibition of State aid to any association, corporation or private undertaking shall not prevent the Legislature from making such provision for the education and support of the blind as to it may seem proper. *Id.*

PAST APPROPRIATIONS NOT VIOLATIVE OF THE CONSTITUTION. It does not follow that, if the New York Institution for the Blind is charitable, appropriations made to it in the past by the State for the education and support of pupils, and appropriations made by the counties of New York and Kings (under L. 1870, chap. 166, § 3) of the sums required for clothing the indigent pupils who were residents of the county making the appropriation were violative of the Constitution (art. 8, §§ 8, 11, of 1874). *Id.*

MANDATORY APPROPRIATION. The charitable character of the New York Institution for the Blind is not changed if the provisions of the statute (L. 1870, chap. 166, § 3) requiring the counties of New York and Kings to appropriate money to clothe indigent pupils is mandatory, and hence in conflict with the Constitution of 1894 (art. 8, § 14), which is not decided. *Id.*

PARTICIPATION IN PUBLIC SCHOOL FUND. It does not follow from the fact that the charter of Greater New York (L. 1897, chap. 378, § 1161), authorizes the board of education to distribute a ratable proportion of the school fund to every pupil in the New York Institution for the Blind, that the institution must be regarded as purely educational and not charitable. *Id.*

PUBLIC PAYMENTS TO CHARITABLE INSTITUTIONS. The Legislature can not now authorize a locality to pay, nor can a locality in any case pay its money to a charitable institution, wholly or partly under private control, for the care, support and maintenance of inmates who are not received and retained pursuant to the rules established by the State Board of Charities. (Const. 1894, art. 8, § 14.) *Id.*

PAYMENT DEPENDENT UPON OBSERVANCE OF RULES OF BOARD OF CHARITIES. The New York Institution for the Blind being, to an extent, a charitable institution and, so far as it is charitable, subject to the visitation and rules of the State Board of Charities, no payment can be properly made to it from

the moneys of the city and county of New York for the maintenance or support, including clothing, of any indigent inmate not received and retained by it pursuant to the rules of that board. *Id.*

Court of Appeals, October, 1897, People ex rel. Inst. for the Blind v. Fitch, 12 App. Div. 581, reversed.

CHARITABLE INSTITUTIONS — PAYMENTS OF PUBLIC MONEYS TO INSTITUTIONS WHOLLY OR PARTLY UNDER PRIVATE CONTROL — RULES OF THE STATE BOARD OF CHARITIES. A municipal corporation is prohibited by the Constitution (art. 8, § 14) and the statutes (L. 1895, ch. 754; L. 1896, ch. 546, § 9, subd. 8) from paying public moneys to a charitable institution wholly or partly under private control, for the care, support and maintenance of inmates who are not received and retained therein pursuant to the rules established by the State Board of Charities for the purpose of determining whether such inmates are properly a public charge. *Court of Appeals, October, 1902, In re Application of New York Juvenile Asylum, appellant, for a writ of mandamus, John W. Keller, as commissioner of public charities in the city of New York, respondent, 172 N. Y. 50.*

NEW YORK JUVENILE ASYLUM — CHARTER PROVISION REQUIRING PAYMENT BY THE CITY AND COUNTY OF NEW YORK FOR THE SUPPORT OF INMATES NOT COMMITTED TO IT IN ACCORDANCE WITH RULES OF STATE BOARD OF CHARITIES, SUPERSEDED BY THE CONSTITUTION. The fact that the New York Juvenile Asylum, a private charitable institution, was authorized by its charter (L. 1851, ch. 332) to take under its care the management of such children as should by consent, in writing, of their parents or guardians, be voluntarily surrendered and intrusted to it, and by section 28 of chapter 245 of the Laws of 1866 might require the county of New York to pay annually a specified sum for the support of children so committed to it, which section was incorporated into the charter of Greater New York (L. 1897, ch. 378, § 230) and has not in terms been repealed, amended or modified, does not authorize the city and county of New York to pay for the support and maintenance of any inmate not received and retained therein pursuant to the rules of the State Board of Charities, since such payment is prohibited, not by the rules affecting the repeal or amendment of the statute conferring the right thereto, but by the Constitution itself, which superseded the statute and operated presently from the time the rules were established. *Id.*

Court of Appeals, October, 1902, Matter of New York Juvenile Asylum, 69 App. Div. 615, affirmed.

A conveyance of real property by a city to a charitable institution, wholly or partially under private control, for a nominal or no consideration. Held unconstitutional and void.

Such a gift to a corporation whose purpose, as prescribed in its charter, is medical and surgical aid to persons of a certain religious denomination and other objects appertaining to hospitals and dispensaries, contravenes the provision of section 10, article VIII of the State Constitution, prohibiting a city from giving any money or property to or in aid of any individual, association or corporation, and is not saved by the proviso that such prohibition shall not prevent a city from making such provision for the aid and support of its poor as may be authorized by law, because the appropriation of the proceeds of the grant is not permanently secured for a public purpose.

Such a gift offends against section 14 of article VIII which confines gifts by a city to a charitable institution wholly or partly under private control to payments for inmates received and retained pursuant to rules established by the State Board of Charities, and does not permit a payment or transfer of property by way of endowment.

The language of section 14 of the Constitution clearly contemplates payment of money for these purposes, to be applied subject to the rules and regulations established by the Board of Charities. This is now the authority for the application of property and money in aid of private institutions that have voluntarily assumed the public obligation, and the provision is that no "payments shall be made for any inmate of such institutions who is not received and retained therein pursuant to rules established by the State Board of Charities;" thus clearly contemplating that the basis of the appropriation shall have relation to the number of inmates provided for in the particular institutions, the rate of payment being placed upon a per capita basis. *Supreme Court, March, 1904, The Mount Sinai Hospital, Respondent, v. David H. Hyman, Appellant*, 92 App. Div. 270.

§ 15. Commissioners of the state board of charities and commissioners of the state commission in lunacy, now holding office, shall be continued in office for the term for which they were appointed, respectively, unless the legislature shall otherwise provide. The legislature may confer upon the commissions and upon the board mentioned in the foregoing sections any additional powers that are not inconsistent with other provisions of the constitution.

Y. 429; also Court of Appeals, February, 1901, Fox v. Mohawk and Hudson River Humane Society, 165 N. Y. 517. For notes on these cases see pages 6 and 7.

It shall, by rule, provide for holding stated and special meetings. Six members regularly convened shall constitute a quorum. The failure on the part of any commissioner to attend three consecutive meetings of the board during any calendar year, unless excused by a formal vote of the board, may be treated by the governor as a resignation by such non-attending commissioner and the governor may

appoint his successor. The annual reports of the board shall give the names of commissioners present at each of its meetings.

§ 7. Office room and supplies.—The trustees of public buildings shall furnish and assign to such board, in the capitol, at Albany, suitably furnished rooms for its office and place of holding meetings, and the comptroller shall furnish it with all necessary journals, account books, blanks and stationery.

Official seal, certificates and subpoenas.—The board shall cause a record to be kept of its proceedings by its secretary or other proper officer, and it shall have and use an official seal; and the records, its proceedings and copies of all papers and documents in its possession and custody may be authenticated in the usual form, under such seal and the signature of its president or secretary, and shall be received in evidence in the same manner and with like effects as deeds regularly acknowledged or proven; it may issue subpoenas, which, when authenticated by its president and secretary, shall be obeyed and enforced in the same manner as obedience is enforced to an order or mandate made by a court of record.

§ 9. General powers and duties of board.—The state board of charities shall visit, inspect and maintain a general supervision of all institutions, societies or associations which are of a charitable, eleemosynary, correctional or reformatory character, whether state or municipal, incorporated or not incorporated, which are made subject to its supervision by the constitution or by law; and shall,

The state board of charities, and any of its members or officers, may, at any time, visit and inspect any institution subject to its supervision to ascertain if any inmates supported therein at a state, county or municipal expense are state charges, nonresidents, or alien poor; and it may cause to be removed to the state

if the institution is partly charitable in its character and purpose. *Court of Appeals, October, 1907, People ex rel. New York Institution for the Blind v. Fitch*, 154 N. Y. 14.

(Sections 19 to 21 added by chapter 365 of the Laws of 1896.)

§ 19. What is a dispensary?—For the purposes of this act, a dispensary is declared to be any person, corporation, institution, association, or agent, whose purpose it is, either independently or in connection with any other purpose, to furnish, at any place or places, to persons non-resident therein, either gratuitously or for a compensation determined without reference to the value of the thing furnished medical or surgical advice or treatment, medicine or apparatus, provided, however, that the moneys used by and for the purposes of said dispensary shall be derived wholly or in part from trust funds, public moneys, or sources other than the individuals constituting said dispensary and the persons actually engaged in the distribution of charities of said dispensary.

An application in writing for such license shall be made to such board in the form and manner prescribed by it, which shall be uniform for all schools of medicine. There shall be attached to such application a statement, verified by the oath of the applicant, containing such facts as the board may require. If, in the judgment of such board, the statement filed, and other evidence submitted in relation to such application, indicate that the operations of such dispensary will be for the public benefit, a license shall be issued to the dispensary applying therefor. After due notice to a dispensary, and opportunity for it to be heard, the board may, if public interest demands, and for just and reasonable cause, revoke a license by an order signed and attested by the president and secretary of the board. Such order shall state the reason for revoking such license, and shall take effect within such time after the service thereof upon the dispensary as the board shall determine. The said board is hereby directed to apply to the supreme court to revoke the license and annul the incorporation of any dispensary legally incorporated, or conducted in connection with an incorporated institution at the time of the passage of this act, for wilful violation of the rules and regulations made by said board.

§ 23. § 24. Any person who wilfully violates any of the provisions of this act, or any of the rules and regulations made and published under the authority of this act, shall be guilty of a misdemeanor, and on conviction thereof, shall be punished by a fine of not less than ten dollars and not more than two hundred and fifty dollars.

§ 25. Any person who obtains medical or surgical treatment on false representations from any dispensary licensed under the

Contracts for such work of erection, alteration, repairs or improvements may be let by the board of managers or trustees, with the approval of the governor, the president of the state board of charities and the fiscal supervisor, or a majority of such officers, for the whole or any part of the work to be performed, and, in the discretion of the managers or trustees, and, subject to such approval, such contracts may be sublet. Special orders for such work in amounts less than one thousand dollars may be issued by the state architect upon authorization by the board of managers or trustees, subject to the approval of the fiscal supervisor. Copies of all such contracts and special orders shall be filed with the fiscal supervisor, with the comptroller, and with the board of managers or trustees. The fiscal supervisor and the board of managers or trustees shall determine to what extent and for what length of time advertisements are to be inserted in newspapers for proposals for the erection, alteration, repairs or improvements of buildings or plant of state charitable institutions, the New York state school for the blind or the Elmira reformatory. A preliminary deposit or certified check drawn upon some legally incorporated bank or trust company of this state shall in all cases be required as an evidence of good faith, upon all proposals from contractors for such work, to be deposited with the superintendent of the institution for

which the work is to be performed, in an amount to be determined by the state architect. All such contracts and special orders for the erection, alteration, repairs or improvements of buildings or plant of state charitable institutions, the New York state school for the blind or the Elmira reformatory shall contain a clause that the contract shall only be deemed executory to the extent of the moneys available, and no liability shall be incurred by the state beyond the moneys available for the purpose. All contracts in an amount greater than one thousand dollars shall have the performance thereof secured by sufficient bond or bonds, to be approved by and filed with the comptroller. All work done by special orders in an amount less than one thousand dollars need have no surety bond provided payment is to be made only after the work is completed and approved. No compensation shall be allowed for the employment of inmate labor. Where money is appropriated for any specific purpose other than for maintenance, and the work, materials, furniture, apparatus or other supplies are not to be performed or purchased pursuant to contract or special order duly made therefor, such money shall be expended pursuant to special fund estimates made to the fiscal supervisor by the board of managers or trustees of the institution for which such appropriation is made. The provisions of this article relating to the estimates of the expense required for state charitable institutions, for the New York state school for the blind and the Elmira reformatory, shall apply to such estimates; and when such work is to be performed in accordance with plans and specifications prepared by the state architect or is to be paid for from appropriations for the erection, alteration, repairs or improvements of buildings or plant, such estimates shall also be subject to his approval. Except as above specified all such work shall be done by contract or special order. The form of the contract or

special order shall be prescribed by the state architect. All payments on contracts, special orders and special fund estimates shall be made on the certificate of the state architect and the voucher of the board of managers or trustees as the work progresses or the purchase of material is made, and upon bills duly certified, rendered and audited and approved by the fiscal supervisor. No item of an appropriation made for the performance of such work shall be available, except for advertising, unless one or more contracts, special orders or special fund estimates shall first have been made for the completion of such work within the appropriation therefor. If an appropriation be made for the erection, alteration, repairs or improvements of buildings or plant, at a state charitable institution, the New York state school for the blind or the Elmira reformatory, in an appropriation act specifying two or more objects for which the appropriation shall be applied, and any one of such objects shall have been accomplished for a less sum than the amount specified in the act, the unexpended balance shall be applicable to the completion of any other work specified in the act,—if, after due advertisements, no bids shall have been received within the amount specifically appropriated therefor. Each original bid, with an abstract thereof shall accompany the copy of the contract or special order which is to be filed with the comptroller. *(As amended by chapter 252 of the Laws of 1902, chapter 473 of the Laws of 1903, and chapter 457 of the Laws of 1905.)*

Such reports shall state in detail the condition of the institution visited and of its inmates, and such other matters pertaining to the management and affairs thereof as in the opinion of the board should be brought to the attention of the governor, the state board of charities or the fiscal supervisor of state charities,

Such report shall state when such person was received into the institution, and, when known, the name, age, sex, nationality, residence, length of time of committment or appointment, the name of the officer making the same, and the sum chargeable per week, month or year for such person. (*As added by chapter 545 of the Laws of 1904 and amended by chapter 458 of the Laws of 1905.*)

§ 108. Duties of agent in the capacity of treasurer.—The agent in the capacity of treasurer among his other duties, shall:

1. Have the custody of all moneys received from the comptroller for the use of the colony, and all other money, notes, mortgages and other securities and obligations belonging to the colony.

2. Keep a full and accurate account of all receipts and payments as provided by law, and such other accounts as shall be required of him by the managers.

3. Balance all the accounts on his books on the first day of each October, and make a statement thereof and an abstract of all the receipts and payments of the past year; and within five days thereafter deliver the same to the auditing committee of the managers, who shall compare the same with his books and vouchers, and verify the same by the comparison with the books of the superintendent, and certify the correctness thereof to the managers at their annual meeting.

4. Render a quarterly statement of his receipts and payments to such auditing committee who shall, in like manner as above, compare, verify, report and certify the result thereof, to the managers at their annual meeting, who shall cause the same to be recorded in one of the books of the colony.

§ 109. Designation and admission of patients.—There shall be received and gratuitously supported in the colony, epileptics residing in the state, who, if of age, are unable, or, if under age,

whose parents or guardians are unable to provide for their support therein; and who shall be designated as state patients. Such additional number of epileptics as can be conveniently accommodated shall be received into the colony by the managers on such terms as shall be just, and shall be designated as private patients. Epileptic children shall be received into the colony only upon the written request of the persons desiring to send them, stating the name, age, place of nativity, if known, the town, city or county in which such children respectively reside, and the ability of their respective parents, or guardians or others to provide for their support in whole or in part, and if in part only, stating what part; and stating also the degree of relationship or other circumstances of connection between the patients and the persons requesting their admission; which statement in all cases of state patients must be verified by the affidavits of the petitioners and of two disinterested persons, and accompanied by the opinion of a qualified physician, all residents of the same county with the epileptic patient, and acquainted with the facts and circumstances stated, and who must be certified to be credible by the county judge or surrogate of the county; and such judge or surrogate must also certify, in each case, that such state patient, in his opinion, is an eligible and proper candidate for admission to the colony. State patients may also be received into the colony upon the official application of a county superintendent of the poor, or of the poor authorities of any city.

It shall be the duty of the superintendent of the poor in every county and of the poor authorities of every city to furnish annually to the state board of charities, a list of all epileptics in their respective jurisdictions, so far as the same can be ascertained, with such particulars as to the condition of each epileptic as shall be prescribed by the said state board. Whenever an epileptic shall become a charge for his or her maintenance on any of the towns, cities or counties of this state, it shall be the duty of all poor authorities of such city, and of the county superintendents of the poor, and of the supervisors of such county, to place such epileptic in the said colony. Any parent, guardian or friend of an epileptic child within this state may make application to the poor authorities of any city, or the superintendent

of the poor of any county or the board of supervisors or any supervisor of any town, ward or city where such child resides, showing by satisfactory affidavit or other proof that the health, morals, comfort or welfare of such child may be endangered or not properly cared for if not placed in such colony; and thereupon it shall be the duty of such officer or board to whom such application may be made to place such child in said colony. The board of supervisors shall provide for the support of such patients, except those properly supported by the state, and may recover for the same from the parents or guardians of such children. In the admission of patients preference shall always be given to poor or indigent epileptics, or the epileptic children of poor or indigent persons, over all others; and preference shall always be given to such as are able to support themselves only in part, or who have parents able to support them only in part, over those who are able or who have parents who are able wholly to furnish such support.

§ 110. Support of state patients.—State patients shall be provided with proper board, lodging, medical treatment, care and tuition; and the managers of the colony shall receive for each state patient supported therein a sum not exceeding two hundred and fifty dollars per annum; which payments, if any, shall be made by the treasurer of the state, on the warrant of the comptroller, to the treasurer of said colony, on his presenting the bill of the actual time and number of patients in the colony, signed and verified by the superintendent and treasurer of the colony and by the president and secretary of its board of managers. The supervisors of any county from which such patients may have been received into the colony shall cause to be raised annually while such patients remain in the colony, the sum of thirty dollars for each of such state patients for the purpose of furnishing suitable clothing, and the same shall be paid to the treasurer of the colony on or before the first day of April of each year.

§ 111. Apportionment of state patients.—Whenever applications are made at one time for admission of more state patients than can be properly accommodated in the colony, the managers shall so apportion the number received, that each county may be

represented in a ratio of its dependent epileptic population to the dependent epileptic population of the state, as shown by statistics furnished by the state board of charities.

§ 112. The support of private patients.—The superintendent of the colony may agree with any epileptic who may be of age, or his committee or guardian, or with the parents, guardian or committee of any epileptic child, or with any person for the entire or partial support, maintenance, clothing, tuition, training, care and treatment of such epileptic in the colony, on such terms and conditions as may be prescribed in the by-laws or approved by the managers. Every patient, guardian, committee or other person applying for the admission into the colony of an epileptic who is, or whose parents or guardians are of sufficient ability to provide for his support and maintenance therein, shall at the time of his admission, execute a bond to the treasurer of the colony with one or more sureties, to be approved by the superintendent and treasurer, in such sum as the managers shall prescribe, to the effect that the obligers will pay to the treasurer of the colony all sums of money at such time or times as shall be so agreed upon, and remove such epileptic from the colony free of expense to the managers within twenty days after the service of the notice hereinafter provided for. If such epileptic, his parents or guardian are of sufficient ability to pay only a part of the expenses of supporting and maintaining him at the institution, such undertaking shall be only for such partial support and maintenance and for removal from the institution as above mentioned; and the treasurer may take security by such obligation or in his discretion by note or other written agreement, with or without sureties, as he may deem proper for such part of such expenses as the epileptic, his parents or guardians are able to pay; but such exercise of discretion shall be with the approval of the superintendent and a committee of the managers in a manner that shall be prescribed in the by-laws. Notice to remove a patient shall be in writing, signed by the superintendent and directed to the epileptic, his parents, guardian, committee or other person upon whose request the patient was received at the colony, at the place of residence mentioned in such request, and deposited in the post-office at Sonyea or any post-office in Livingston county, with the postage prepaid.

§ 113. Discharge of patients.—The superintendent of the colony, with the approval of the managers or of a committee thereof, shall have power to discharge patients, but no epileptic patient shall be returned to any poorhouse, directly through a superintendent of the poor, or otherwise. In case a patient, not an epileptic, shall be sent to the colony, through mistaken diagnosis of his disease, or other cause, and there received, such patient shall be returned to and the traveling expenses of such return shall be paid by the person who sent him or her to the colony. Should an epileptic become insane, such patient, if a state patient, shall be sent to the state hospital of the district of which he was a resident just prior to his admission to the colony in the manner prescribed by law. The bills for the reasonable expenses incurred in the transportation of state patients to and from the state hospitals after they have been approved in writing by the state commission in lunacy, shall be paid by the treasurer of the state on the warrant of the comptroller from the funds provided for the support of the state hospitals. In case the relatives, guardians or friends of such an insane patient desire that he become an inmate of any state hospital situated beyond the limits of the district of which he was formerly a resident, and there be sufficient accommodations in such state hospital, he shall be received there in the manner provided by law for the transfer of other insane persons. Private patients, who may become insane, shall be committed, as prescribed by law, subject to the regulations of the state commission in lunacy, to such institution for the insane as may be designated by the relatives, guardians or friends of such insane person, all traveling and other expenses of removal to be paid by them. After any patient has been delivered to the managers or officers of such hospital or institution, the care and custody of the managers of the colony over such insane person shall cease; and after any patient shall as aforesaid, be so certified to be insane as prescribed by law, such patient shall come under the supervision of the state commission in lunacy.

§ 114. Notice of opening of colony.—So soon as the colony shall be ready for the reception of patients, it shall be the duty of the board of managers officially to send notice of such fact to the county clerks and the clerks of the boards of supervisors of

the respective counties of the state, and the secretary of the state board of charities; and to furnish such clerks of counties and boards of supervisors with suitable blanks for the commitment of epileptics to such colony.

§ 115. Reimbursement for maintenance expenses.—The agent appointed as provided in this article shall secure from relatives or friends who are liable therefor, or who may be willing to assume the cost of maintenance of any inmate therein, who is not maintained as a private patient, reimbursement in whole or in part of the money expended by the state for such purpose. Such agent shall perform such other duties as the board of managers may prescribe. If the board of managers believes that any inmate of such colony, not maintained therein as a private patient, has any property, or that any relative who would be liable for his support if he were not an inmate of such institution is of sufficient ability to wholly or partly provide for his maintenance therein, such board of managers may apply to a justice of the supreme court of the judicial district in which such institution is located for an order directing the application of the property of such inmate to his maintenance in such institution, or requiring the relatives so liable for his support to pay to such institution at the time specified in such order a stated amount for such maintenance. At least ten days' notice of the application of such order shall be given to such persons and in such manner as such justice shall direct, and such order shall be granted only after a hearing of parties interested who appear and desire to be heard. The relatives against whom such proceeding is instituted and who are served with the notice of the application for the order shall be deemed to be of sufficient ability, unless the contrary shall affirmatively appear to the satisfaction of such justice. If more than one relative is liable for the support of such inmate and is of sufficient ability to contribute to the expense of his maintenance in such institution, such order shall determine the portion of the expense of his maintenance to be paid by each. If the property of such inmate is not applied as directed in such order, or the relatives liable for the support of such inmate refuse or neglect to comply with such order, the board of managers of such colony may bring an

action in the name of such institution to recover the amount due such institution by virtue of such order. (*As amended by chapter 459 of the Laws of 1905.*)

All pupils who can read shall study this subject from suitable text books, but pupils unable to read shall be instructed in it orally by teachers using text books adapted for such oral instruction as a guide and standard, and these text books shall be graded to the capacities of the pupils pursuing such course of study.

§ 131. Establishing New York state training school for girls.—The house of refuge for women at Hudson, with its board of managers and its officers and employes, is hereby continued as a reformatory institution under the name and title of the "New York state training school for girls," for the reception of all girls not over the age of sixteen years, who shall be legally committed thereto or placed in charge of such institution as vagrants or on conviction of any criminal offense by any court having authority to make such commitments or to place such girls therein. (*Added by chapter 453 of the Laws of 1904.*)

Where the term of office of a manager of such institution expires at a time other than the last day of December in any year, the term of office of his successor is abridged so as to expire on the last day of December, preceding the time when such term would otherwise expire, and the term of office of each manager thereafter appointed shall begin on the first day of January. The governor may remove any manager, at any time, for cause, on giving to such manager a copy of the charges against him and an opportunity to be heard in his defense. Such managers shall receive no compen-

sation for their time or services; but the actual expenses necessarily incurred by them in the performance of their official duties shall be paid in the same manner as other expenses of such institution. Nothing contained in this section shall abridge the term of any manager now in office. (*Added by chapter 453 of the Laws of 1904.*)

§ 132a. General powers and duties of managers.—The board of managers shall have the general superintendence, management and control of the institution over which it is appointed; of the grounds and buildings, officers and employes thereof; of the inmates therein, and of all matters relating to the government, discipline, contracts and fiscal concerns thereof, and may make such rules and regulations as may seem to them necessary for carrying out the purposes of such institution. They shall appoint a female superintendent, who shall hold office during the pleasure of the board. The board of managers shall fix the compensation of the officers and employes of the institution. The managers of such institution shall cause the females detained therein or under their care to be instructed in such branches of useful knowledge, and to be regularly and systematically employed in such lines of industry as shall be suitable to their years and capacities, and shall cause such females to be subjected to such discipline, as in the opinion of such board, is most likely to effect their reformation. The managers of such institution, with the consent of any female committed thereto, may bind out as an apprentice or servant, such female during the time they would be entitled to retain her, to such persons and at such places to learn such trade and employment as in their judgment will be for the future benefit and advantage of such female. (*Added by chapter 453 of the Laws of 1904.*)

§ 133. General powers of superintendent.—The superintendent of such institution shall, subject to the direction and control of the board of managers thereof:

1. Have the general supervision and control of the grounds and buildings of the institution, the subordinate officers and employes and the inmates thereof, and of all matters related to their government and discipline.

2. Make such rules, regulations and orders, not inconsistent with law or with the rules, regulations or directions of the board of managers, as may seem to her proper or necessary for the government of such institution and its officers and employes; and for the employment, discipline and education of the inmates thereof.

3. Exercise such other powers and perform such other duties as the board of managers shall prescribe.

Such superintendent shall also have power to appoint and remove all subordinate female officers and employes, subject to the approval of the board. Under the direction of such managers, she shall receive and take into such institution all females legally committed thereto by any court or magistrate having authority to make such commitment. The manager appointed as treasurer of such institution shall give a bond in such amount as the comptroller may direct. The comptroller may require other officers of such institution to give a bond if in his opinion the interests of the state demand it. (*Added by chapter 453 of the Laws of 1904.*)

§ 135. Commitments; papers furnished by committing magistrates.

Subdivision 1. Whenever any female not over the age of sixteen years shall be brought before any court or committing magistrate, and it shall appear to the satisfaction of such court or magistrate by the confession of such female, or by competent testimony, that such female frequents reputed houses of prostitution or assignation, or frequents the company of thieves or prostitutes, or is found associating with vicious and dissolute persons, or is wilfully disobedient to parent or guardian, and is in danger of becoming morally depraved; or is of intemperate habits, or is a vagrant or is guilty of any criminal offense, and who is not insane, nor mentally or physically incapable of being substantially benefited by the training and discipline of such institution,

she may be sentenced and committed to the New York state training school for girls, or placed in charge of the board of managers thereof to be there confined under the provisions of law relating to such institution, but no person under the age of twelve years shall be committed to such institution for any crime or offense less than a felony, and no commitment made under this act which shall recite the facts upon which it is based, shall be deemed or held to be invalid by reason of any imperfection or defect in form. No person shall be committed to such institution nor placed in charge of the board of managers thereof for a definite term, but any such person may be paroled or discharged at any time after her commitment, by the board of managers of such institution. Any such female under the age of fifteen years when so committed or placed in charge of the board of managers of said school, shall not be retained therein, or in charge of such board of managers, for a longer period than until she becomes of the age of eighteen; and such females, fifteen years of age or over, when so committed, shall not be detained for a period longer than three years from the time of such commitment.

2. The board of managers of such institution shall furnish the several county clerks of the state with suitable blanks for the commitment of females thereto. Such county clerks shall immediately notify the magistrates of their respective counties of the reception of such blanks and that upon application they will be furnished to them.

3. The magistrate committing a female, pursuant to this section, shall immediately notify the superintendent of the institution to which the commitment is made of the conviction of such female, and shall cause a record to be kept of the name, age, birthplace, occupation, previous commitments, if any, and for what offenses; the last place of residence of such female, and the particulars of the offense for which she is committed. A copy of such record shall be transmitted, with the warrant of commitment, to the superintendent of such institution, who shall cause the facts stated therein, and such other facts as may be directed by the board of managers, to be entered in a book of record.

4. Such magistrate shall, before committing any such female, inquire into and determine the age of such female at the time

of commitment, and her age as so determined shall be stated in the warrant. The statement of the age of such female in such warrant shall be conclusive evidence as to such age, in any action to recover damages for her detention or imprisonment under such warrant, and shall be presumptive evidence thereof in any other inquiry, action or proceeding relating to such detention or imprisonment. If the court or magistrate shall omit to insert in the order of commitment the age of any delinquent committed to such school or house of refuge, the managers shall as soon as may be after such delinquent shall be received by them, ascertain her age by the best means in their power, and cause the same to be entered in a book to be designated by them for that purpose, and the age of such delinquent thus ascertained shall be deemed and taken to be the true age of such delinquent. (*Added by chapter 453 of the Laws of 1904.*)

§ 136. Return of females improperly committed.—Whenever it shall appear to the satisfaction of the board of managers of such institution, that any person committed thereto is not of proper age to be so committed or is not properly committed, or is insane or mentally incapable of being materially benefited by the discipline of such institution, such board of managers shall cause the return of such female to the county from which she was so committed. Such female shall be so returned in the custody of one of the persons employed by such board of managers to convey to such institution females committed thereto, who shall deliver her into the custody of the sheriff of the county from which she was committed. Such sheriff shall take such female before the magistrate making the commitment, or some other magistrate having equal jurisdiction in such county, to be by such magistrate resented for the offense for which she was committed to such institution and dealt with in all respects as though she had not been so committed. The cost and expenses of the return of such female, necessarily incurred and paid by such board of managers shall be a charge against the county from which such female was committed, to be paid by such county to such board of managers in the same manner as other county charges are collected. (*Added by chapter 453 of the Laws of 1904.*)

§ 137. Disposition of children of females so committed.—If any female committed to such institution, at the time of such

commitment is a mother of a nursing child in her care under one year of age, or is pregnant with child which shall be born after such commitment, such child may accompany its mother to and remain in such institution until it is two years of age and must then be removed therefrom. The board of managers of such institution may cause such child to be placed in any asylum for children in the state and pay for the care and maintenance of such child therein at a rate not to exceed two and one-half dollars a week until the mother of such child shall have been discharged from such institution, or may commit such child to the care and custody of some relative or proper person willing to assume such care. If such female at the time of such commitment, shall be the mother of and have under her exclusive care a child more than one year of age, which might otherwise be left without proper care or guardianship, the magistrate committing such female shall cause such child to be committed to such asylum as may be provided by law for such purposes, or to the care and custody of some relative or proper person willing to assume such care. (*Added by chapter 453 of the Laws of 1904.*)

§ 138. Conveyance of females committed.—The board of managers of such institution shall employ suitable female persons to be known as marshals, to convey from the place of conviction to such institution, all females legally committed thereto, and such marshals shall have the power and authority of deputy sheriffs in respect thereto. All expenses necessarily incurred in making such conveyance shall be paid by the treasurer of the board of managers. (*Added by chapter 453 of the Laws of 1904.*)

§ 139. Detentions and rearrests in cases of escape.—The board of managers of such institution may detain therein, under the rules and regulations adopted by them, any female legally committed thereto, according to the terms of the sentence and commitment, and conditionally discharge such female at any time prior to the expiration of the term of commitment. If an inmate escape or be conditionally discharged from such institution, the board of managers may cause her to be rearrested and returned to such institution, to be detained therein for the unexpired portion of her term, dating from the time of her escape or conditional discharge. A person employed by the board of managers of such institution to convey to such institution, females committed

thereto, may arrest, without a warrant, an escaped inmate in any county in this state, and shall forthwith convey her to the institution from which she escaped; and a magistrate may cause an escaped inmate to be arrested and held in custody, until she can be removed to such institution, as in the case of her first commitment thereto. A person conditionally discharged from such institution may be arrested and returned thereto, upon a warrant issued by its president and secretary. Such warrant shall briefly state the reason for such arrest and return, and shall be directed and delivered to a person employed by such board of managers to convey to such institution females committed thereto, and may be executed by such person in any county of this state. (*Added by chapter 453 of the Laws of 1904.*)

§ 139-a. Employment of inmates.—The board of managers of such institution shall determine the kind of employment for females committed thereto and shall provide for their necessary custody and superintendence. The provisions for the safe keeping and employment of such females shall be made for the purpose of teaching such females a useful trade or profession and improving their mental and moral condition. Such board of managers may credit such females with a reasonable compensation for the labor performed by them, and may charge them with the necessary expenses of their maintenance and discipline, not exceeding the sum of two dollars per week. If any balance shall be found to be due such females at the expiration of their terms of commitment, such balance may be paid to them at the time of their discharge. To secure the safe keeping, obedience and good order of the females committed to such institution, the superintendent thereof, has the same powers as to such females, as keepers of jails and penitentiaries possess as to persons committed to their custody. (*Added by chapter 453 of the Laws of 1904.*)

§ 139-b. Clothing and money to be furnished discharged inmates.—The board of managers of such institution may, in their discretion, furnish to each inmate of such institution who shall be discharged therefrom, necessary clothing not exceeding twelve dollars in value, or if discharged between the first day of November and the first day of April to the value of not exceeding eighteen dollars, and ten dollars in money, and a ticket for the

transportation of one person from such institution to the place of conviction of such inmate, or to such other place as such inmate may designate, at no greater distance from such institution than the place of conviction. (*Added by chapter 453 of the Laws of 1904.*)

§ 139-c. Confinement of female juvenile delinquents under sentences by the courts of the United States.—The superintendent of the New York state training school for girls, at Hudson, shall receive and safely keep in such institution, subject to the regulations and discipline thereof, and the provisions of this article, any female not over the age of sixteen years convicted of any offense against the United States, under sentences of imprisonment in any court of the United States, sitting within this state, until such sentences be executed, or until such delinquent shall be discharged by due course of law, conditioned upon the United States supporting such delinquent and paying the expenses attendant upon the execution of such sentence. (*Added by chapter 453 of the Laws of 1904.*)

NEW YORK CITY — UNAUTHORIZED CONVICTION OF A WOMAN AS A PUBLIC PROSTITUTE. A woman between the ages of fifteen and thirty years cannot be held in custody in the State Reformatory at Bedford, N. Y., under L. 1899, ch. 632, upon a warrant reciting her conviction by a city magistrate of the city of New York as a "public prostitute," for, if her offense was a misdemeanor, the city magistrate had no jurisdiction of it, while, if it was conduct that tended to a breach of the peace and not a misdemeanor, he could only hold her to bail for good behavior. *Supreme Court, June, 1902, People ex rel. Clark v. New York State Reformatory for Women*, 38 N. Y. Misc. 241.

NEW YORK CITY — CITY MAGISTRATE HAS NO JURISDICTION OF A MISDEMEANOR—CONSTRUCTION OF L. 1899, CH. 632—A STATUTORY OFFENSE, NOT DEFINED AS A FELONY, IS A MISDEMEANOR. A woman in the city of New York, between the ages of fifteen and thirty years, duly charged with violating L. 1882, ch. 410, § 1458, in that she was "loitering on Mott street, that being a public thoroughfare and public place, soliciting and importuning men passing in or along said thoroughfare or place, for the purpose of prostitution, to the great annoyance of the people," etc., and convicted by a magistrate in the city of New York after pleading not guilty, cannot be held in custody by the state reformatory at Bedford, N. Y., as the magistrate had no jurisdiction to try the offense, the same being a misdemeanor.

The contention of the people that, because the warrant recited that the information charged the woman with "disorderly conduct and being a prostitute and soliciting men for the purpose of prostitution in the public street," she must have been convicted of being a "common prostitute," under L. 1899, ch. 632, and that such an offense is not made by that statute and is not a misdemeanor, but is only a *quasi* criminal offense to be summarily dealt with, is not tenable.

Where an offense is created by statute it must be classed as a misdemeanor unless by its definition it comes under the head of a felony. It cannot be classed as either a felony or misdemeanor but as only a *quasi* criminal offense to be summarily dealt with, unless the statute expressly so authorizes. *Supreme Court, June, 1902, People ex rel. Smith v. New York State Reformatory for Women*, 38 N. Y. Misc. 243.

NEW YORK CITY — JURISDICTION OF MAGISTRATES — DISTINCTION BETWEEN "DISORDERLY CONDUCT" AND SUCH CONDUCT WHEN IT TENDS TO A BREACH OF THE PEACE — CONSTRUCTION OF L. 1899, CH. 632 — SUMMARY JURISDICTION OF MAGISTRATES. There is in the law no such offense as "disorderly conduct" simply, but where a woman of the city of New York is charged with "disorderly conduct, in that she did on the 27th day of December, 1901, solicit men for the purposes of prostitution" on a named public street of said city, there is a statement of disorderly conduct that tends to a breach of the peace, within L. 1882, ch. 410, § 1458, subd. 2, still in force.

Such an offense is a misdemeanor and where the woman pleads not guilty of it a city magistrate of said city cannot convict her of the offense, as the Court of Special Sessions of said city has exclusive jurisdiction to hear and determine all charges of misdemeanor in said city except in a case where

the accused is indicted before trial or the charge is prosecuted by indictment in the manner prescribed by L. 1895, ch. 601, § 14.

The statute, L. 1899, ch. 632, permitting women between the ages of fifteen and thirty years to be sentenced to the State Reformatory at Bedford, N. Y., on being "convicted by any magistrate * * * of being a common prostitute, of frequenting disorderly houses or houses of prostitution, or of a misdemeanor" was not intended to and did not create offenses or confer on magistrates of said city jurisdiction of misdemeanors or enlarge their existing jurisdiction, nor is jurisdiction of misdemeanors conferred on them by L. 1897, ch. 378, § 707.

The statutory jurisdiction of such magistrates, in regard to summary convictions, considered. *Supreme Court, June, 1902, People ex rel. Frank v. New York State Reformatory for Women*, 38 N. Y. Misc. 233; *Supreme Court, March, 1903, 80 App. Div. 448.*

CRIME — DISORDERLY CONDUCT UNDER SECTION 1458, NEW YORK CITY CONSOLIDATION ACT — COMMON PROSTITUTE — A MINOR OFFENSE — A PROSTITUTE MAY BE SUMMARILY CONVICTED BY A CITY MAGISTRATE OF NEW YORK AND PUNISHED AS PRESCRIBED IN SECTION 707 OF THE NEW YORK CITY REVISED CHARTER — SHE MAY NOT BE SENTENCED AS PRESCRIBED BY THE STATE CHARITIES LAW. Section 1458 of the Consolidation Act (Laws of 1882, chap. 410) which provides, "Every person in said city and county shall be deemed guilty of disorderly conduct that tends to a breach of the peace, who shall in any thoroughfare or public place in said city and county commit any of the following offenses, that is to say: * * * (2) Every common prostitute or nightwalker loitering or being in any thoroughfare or public place for the purpose of prostitution or solicitation, to the annoyance of the inhabitants or passers-by," is still in force in the present city of New York.

The offenses mentioned in the second subdivision of section 1458 of the Consolidation Act are not misdemeanors under the common law, but are minor offenses cognizable by the city magistrates who may summarily convict the offenders.

A female, between the ages of fifteen and thirty, convicted by a police magistrate of the offense of disorderly conduct as defined in subdivision 2 of section 1458 of the Consolidation Act, may, under the provisions of section 707 of the revised charter of the city of New York (Laws of 1901, chap. 466), be fined ten dollars, confined in a workhouse or penitentiary for six months or be compelled to give a bond for good behavior. She cannot, however, be so committed under section 146 of the State Charities Law (Laws of 1896, chap. 546, as amd. by Laws of 1899, chap. 632), which provides, "A female, between the ages of fifteen and thirty years, convicted by any magistrate of petit larceny, habitual drunkenness, of being a common prostitute, of frequenting disorderly houses or houses of prostitution, or of a misdemeanor, * * * may be sentenced and committed" to certain institutions for a period of three years or until discharged by the board of managers of such institutions, as that section does not relate to disorderly conduct as defined in section 1458 of the Consolidation Act, but to matters which are either misdemeanors or special proceedings of a criminal nature fully provided for by the Penal Code and by the Code of Criminal Procedure. *Supreme Court, June, 1902, People ex rel. Frank v. New York State Reformatory for Women; Supreme Court, June, 1902, People ex rel. Clark v. Same, and Supreme Court, June, 1902, People ex rel. Smith v. Same*, 80 App. Div. 448.

THE STATE CHARITIES LAW — JURISDICTION OF NEW YORK CITY MAGISTRATE TO SENTENCE WOMEN TO STATE REFORMATORY AT BEDFORD UNDER SECTION 146 THEREOF — CONVICTION MUST BE FOR OFFENSES ENUMERATED THEREIN. Under section 146 of the State Charities Law (L. 1896, ch. 546, as amd. by L. 1899, ch. 632), providing that, "A female, between the ages of fifteen and thirty years, convicted by any magistrate of petit larceny, habitual drunkenness, of being a common prostitute, of frequenting disorderly houses or houses of prostitution, or of a misdemeanor, and who is not insane, nor mentally or physically incapable of being substantially benefited by the discipline of either of such institutions, may be sentenced and committed to * * * the New York State Reformatory for Women at Bedford," a magistrate of the city of New York has no jurisdiction to sentence a woman to such reformatory unless she is convicted of one or more of the offenses enumerated therein; and a conviction thereunder is improper where it is impossible to determine, from the records and papers relating to the conviction and sentence returned upon writs of habeas corpus and certiorari allowed in her behalf, whether she was convicted of being a prostitute, either "public" or "common," assuming these terms to be practically synonymous, or on the charge of "disorderly conduct;" but, assuming that it is reasonably certain that the magistrate intended to convict the relator of "disorderly conduct," then the conviction is not a valid conviction for a misdemeanor, and, therefore, within the purview of the State Charities Law, unless the offense complained of constitutes a misdemeanor as defined by law; and where the record fails to show that the disorderly conduct complained of comes within the meaning of section 1458 of the Consolidation Act, which seems to have been incorporated into the Greater New York charter, or that of section 675 of the Penal Code, relating to the offense of disorderly conduct, so that it constitutes the offense of "disorderly conduct," as therein defined, and, therefore, is a misdemeanor, the relator is properly discharged from custody. *Court of Appeals, November, 1903, People ex rel. Clark v. New York State Reformatory for Women*, 176 N. Y. 465; *Supreme Court, June, 1902, People ex rel. Clark v. New York State Reformatory for Women*, 80 App. Div. 448, affirmed.

§ 147. Return of females improperly committed.—Whenever it shall appear to the satisfaction of the board of managers of any such institution, that any person committed thereto is not of proper age to be so committed or is not properly committed, or is insane or mentally incapable of being materially benefited by the discipline of any such institution, such board of managers shall cause the return of such female to the county from which she was so committed. Such female shall be so returned in the custody of one of the persons employed by such boards of managers to convey to such institutions women committed thereto, who shall deliver her into the custody of the sheriff of the county from which she was committed. Such sheriff shall take such female before the magistrate making the commitment, or some

other magistrate having equal jurisdiction in such county, to be by such magistrate resented for the offense for which she was committed to any such institution and dealt with in all respects as though she had not been so committed.

The cost and expenses of the return of such female, necessarily incurred and paid by any such board of managers shall be a charge against the county from which such female was committed, to be paid by such county to such board of managers in the same manner as other county charges are collected.

§ 147-a. Transfers to other institutions.—If at any time there shall be more inmates in any of such institutions than can be properly cared for therein, the board of managers shall so inform the state board of charities. The state board of charities may thereupon authorize and direct the transfer of such excess, or any part of such excess of inmates to such one of the other houses of refuge or state reformatories as the state board of charities may designate. The said board of managers shall thereupon transfer to such other institution such number of inmates, preferably those last received by such institution. Such transfers shall be made as follows: The board of managers shall advise the superintendent of the institution so designated of the number to be so transferred, and this officer shall cause them to be taken to such institution and receive and keep them according to their sentences respectively, the same as if they had been originally sentenced thereto. With the inmates so transferred there shall be furnished certified copies of their sentences and commitments. (*Added by chapter 169 of the Laws of 1904.*)

§ 148. Disposition of children of women so committed.—If any woman committed to any such institution, at the time of such commitment is a mother of a nursing child in her care under one year of age, or is pregnant with child which shall be born after such commitment, such child may accompany its mother to and remain in such institution until it is two years of age and must then be removed therefrom.

The board of managers of any such institution may cause such child to be placed in any asylum for children in this state and pay for the care and maintenance of such child therein at a rate not to exceed two and one-half dollars a week, until the mother of such child shall have been discharged from such institution,

or may commit such child to the care and custody of some relative or proper person willing to assume such care.

If such woman, at the time of such commitment, shall be the mother of and have under her exclusive care a child more than one year of age, which might otherwise be left without proper care or guardianship, the magistrate committing such woman shall cause such child to be committed to such asylum as may be provided by law for such purposes, or to the care and custody of some relative or proper person willing to assume such care.

§ 149. Conveyance of women committed.—The board of managers of each such institutions shall employ suitable persons to be known as marshals, to convey from the place of conviction to such institution, all women legally committed thereto, and such marshals shall have the power and authority of deputy sheriffs in respect thereto. All expenses necessarily incurred in making such conveyance shall be paid by the treasurer of the board of managers. In case of the commitment of a woman, who, at the time thereof, is the mother of a nursing child or is pregnant, the board of managers shall designate a woman of suitable age and character to accompany the person so committed, along with the officer or representative, authorized in this section to be employed by such managers.

§ 150. Detentions and rearrests in cases of escapes.—The board of managers of any such institution may detain therein, under the rules and regulations adopted by them, any female legally committed thereto, according to the terms of the sentence and commitment, and conditionally discharge such female at any time prior to the expiration of the term of commitment.

If an inmate escape or be conditionally discharged from any such institution, the board of managers may cause her to be rearrested and returned to such institution, to be detained therein for the unexpired portion of her term, dating from the time of her escape or conditional discharge. A person employed by the board of managers of any such institution to convey to such institution, women committed thereto, may arrest, without a warrant, an escaped inmate in any county in this state, and shall forthwith convey her to the institution from which she escaped; and a magistrate may cause an escaped inmate to be arrested

and held in custody, until she can be removed to such institution, as in the case of her first commitment thereto.

A person conditionally discharged from any such institution may be arrested and returned thereto, upon a warrant issued by its president and secretary. Such warrant shall briefly state the reason for such arrest and return, and shall be directed and delivered to a person employed by such board of managers to convey to such institutions, women committed thereto, and may be executed by such person in any such county of this state.

§ 151. Employment of inmates.—The board of managers of each institution shall determine the kind of employment for women committed thereto and shall provide for their necessary custody and superintendence. The provisions for the safe keeping and employment of such women shall be made for the purpose of teaching such women a useful trade or profession and improving their mental and moral condition.

Such board of managers may credit such women with a reasonable compensation for the labor performed by them, and may charge them with the necessary expenses of their maintenance and discipline, not exceeding the sum of two dollars per week. If any balance shall be found to be due such women at the expiration of their terms of commitment, such balance may be paid to them at the time of their discharge.

To secure the safe keeping, obedience and good order of the women committed to any such institution, the superintendent thereof, has the same power as to such women, as keepers of jails and penitentiaries possess as to persons committed to their custody.

§ 152. Clothing and money to be furnished discharged inmates.—The board of managers of any such institution may, in their discretion, furnish to each inmate of such institution who shall be discharged therefrom, necessary clothing not exceeding twelve dollars in value, or if discharged between the first day of November and the first day of April to the value of not exceeding eighteen dollars, and ten dollars in money, and a ticket for the transportation of one person from such institution to the place of conviction of such inmate, or to such other place as such inmate may designate, at no greater distance from such institution than the place of conviction.

§ 153. Board of managers of Bedford reformatory to notify county clerks of completion thereof.—As soon as the Bedford Reformatory for Women is completed and ready for the reception of inmates, the board of managers thereof shall notify the county clerks of Westchester and New York counties and furnish such clerks with suitable blanks for the commitment of women to such institution. Such county clerks, on the reception of such notification, shall transmit a copy thereof to the several magistrates of such counties.

tence male juvenile delinquents convicted in any of such courts to such state industrial school. (*As amended by chapter 221 of the Laws of 1904.*)

COMMITMENTS TO THE STATE INDUSTRIAL SCHOOL,

THE NEW YORK STATE TRAINING SCHOOL FOR
GIRLS.

Provisions of the Penal Code.

§ 701. House of refuge, State industrial school, and New York state training school for girls.--Where a male person under the age of twelve years is convicted of a crime amounting to felony, or where a male person of twelve years and under the age of sixteen years is convicted of a crime, the trial court may, instead of sentencing him to imprisonment in a state prison or in a penitentiary, direct him to be confined in a house of refuge under the provisions of the statute relating thereto. Where the conviction is had and the sentence is inflicted in the first, second or third judicial district, the place of confinement must be a house of refuge established by the managers of the society for the reformation of juvenile delinquents in the city of New York; where the conviction is had and the sentence inflicted in any other district, the place of confinement must be in the state industrial school. Where a female person not over the age of twelve years is convicted of a crime amounting to felony, or where a female person of the age of twelve years and not over the age of sixteen years is convicted of a crime, the trial court may, instead of sentencing her to imprisonment in a state prison or in a penitentiary, direct her to be confined in the New York state training school for girls, under the provisions of the statute relating thereto. But nothing in this section shall affect any of the provisions contained in section seven hundred and thirteen. (*As amended by chapter 554 of the Laws of 1896, and chapter 388 of the Laws of 1904.*)

§ 713. Disposition to be made of persons under sixteen convicted of crime.—When a person under the age of sixteen is convicted of a crime, he may, in the discretion of the court, instead

of being sentenced to fine or imprisonment, be placed in charge of any suitable person or institution willing to receive him, and be thereafter, until majority or for a shorter term, subjected to such discipline and control of the person or institution receiving him as a parent or guardian may lawfully exercise over a minor. A child under sixteen years of age committed for misdemeanor, under any provisions of this code, must be committed to some reformatory, charitable or other institution authorized by law to receive and take charge of minors. And when any such child is committed to an institution, it shall, when practicable, be committed to an institution governed by persons of the same religious faith as the parents of such child. Trustees.—As soon as suitable accommodations shall be provided, the governor shall, by and with the consent of the senate, appoint nine trustees, two from the first judicial district and one from each of the other judicial districts, who shall take charge of said institution. Such trustees shall serve without pay, and shall hold their offices for three years and until others are appointed.

§ 11. Admission to asylum.—Application for admission into such institution shall be made to a justice of the supreme court or of the court of common pleas or to a county judge in the county where such applicant shall reside. Such justice or judge shall hear the application and make due inquiry into the pecuniary circumstances of such applicant, or of the parents or guardians thereof, and if it shall be proved to his satisfaction that such person or the parents or guardians of such person are unable to pay for the support thereof, and that such county is entitled to send such person to such institution, he may make his order to that effect, and thereupon such person shall be sent to and admitted into such institution for a term not exceeding seven years.

§ 12. Preference to soldiers' children.—The persons who shall be entitled to the benefits of this institution shall be admitted in the order of their application for admission, except that the blind children of those who shall have died in the military service of the United States, or from wounds or injuries received therein during the present rebellion, shall in all cases have a preference; except however that each county shall be entitled to admission for its blind population in indigent circumstances in the same proportion which the whole number of its blind population shall bear to the whole blind population of the state, which proportion shall be determined by the trustees; provided

however, that for each person sent by any county, such county shall pay the annual sum of fifty dollars towards the support of such person.

§ 13. Power of trustees.—Said trustees shall, as soon after their appointment as may be, meet and organize by choosing one of their number as president and appointing a secretary. They shall have power to make by-laws and rules and regulations for the transaction of their business, and for the regulation and management of said institution, which institution shall be wholly under their control; and as soon as may be necessary, they shall appoint some suitable person as superintendent, and such other officers and employes as may be necessary to properly carry on the business of said institution, and fix the compensation thereof.

§ 14. Records to be kept.—Said trustees shall keep full and complete records of all their proceedings, and also of the business and daily transactions of such institution, in books to be provided for that purpose; and shall annually make report thereof to the legislature, in and during the month of January.

Persons entitled to privileges of the institution.—All blind persons of suitable age and capacity for instruction, who are legal residents of the State, shall be entitled to the privileges of the New York State Institution for the Blind, without charge, and for such a period of time in each individual case as may be deemed expedient by the board of trustees of said institution; provided, that whenever more persons apply for admission at one time than can be properly accommodated in the institution, the trustees shall so apportion the number received, that each county may be represented in the ratio of its blind population to the total blind population of the state; and provided further, that the children of citizens who died in the United States service, or from wounds received therein during the late rebellion, shall take precedence over all others.

fill the places of those whose term of service will have expired, in accordance with the provisions of this section.

§ 6. Declension.—In case of the declension of any member of said board of trustees to act under his appointment, or of the occurrence of any other casual vacancy in the board, the governor shall forthwith appoint some suitable person to fill such vacancy, and the member so appointed shall serve out the term of his predecessor.

§ 7. Trustees to receive no compensation, except mileage.—The trustees shall receive no compensation as such, but they may allow themselves mileage, at the same rate as that paid to members of the legislature, for any distance actually traveled in the service of the institution. Nor shall any trustee be pecuniarily interested in any contract for buildings pertaining to the institution, or in furnishing supplies therefor.

§ 8. Powers of board of trustees.—The board of trustees shall have charge of all the affairs of the institution, with power to make all necessary by-laws and regulations for their government and the proper management of the institution, as well as for the admission of pupils, and to do all else which may be found necessary for the advancement of its humane design.

§ 9. Adoption of seal.—They shall elect from their own number a president, treasurer and secretary, together with such standing committees as they may deem necessary, and adopt a common seal for the institution.

§ 10. The treasurer shall have the custody of all the funds of the institution, and pay out the same only upon properly authenticated orders of the board or its executive committee. Before entering upon the duties of his office, he shall execute and file in the office of the comptroller, a bond with such sureties and in such amount of penalty as the comptroller shall require and approve, conditioned for the faithful discharge of his duties as such treasurer. (*As amended by chapter 154 of the Laws of 1905.*)

§ 11. Superintendent.—The trustees shall have power to appoint a competent and experienced superintendent, who shall be the chief executive officer of the institution, together with an efficient corps of instructors and other subordinate officers; prescribe the duties and terms of service of the same; fix and pay their salaries, and for just cause, remove any or all of them

from office. They shall likewise employ the requisite number of servants and other assistants in the various departments of the institution, and pay the wages of the same.

§ 12. Furniture.—They shall purchase all furniture, apparatus and other supplies necessary to the equipment and carrying on of the institution in the most efficient manner.

§ 13. Provision of clothing for those admitted to institution.—When any blind person shall, upon proper application, be admitted into the institution, it shall be the duty of his or her parents, guardians or other friends, to suitably provide such person with clothing at the time of entrance and during continuance therein, and likewise to defray his or her traveling expenses to and from the institution at the time of entrance and discharge, as well as at the beginning and close of each session of the school, and at any other time when it shall become necessary to send such person home on account of sickness or other exigency. And whenever it shall be deemed necessary by the trustees to have such person permanently removed from the institution, in accordance with the by-laws and regulations thereof, the same shall be promptly removed upon their order, by his or her parents, guardians or other friends.

§ 14. Neglect to provide the same.—If the friends of any pupil from within the state of New York shall fail through neglect or inability to provide the same with proper clothing or with funds to defray his or her necessary traveling expenses to and from the institution, or to remove him or her therefrom, as required in the preceding section, the trustees shall furnish such clothing, pay such traveling expenses, or remove such pupil to the care of the overseers of the poor of his or her township, and charge the cost of the same to the county to which the pupil belongs, provided that the annual amount of such expenditures on account of any one pupil shall not exceed the sum of sixty dollars. And in case of the death of any pupil at the institution, whose remains shall not be removed or funeral expenses borne by the friends thereof, the trustees shall defray the necessary burial expenses, and charge the same to his or her county as aforesaid. Upon the completion of their course of training in the industrial department, the trustees may furnish to such worthy poor pupils as may need it, an outfit of machinery and

tools for commencing business, at a cost not exceeding seventy-five dollars each, and charge the same to the proper county, as aforesaid. (*As amended by chapter 463 of the Laws of 1873, § 1.*)

§ 15. Itemized accounts against respective counties.—On the first day of October in each year, the trustees shall cause to be made out against the respective counties concerned, itemized accounts, separate in each case, of the expenditures authorized by the preceding section of this act, and forward the same to the board of supervisors chargeable with the account. The board shall thereupon direct the county treasurer to pay the amount so charged to the treasurer of the institution for the blind, on or before the first day of March next ensuing.

§ 16. And payment of the same.—The counties against which the said accounts shall be made out as aforesaid, shall cause their respective treasurers, in the name of their respective counties, to collect the same, by legal process, if necessary, from the parents or estate of the pupils who have the ability to pay, on whose accounts the said expenditures shall have been made; provided that at least five hundred dollars' value of the property of such parents or estate shall be exempt from the payment of the accounts aforesaid.

§ 17. Books gratuitously distributed by state.—The institution shall be entitled to receive copies of all books and other publications which are distributed gratuitously by the state to township or county libraries, common schools, academies, colleges and societies. It may also receive in the name of the state, bequests or donations of money or any kind of property, but such money or property shall in all cases belong to the state, and be subject to its control; provided that the same shall not be diverted from the particular object for which it shall be bequeathed or donated.

§ 18. Records of proceedings of board of trustees.—The board of trustees shall keep full and complete records of their proceedings, and make an annual report of the same to the legislature, at the commencement of the regular session thereof, strictly accounting in detail for their expenditures, on account of the institution, during the preceding fiscal year, of the state, setting forth the progress and condition of the several departments of the institution, making such suggestions concerning its

future management as they may deem essential, and submitting proper estimates of the funds needed for its support, as well as for building and all other purposes.

§ 19. Payment of appropriations.—The state treasurer is hereby directed to pay over to the board of trustees, upon the warrant of the comptroller, all moneys which shall hereafter be appropriated on account of the New York state institution for the blind; the general appropriations for the current support of the institution, to be paid in equal quarterly installments, and specific appropriations for building and other purposes, to be paid when needed by the trustees.

§ 20. Drafts upon the state.—All drafts upon the state treasury on behalf of the institution, shall be based upon orders of the board of trustees, signed by the president and secretary of the same, and attested by the common seal of the institution.

§ 21. Sections construed.—Sections nineteen and twenty of this act shall not be construed to alter, impair or affect the powers or duties of the building commissioners appointed under the provisions of chapter five hundred and eighty-seven, of the laws of eighteen hundred and sixty-five; and nothing in this act shall be construed to interfere with the erection by said building commissioners of the State institution for the blind, in accordance with the plans heretofore approved by the governor, secretary of state and comptroller; and all moneys now, or hereafter to be appropriated for the building of said institution, shall be paid to said building commissioners for that purpose.

§ 22. Further powers of the institution.—The New York institution for the blind, shall continue to have the custody, charge, maintenance and education of all such pupils as are now intrusted to them by the state, and of any others who may be appointed prior to the opening of the state institution at Batavia; and shall receive compensation from the state for the maintenance, education and support of said pupils in the same manner as is now, or has heretofore been provided, and shall receive the same amount per capita from the counties from which said pupils are respectively appointed as is now paid, for their clothing, until such period as the New York state institution for the blind shall be ready to receive such pupils, and shall then, without reference to the term of years for which said

pupils have been appointed under existing laws, and received by said New York institution for the blind, transfer said pupils to said state institution; provided, however, that they shall retain and continue to receive all pupils heretofore appointed or hereafter to be appointed, from the counties of New York and Kings under the appointment of the superintendent of public instruction, in like manner as is now provided by law, to be received, maintained and educated by the said New York institution for the blind, which shall be compensated for their maintenance and education by the state; and for their clothing by the counties from which they are appointed, in like manner as is now done.

§ 3. Supervisors of New York and Kings, Queens and Suffolk counties to furnish clothing; to pay fifty dollars for each indigent pupil.—The supervisors of the county of New York or Kings, Queens and Suffolk, from which state pupils shall be sent to and received in the said institution, whose parents or guardians shall, in the opinion of the superintendent of public instruction, be unable to furnish them with suitable clothing, are hereby authorized and directed, in every year while such pupils are in said institution, to raise and appropriate fifty dollars for each of said pupils from said counties respectively, and to pay the sum so raised to the said institution, to be by it applied to furnishing

AN ACT in relation to the New York Institution for the Instruction of the Deaf and Dumb.

Chapter 272, Laws of 1854.

Section 1. Selection of pupils.—Every indigent, deaf and dumb person, resident of this state, between twelve and twenty-five years of age, whose parent or parents, or, if an orphan, whose nearest friend shall have been a resident of this state for three years, and who may make application for that purpose, shall, until provision be made by law for his or her instruction in some other institution or school, be received into the New York institution for the instruction of the deaf and dumb, provided his or her application for that purpose be first approved of by the superintendent of public instruction.

CARE AND EDUCATION.

AN ACT to provide for the care and education of indigent deaf-mutes under the age of twelve years.

Chapter 325. Laws of 1863.

Section 1. Deaf-mutes to be placed in state institutions.—Whenever a deaf-mute child, under the age of twelve years, shall become a charge for its maintenance on any of the towns or counties of this state, or shall be liable to become such charge, it shall be the duty of the overseers of the poor of the town, or of the supervisors of such county, to place such child in the New York Institution for the Deaf and Dumb, or in the Institution for the Improved Instruction of Deaf-mutes, or in the Le Couteulx St. Mary's Institution for the Improved Instruction of Deaf-mutes, in the city of Buffalo, or in the Central New York Institution for Deaf-mutes, in the city of Rome, or in any institution of the state for the education of deaf-mutes. (*As amended by chapter 213 of the Laws of 1875.*)

§ 2. Deaf-mute children, placing of, upon application of parents, etc., in certain institutions.—Any parent, guardian or friend of a deaf-mute child, within this state, over the age of five years and under the age of twelve years, may make application to the overseer of the poor of any town or to any supervisor of the county where such child may be, showing by satisfactory affidavit or other proof, that the health, morals or comfort of such child may be endangered, or not properly cared for, and thereupon it shall be the duty of such overseer or supervisor to place such child in the New York Institution for the Deaf and Dumb, or in the Institution for the Improved Instruction of Deaf-mutes, or in the Le Couteulx Saint Mary's Institution for

the Improved Instruction of Deaf-Mutes in the city of Buffalo, or in the Central New York Institution for Deaf-Mutes in the city of Rome, or in the Albany Home School for the Oral Instruction of the Deaf at Albany, or in any institution in the state, for the education of deaf-mutes, as to which the board of state charities shall have made and filed with the superintendent of public instruction a certificate to the effect that said institution has been duly organized and is prepared for the reception and instruction of such pupils. (*As amended by chapter 213 of the Laws of 1875, and chapter 36 of the Laws of 1892.*)

§ 3. Expense.—The children placed in said institutions, in pursuance of the foregoing sections, shall be maintained therein at the expense of the county from whence they came, provided that such expense shall not exceed three hundred dollars each per year, until they attain the age of twelve years, unless the directors of the institution to which a child has been sent shall find that such child is not a proper subject to remain in said institution. (*As amended by chapter 213 of the Laws of 1875.*)

§ 4. Id.—The expenses for the board, tuition and clothing for such deaf-mute children, placed as aforesaid in said institutions, not exceeding the amount of three hundred dollars per year, above allowed, shall be raised and collected as are other expenses of the county from which said children shall be received; and the bills therefor, properly authenticated by the principal or one of the officers of the institution, shall be paid to said institution by the said county; and its county treasurer or chamberlain, as the case may be, is hereby directed to pay the same on presentation, so that the amount thereof may be borne by the proper county. (*As amended by chapter 213 of the Laws of 1875.*)

THE CONSOLIDATED SCHOOL LAW.

Chapter 556, Laws of 1894.

TITLE XV.

ARTICLE 12.

ORPHAN SCHOOLS.

§ 32. The schools of the several incorporated orphan asylum societies in this state, other than those in the city of New York, shall participate in the distribution of the school moneys, in the

same manner and to the same extent, in proportion to the number of children educated therein, as the common schools in their respective cities or districts. The schools of said societies shall be subject to the rules and regulations of the common schools in such cities or districts, but shall remain under the immediate management and direction of the said societies as heretofore.

* * * * *

1. ORPHAN ASYLUMS. Payment of public moneys for secular education of inmates. St. Mary's Boys' Orphan Asylum of the city of Rochester, incorporated under chapter 319 of the Laws of 1848, is neither a school nor an institution of learning within the meaning of section 4 of article 9 of the Constitution prohibiting the payment of public moneys to a denominational school or institution of learning, but on the contrary is an orphan asylum within the meaning of section 14 of article 8 of the Constitution permitting the payment of public moneys for the secular education of the inmates therein.

2. BOARD OF EDUCATION OF CITY OF ROCHESTER EXPRESSLY AUTHORIZED TO EMPLOY AND PAY TEACHERS. Under the charter of the city of Rochester. (L. 1880, ch. 14, § 131, amd. L. 1898, ch. 660, § 127) and under the Consolidated School Law (L. 1894, ch. 556, tit. 15, art. 12, § 32) the board of education is not only expressly authorized to employ and pay teachers for the secular education of the inmates of such asylum but their employment for that purpose is imposed upon it as a duty.

3. SECTARIAN CONTROL IMMATERIAL. The fact that such asylum is controlled by a religious organization and that the teachers employed by the board of education, who were duly licensed to teach by the public authorities, were members of a sisterhood connected with such denominations, is immaterial, since the statute clearly recognizes the fact that the instruction of the inmates is neither practicable nor possible elsewhere than in the institution itself, and it is the duty of the board to provide for their secular education therein, regardless of the religious belief of those in control of the asylum.

4. STATUTES AUTHORIZING EMPLOYMENT NOT MANDATORY. The several statutes under which the moneys are raised and paid over to the board of education for the purpose of defraying the expense of secular education in orphan asylums are not mandatory and, therefore, violative of the Constitution; but if they were they could properly be disregarded by the local authorities.

Supreme Court, November, 1902, Sargent v. Board of Education, 76 App. Div. 588; affirmed, Court of Appeals, January, 1904, 177 N. Y. 317; 79 N. Y. Supp. 127.

TITLE XV.

1. To inquire, from time to time, into the expenditures of each institution, and the systems of instruction pursued therein, respectively.

2. To visit and inspect or cause to be visited and inspected, the schools belonging thereto, and the lodgings and accommodations of the pupils.

3. To ascertain by a comparison with other similar institutions, whether any improvements in instruction and discipline can be made; and for that purpose to appoint, from time to time, suitable persons to visit the schools.

4. To suggest to the directors of such institutions and to the legislature such improvements as he shall judge expedient.

5. To make an annual report to the legislature on all the matters before enumerated, and particularly as to the condition of the schools, the improvement of the pupils, and their treatment in respect to board and lodging.

§ 41. All deaf and dumb persons resident in this state and upwards of twelve years of age, who shall have been resident in this state for one year immediately preceding the application, or, if a minor, whose parent or parents, or, if an orphan, whose nearest friend shall have been resident in this state for one year immediately preceding the application, shall be eligible to appointments as state pupils in one of the deaf and dumb institutions of this state, authorized by law to receive such pupils; and all blind persons of suitable age and similar qualifications shall be eligible to appointment to the Institution for the Blind in the City of New York, or in the village of Batavia, as follows: All such as are residents of the counties of New York, Kings, Queens, Suffolk, Nassau, Richmond, Westchester, Putnam and Rockland, shall be sent to the Institution for the Blind in the City of New York. Those who reside in other counties of the state shall be sent to the institution for the blind in the village of Batavia. All such appointments, with the exception of those to the institution for the blind in the village of Batavia, shall be made by the superintendent of public instruction, upon application, and in those cases in which, in his opinion, the parents or guardians of the applicants are able to bear a portion of the expense, he may

impose conditions whereby some proportionate share of expense of educating and clothing such pupils shall be paid by their parents, guardians, or friends in such manner and at such times as the superintendent shall designate, which conditions he may modify from time to time, if he shall deem it expedient to do so. (*As amended by chapter 62 of the Laws of 1903.*)

§ 42. Each pupil so received into either of the institutions aforesaid shall be provided with board, lodging and tuition; and the directors of the institution shall receive for each pupil so provided for, the sum of _____ dollars per annum, in quarterly payments, to be paid by the treasurer of the state, on the warrant of the comptroller, to the treasurer of said institution, on his presenting a bill showing the actual time and number of such pupils attending the institution, and which bill shall be signed by the president and secretary of the institution, and verified by their oaths. The regular term of instruction for such pupils shall be five years; but the superintendent of public instruction may, in his discretion, extend the term of any pupil for a period not exceeding three years. The pupils provided for in this and the preceding section of this title shall be designated state pupils; and all the existing provisions of law applicable to state pupils now in said institution shall apply to pupils herein provided for.

§ 43. The superintendent of public instruction may make such regulations and give such directions to parents and guardians, in relation to the admission of pupils into either of the above-named institutions, as will prevent pupils entering the same at irregular periods.

§ 43-a. The supervisors of any county in this state from which county state pupils may be hereafter appointed to any institution for the instruction of the deaf and dumb, whose parents or guardians are unable to furnish them with suitable clothing, are hereby authorized and required to raise in each year for this purpose for each such pupil from said county, the sum of thirty dollars. Every person desiring free treatment in said hospital shall apply to the local authorities of his or her town, city or county having charge of the relief of the poor, who shall thereupon issue a written request to the superintendent of said hospital for the admission and treatment of such person. Such request shall state in writing whether the person is able to pay for his or her care and treatment while at the hospital, which request and statement shall be kept on file by the superintendent of the hospital. Such requests shall be filed by the superintendent in a book kept for that purpose in the order of their receipt by him. Upon the request of such superintendent said examining physician shall examine all persons applying for free admission and treatment in said institution, and determine whether such persons applying are suffering from incipient pulmonary tuberculosis. No person shall be admitted as a patient in said institution without the certificate of one of said examining physicians certifying that such applicant is suffering from incipient pulmonary tuberculosis, and if upon the reception of a person at such hospital, it is found by the authorities thereof that he is not suffering from incipient pulmonary tuberculosis, or is suffering from pulmonary tuberculosis in such an advanced

stage as to prevent his deriving any benefit from care and treatment at such hospital, he shall be returned to the place of his residence, and the expense of transportation to and from the hospital shall be paid by said local authorities. Admissions to said hospital shall be made in the order in which the names of applicants shall appear upon the application book to be kept as above provided by the superintendent of said hospital, in so far as such applicants are subsequently certified by the said examining physician to be suffering from incipient pulmonary tuberculosis. Every person who is declared as herein provided to be unable to pay for his or her care or treatment shall be transported to and from the hospital at the expense of said local authorities, and cared for, treated and maintained therein at the expense of the municipality which would otherwise be chargeable with the support of such poor or indigent person; and the expense of transportation, treatment and maintenance shall be a county, city or town charge, as the case may be. (*As amended by chapter 108 of the Laws of 1902.*)

§ 14. Private patients.—Applicants for admission to this institution who are able to pay for their care and treatment are not required to obtain a written request from the local authorities having charge of the relief of the poor, but shall apply in person to the superintendent who shall enter the name of such applicant in the book to be kept by him, for that purpose, as provided in section thirteen; and when there is room in said hospital for the admission of such applicant, without interfering with the preference in the selection of patients, which shall always be given to the indigent, such patient shall be admitted to the hospital upon the certificate of one of the examining physicians, which certificate shall be kept on file by the said superintendent.

§ 15. Support of free patients.—At least once in each month the superintendent of the hospital shall furnish to the comptroller a list countersigned by the treasurer of the hospital of all the free patients in the hospital, together with sufficient facts to enable the comptroller to collect from the proper local official having charge of the relief of the poor such sums as may be owing to the state for the examination, care, treatment and maintenance of the patients who have been received by the

hospital and who are shown by the statement of such local official to be unable to pay for their care, treatment and maintenance. The comptroller shall thereupon collect from the said local official the sums due for the care, treatment and maintenance of each such patient at a rate not exceeding five dollars per week for each patient. (*As amended by chapter 108 of the Laws of 1902.*)

§ 16. Support of private patients.—The trustees shall have power and authority to fix the charges to be paid by patients who are able to pay for their care and treatment in said hospital or who have relatives bound by law to support them, who are able to pay therefor.

§ 17. Appropriation.—The sum of fifty thousand dollars is hereby appropriated for the purpose of purchasing a site and of erecting, constructing and equipping the hospital and buildings as herein provided. The treasurer of the state shall, on the warrant of the comptroller, and on the certificate of the state architect pay to the treasurer of the trustees of said hospital the above named sum in such amounts as may, from time to time, in the judgment of the trustees, be necessary.

The state comptroller and the president of the state board of charities, shall from time to time classify into grades the officers and employees of the various charitable and reformatory institutions required by law to report to the fiscal supervisor and in the month of September of each year recommend to the governor such changes in the salaries or wages of such officers and employees for the ensuing fiscal year as may seem proper, but such changes shall not be made unless the governor shall approve the same in writing. Such certified copy shall be presumptive evidence of the indebtedness of such person to the state for the balance so certified, and if on the trial of any action brought thereon, the defendant gives any evidence other than such as was produced to the comptroller before the statement of such accounts, and by means thereof, the balance so stated is reduced or no balance is found to be due, the defendant shall be liable for and pay the costs of such action.

Section 1. Short title.—This chapter shall be known as the poor law.

§ 2. Definitions.—A poor person is one unable to maintain himself, and such person shall be maintained by the town, city, county or state, according to the provisions of this chapter. In counties having but one superintendent of the poor, the term “superintendent” or “superintendents of the poor,” when used in this chapter, means such superintendent; and in towns or cities having but one overseer of the poor, the term “overseers” or “overseers of the poor,” when used in this chapter, means a town or city overseer of the poor. An “almshouse” is a place where the poor are maintained at the public expense.

The popular meaning of the word “almshouse” is, of course, well understood, but the revisers and the legislature have not confined us to the popular meaning. They have given to the word a much wider and more comprehensive definition than it has in popular usage. That may properly be termed the statutory definition which is found in the second section of the Poor Law. It is there defined as a “place where the poor are maintained at the public expense.” It is not necessary that it should be a public building or that there should be but one place. *Court of Appeals, May, 1899, The People ex rel. John B. French as Overseer of the Poor of the City of Ithaca, Respondent, v. James S. Lyke, as Superintendent of the Poor of the County of Tompkins, Appellant*, 159 N. Y. 140.

The town poor are such persons as are required by law to be relieved or supported at the expense of the town or city; the county poor are such persons as are required by law to be relieved or supported at the expense of the county; and the state poor are such persons as are required by law to be relieved or supported at the expense of the state.

§ 3. County superintendents of the poor.—The county superintendents of the poor shall:

1. Have the general superintendence and care of poor persons who may be in their respective counties.

2. Provide and keep in repair suitable almshouses when directed by the board of supervisors of their county.

3. Establish rules and by-laws for the government and good order of such almshouses, and for the employment, relief, manage-

ment and government of the poor therein; but such rules and regulations shall not be valid until approved by the county judge of the county, in writing.

4. Unless a keeper be appointed by the board of supervisors, as provided by section four of this article, employ suitable persons to be keepers of such houses, and physicians, matrons and all other necessary officers and servants, and vest such power in them for the government of such houses, and the poor therein, as shall be necessary, reserving to such poor persons who may be placed under the care of such keepers, matrons, officers or servants, the right of appeal to the superintendents. (*As amended by chapter 340 of the Laws of 1903.*)

5. Purchase all necessary furniture, implements, food and materials for the maintenance of the poor in such houses, and for their employment in labor, and use, sell and dispose of the proceeds of such labor as they shall deem expedient.

6. Prescribe the rate of allowance to be made for bringing poor persons to the county almshouse, subject to such alterations as the board of supervisors may by general resolution make.

7. Authorize the keepers of such houses to certify the amount due for bringing such poor persons; which amount shall be paid by the county treasurer on the production of such certificate, countersigned and allowed by the county superintendents of the poor.

8. Summarily decide any dispute that shall arise concerning the settlement of any poor person, upon a hearing of the parties, and for that purpose may issue subpoenas to compel the attendance of witnesses, with the like powers to enforce such process, as is given to a justice of the peace in an action pending before him; their decision shall be filed in the office of the county clerk within thirty days after they are made, and shall be conclusive and final upon all parties interested, unless an appeal therefrom shall be taken, as provided in this chapter.

9. Direct the commencement of suits by any overseer of the poor who shall be entitled to prosecute for any penalties, or upon any recognizance, bonds, or securities taken for the indemnity of any town or of the county; and in case of the neglect of any such overseer, to commence and conduct such suits, without the authority of such overseer, in the name of such superintendents.

10. Draw on the county treasurer for all necessary expenses incurred in the discharge of their duties, which draft shall be paid by such treasurer out of the moneys placed in his hands for the support of the poor.

11. Audit and settle all accounts of overseers of the poor, justices of the peace, and all other persons, for services relating to the support, relief or transportation of the county poor; and draw on the county treasurer for the amount of the accounts which they shall so audit and settle.

12. Furnish necessary relief to such of the county poor as may require only temporary assistance, or are so disabled that they cannot be safely removed to the county almshouse, or to the county poor who can be properly provided for elsewhere than at the county almshouse at an expense not exceeding that of their support at such almshouse.

13. Render to the board of supervisors of their county, at their annual meeting, a verified account of all moneys received and expended by them, or under their direction, and of all their proceedings in such manner and form as may be required by the board.

14. Pay over all moneys remaining in their hands, within fifteen days after the expiration of their terms of office, to the county treasurer, or their successors.

15. Administer oaths and take affidavits in all matters pertaining to their office, and elicit, by examination under oath, statements of facts from applicants for relief.

Expenditures by the superintendent of the poor in the administration of his department are subject to the following limitations: The board of supervisors, at its annual meeting, may fix the maximum sum which may be expended by the superintendent, at his discretion, during the next ensuing year, and may provide that expenditures in excess of that sum shall be made only with the written approval of the chairman of the board of supervisors, or of a committee of the board, composed of not exceeding three members. If such limitation is fixed and such provision made, the county treasurer shall not pay any draft or order of the superintendent in excess of the sum so fixed by the board, unless it is accompanied with the written approval of such chairman or committee. (*As amended by chapter 507 of the Laws of 1897.*)

The board of supervisors of a county has no power to direct the county treasurer not to pay, out of the poor funds, any draft drawn by the superintendents of the poor to their own order, or to the order of either of them, nor to direct him not to pay any draft unless the object for which the money is to be paid be specified therein. *Supreme Court, December, 1878, People ex rel. Severn v. Demarest*, 16 Hun, 123.

As to whether the statute (chap. 26, Laws of 1832) authorizing superintendents of the poor to "audit and settle all accounts * * * for services relating to the support, relief or transportation of county paupers" confers upon those officers power to audit claims under contracts made with them, *quære*.

The claim of an attorney for services rendered by him on the employment of superintendents of the poor in bastardy proceedings is not one "relating to the support, relief or transportation" of paupers within the meaning of that statute, and no power is conferred upon the superintendents to audit such a claim.

Said officers have power to employ an attorney to conduct such proceedings; they are responsible to the attorney for his services and he may enforce his claim against them by action.

It seems that every expense they incur by such employment is a county charge, subject to the audit of the board of supervisors.

It seems also that where bastardy proceedings are successful and indemnity secured, the attorneys fees with other expenses incurred may be charged upon the putative father (1 R. S. 644, §§ 13, 14). *Court of Appeals, January, 1885, Neary v. Robinson*, 98 N. Y. 81; *Neary v. Robinson (Supreme Court, May, 1882, 27 Hun, 145)*, reversed.

It was more than intimated in *Hayes v. Symonds* (9 Barb. 260), that purchases of material and employment of labor by the superintendents, for which they were authorized to contract, were not the class of accounts to which the statute cited had reference. It would seem to be the more reasonable interpretation that their auditing power does not extend to their own contracts, and so make them sit as judges upon questions relating to their own conduct and their own corporate liability. *Court of Appeals, January, 1885, Neary v. Robinson*, 98 N. Y. 84.

Superintendents of the poor are not bound to audit the accounts of physicians and others for services rendered to county paupers by request of the overseers of the poor of the several towns; and this though the services were rendered in pursuance of orders for temporary relief. It is the duty of the overseers to adjust such accounts and charge them in their bills against the county. The employment of a physician by the superintendents of the poor of a county does not supersede the right of the overseers of the several towns to employ other physicians to attend county paupers entitled to temporary relief. *Supreme Court, February, 1843, ex parte Green & Brown*, 4 Hill, 558.

The provisions of subdivision 11 have no reference to services performed by the servants and laborers who are employed at the county poorhouse. *Supreme Court, July, 1850, Hayes v. Symonds*, 9 Barb. 260.

Superintendents of the poor have capacity to contract a liability for supplies furnished for the county poorhouse; which liability may be enforced by suit. *Id.*

But where it appears that the credit for supplies thus furnished was given to a *fund*, in the county treasury, raised by virtue of the fiftieth section of the act for the relief of indigent persons, called the poorhouse fund, instead of to the superintendents, and on the supposition that the goods would be paid for by a draft on the treasurer, no action will lie against the superintendents until an application has been made to them for an order on the fund, and they have refused to give it. *Id.*

The office of superintendent of the poor, though invested with corporate powers, is, notwithstanding, a mere agency of the county, and the relation between the county and its superintendent is that of principal and agent. *Court of Appeals, September, 1867, People v. Bennett, 37 N. Y. 117.*

Where a person sells to superintendents of the poor, provisions for the poorhouse, upon an agreement that it is to be a cash sale, or if an order shall be given that it shall answer as cash, whereupon the superintendents give him an order upon the treasurer of the county, for the amount, and upon presentment of such order to the treasurer payment is refused, for want of funds, the vendor is remitted to his original right of action against the superintendents and may recover of them the value of the supplies.

In such a case the county is liable on the contract made by its authorized agents in the business specially committed to them by the statute. *Supreme Court, May, 1851, Paddock v. Symonds, 11 Barb. 117.*

The acts of a majority of the superintendents is binding upon the whole board. *Court of Appeals, February, 1874, Johnson v. Dodd, 56 N. Y. 70.*

The statutes relating to the support of the poor at county poorhouses furnish no authority for a discrimination between county and town poor, in respect to the application of the income of the poorhouse farm. On the contrary the legislature intended the income should be applied to the support of the poor of the county generally, at the poorhouse, without distinction.

The statutory provisions obviously contemplate that the benefits resulting from the poorhouse and farm shall be common to the county and towns, in respect to the support of the poor at the poorhouse, without any regard whatever to the general obligation of each to support its own poor.

The occupancy of the property, the products of the farm consumed thereon and in the poorhouse, the labor of the poor in carrying on the farm and the business of the poorhouse, the avails of sales of products of the farm and the labor of the poor, are all to go, and be applied, to reduce the expenses of the support of the poor generally, at the poorhouse, without any discrimination.

Thus, where the city of Rochester was, by law, in the condition of a town, in respect to the mode of supporting its poor at the county poorhouse, it was held that the income of the poorhouse farm in Monroe county ought to be applied to the support, indiscriminately, of the county, town and city poor, kept at the county poorhouse on said farm. *Supreme Court, September, 1856, City of Rochester v. Supervisors of Monroe, 22 Barb. 248.*

The overseer of the poor cannot incur for the county a liability beyond the sum of \$10, for relief in a single case, without the consent of one of the superintendents of the poor.

But with this restriction, his power of giving temporary relief is independent of the control of the superintendents of the poor. *Cayuga Circuit Court, November, 1851, Gere v. Supervisors of Cayuga, 7 How. 255.*

The superintendents of the poor are not authorized to receive paupers into the county poorhouse to be supported at the expense of the county, unless an order to that effect has been made by the overseer of the poor; or a warrant has been issued for the removal of the pauper to the county poorhouse as a lunatic. *In Chancery, May 19, 1840, Pomerooy v. Wells*, 8 Paige, 405.

The court of sessions has no power in a proceeding under title 8 of part 6 of the Code of Criminal procedure to prescribe the place where the poor person shall be supported, nor any of the conditions of such support, except that the manner of it shall be such as shall be approved by the superintendent of the poor. The provisions of the Revised Statutes requiring the removal to the county house of all persons requiring permanent relief or support do not apply to such a case. *Supreme Court, April 13, 1892, in re Weaver, Supt.*, 45 St. Rep. 95.

An account of moneys expended for the support of a pauper, in a county having a poorhouse, need not be audited by town auditors. *Supreme Court, August, 1828, People v. Supervisors of Washington*, 1 Wend. 75.

An action cannot be maintained against the superintendents of the poor upon an account for services relating to the support of county paupers.

Should the superintendents refuse to audit such an account, the proper remedy is by certiorari. *Supreme Court, May, 1848, Vedder v. Superintendent of Schenectady County*, 5 Den. 564.

Chapter 169 (§ 4) of the Laws of 1877 is not violative of the provision of section 11, article 8 of the Constitution forbidding the giving by a city of its money or property in aid of persons or corporations, save as excepted; it comes within the exception allowing such gifts by a city "in aid or support of its poor as may be authorized by law." *Court of Appeals, January 23, 1893, White v. Inebriates' Home*, 141 N. Y. 123; s. c. 56 St. Rep. 665; s. c. 56 St. Rep. 194, affirmed.

No implied obligation rests upon an overseer of the poor to compensate a person, who has, voluntarily and without request from him, relieved a pauper. *Queens County Court, August, 1895, Smith v. Williams*, 13 Misc. 761; s. c. 69 St. Rep. 611.

If the person directed by an order of the court of sessions to pay a certain sum of money per week, payable monthly to a superintendent of the poor, to be applied exclusively to the support of her daughter, desires to relieve herself from the effect thereof, she should apply to the court of sessions under the provisions of section 918 of the Code of Civil Procedure, for its modification, but so long as the order remains unchanged, she is by force of the statute liable to pay the sum therein prescribed; such an order is not void because it gives no option to such person either to support her daughter or to pay the amount provided, and if it is irregular or improper the remedy is by appeal, and the question of its irregularity or impropriety cannot be raised in an action brought to collect the amount directed to be paid. *Court of Appeals, January 26, 1897, Aldridge v. Walker*, 73 Hun, 281; s. c. 57 St. Rep. 272.

§ 4. Appointment of superintendent as keeper of almshouse.—The board of supervisors of any county may, by resolution, appoint as keeper of its county almshouse one of the superintend-

ents of the poor of such county, who shall hold such office until the expiration of his term as superintendent or until the board of supervisors, by resolution, shall determine that he shall no longer act in such capacity. The board of supervisors may fix the compensation such superintendent shall receive for acting as such keeper, and such compensation shall be a county charge. While a resolution of the board of supervisors directing such superintendent to act as keeper of the county almshouse is in force, the superintendents shall not employ a keeper thereof.

For work, labor and services rendered to the keeper of a county poorhouse by an inmate thereof and his wife, for the benefit of such keeper and in his business, and upon his promise to pay therefor, he is liable.

The keeper of a county poorhouse is not entitled, any more than a stranger, to the labor and services of the paupers therein, for his own advantage, without compensation; and any contract or promise he may make to pay for such labor will be obligatory upon him. *Court of Appeals, March, 1864, Bergin v. Wemple*, 30 N. Y. 319.

Laws of 1896, chap. 225, § 4, providing that the county superintendents of the poor, one of whom is elected annually, shall "employ" a keeper of the almshouse unless a keeper be "appointed" by the board of supervisors, does not authorize the superintendents of the poor to employ an almshouse keeper for a term of years.

A keeper of an almshouse "employed" by the superintendents of the poor in the failure of the board of supervisors to "appoint" a keeper (Laws 1896, chap. 225, § 4) is not an officer within Constitution 1895, art. 10, § 3, providing that an office, the duration of which is not fixed by the Constitution or by statute shall be held during the pleasure of the body making the appointment. *Supreme Court, June, 1897, Abrams v. Horton*, 14 App. Div. 208; s. c. 45 N. Y. Supp. 887.

§ 5. When they may direct overseers of the poor to take charge of the county poor.—Whenever the county superintendents take charge of the support of any county poor person, in counties where no almshouse is provided, they may authorize the overseers of the poor of the town in which such poor person may be, to continue to support him, on such terms and under such regulations as they shall prescribe; and thereafter no moneys shall be paid to such overseers for the support of such poor person, without the order of the superintendents; or the superintendents may remove such poor person to any other town, and there provide for his support, in such manner as they shall deem expedient.

§ 6. Idiots and lunatics.—The superintendents of the poor shall

provide for the support of poor persons that may be idiots or lunatics, at other places than in the almshouse, in such manner as shall be provided by law for the care, support and maintenance of such poor persons.

Where the property of a father consists solely of pension moneys, and property purchased therewith, he cannot be compelled, under sections 915 and 916 of the Criminal Code, to support his pauper insane son. *Court of Sessions, Lewis County, December, 1895, Matter of St. Lawrence State Hospital*, 15 Misc. 159; s. c. 37 N. Y. Supp. 12; affirmed in 13 App. Div. 436. See also s. c. 15 Misc. 165.

§ 7. Pestilence in almshouse.—Whenever any pestilence of infectious or contagious disease shall exist in any county almshouse or in its vicinity, and the physician thereof shall certify that such pestilence or disease is likely to endanger the health of the persons supported thereat, the superintendents of the poor of such county shall cause the persons supported at such almshouse or any of them, to be removed to such other suitable place in the same county as shall be designated by the board of health of the city, town or village, within which such almshouse shall be, there to be maintained and provided for at the expense of the county, with all necessary medical care and attendance, until they can be safely returned to the county almshouse from which they were taken, or otherwise discharged.

§ 8. Accounts of county treasurer with towns.—In counties where there are town poor, the county treasurer thereof shall open and keep an account with each town, in which the town shall be credited with all the moneys received from the same, or from its officers, and shall be charged with the moneys paid for the support of its poor. If there be a county almshouse in such county, the superintendents of the poor shall, in each year, before the annual meeting of the board of supervisors, furnish to the county treasurer a statement of the sums charged by them as herein directed, to the several towns for the support of their poor, which shall be charged to such towns, respectively, by the county treasurer in his account.

The actual expense to towns for the support of their poor in the county almshouse must be determined by what has really been paid for such support by the county. There shall be no discrimination between town and county poor, in respect to the application of products from the poor farm, or the products derived from the labor of the poor. *Supreme Court, September, 1856, City of Rochester v. Supervisors of Monroe Co.*, 22 Barb. 248.

§ 9. Annual apportionment of town expenses.—In counties having an almshouse, and where there are town poor, the superintendents shall annually, and during the week preceding the annual meeting of the board of supervisors, make out a statement of all the expenses incurred by them the preceding year for the support of town poor, and of the moneys received therefor, exhibiting the deficiency, if any, in the funds provided for defraying such expenses, and they shall apportion the deficiency among the several towns in proportion to the number and expenses of the town poor of such towns respectively, who shall have been provided for by the superintendents, and shall charge the towns with such proportion; which statement shall be by them delivered to the county treasurer.

§ 10. Tax levy on towns.—At the annual meeting of the board of supervisors, the county treasurer shall lay before them the account kept by him; and if it shall appear that there is a balance against any town, the board shall add the same to the amount of taxes to be levied and collected upon such town, with the other contingent expenses thereof, together with such sum for interest as will reimburse and satisfy any advances that may be made, or that may have been made, by the county treasurer for such town, which moneys, when collected, shall be paid to the county treasurer.

§ 11. Expense of county poor.—The superintendents of the poor shall annually present to the board of supervisors, at their annual meeting, an estimate of the sum which, in their opinion, will be necessary during the ensuing year for the support of the county poor; and such board of supervisors shall cause such sum as they may deem necessary for that purpose, to be assessed, levied and collected, in the same manner as other contingent expenses of the county, to be paid to the county treasurer and to be by him kept as a separate fund, distinct from the other funds of the county.

Superintendents of the poor have capacity to contract a liability for supplies for the county almshouse. Supreme Court, July, 1850, Hayes v. Symonds, 9 Barb. 260.

§ 12. Superintendents' report to the state board of charities.—The superintendents of the poor of every county shall, on or before the first day of December in each year, make reports covering the year ending September thirtieth, to the state board

of charities in such form as the board shall direct, showing the number of the town poor and of the county poor that have been relieved or supported in their county the year preceding October first; the whole expense of such support, the amount paid for transportation of poor persons, and any other items not part of the actual expenses of maintaining the poor, and the allowance made to superintendents, overseers, justices, keepers, matrons, officers and other employes of the superintendents; the actual value of the labor of the poor persons maintained, and the estimated amount saved in the expense of their support in consequence of their labor; the sex and native country of every such poor person, with the causes, either direct or indirect, which have operated to render such persons poor, so far as the same can be ascertained; and shall include in such report a statement of the name and age of, and of the names and residence of the parents of, every poor child who has been placed by them in a family during the year, with the name and residence of the family with whom every such child was placed, and the occupation of the head of the family, together with such other items of information in respect to their character and condition as the state board of charities shall direct.

§ 13. Supervisors and members of town boards may direct as to temporary or outdoor relief to the poor.—The board of supervisors of any county may make such rules and regulations as it may deem proper in regard to the manner of furnishing temporary or outdoor relief to the poor in the several towns in said county, and provided the board of supervisors shall have failed to make any such rules and regulations the town board of any town may make such rules and regulations as it may deem proper in regard to furnishing temporary or outdoor relief to the poor in their respective towns, by the overseer or overseers of the poor thereof, and also in regard to the amount such overseer or overseers of the poor may expend for the relief of each person or family, and after the board of supervisors of any county, or the town board of any town, shall have made such rules and regulations, it shall not be necessary for the overseers of the poor of the towns in said county, where such rules and regulations were made by the board of supervisors, or if in a town by the said town board, to procure an order from the supervisor

of the town, or the sanction of the superintendent of the poor to expend money for the relief of any person or family, unless the board of supervisors of such county or the town board of such town shall so direct; but this section shall not apply to the counties of New York and Kings. (*As amended by chapter 48 of the Laws of 1897.*)

§ 14. Penalty for neglect or false report.—Any superintendent of the poor or other officer or person having been an officer, who shall neglect or refuse to render any account, statement or report required by this chapter, or shall willfully make any false report, or shall neglect to pay over any moneys within the time required by law, shall forfeit two hundred dollars to the town or county of which he is or was an officer, and shall be liable to an action for all moneys which shall be in his hands after the time the same should have been paid over, with interest thereon at the rate of ten per centum per annum from the time the same should have been paid over. The state board of charities shall give notice to the district attorney of the county of every neglect to make the report required to be made to that board, and every officer or board to whom any such account, statement, report or payment should have been made, shall give notice to such district attorney of every neglect or failure to make the same; and such district attorney shall, on receiving such notice or in any way receiving satisfactory evidence of such default, prosecute for the recovery of such penalties or moneys in the name of the town or county entitled thereto, and the sum recovered, if for the benefit of the town, shall be paid to the overseer of the poor thereof, and if for the benefit of the county, shall be paid into the county treasury, to be expended by the overseer or superintendent of the poor for the support of the poor of such town or county.

ARTICLE II.

OVERSEERS OF THE POOR.

Section 20. Relief in counties having almshouse.

21. Expense of removal, and temporary relief.

22. How supported, and when discharged.

23. Temporary relief to persons who can not be removed to almshouse.

Section 24. Relief in counties having no almshouse.

25. Overseer to make monthly examinations and audit accounts.
26. Overseers to keep books of account.
27. Annual report of overseers.
28. Accounts of town officers.
29. Overseers of the poor in cities.
30. Certain poor persons to be sent to hospitals.

Section 20. Relief in counties having almshouse.—When any person shall apply for relief to an overseer of the poor, in a county having an almshouse, such overseer shall inquire into the state and circumstances of the applicant; and if it shall appear that he is a poor person, and requires permanent relief and support, and can be safely removed, the overseer shall, by written order, cause such poor person to be removed to the county almshouse, or to be relieved and provided for, as the necessities of the applicant may require. If the county be one where the respective towns are required to support their own poor, the overseer shall designate in such order of removal, whether such person be chargeable to the county or not; and if no such designation be made, such person shall be deemed to belong to the town whose overseer made such order.

A person receiving aid as a poor sick person from the officers of the poor in a city or county, in the absence of any representations on his part as to his responsibility or physical condition, incurs no liability to repay the amount expended on his behalf.

It seems the question as to the propriety of granting relief asked is confided to the discretion of said authorities, and if they grant it, the presumption is that they made such investigations as they deemed necessary and determined the question as to the right of the party to relief, their determination cannot be reviewed.

Such aid once furnished must thereafter be regarded as a charity extended by the authorities without expectation of reimbursement, and their misjudgment as to the necessities of the person relieved raises no implied promise on his part to repay moneys expended in his behalf.

Money voluntarily paid out by one person for another cannot be recovered back. To maintain an action to recover moneys paid out and expended, it is essential to prove a request to make the payment on the part of the person benefited, either expressed or fairly to be implied from the circumstances.

Every person has a natural right to choose the mode and manner of his life, and so long as he does not violate any positive provision of law, to follow it; and money voluntarily furnished by the charitable and credulous, without deception, to aid him cannot be recovered back.

The possession of some property by a person does not always and necessarily preclude such person from a just claim for charitable relief. *Court of Appeals, November, 1889, City of Albany v. McNamara*, 117 N. Y. 188.

A poor person has no right to choose the place or manner of his support but must take it in the way the law confers it.

There is no implied obligation upon an overseer or superintendent of the poor to compensate a person who has voluntarily relieved a pauper without a request from the overseers of the poor.

One B having met with an accident was received by the plaintiff into his house, and there nursed and cared for. Notice was given to the overseer of the poor, who offered to remove B to the poorhouse and there care for him, but B refused to be removed and remained with the plaintiff. *Held* that these facts were insufficient to create a liability on the part of the overseer to compensate plaintiff for the care and nursing provided by him for B. *Queens County Court, August, 1895, Smith v. Williams*, 13 Misc. 761.

In counties where the poor are a county and not a town charge, money paid for either the permanent, or temporary, support of a pauper is the money of the county and not of the town. Hence the town can have no color of right to recover it back from a person alleged to have obtained it fraudulently.

In counties where there is no county poorhouse, and the towns are severally liable for the support of their own poor, moneys raised for the support of the poor are placed in the hands of the overseers of the poor; and when an overseer pays out money for the support of a pauper or contracts for his support, he is entitled to appropriate the money, in the first case, and retain it in his own hands in the other. He has absolute control of the fund and is liable only for moneys not lawfully appropriated.

If an overseer of the poor, having money for the support of the poor, in his hands, makes a contract with another for the support of a pauper, that is within the amount which he has a right to furnish, he may properly charge it in account, and retain it, in his settlement with the board of town auditors.

If he becomes personally liable, upon such contract, by reason of his not having obtained an order for the support of the pauper, it is not fraudulent for him to protect himself against such personal liability upon his contract, by retaining the amount thereof out of moneys in his hands. *Supreme Court, April, 1867, Robbins v. Woolcott*, 66 Barb. 63.

Where overseers of the poor relieved and supported paupers belonging to another town, at the request of the overseer of the poor of the town in which the paupers belonged, and the latter overseer, after such support had been furnished, on the presentation of the bill therefor, agreed to pay the same, it was *held* that he was not personally liable on the contract; it appearing from the facts and circumstances that he was acting in his official character, and did not intend to bind himself personally.

Held also, that he was not liable in his official character; the proper remedy for the plaintiffs being that pointed out by statute, viz., to get the claim for the maintenance allowed by the superintendents of the poor, and to lay the same, when thus allowed, before the board of supervisors, in order that they might add the same to the tax list of the town in which the paupers belonged. *Supreme Court, July, 1852, Holmes v. Brown*, 13 Barb. 599.

Where a person has at the request of an overseer, and on his promise to see him paid, boarded a pauper and furnished him with necessaries, he may maintain an action of *assumpsit* against the overseer, although no order had ever been made for relief of the pauper. *Supreme Court, August, 1818, King v. Butler, 15 Johns. 281.*

They are subject to an action for debts contracted by their predecessors, as overseers. *Supreme Court, August, 1823, Todd v. Birdsell, 1 Cow. 260; Supreme Court, February, 1826, Grant v. Fancher, 5 Id. 309.*

Overseers are not liable, in their individual capacities, for the fraud of their predecessors. Overseers cannot be held individually for the fraudulent acts of their predecessors. *In Chancery, 1821, Gregory v. Reece, 5 Johns. Ch. 232.*

Overseers may make contracts, within the scope of their authority, which are binding upon them in their official capacity, and upon their successors in office; which successors are liable to be sued for a non-performance of such contracts. *Supreme Court, August, 1829, Palmer v. Vandenberg, 3 Wend. 193; Supreme Court, May, 1851, Paddock v. Symonds, 11 Barb. 117.*

A contract for the support of a pauper, for an indefinite period, may be rescinded by the overseers. *Id.*

An overseer of the poor cannot contract with the poor officers of another town, for the maintenance of paupers then temporarily residing in the latter. The account must be audited by the superintendents of the poor, and the amount levied by the supervisors against the town responsible for the support of the paupers. *Court of Appeals, June, 1857, Overseers of Norwich v. Overseers of Pharsalia, 15 N. Y. 341.*

§ 21. Expense of removal, and temporary relief.—Unless such poor person is properly chargeable to the town, the overseer, in addition to the expense of such removal, shall be allowed such sum as may have been necessarily paid out, or contracted to be paid, for the relief or support of such poor person, previous to such removal and as the superintendent shall judge was reasonably expended while it was improper or inconvenient to remove such poor person, which sum shall be paid by the county treasurer, on the order of the superintendent.

§ 22. How supported and when discharged.—The person so removed shall be received by the superintendents, or their agents, and be supported and relieved in a county almshouse until it shall appear to them that such person is able to maintain himself, or, if a minor, until he is bound out or otherwise cared for, as hereinafter provided, when they may, in their discretion, discharge him.

One who is an inmate of the poorhouse at the expense of the county, although not committed as a pauper, is amenable to the rules and regulations of the institution so long as he remains. *Supreme Court, June, 1883, Spence v. Brown, 17 Weekly Dig. 518.*

§ 23. Temporary relief to persons who can not be removed to almshouse.—If it shall appear that the person so applying requires only temporary relief, or is sick, lame or otherwise disabled so that he can not be conveniently removed to the county almshouse, or that he is a person who should be relieved and cared for at his home under article five of this chapter, the overseers shall apply to the supervisor of the town, who shall examine into the facts and circumstances, and shall, in writing, order such sum to be expended for the temporary relief of such poor person, as the circumstances of the case shall require, which order shall entitle the overseer to receive any sum he may have paid out or contracted to pay, within the amount therein specified, from the county treasurer, to be by him charged to the county, if such person be a county charge, if not, to be charged to the town where such relief was afforded; but no greater sum than ten dollars shall be expended or paid for the relief of any one poor person, or one family, without the sanction, in writing, of one of the superintendents of the poor of the county, which shall be presented to the county treasurer, with the order of the supervisor, except when the board of supervisors has made rules and regulations as prescribed in section thirteen of this chapter.

Where no rules or regulations governing the furnishing of temporary or outdoor relief to the poor of a town have been made by the board of supervisors of the county or by the town board as provided by section 13, *ante*, the overseer of the poor of the town, under this section cannot expend more than ten dollars for the temporary relief of a person who cannot be removed to the almshouse, unless he is authorized to do so by order of the supervisor of the town and the written sanction of one of the superintendents of the poor of the county; the overseer has no power to compel the supervisor to give him such an order or the superintendent to give him such sanction; he performs his entire duties in the premises by applying to the supervisor in behalf of the poor person. *Supreme Court, March, 1901. Braze v. Stewart*, 59 App. Div. 476; 69 N. Y. Supp. 231.

The overseer of the poor cannot incur for the county liability beyond the sum of ten dollars, for relief in a single case, without the consent of one of the superintendents of the poor.

But with this restriction, his power of giving temporary relief is independent of the control of the superintendents of the poor. *Cayuga Circuit Court, November 1851. Gere v. Supervisors of Cayuga Co.*, 7 How. Pr. 255.

The question as to the propriety of granting relief asked is confided to the discretion of the poor authorities, and if they grant it, the presumption is that they made such investigations as they deemed necessary, and de-

terminated the question as to the right of the party to relief, their determination cannot be reviewed. *Court of Appeals, November, 1889, City of Albany v. McNamara*, 117 N. Y. 168.

An action will not lie against overseers of the poor for omitting to apply to a justice to obtain an order for the relief of a pauper settled in their town, at the suit of one who, after giving them notice, and requiring them to provide for the pauper, supports him at his own expense, voluntarily, and without request from the overseers of the poor. The appropriate remedy is by mandamus in behalf of the pauper. *Supreme Court, August, 1826, Minklaer v. Rockfeller*, 6 Cow. 276.

An order of a justice of the peace (supervisor), authorizing an allowance for the relief of a pauper, is authority sufficient for an overseer to contract for the support of such pauper. A formal adjudication of the settlement of the pauper in such case is not necessary. *Supreme Court, August, 1829, Palmer v. Vandenberg et al.*, 3 Wend. 193.

If no fraud be shown and no injury resulted to the taxpayers no action by the taxpayers can be maintained against an overseer of the poor under the taxpayers act of 1881, chapter 531, for expending more than ten dollars for the relief of a pauper or poor family without the written consent of a supervisor. *Supreme Court, April 16, 1891, Cobb v. Ramsdell*, 37 St. Rep. 457.

"In those counties in which there is no poorhouse an overseer (§ 43) is authorized to make an order for the allowance of such sum, weekly or otherwise, as the necessities of the poor person may require. If such pauper (§ 44) has a legal settlement in the town where the application is made, or in any other town of the same county, the overseer is required to apply the money to the relief of such pauper. The money paid by the overseer or contracted to be paid pursuant to such order, shall be drawn by him from the county treasurer on producing the order. If such pauper has not a legal settlement in some town of the county in which the application is made, then notice is to be given to the superintendent of the poor, and the overseer may support the pauper after such notice and until the superintendent assumes his support, and the overseer is to be paid therefor from the county treasury." *Supreme Court, April, 1867, Robbins v. Woolcott*, 66 Barb. 67.

§ 24. Relief in counties having no almshouse.—If application for relief be made in any county where there is no county almshouse, the overseer of the poor of the town where such application is made shall inquire into the facts and circumstances of the case, and with the written approval of the supervisor of such town, make an order in writing for such allowance, weekly or otherwise, as they shall think required by the necessities of such poor person. If such poor person has a legal settlement in such town, or in any other town in the same county, the overseer shall apply the moneys so allowed to the relief and support of such poor person. The money so paid by him, or contracted to be

paid, when the poor person had no legal settlement in the town, and charged to the town in which he had a legal settlement, shall be drawn by such overseer from the county treasurer on producing such order. If such person has no legal settlement in such county, the overseer shall, within ten days after granting to him any relief, give notice thereof, and that such person has no legal settlement in such county, to one of the county superintendents, and until the county superintendents shall take charge of the support of such poor person, the overseer shall provide for his relief and support, and the expense thereof from the time of giving such notice shall be paid to such overseer by the county treasurer, on the production of such order and of proof by affidavit of the time of the giving of such notice, and shall be by him charged to the county.

§ 25. Overseer to make monthly examinations and audit accounts.—The overseer of the poor of a town or city shall, at least once each month, examine into the condition and necessities of each person supported by the town or city out of the county almshouse, and provide within the provisions of this chapter for such allowances, weekly or otherwise, as the circumstances may in his judgment require. All accounts for care, support, supplies or attendance, connected with the maintenance of such poor person or family, shall be settled once in three months, and paid if there be funds for that purpose. No bill, claim or account for care, support, supplies or attendance, furnished to poor persons, by order of the overseer of the poor, or otherwise, shall be audited or allowed by the overseer, unless such bill, claim, or account be verified by the claimant, to the effect that such care, support, supplies or attendance have been actually furnished for such poor persons, that such poor persons have actually received the same, and that the prices charged therefor are reasonable, and not above the usual market rates.

Overseers of the poor may make contracts within the scope of their authority, which are binding upon them in their official capacity, and upon their successors in office; which successors are liable to be sued for a non-performance of the contracts of their predecessors. *Supreme Court, August, 1829, Palmer v. Vandenberg, 3 Wend. 193.*

Where a person has, at the request of an overseer of the poor, and on his promise that he would see him paid, boarded a pauper, and furnished

him with necessaries, he may maintain an action of *assumpsit* against the overseer, although no order had ever been made for the relief of the pauper. *Supreme Court, August, 1818, King v. Butler, 15 Johns. 281.*

But in *Supreme Court, May, 1820, in re Olney v. Wickes, 18 Johns. 122*, the court said: "There is no longer any question as to the rule of law, that, where a public agent acts ostensibly in the line of his duty, his contracts are public and not personal. It is also clear that a known public agent, acting within the scope of his authority and contracting for the use of the public, may, by special agreement, superadd his personal responsibility so as to render himself individually liable; but, as was correctly remarked by *Ch. J. Marshall*, in *Hogden v. Dexter*, 'Under these circumstances, the intent of the officer to bind himself personally must be very apparent to induce such a construction of the contract.'" See also *King v. Butler, supra*, and *Supreme Court, July, 1852, Holmes v. Brown, 13 Barb. 599*. In the latter case the court said: "The cases where an action has been held to lie against an overseer of the poor for the support of paupers, are placed upon the ground that the credit was given to the person individually, in his private capacity, and not as the officer or agent of the town."

In *Court of Appeals, June, 1857, in re The Overseers of the Poor of Norwich v. Overseer of Pharsalia, 15 N. Y. 341*, the town of Pharsalia being liable for the support of certain paupers, at the time being in the town of Norwich, the defendant as overseer of the poor of Pharsalia promised the plaintiffs, overseers, etc., of Norwich, that, if they would provide for such paupers, he would pay the expenses incurred. It was held that it was not within the official power of the defendant to make such a contract, and that the plaintiffs are confined to the remedy given by statute, viz., the audit of the account by the superintendents of the poor, and the levying of the amount by the board of supervisors on the town of Pharsalia for the benefit of Norwich.

§ 26. Overseers to keep books of account.—Overseers of the poor, who receive and expend money for the relief and support of the poor in their respective towns and cities, shall keep books to be procured at town or city expense, in which they shall enter the name, age, sex and native country of every poor person who shall be relieved or supported by them, together with a statement of the causes, either direct or indirect, which shall have operated to render such relief necessary, so far as the same can be ascertained. They shall also enter upon such books a statement of the name and age, and of the names and residences of the parents of every child who is placed by them in a family, with the name and address of the family with whom every such child is placed, and the occupation of the head of the family. They shall also enter upon books so procured, a statement of all moneys received by them, when and from whom, and on what account received, and of all moneys paid out by them, when and to whom paid and on what authority, and whether to town,

city or county poor; also a statement of all debts contracted by them as such overseers, the names of the persons with whom such debts were contracted, the amount and consideration of each item, the names of the persons for whose benefit the debts were contracted, and if the same have been paid, the time and manner of such payment.

The overseers shall lay such books before the board of town auditors or the common council of the city, at its first annual meeting in each year and, upon being given ten days' notice thereof, at any adjourned or special meeting of such board or council, together with a just, true and verified itemized account, of all moneys received and expended by them for the use of the poor since the last preceding annual meeting of said board, and a verified statement of debts contracted by them as such overseer and remaining unpaid. The board or council shall compare said account with the entries in the book, and shall examine the vouchers in support thereof, and may examine the overseers of the poor, under oath, with reference to such account. They shall thereupon audit and settle the same, and state the balance due to or from the overseer, as the case may be. Such account shall be filed with the town or city clerk, and at every annual town meeting, the town clerk shall produce such town account for the next preceding year, and read the same, if it be required by the meeting. The overseers of the town shall have such books present each year at the annual town meeting, subject to the inspection of the voters of the town, and the entries thereon for the preceding year shall there be read publicly at the time reports of other town officers are presented, if required by a resolution of such meeting.

No credit shall be allowed to any overseers for moneys paid, unless it shall appear that such payments were made necessarily or pursuant to a legal order. (*As amended by chapter 222 of the Laws of 1897.*)

In an action against the sureties upon the official bond of the overseer of the poor to recover money misappropriated by him, the official verified reports filed by the overseer from time to time as required by the above section are competent against the sureties upon his official bond as proof of the condition of his accounts as to receipts and disbursements. *Supreme Court, May 31, 1901, Town of Goshen v. Smith*, 61 App. Div. 461; 70 N. Y. Supp. 623; affirmed, *Court of Appeals, January 6, 1903*, 173 N. Y. 597.

§ 27. Annual report of overseers.—Such overseer shall make to the town board, at its second annual meeting in each year, a written report, stating their account as provided in the last section, continued to that date, and any deficiency that may then exist in the town poor fund, with their estimate of the sum which they shall deem necessary for the temporary and outdoor relief and support of the poor in their town for the ensuing year, and in counties where there is no county almshouse, their estimate of such sum as they shall deem necessary to be raised and collected therein for the support of the poor for the ensuing year. If such board shall approve the statement and estimate so made or any part thereof, they shall so certify in duplicate, one of which certificates shall be filed in the office of the town clerk, and the other shall be laid by the supervisor of the town, before the board of supervisors of the county, on the first day of its next annual meeting. The board of supervisors shall cause the amount of such deficiency and estimates, as so certified, together with the sums voted by such town for the relief of the poor therein to be levied and collected in such town, in the same manner as other town charges, to be paid to the overseers of the poor of such town, and the warrants attached to the tax-rolls in such county shall direct accordingly. The moneys so raised shall be received by such overseers, and applied toward the payment of such deficiency, and for the maintenance and support of the poor, for whose relief such estimates were made. The town board shall also, on or before the first day of December, annually certify to the county superintendents, the name, age, sex and native country, of every poor person relieved and supported by such overseers during the preceding year, with the causes which shall have operated to render them such poor persons, the amount expended for the use of each person, as allowed by the board, and the amount allowed to each overseer for services rendered in relation to temporary or town relief.

The town board shall include in such annual statement to the county superintendents and the county superintendents shall include in their own report to the state board of charities a statement of the name and age, and of the names and residence of the parents of every child who has been placed by such over-

seers in a family during the preceding year, with the name and address of the family with whom each child is placed, and the occupation of the head of the family.

The supervisors are not obliged to allow any charge for services relative to a pauper, unless a previous order has been obtained, or the services have been performed at the request of the overseers of the poor, and the account presented to them for adjustment. *Supreme Court, October, 1821, Hull v. Supervisors of Oneida*, 19 Johns. 259.

See *Court of Appeals, March, 1885, Osterhoudt v. Rigney*, 98 N. Y. 222, under § 29 post.

§ 28. Account of town officers.—The accounts of any town officer for personal or official services rendered by him, in relation to the town poor, shall be audited and settled by the town board and charged to such town. But no allowance for time or services shall be made to any officer for attending any board solely for the purpose of having his account audited or paid.

§ 29. Overseers of the poor in cities.—This chapter shall apply to overseers of the poor in cities, except where otherwise specially provided by law. In the absence of such special provision, overseers of the poor in each city shall make their report to the auditing board of such city, by whatever name known, at the beginning of the fiscal year of such city, if such time be fixed, otherwise on the first day of January in each year; the common councils of such cities as shall be liable for the support of their own poor shall yearly determine the sum of money to be appropriated for the ensuing year, and a certified copy of such determination shall be laid before the board of supervisors of the county, who shall cause the same to be assessed, levied, collected and paid to the county treasurer.

Where overseers of the poor in a county which had adopted, pursuant to the act of 1846 (chapter 245, Laws of 1846), the provisions of the act of 1845 (chapter 334, Laws of 1845), for the relief of the poor, instead of pursuing the system provided by the act, procured supplies upon their own credit, and presented their accounts annually to the board of audit for allowance, the amount audited being put into the schedule of accounts and levied by the board of supervisors with other town charges. *Held*, that the failure to fill the requirements of the act did not deprive the overseers of any power to provide for the relief of the poor, and the advances so made were properly audited and charged against the town; that while the overseers were not bound to furnish supplies upon their own credit, and the act contemplates that they shall be put in funds in advance, under the provision therein (§ 7), authorizing the town board of audit to include in the estimate such sum as shall be necessary "to supply any deficiency

in the preceding year," it had power to audit all sums fairly expended where no provision had been made therefor the preceding year. *Court of Appeals, March, 1885, Osterhoudt v. Rigney et al*, 98 N. Y. 222.

The omission of an overseer of the poor to bring the overseer's book before the town board and an audit of his account without a comparison of the items in the account with those in the book, are irregularities merely and do not render the audit invalid. *Id.*

Where audited claims of an overseer of the poor were included in the general schedule of town accounts, and in the warrant of the supervisors the amount was directed to be paid to the supervisor of the town, with direction to him to pay to the overseer—*Held*, that this was equivalent to a direction to pay to the overseer and so was a substantial compliance with the act. *Id.*

Also *held*, that orders drawn at the request of the overseer by the board of audit upon the supervisors and accepted by them, created no liability against the town or any of its officers; that at most they operated only as assignments *pro tanto* of any moneys he was entitled to receive upon the audit. *Id.*

Where in a claim presented to the board of audit by an overseer of the poor there was included a portion of a claim presented and rejected the previous year, and the audit was for less than the whole amount, but for more than the amount of the claim, deducting the amount so improperly included—*Held*, that a judgment vacating the whole audit was proper, as it could not be ascertained what amount of the illegal claim was allowed, or whether the deduction was made therefrom, or from the items which the board had jurisdiction to audit. *Id.*

Also *held*, that assignees of the overseer stood in the same position with and were bound by the result reached in respect to him. *Id.*

This action was brought by the plaintiff, a corporation organized under the laws of this state, for the care, education and support of poor orphan children, to recover the amount due it for supporting certain children between the age of two and sixteen years, residents of Long Island City, and whom it had received, cared for and supported, on the authority of written orders given by the overseer of the poor of the defendant city.

Held, that the plaintiff was entitled to recover, as it had acted under the direction of an officer who had full power to give such direction, and who was compelled by law to furnish the support for such children outside of the poorhouse, and in an incorporated orphan asylum.

That, as the relief of the children was permanent and not temporary, the ten dollar limitation imposed by section 42 of 2 Revised Statutes (7th ed., p. 1861), did not apply to them. *Supreme Court, May, 1888, Nuns of St. Dominick v. Long Island City*, 48 Hun 306.

The overseer of the poor cannot incur a liability beyond the \$10 for relief in a single case without the consent of one of the superintendents of the poor. But with this restriction, his power of giving temporary relief is independent of the control of the superintendents of the poor. *Cayuga Circuit Court, November, 1851, Gere v. Supervisors*, 7 How. 255.

Supreme Court, April, 1867, in re Robbins v. Woolcott, 66 Barb. 71, the court said: "By section fifty-one it is provided that in those counties where there are no county poorhouses the overseers of the towns shall enter in

books an account of all matters transacted by them relating to their official duties; of all moneys received by them; of all moneys laid out and disbursed by them.

"By section *fifty-two* these books must be laid before the board of town auditors, with an account of moneys received and paid out. The board is required to compare such accounts with the entries in the book; examine the vouchers, and audit and settle the same; and state the balance due from such overseers, or to them, as the case may be. No credit shall be allowed to any overseer for moneys paid, unless it shall appear that such payment was made pursuant to a legal order. It seems to have been supposed that the account of the overseer must be audited and allowed before he can be paid. But clearly this cannot be the meaning of the section. The money for the support of the poor, whether it is paid into the county treasury and paid out by the superintendent, or is paid over to the overseer, is raised in advance of the expenditure, and is, or is supposed to be, in the hands of the treasurer or overseer. The overseer presents his account to the board of auditors, so as to determine, not what he shall be paid, but whether he is entitled to keep what he has taken. It is not true, doubtless, that in all instances the money required is actually in his hands. He may issue orders or make contracts when there are no funds with which to pay. He must render an account of these also, and in such case the board audits before payment; and if he receives the money allowed for such expenditures it is in order to pay debts actually due to himself, or to other persons holding the orders, or to whom he is liable for support rendered upon a contract made with him. If an overseer, under such circumstances, should charge for moneys paid, or claim allowance for liabilities incurred, which had no existence in fact, and obtain the money, he would be guilty of fraud."

§ 30. In all counties of this state in which there are not adequate hospital accommodations for indigent persons requiring medical or surgical care and treatment, or in which no appropriations of money are made for this specific purpose, it shall be the duty of county superintendents of the poor, upon the certificate of a physician approved by the board of supervisors, or of the overseers of the poor in the several towns of such counties, upon the certificate of a physician approved by the supervisor of the town, as their jurisdiction over the several cases may require, to send all such indigent persons requiring medical or surgical care and treatment to the nearest hospital, the incorporation and management of which have been approved by the state board of charities, provided transportation to such hospital can be safely accomplished. The charge for the care and treatment of such indigent persons in such hospitals, as herein provided, shall not exceed one dollar per day for each person, which shall be paid by the

several counties or towns from which such persons are sent, and provision for which shall be made in the annual budgets of such counties and towns. (*Added by chapter 103 of the Laws of 1901.*)

ARTICLE III.

SETTLEMENT AND PLACE OF RELIEF OF POOR PERSONS.

Section 40. Settlements, how gained.

41. Qualification of last section.
42. Poor persons not to be removed, and how supported.
43. Proceedings to determine settlement.
44. Hearing before superintendents.
45. How to compel towns to support poor persons.
46. Proceedings to determine who are county poor.
47. In counties without almshouse.
48. Decisions to be entered and filed.
49. Appeal to the county court.
50. Penalty for removing.
51. Proceedings to compel support.
52. Liability, how contested.
53. Neglect to contest.
54. Actions, when and how to be brought.
55. Penalty for bringing foreign poor into this state.
56. Poor children under sixteen years of age.
57. Persons having real or personal property.

§ 40. Settlements, how gained.—Every person of full age, who shall be a resident and inhabitant of any town or city for one year, and the members of his family who shall not have gained a separate settlement, shall be deemed settled in such town or city, and shall so remain until he shall have gained a like settlement in some other town or city in this state, or shall remove from this state and remain therefrom one year. A minor may be emancipated from his or her father or mother and gain a separate settlement:

1. If a male, by being married and residing one year separately from the family of his father or mother.
2. If a female, by being married and having lived with her husband; in which case the husband's settlement shall be deemed that of the wife.

3. By being bound as an apprentice and serving one year by virtue of such indentures.

4. By being hired and actually serving one year for wages, to be paid such minor.

The place of birth of an infant pauper is, *prima facie*, his place of settlement, but it may be removed to the last legal settlement of the parents when discovered. *Supreme Court, August, 1819, Overseers of Vernon v. Overseers of Smitheille*, 17 Johns. 89; and see, also, *Supreme Court, August, 1817, Delavergne v. Noxon*, 14 Johns. 333; *Supreme Court, October, 1826, Overseers of Berne v. Overseers of Knox*, 6 Cow. 433; *Supreme Court, February, 1824, Niskayuna v. Albany*, 2 Cow. 537.

If it do not appear that one has gained a settlement in his own right, his settlement follows that of his father.

But a change in the settlement of the father will not affect that of the son, if the father's settlement is obtained after the emancipation of the son.

To acquire settlement by apprenticeship, the servant must be under an indenture, or a deed, contract or writing not indented; a parole binding is not sufficient.

The place of birth is, *prima facie*, the place of settlement; but if the father's settlement be in another place, the settlement of the child follows his. *Supreme Court, February, 1824, Overseers of Niskayuna v. Overseers of Albany*, 2 Cow. 537.

A father, who has acquired a legal settlement in a town, cannot by any deed, release or act of emancipation, divest his son, who has not arrived at 21 nor acquired a settlement for himself, of his right of settlement derived from his father; though the son, since such deed of emancipation, had not resided in his father's family, but had acted in all things for himself and worked entirely for his own benefit. *Supreme Court, January, 1823, Adams v. Foster*, 20 Johns. 452.

Until a poor person acquires a settlement in his own right, his settlement is that of his father or mother. *Supreme court, January, 1889, Stillwell v. Kennedy*, 51 Hun. 114.

Italian laborers, who come to the United States in search of work, leaving their families in Italy, are employed in constructing railroads, liable to be discharged at any time, and free to leave their employment when they see fit and living in rough shanties built by the railroad contractors, do not give a settlement in a town in which they work for a year, under 3 Rev. Stat. (Banks 8th ed.) p. 2111, § 29, providing that every person of full age, who shall be "a resident and inhabitant of any town one year," shall be deemed settled in said town. *Schuyler County Court, July 15, 1893, in re Town of Hector*, 24 N. Y. Supp. 475. See *Queens County Court, August, 1895, Smith v. Williams*, 13 Misc. 761; s. c., 69 St. Rep. 611.

The overseer is the sole judge as to who are paupers in his town, and should be relieved by him, and the exercise of that power cannot be reviewed collaterally either in the supreme court or by the town auditors. *Supreme court, 1890, Christman v. Phillips*, 58 Hun. 282; s. c., 34 St. Rep. 444.

The town is charged with the support of the poor when there is no action

taken by the supervisors to abolish the distinction between town and county poor. The city stands under the Poor Law in the place of the town. *Supreme Court, May, 1888, Nuns v. L. I. City*, 48 Hun, 306.

A person living on and working a farm on shares for two years or more gains a settlement. *Supreme Court, October, 1817, Overseers v. Overseers*, 14 Johns. 365.

An estate situate in a town without residence there, does not gain the owner a settlement in that town. *Supreme Court, May, 1819, Sherburne v. Norwich*, 16 Johns. 186.

A bastard child is settled in the town where it was born until it acquires a settlement for itself. *Supreme Court, August, 1817, Delavergne v. Naxon*, 14 Johns. 333.

Where a town is divided by an act of the legislature into two towns, and the poor are also directed to be divided between the two, those who afterwards become paupers, are to be considered as settled in the towns within which they were respectively born, and not where they happened to reside at the time of the division. *Supreme Court, May, 1808, Washington v. Stanford*, 3 Johns. 193.

A person cannot gain a settlement in any town until he shall have resided there for at least one year, whether such person be a pauper or not. When a settlement is once legally gained in any town it must necessarily remain there until one is subsequently established in some other town or county. *Montgomery County Court, March, 1882, Sitterly v. Murray*, 63 How. Pr. 367.

An adjudication as to the settlement of paupers for whose relief expenditures have been incurred by a town, may be made subsequent to such expenditures. *Supreme Court, May, 1829, People v. Supervisors of Oswego*, 2 Wend. 291.

The question of settlement cannot be tried in an action on a bond given to indemnify the town for the support of a bastard; the obligor is estopped by his bond from contesting that question. *Supreme Court, August, 1806, Falls v. Belknap*, 1 Johns. 486.

If a pauper having no settlement, be removed to another town to relieve the overseers from the burden of supporting him, and the overseers of the town to which he is removed are compelled to support him, the latter may recover by an action for reimbursement, against the overseers of the town which improperly removed him. *Supreme Court, October, 1818, Pittstown v. Plattsburgh*, 15 Johns. 436.

An overseer or superintendent of the poor who finds a pauper in his county or town, has no right to remove such pauper to another town or county where he believes he belongs; but he must provide for the pauper and then pursue the remedy afforded by the laws. *Supreme Court, July, 1883, Smith v. Brundage*, 17 Weekly Dig. 266.

A day laborer, who supported his family in one county, until immediately after moving into another county he becomes disabled and a county charge, is not a pauper as intended by the statutes. *Supreme Court, January, 1889, Wood v. Simmons*, 51 Hun, 325; s. c. 21 St. Rep. 390; 4 N. Y. Supp. 368.

Rev. St. N. Y. pt. 1, tit. 1, c. 20, § 59, as amended by chap. 546, L. 1885, provides that, when a pauper strays or is removed from one municipality to another, the county superintendents of the poor shall give the overseers

of the poor of the pauper's town notice of such improper removal, and require them to take charge of the pauper. *Held*, that a notice which does not state that the pauper was a pauper while in the town from which he came, nor that his voluntary change of residence was improper was insufficient. *Supreme Court, June 22, 1889, McKay v. Walsh*, 6 N. Y. Supp. 358; 2 Sil. S. C. 463.

It is not necessary that a written denial of responsibility for the support of pauper by an overseer or superintendent should follow the exact language of the statute. *Court of Appeals, October 7, 1890, Stillwell v. Coons*, 122 N. Y. 242; affirming s. c. 12 St. Rep. 745.

Appeal is debarred from an order of removal which has not been executed owing to the death of the pauper. *Supreme Court, January, 1823, Adams v. Foster*, 20 Johns. 452.

Though an overseer abandon the appeal from an order of removal and takes back the pauper, yet the unreversed order is not conclusive evidence of settlement in the appellate town. *Supreme Court, August, 1819, Vernon v. Smithville*, 17 Johns. 89. See also *Supreme Court, February 1824, People v. Supervisors of Cayuga County*, 2 Cow. 530.

On appeal from an order of removal of a pauper, the order is no evidence of the facts it contains; but the respondents are bound to begin *de novo*; and make out their case independent of the order. *Supreme Court, February, 1827, Otsego v. Smithfield*, 6 Cow. 760.

The sessions may allow costs on appeals to them, from orders of removal. *Supreme Court, May, 1806, Neuburg v. Plattskill*, 1 Johns. 330.

The force of an order requiring a relative to pay a certain sum per week to the county superintendent of the poor, for the support of an alleged dependent poor person, until the further order of the court, is terminated by the termination of the person's dependency upon the public for support, as, by a discharge from the poorhouse followed by self-support; the doctrine of *res adjudicata* does not preclude the defendant, against whom such an order has been made, from setting up such a defence. *Court of Appeals, January 26, 1897, Abdrige v. Walker*, 151 N. Y. 527; reversing s. c. 82 Hun. 614.

A widow with children, who has a little personal property and is sick and unable to work, and whose husband's funeral expenses were paid by the town, and who has received aid from the town without objection from the overseer, is a poor and indigent person, within the meaning of the statute against the removal of poor persons from one town or county to another, with the intent to charge such town or county with their support. *Supreme Court, November 22, 1892, Bartlett v. Ackerman*, 49 St. Rep. 206; s. c. 66 Hun. 629.

The individual, under whose roof a poor person dies, is bound to carry the body, decently covered, to the place of burial. *Supreme Court, October, 1890, Griffin v. Condon*, 18 Misc. 236; s. c. 41 N. Y. Supp. 380.

Where a man and his wife resided for some years in Cattaraugus county, when they removed to Chemung, where the wife became insane and was taken to the asylum in Cattaraugus county, and the husband then moved to Buffalo and procured his wife's discharge and took her to his home, but shortly afterwards he took her back to the asylum, it was *held*, that when the wife was removed from the asylum, she ceased to be an

insane pauper, that the husband acquired a settlement in Erie county, and his settlement became that of his wife, and an action for her support at the asylum could be maintained against Erie county. *Supreme Court, January 18, 1893, Superintendent of Cattaraugus v. Superintendent of Erie*, 50 St. Rep. 347; s. c. 66 Hun, 636.

§ 41. Qualification of last section.—A woman of full age, by marrying, shall acquire the settlement of her husband. Until a poor person shall have gained a settlement in his or her own right, his or her settlement shall be deemed that of the father, if living, if not, then of the mother; but no child born in any almshouse shall gain any settlement merely by reason of the place of such birth; neither shall any child born while the mother is such poor person, gain any settlement by reason of the place of its birth. No residence of any such poor person in any almshouse, while such person, or any member of his or her family is supported or relieved at the expense of any other town, city, county or state, shall operate to give such poor person a settlement in the town where such actual residence may be.

§ 42. Poor person not to be removed, and how supported.—No person shall be removed as a poor person from any city or town to any other city or town of the same or any other county, nor from any county to any other county except as hereinafter provided; but every poor person, except the state poor, shall be supported in the town or county where he may be, as follows:

1. If he has gained a settlement in any town or city in such county, he shall be maintained by such town or city.

2. If he has not gained a settlement in any town or city in the county in which he shall become poor, sick or infirmed, he shall be supported and relieved by the superintendents of the poor at the expense of the county.

3. If such person be in a county where the distinction between town and county poor is abolished, he shall, in like manner, be supported at the expense of the county, and in both cases, proceedings for his relief shall be had as herein provided.

4. If such poor person be in a county where the respective towns are liable to support their poor, and has gained a settlement in some town of the same county other than that in which he may then be, he shall be supported at the expense of the town or city where he may be, and the overseers shall, within ten days

after the application for relief, give notice in writing to an overseer of the town to which he shall belong, requiring him to provide for the support and relief of such poor person.

The penalty given by statute for bringing a poor or indigent person, not having a settlement, into any city or town within this State without legal authority, is incurred as well by bringing such person from one town to another town within the State, as by bringing him from without the State. *Supreme Court, May, 1832, Thomas v. Ross, 8 Wend. 672.*

To subject a party to the penalty, it must be shown that he acted *mala fide*; it seems, that carriers of passengers are within the letter, but not within the spirit of the act, and cannot be charged, unless in bringing poor and indigent persons into a city or town, and leaving them there, they act fraudulently.

Proof by an inhabitant long a resident in the town, that he had never known the pauper is *prima facie* sufficient evidence that the pauper has not a legal settlement in the town. *Id.*

It is no defense that the pauper had formerly a legal settlement in the place to which he was brought, and had not subsequently gained one elsewhere. *Supreme Court, May, 1847, Winfield v. Mapes, 4 Den. 571.*

§ 43. Proceedings to determine settlement.—If, within ten days after the service of such notice, the overseer to whom the same was directed, shall not proceed to contest the allegation of the settlement of such poor person, by giving the notice hereinafter directed, he or his successors, and the town which he or they represent, shall be precluded from contesting or denying such settlement. He may, within the time mentioned, give written notice to the overseer of the town where such person may be, and from whom he has received the notice specified in the last section, that he will appear before the county superintendents, at a place and on a day therein to be specified, which day shall be at least ten days and not more than thirty days from the time of the service of such notice of hearing, to contest the alleged settlement. If the county superintendents fail to appear at the time and place so appointed, they shall, at the request of the overseers of either town appoint some place, and some other day, for the hearing of such allegations, and cause at least five days' notice thereof to be given to such overseers; and no poor person shall be deemed to have gained a settlement, when the proper notices to contest the settlement have been served, until there has been a hearing before the superintendent thereof, and an order by them made and filed in the office of the county clerk, fixing the settlement of such poor person.

Montgomery County Court, March, 1882, In Sitterly v. Murray, 63 How. Pr. 370, the court said, "the object and scheme of the statute seem to be to provide for the settlement of all persons under the poor laws, no matter what their previous financial condition may have been, and whether they were ever paupers before or not, and to fix the liability of the proper town for their support and maintenance, whenever by misfortune or otherwise they should become a charge upon the public. This is the reasonable and natural conclusion to be drawn from the various provisions of the statute and from the language of these particular sections."

§ 44. Hearing before superintendents.—The county superintendents shall convene whenever required by any overseer pursuant to such notice, and shall hear and determine the controversy, and may award costs, not exceeding fifteen dollars, to the prevailing party, which may be recovered in an action in a court of competent jurisdiction. Witnesses may be allowed fees as in courts of record. The decision of the superintendent shall be final and conclusive, unless an appeal therefrom shall be taken as provided by this chapter.

§ 45. How to compel towns to support poor persons.—The overseers of the poor of the town in which it may be alleged any poor person has gained a settlement, may, at any time after receiving such notice requiring them to provide for such person, take and receive such poor person to their town, and there support him; if they omit to do so, or shall fail to obtain the decision of the county superintendents, so as to exonerate them from the maintenance of such poor person, the charge of giving such notice, and the expense of maintaining such person, after being allowed by the county superintendents, shall be laid before the board of supervisors at their annual meetings from year to year, as long as such expenses shall be incurred, and the supervisors shall annually add the amount of such charges to the tax to be laid upon the town to which such poor person belongs, together with such sum in addition thereto, as will pay the town incurring such expense, the interest thereon, from the time of expenditure to the time of repayment, which sum shall be assessed, levied and collected in the same manner as other charges of such town. Such moneys when collected shall be paid to the county treasurer and be by him credited to the account of the town which incurred the expenses.

See *Court of Appeals, June, 1857, Overseers of Norwich v. Overseers of Pharsalia*, 15 N. Y. 341. The town of Pharsalia being liable for the support of certain paupers, at the time being in the town of Norwich, the defendant, as overseer of the poor of Pharsalia, promised the plaintiffs, overseers, etc., of Norwich, that if they would provide for such paupers, he would pay the expenses incurred; *Held*, that it was not within the official power of the defendant to make such a contract, and that the plaintiffs are confined to the remedy given by the statute, viz., the audit of the account by the superintendents of the poor, and the levying of the amount by the board of supervisors on the town of Pharsalia for the benefit of Norwich. Chief Justice Denio, writing the opinion, says:

"It was not contended, on the argument, that the defendant was personally liable, on the alleged promise, to reimburse the town of Norwich. The action was brought to enforce an alleged liability of the town, which the defendant represents, in favor of the town represented by the plaintiffs. But an examination of the statutes will show that the alleged contract of the defendant was not within the scope of his official power, and hence, that no action against the town can be maintained upon it. The Revised Statutes provide that paupers shall not be removed from one town to another, as they might have been under the former statutes; but they declare that every poor person shall be supported in the town or county where he may be. In counties where the respective towns are liable to support their poor (which was the case in Chenango), if a pauper has gained a settlement in a different town, in the same county, from the one where he may be when he requires relief, 'he shall be supported at the expense of the town where he may be, and the overseers shall give notice, in writing, to the overseers of the town in which such pauper shall belong, or to one of them, requiring them to provide for the support and relief of such pauper.' The two following sections provide for trying the question as to the settlement of the pauper before the county superintendents of the poor, in cases where the overseer of the poor, on whom the notice is served, shall contest that point; and it is declared that, if he do not institute the proceedings authorized to be taken for that purpose, he and his town shall be forever precluded from denying that the settlement was in that town. The next section shows the manner in which the expenses incurred by the town of Norwich, in this case, might have been recovered, as follows: 'The overseers of the poor of the town in which it may be alleged any pauper has gained a settlement, may, at any time, after receiving such notice, requiring them to provide for such pauper, take and receive such pauper to their town, and there support him. If they omit to do so, or shall fail to obtain the decision of the county superintendents so as to exonerate them from the maintenance of such pauper, the charge of giving such notice, and the expense of maintaining such pauper, after being allowed by the county superintendents, shall be laid before the board of supervisors at their annual meetings, from year to year, as long as such expenses shall be incurred; and the supervisors shall annually add the amount of such charges to the tax to be levied upon the town to which such pauper belongs, together with such sum, in addition thereto, as will pay the town incurring such expenses the lawful interest thereon, from the time of expenditure to the time of repayment, which sum shall be assessed,

levied and collected in the same manner as the other contingent expenses of such town. The said moneys, when collected, shall be paid to the county treasurer, and be by him credited to the account of the town which incurred the said expenses.'

"Now assuming that the defendant, as overseer of Norwich, made the promise alleged in the complaint, he did not bind his town more strongly for the payment of these expenses than it was bound by the statute; and he could not, by making such a promise, change the mode which the law had provided for the auditing, collecting and paying over the money. The overseers of Pharsalia, on receiving the notice from the plaintiff's town, could do one of two things. They could contest the allegation of settlement in their town by a proceeding before the superintendents. If they believed this could not be successfully done, they might take the pauper home to their own town, and provide for his support under their own superintendence. If they do neither, then the law takes charge of the case, and declares that the pauper shall be supported (in the first instance) at the expense of the town where he may be, and that such expense, after being audited by the county superintendents, shall be collected like the other town charges, out of the town which is chargeable, through the agency of the board of supervisors. The defendant elected neither to contest the settlement in his town, nor to bring the pauper there, to be supported under his direction; but it is said he bound his town, by an express promise, that it should reimburse the plaintiff's town. This is just what the statute declared should be done, and that obligation was not increased or diminished by the making of such promise. Nor can the fact of the making of such an undertaking authorize the town entitled to be reimbursed to pass by the agencies which the law has provided for the ascertainment of the amount of the expenses before they are levied upon the taxpayers, and sue the town, or its representative, in the courts. The alleged official promise of the defendant was void for want of authority, on his part, to make it. If he did not choose to adopt one or the other of the causes which I have mentioned, he had no further agency in the case. The promise, therefore, was officious, and did not affect his town in any manner. The decision of the referee was right, and his judgment should be affirmed."

§ 46. Proceedings to determine who are county poor.—The support of any poor person shall not be charged to the county, without the approval of the superintendents. If a poor person be sent to the county almshouse as a county poor person, the superintendents, in counties where there are town poor, shall immediately inquire into the facts, and if they are of opinion that such person has a legal settlement in any town of the county, they shall, within thirty days after such poor person shall have been received, give notice to the overseers of the poor of the town to which such poor person belongs, that the expenses of such support will be charged to such town, unless the overseers

within such time as the superintendents shall appoint, not less than twenty days thereafter, show that such town ought not to be so charged. On the application of the overseers, the superintendents shall re-examine the matter and take testimony in relation thereto, and decide the question; which decision shall be conclusive, unless an appeal therefrom shall be taken in the manner provided in this chapter.

§ 47. In counties without almshouse.—In counties having no almshouse, no person shall be supported as a county poor person, without the direction of at least one superintendent. In such cases the overseers of the poor, where such person may be, shall, within ten days after granting him relief, give notice thereof and that such person is not chargeable to their town, to one of the superintendents who shall inquire into the circumstances, and if satisfied that such poor person has not gained a legal settlement in any town of the county, and is not a state poor person, he shall give a certificate to that effect, and that such person is chargeable to the county. He shall report every such case to the board of superintendents at their next meeting, who shall affirm such certificate, or, on giving at least eight days' notice to the overseers of the poor of the town interested may annul the same. After hearing the allegations and proofs in the premises, if the superintendent to whom the overseers have given such notice shall neglect or refuse to give such certificate, the overseers may apply to the board of superintendents, who shall summarily hear and determine the matter, and whose decision shall be conclusive, unless an appeal therefrom shall be taken in the manner provided in this chapter. Such appeal may also be taken from the refusal of one superintendent to grant such certificate when there is but one superintendent in the county.

§ 48. Decisions to be entered and filed.—The decisions of county superintendents in relation to the settlement of poor persons, or to their being a charge upon the county, shall be entered in books to be provided for that purpose, and certified by the signature of such of the superintendents as make the same; and a duplicate thereof, certified in the same manner, shall be filed in the office of the county clerk within thirty days after making such decision.

§ 49. Appeal to the county court.—Any or either of the parties interested in a decision of the superintendent of the poor, or in any dispute that shall arise concerning the settlement of any poor person, may appeal from such decision to the county court of the county in which such decision shall be made, by serving upon the other parties interested therein, within thirty days after service upon the appellant of a notice of the same, a notice of appeal, which shall be signed by the appellant or his attorney, and which shall specify the grounds of the appeal. The hearing of such appeal may be brought on by either party in or out of term, upon notice of fourteen days. Upon such appeal a new trial of the matters in dispute shall be had in the county court without a jury, and a decision of the county court therein shall be final and conclusive, and the same costs shall be awarded as are allowed on appeals to said court.

For the purposes of this chapter the county court shall be deemed open at all times.

§ 50. Penalty for removing.—Any person who shall send, remove or entice to remove, or bring, or cause to be sent, removed or brought, any poor or indigent person, from any city, town or county, to any other city, town or county, without legal authority, and there leave such person for the purpose of avoiding the charge of such poor or indigent person upon the city, town or county from which he is so sent, removed or brought or enticed to remove, shall forfeit fifty dollars, to be recovered by and in the name of the town, city or county to which such poor person shall be sent, brought or removed, or enticed to remove, and shall be guilty of a misdemeanor.

To make a person liable, under the statutes, for removing, without legal authority a poor and indigent person to another county, it must be alleged, and proven to be, *with intent*, to make such county chargeable with the support of such pauper.

The same intent must also be established, where the action is to make the county from which the pauper was removed liable under such provisions.

The intent with which the removal is effected, is the gravamen of criminal offense. An action will not lie by the superintendents of the poor of one county against the superintendents of another county for the maintenance of a pauper removed from the county of the latter *without legal authority*, into the county of the former, where the removal is made *at the request of the pauper*, so that he may be under the care of his family and

friends, and without any intent on the part of the person removing him to make the county into which he is removed chargeable with his support. It seems, that the bringing of a pauper into this State, will not subject the person bringing him to the penalties of the act on this subject, unless it be done with the intent of subjecting some particular town or county to the charge of supporting such pauper. *Court of Appeals, March, 1866, Foster v. Cronkhite*, 35 N. Y. 139. A party may testify directly to the intent with which he did an act, when the intent is a fact material to the issue. *Court of Appeals, December, 1870, Cortland County v. Herkimer County*, 44 N. Y. 22.

In the latter case it was held that the superintendent might testify directly as to the intent with which he did an act when the intent is a fact material to the issue.

§ 51. Proceedings to compel support.—A poor person so removed, brought or enticed, or who shall of his own accord come or strayed from one city, town or county into any other city, town or county not legally chargeable with his support, shall be maintained by the county superintendents of the county where he may be. They may give notice to either of the overseers of the poor of the town, or city from which he was brought or enticed, or came as aforesaid, if such town or city be liable for his support, and if there be no town or city in the county from which he was brought or enticed or came liable for his support, then to either of the county superintendents of the poor of such county, within ten days after acquiring knowledge of such improper removal, informing them of such improper removal, and requiring them forthwith to take charge of such poor person. If there be no overseers or superintendents of the poor in such town, city or county, such notice shall be given to the person, by whatever name known, who has charge and care of the poor in such locality.

In *Supreme Court, June 21, 1889, Bellows v. Coupler*, 6 N. Y. Supp. 72, it was held that an action will not lie for the support of a pauper by a county into which he had voluntarily removed, at a time when he was not a pauper, against the county from which he had so removed.

An overseer or superintendent of the poor who finds a pauper in his county or town, has no right to remove him to another town or county where he believes he belongs; but he must provide for his support and then pursue his remedy afforded by the laws. *Smith v. Brundage*, 17 Wkly. Dig. 266.

In *Supreme Court, June 22, 1889, McKay v. Welch*, 6 N. Y. Supp. 358, it was held, that a notice which does not state that the pauper was a pauper while in the town from which he came nor that his voluntary change of residence was improper, was insufficient.

§ 52. Liability, how contested.—The county superintendents, or overseers, or other persons to whom such notice may be directed, may, after the service of such notice, take and remove such poor person to their county, town or city, and there support him, and pay the expense of such notice, and of the support of such person; or they shall, within thirty days after receiving such notice, by a written instrument under their hands, notify the county superintendents from whom such notice was received, or either of them, that they deny the allegation of such improper enticing or removal, or that their town, city or county is liable for the support of such poor person.

It is not necessary to follow the language of the statute in a denial of liability for the support of a pauper. *Court of Appeals, October 7, 1890, Stillwell v. Coons*, 122 N. Y. 242.

Personal service of a notice is not necessary to enable a town, city or county to contest its liability. *Supreme Court, January, 1889, Stillwell v. Kennedy*, 51 Hun, 114.

When a poor person removes, or is removed from a town in one county to a town, not chargeable with his support, in another county, and is there necessarily relieved by the overseer of the poor of the town the expense incurred and the burden of thereafter maintaining the person is, as between that town and its county, a charge on the county, provided the overseer gives the superintendent of the poor of his county notice of the circumstances of the case, as provided by the statute. *Court of Appeals, October 7, 1890, Stillwell v. Coons*, 122 N. Y. 242-4.

If such denial be served by mail, received and retained by the plaintiff without objection, the service is sufficient. *Id.*; *Supreme Court, January, 1889, Stillwell v. Kennedy*, 51 Hun, 114.

Revised Statutes N. Y. pt. I, ch. 20, tit. I, § 31, provides that no person shall be removed as a pauper from any city or town to any city or town of the same or any other county, or from any county to any other county, but every poor person shall be supported in the county where he may be; that if he has gained a settlement in any town in such county he shall be maintained by such town; and that if he has not gained a settlement in the county in which he shall become poor, sick or infirm, he shall be supported and relieved by the superintendent of the poor at the expense of the county. Such statutes, as amended by Laws of New York, 1885, ch. 546, provide that any pauper, who shall, of his own accord, come or stray from one city, town or county, into any other city, town or county not legally chargeable with his support, shall be maintained by the superintendent of the county where he may be, and that by taking certain proceedings the liability of the county or town from whence he came for his support may be fixed, if such county is so liable. *Held*, that one who had always been able to support himself and family by manual labor, though the wages earned by him were not more than sufficient for that purpose, was not a pauper, within the meaning of the statute; and where, having been a resi-

dent of the city and county of New York he went to another county, and there met with an accident, which rendered him unable to support himself, the county from whence he came is not liable for his support. *Supreme Court, January, 1889, Wood v. Simmons*, 4 N. Y. Supp. 368; s. c. 51 Hun, 325.

§ 53. Neglect to contest.—If there shall be a neglect to take and remove such poor person, and to serve notice of such denial within the time above prescribed, the county superintendents and overseers, respectively, whose duty it was so to do, their successors, and their respective counties, cities or towns, shall be deemed to have acquiesced in the allegations contained in such first notice, and shall be forever precluded from contesting the same, and their counties, cities and towns, respectively, shall be liable for the expenses of the support of such poor person, which may be recovered from time to time, by county superintendents incurring such expenses, in the name of their county in actions against the county, city or town so liable.

§ 54. Actions, when and how to be brought.—Upon service of any such notice of denial, the county superintendents upon whom the same may be served, shall, within three months, commence an action in the name of their county, against the town, city or county so liable for the expenses incurred in the support of such poor person, and prosecute the same to effect; if they neglect to do so, their town, city or county, shall be precluded from all claim against the town, city or county to whose officers such first notice was directed.

§ 55. Penalty for bringing foreign poor into this state.—Any person who shall knowingly bring or remove, or cause to be brought or removed, any poor person from any place without this state, into any county, city or town within it, and there leave or attempt to leave such poor person, with intent to make any such county, city or town, or the state, wrongfully chargeable with his support, shall forfeit fifty dollars, to be recovered by an action in a court of competent jurisdiction in the county, and in the name of the county, city or town into which such poor person shall be brought, and shall be obliged to convey such person out of the state, or support him at his own expense, and shall be guilty of a misdemeanor, and the court or magistrate before whom any person shall be convicted for a violation of this section shall require of such person satisfactory security

that he will within a reasonable time, to be named by the court or magistrate, transport such person out of the state, or indemnify the town, city or county for all charges and expenses which may be incurred in his support; and if such person shall refuse to give such security when so required, the court or magistrate shall commit him to the common jail of the county for a term not exceeding three months.

Overseers of the poor, who have expended money, under an order for the maintenance of a pauper, cannot maintain an action on the case against the person who brought the pauper into the town, having no legal settlement in the state, for the amount so expended; but their remedy is under the statute to recover the penalty given in such case. *Supreme Court, May, 1814, Crouse v. Mabbett et al.*, 11 Johns. 167.

The penalty given by statute for bringing a poor, or indigent person, not having a settlement, into any city or town within this State without legal authority, is incurred as well by bringing such person from one town to another town within the State, as by bringing him from without the State. To subject a party to the penalty, it must be shown that he acted *mala fide*; it seems, that carriers of passengers are within the letter, but not within the spirit of the act, and cannot be charged, unless in bringing poor and indigent persons into a city or town, and leaving them there, they acted fraudulently. Proof by an inhabitant long a resident in the town, that he had never known the pauper, is *prima facie* sufficient evidence that the pauper has not a legal settlement in the town. *Supreme Court, May, 1832, Thomas v. Ross & Shaw*, 8 Wend. 672.

§ 56. Poor children under sixteen years of age.—No justice of the peace, board of charities, police justice, or other magistrate, or court, shall commit any child under sixteen years of age, as a vagrant, truant or disorderly person, to any jail or county almshouse, but to some reformatory, or other institution, as provided for in the case of juvenile delinquents; and when such commitments are made, the justice of the peace, board of charities, police justice, or other magistrate or court making the same, shall immediately give notice to the superintendents of the poor or other authorities having charge of the poor of the county in which the commitment was made, giving the name and age of the person committed, to what institution, and the time for which committed; nor shall any county superintendents, overseers of the poor, board of charity, or other officer, send any child under the age of sixteen years, as a poor person, to any county almshouse, for support and care, or retain any such child in such almshouse, but shall provide for such child or children in families,

orphan asylums, hospitals, or other appropriate institutions for the support and care of children as provided by law, except that a child under two years of age may be sent with its mother, who is a poor person, to any county almshouse, but not longer than until it is two years of age. The board of supervisors of the several counties, and board of estimate and apportionment of the county of New York, and the appropriate board or body in the county of Kings shall take such action in the matter as may be necessary to carry out the provisions of this section. When any such child is committed to an orphan asylum or reformatory, it shall, when practicable, be committed to an asylum or reformatory that is governed or controlled by persons of the same religious faith as the parents of such child.

This action was brought by the plaintiff, a corporation organized under the laws of this State for the care, education and support of poor orphan children, to recover the amount due it for supporting certain children between the age of two and sixteen years, residents of Long Island City, and whom it had received, cared for and supported, on authority of written orders given by the overseer of the poor of the defendant city.

Held, that the plaintiff was entitled to recover, as it had acted under the direction of an officer, who had full power to give such direction, and who was compelled by law to furnish the support for such children outside of the poorhouse, and in an incorporated orphan asylum.

That, as the relief of the children was permanent and not temporary, the §10 limitation imposed by section 42 of 2 Revised Statutes (7th ed., page 1861), did not apply to them. *Supreme Court, May, 1888, Nuns of St. Dominick v. Long Island City*, 48 Hun, 306.

Relator was a charitable institution incorporated under chap. 319, of 1848, and having the approval of the state board of charities under chap. 446, of 1883. Under the statutes and by commitments not in all respects perfect, children were sent to relator and its bills therefor audited by the supervisors; the defendant, county treasurer, refused to pay. *Held*, that the bills were a county charge and that the court would not here scrutinize the commitments with that care which it would exercise if the proceedings were a habeas corpus and the commitment were claimed to be illegal or insufficient. *Supreme Court, July 7, 1890, People ex rel. Mt. Magdalen School v. Dickson*, 32 St. Rep. 495; 57 Hun, 312; see *In re Jurisdiction*, 3 How. Pr. 39, 43, 44.

§ 57. If it shall at any time be ascertained that any person, who has been assisted by or received support from any town, city or county, has real or personal property, or if any such person shall die, leaving real or personal property, an action may be maintained in any court of competent jurisdiction, by the over-

seer of the poor of the town or city, or the superintendent of the poor of any county which has furnished or provided any such assistance or support, or any part thereof, against such person or his or her estate, to recover such sums of money as may have been expended by their town, city or county in the assistance and support of such person during the period of ten years next preceding such discovery or death. (*Added by chapter 664 of the Laws of 1901.*)

ARTICLE IV.

section 74. Compromise with father of bastard; when mother may receive money.

75. Compromise with putative fathers in New York.

Section 60. Penalty for removing mother of bastard; how supported after removal.—If the mother of any bastard, or of any child likely to be born a bastard, shall be removed, brought or enticed into any county, city or town from any other county, city or town of this state, for the purpose of avoiding the charge of such bastard or child upon the county, city or town from which she shall have been brought or enticed to remove, the same penalties shall be imposed on every such person so bringing, removing or enticing such mother to remove, as are provided in the case of the fraudulent removal of a poor person. Such mother, if unable to support herself, shall be supported during her confinement and recovery therefrom, and her child shall be supported, by the county superintendents of the poor of the county where she shall be, if no provision be made by the father of such child.

In bastardy cases the mother and child are deemed paupers, and the fact that the mother or child are likely to become chargeable to the county as paupers, gives the superintendents of the poor authority to institute these proceedings. *Court of Appeals, January, 1885, Neary v. Robinson, 27 Hun, 145.*

§ 61. Mother and child poor persons; proceedings against county or town from which she was removed.—Such mother and her child shall, in all respects, be deemed poor persons; and the same proceedings may be had by the county superintendents to charge the town, city or county from which she was removed or enticed, for the expense of supporting her and her child, as are provided in the case of poor persons fraudulently or clandestinely removed; and an action may be maintained in the same manner for said expenses and for all expenses properly incurred in apprehending the father of such child, or in seeking to compel its support by such father or its mother.

§ 62. Mother and bastard; how to be supported.—The mother of every bastard, who shall be unable to support herself, during her confinement and recovery therefrom, and every bastard, after it is born, shall be supported as other poor persons are required to be supported by the provisions of this chapter, at the expense of the city or town where such bastard shall be born, if the

mother have a legal settlement in such city or town, and if it be required to support its own poor; if the mother have a settlement in any other city or town of the same county, which is required to support its own poor, then at the expense of such other city or town; in all other cases, they shall be supported at the expense of the county where such bastard shall be born.

§ 63. Mother and child not to be removed without her consent.—The mother and her child shall not be removed from any city or town to any other city or town in the same county, nor from one county to any other county, in any case whatever, unless voluntarily taken to the county, city or town liable for their support, by the county superintendents of such county or the overseers of the poor of such city or town.

§ 64. Overseers to notify superintendents of cases of bastardy; when county chargeable.—The overseers of the poor of any city or town where a woman shall be pregnant with a child, likely to be born a bastard, or where a bastard shall be born, which child or bastard shall be chargeable, or likely to become chargeable to the county, shall, immediately on receiving information of such fact, give notice thereof to the county superintendents, or one of them.

§ 65. Duty of superintendents to provide for mother and child.—The county superintendents shall provide for the support of such bastard and its mother, in the same manner as for the poor of such county.

§ 66. Until taken charge of by superintendents, to be supported by overseers.—Until the county superintendents take charge of and provide for the support of such bastard and its mother so chargeable to the county, the overseers of the poor of the city or town shall maintain and provide for them; and for that purpose, the same proceedings shall be had as for the support of a poor person chargeable to the county, who can not be conveniently removed to the county almshouse.

§ 67. Overseers of town to support bastard and mother whether chargeable or not.—Where a woman shall be pregnant with a child likely to be born a bastard, or to become chargeable to a city or town, or where a bastard shall be born chargeable, or likely to become chargeable to a city or town, the overseers of the

poor of the city or town where such bastard shall be born, or likely to be born, whether the mother have a legal settlement therein or not, shall provide for the support of such child and the sustenance of its mother during her confinement and recovery therefrom, in the same manner as they are authorized by this chapter to provide for and support the poor of their city or town.

§ 68. Moneys received by overseers from parents of bastard, how applied and accounted for.—Where any money shall be paid to any overseer, pursuant to the order of any two justices, by any putative father, or by the mother of any bastard, the overseers may expend the same directly, in the support of such child, and the sustenance of its mother as aforesaid, without paying the same into the county treasury. They shall annually account, on oath, to the board of town auditors, or to the proper auditing board of a city, at the same time that other town or city officers are required to account for expenditures of all moneys so received by them, and shall pay over the balance in their hands, and under like penalties, as are provided by this chapter, in respect to the poor moneys in their hands.

§ 69. When moneys received on account of bastard chargeable to county; how to be disposed of.—All moneys which shall be ordered to be paid by the putative father, or by the mother of a bastard chargeable to any county, shall be collected for the benefit of such county; and all overseers of the poor, superintendents, sheriffs, and other officers, shall within fifteen days after the receipt of any such moneys, pay the same into the county treasury. Any officer neglecting to make such payment shall be liable to an action by and in the name of the county, for all moneys so received and withheld, with interest from the time of receipt, at the rate of ten per centum; and shall forfeit a sum equal to that so withheld, to be sued for and recovered by and in the name of the county.

§ 70. Disputes concerning settlement of bastard, how determined.—When a dispute shall arise concerning the legal settlement of the mother of a bastard, or of a child born or likely to be born a bastard, in any city or town, the same shall be determined by the county superintendents of the poor, upon hearing

of the parties interested, in the same manner and with the same effect as they are authorized to determine the settlement of a poor person under this chapter.

(See notes under section 40, *ante.*)

§ 71. Proceedings when bastard is chargeable to another town.—When a bastard shall be born, or be likely to be born in a town or city, when the legal settlement of the mother is in another town or city of the same county, which is required by law to support its own poor, the overseers of the poor of the town or city where such bastard shall be born, or be likely to be born, shall give the like notice to the overseers of the town or city where the mother's settlement may be, as is required in the case of a person becoming a poor person, under the like circumstances, and the same proceedings shall be had, in all respects, to determine the liability of such town or city as in the case of poor persons.

The overseers of the town or city to which the mother of such bastard belongs may, before the confinement of such mother, or at any time after the expiration of two months after her delivery, if her situation will permit it, take and support such mother and her child.

If they omit to do so, and fail to obtain the determination of the county superintendents in their favor on the question of settlement, the town or city to which the mother belongs shall be liable to pay all the expenses of the support of such bastard, and of its mother during her confinement and recovery therefrom; which expenses, after being allowed by the county superintendents, shall be assessed, together with the lawful interest on the moneys expended, on the town or city to which such mother belongs, and shall be collected in the same manner as provided for poor persons supported under the same circumstances, and the moneys so collected, shall be paid to the county treasurer, for the benefit of, and to be credited to, the town which incurred such expenses.

§ 72. Mode of ascertaining sum to be allowed for support of bastard.—When any town is required to support a bastard, and its mother, whether the mother have a settlement in such town or not, and no moneys shall be received from the putative

father or from the mother, to defray the expense of such support, the overseers of the poor shall apply to the supervisor of the town and obtain an order for the support of such bastard, and the sustenance of its mother during her confinement and recovery therefrom, and the sum to be allowed therefor, in the same manner as is required in the case of poor persons, and the moneys paid or contracted to be paid by the overseer, pursuant to such order, shall be paid by the county treasurer in the same manner as for poor persons, and be charged to the town to whose officers such payment shall be made.

§ 73. When mother and child to be removed to county almshouse.—If there be a county almshouse in any county where the towns are required to support their own poor, the overseers of the poor of a town where a bastard shall be born, or shall be likely to be born, may, with the approval of the county superintendents or any two of them, and when the situation of the mother will allow it, remove the mother of such bastard, with her child, to such almshouse, in the same manner as poor persons may be removed; the expenses of which removal shall be defrayed in like manner, and such mother and her child shall be considered as poor of the town so liable for their support, and the expense shall in like manner be estimated and paid.

§ 74. Compromise with father of bastard; when mother may receive money.—Superintendents and overseers of the poor may make such compromise and arrangements with the putative father of any bastard child within their jurisdiction, relative to the support of such child, as they shall deem equitable and just, and thereupon discharge such putative father from all further liability for the support of such bastard.

Whenever a compromise is made with the putative father of bastard child, the mother of such child, on giving security for the support of the child, and to indemnify the city and county or the town and county, from the maintenance of the child, to the satisfaction of the officers making the compromise, shall be entitled to receive the moneys paid by such putative father as the consideration of such compromise. If the mother of such child shall be unable to give the security, but shall be able and willing to nurse and take care of the child, she shall be paid the same weekly allowance for nursing and taking care of the child, out of

the moneys paid by the father on such compromise, as he shall have been liable to pay by the order of filiation; such weekly sum to be paid the mother, may be prescribed, regulated or reduced, as in the case of an order of filiation.

An action will not lie by the county superintendents of the poor against the putative father of a bastard child on a promise to indemnify the county, made by him to the supervisor of the town in which the child was born, where it is not shown that the supervisor, in obtaining the promise, acted in the premises at the request or with the privity of the county superintendents. *Supreme Court, October, 1841, Birdsall v. Edgerton et al.*, 25 Wend. 619.

Money paid by a person charged as the father of an unborn bastard to the superintendent of the poor, upon a compromise, under the statutes, it may be recovered back upon its appearing that the supposed mother was not in fact pregnant. It is no defence by the superintendent that he paid the money into the county treasury, no expense having been incurred in the support of the expected child or mother. *Court of Appeals, September, 1862, Rheel v. Hicks*, 25 N. Y. 289.

§ 75. Compromise with putative fathers in New York.—The commissioners of public charities of the city of New York, or any two of them, may make such compromise and arrangements with the putative fathers of bastard children in said city, relative to the support of such children, as they shall deem equitable and just, and thereupon may discharge such putative fathers from all further liability for the support of such bastards.

Section 80. Relief to soldiers and their families.

81. Post to give notice that it assumes charge.
82. Poor or indigent soldiers, et cetera, without families.
83. Burial of soldiers, sailors and marines.
84. Headstones to be provided.

Section 80. Relief to soldiers and their families.—No poor or indigent soldier, sailor or marine who has served in the military or naval service of the United States, nor his family nor the families of any who may be deceased, shall be sent to any almshouse, but shall be relieved and provided for at their homes in the city or town where they may reside, so far as practicable, provided such soldier, sailor or marine or the families of those

deceased, are, and have been residents of the state for one year and the proper auditing board of such city or town in those counties where the poor are a county charge, the superintendent, if but one, or superintendents of the poor, as such auditing board in those counties shall provide such sum or sums of money as may be necessary to be drawn upon by the commander and quartermaster of any post of the Grand Army of the Republic of the city or town, made upon the written recommendation of the relief committee of such post; or if there be no post in a town or city in which it is necessary that such relief should be granted, upon the like request of the commander and quartermaster and recommendation of a relief committee of a Grand Army post located in the nearest town or city, to the town or city requested to so furnish relief, and such written request and recommendation shall be a sufficient authority for the expenditures so made. (*As amended by chapters 83 of the Laws of 1899, and 475 of the Laws of 1900.*)

The power to determine who are the indigent persons and families, the necessity for their relief, the measure thereof, the place where and the circumstances under which the same shall be administered, is not vested exclusively in a relief committee of a Grand Army post, but the proper officers of a town, city or county, having jurisdiction to raise and appropriate money for the relief of the poor, have jurisdiction and control over the same, and may determine the amount of money necessary.

The Grand Army post may apply to the auditing board of the municipality for such sum of money as it deems necessary for the purpose of the act, and that board must exercise its judgment and discretion as to the amount to be appropriated; where it has so done its determination is final, and not subject to review by any court. *Court of Appeals, January, 1893, People ex rel. Crammond v. The Common Council*, 136 N. Y. 489.

§ 81. Post to give notice that it assumes charge.—The commander of any such post which shall undertake to supervise relief of poor veterans or their families, as herein provided, before his acts shall become operative in any town, city or county, shall file with the clerk of such town, city or county, a notice that such post intends to undertake such supervision of relief, which notice shall contain the names of the relief committee, commander, and other officers of the post; and also an undertaking to such city, town or county, with sufficient and satisfactory sureties for the faithful and honest discharge of his

duties under this article; such undertaking to be approved by the treasurer of the city or county, or the supervisor of the town, from which such relief is to be received. Such commander shall annually thereafter, during the month of October, file a similar notice with said city or town clerk, with a detailed statement of the amount of relief requested by him during the preceding year, with the names of all persons for whom such relief shall have been requested together with a brief statement in each case, from the relief committee, upon whose recommendation the relief was requested, provided, however, that in cities of the first class said notice and said detailed statement shall be filed with the comptroller of such city, and said undertaking shall be approved by him, and provided further that in any city of the first class which is now or may hereafter be divided into boroughs, a duplicate of such notice and of such detailed statement shall be filed with the commissioner of charities for the borough in which the headquarters of such post is situated, and it shall be the duty of such commissioner to annually include in his estimate of the amount necessary for the support of his department such sum or sums of money as may be necessary to carry into effect the provisions of sections eighty, eighty-one, eighty-two, eighty-three and eighty-four of this act and the proper officers charged with the duty of making the budget of any such city shall annually include therein such sum or sums of money as may be necessary for that purpose. Moneys actually laid out and expended by any such post for the relief specified in section eighty of this act shall be reimbursed quarterly to such post by the comptroller on vouchers duly verified by the commander and quartermaster of said post, showing the date and amount of each payment, the certificate of the post relief committee, signed by at least three members, none of whom shall have received any of the relief granted by the post for which reimbursement is asked, showing that the person relieved was an actual resident of such city, and that they recommended each payment, and the receipt of the recipient for each payment, or in case such receipt could not be obtained, a statement of such fact, with the reason why such receipt could not be obtained. Such vouchers shall be made in duplicate on blanks

to be supplied by the comptroller and shall be presented to the commissioner of charities for the borough in which the headquarters of the post is situated, and if such commissioner is satisfied that such moneys have been actually expended as in said voucher stated, he shall approve the same, and file one of said duplicates in his office and forward the other to the comptroller, who shall pay the same by a warrant drawn to the order of the said commander. And provided further, that in any city, county or borough in which Grand Army posts have organized or may organize a memorial and executive committee, the latter shall be regarded as a post of the Grand Army of the Republic. And the chairman, treasurer or almoner and bureau of relief or relief committee referred to, shall exercise the same privileges and powers as the commander, quartermaster and relief committee of a post, on complying with the requirements of this and the preceding section. Wilful false swearing to such voucher shall be deemed perjury and shall be punishable as such.

Within thirty days after the passage of this act, any memorial and executive committee in any city, county or borough may file with the proper officers the notice mentioned in the preceding section and such officers are hereby empowered and it is hereby made their duty to estimate for, provide and raise, in the same manner as other local expenditures are estimated for, provided and raised, such sum or sums of money as may be necessary to carry into effect the provisions of this act during the year eighteen hundred and ninety-nine, and such bureau of relief or relief committee shall be reimbursed for moneys expended by it upon compliance with the terms of this act. (*As amended by chapter 462 of the Laws of 1899.*)

A claim for relief, furnished to an indigent soldier, upon the recommendation of the relief committee of a Grand Army post, and the order of the officer of such post, was properly disallowed by the board of town auditors, where the alleged relief was furnished by two members of such relief committee. *Supreme Court, October, 1895, People ex rel. Hovey v. Leavenworth*, 90 Hun. 48; s. c. 69 St. Rep. 853.

§ 82. Poor and indigent soldiers, et cetera, without families.—Poor or indigent soldiers, sailors or marines provided for in this article, who are not insane, and who have no families or friends with whom they may be domiciled, may be sent to a

soldiers' home. Any poor or indigent soldier, sailor or marine provided for in this chapter, or any member of the family of any living or deceased soldier, sailor or marine, who may be insane, shall, upon recommendation of the commander and relief committee of such post of the Grand Army of the Republic, within the jurisdiction of which the case may occur, be sent to the proper state hospital for the insane.

§ 83. Burial of soldiers, sailors or marines.—The board of supervisors in each of the counties shall designate some proper person or authority, other than that designated for the care of poor persons, or the custody of criminals, who shall cause to be interred the body of any honorably discharged soldier, sailor or marine, who has served in the military or naval service of the United States, or the body of the wife or widow of any soldier, sailor or marine, married to him previous to eighteen hundred and ninety, who shall die such widow, and who shall hereafter die without leaving means sufficient to defray his or her funeral expenses, but such expenses shall in no case exceed thirty-five dollars. If the deceased has relatives or friends who desire to conduct the burial, but are unable or unwilling to pay the charges therefor, such sum shall be paid by the county treasurer, upon due proof of the claim, and of the death and burial of the soldier, sailor or marine, or of the wife or widow of such soldier, sailor or marine to the person so conducting such burial. Such interment shall not be made in a cemetery or cemetery plot used exclusively for the burial of poor persons deceased. (*As amended by chapter 24 of the Laws of 1900; and chapter 96 of the Laws of 1903.*)

§ 84. Headstones to be provided.—The grave of any such deceased soldier, sailor or marine shall be marked by a headstone containing the name of the deceased, and, if possible, the organization to which he belonged, or in which he served; such headstone shall cost not more than fifteen dollars, and shall be of such design and material as shall be approved by the board of supervisors, and the expense of such burial and headstone as provided for in this article, shall be a charge upon, and shall be paid by the county in which the said soldier, sailor or marine shall have died; and the board of supervisors of such county is hereby authorized and directed to audit the account and pay the expense

of such burial in the same manner as other accounts against said county are audited and paid; provided, however, that in case such deceased soldier, sailor or marine shall be at the time of his death an inmate of any state institution, including state hospitals and soldiers' homes, or any institution supported by the state and supported at public expense therein, the expense of such burials and headstones shall be a charge upon the county of his legal residence.

The officer in charge of each and every almshouse shall give to such superintendent free access to all parts of the grounds, buildings, hospitals and other arrangements connected therewith, and to every inmate thereof, and extend to him the same facilities for the inspection of such almshouse and its inmates, as is required by law to be extended to such board of commissioners: and, in default thereof, such officer shall be subject to the same penalty as if access were denied to any member of the board. Such board shall also cause each of such almshouses to be visited periodically by some of its members, who shall examine into their condition and management, respectively, and make such report thereof to the board as may be deemed proper.

§ 97. Insane poor.—If any inmate of any such almshouse becomes insane, such superintendent of state and alien poor shall cause his removal to the appropriate state hospital for the insane, and he shall be received by the officer in charge of such hospital, and be maintained therein until duly discharged.

§ 100. Powers of superintendent of state and alien poor.—The superintendent of state and alien poor shall possess and exercise the like powers, and be subject to the like duties as to the state poor as superintendents of the poor exercise and are subject to in the care and support of county poor. In the absence or illness of the superintendent such powers and duties may be performed and discharged by any person appointed by the state board of charities for such purpose.

§ 101. Indian poor persons; removal to county almshouse.—Every Indian residing within this state or upon any of the Indian reservations of this state, who is a poor person within the meaning of this chapter, shall be maintained as provided in this article. Upon application being made by such Indian poor person to the superintendent of the poor of the county where such Indian resides, or to any other officer charged with the support and relief

of the poor, and on satisfactory proof being made that such Indian is a poor person as defined in this chapter, such superintendent or other officer shall by warrant, cause such Indian to be conveyed to the almshouse of the county where such Indian resides where he shall be maintained at state expense. Immediately upon the removal of such Indian who is a poor person to such almshouse, all testimony taken and all facts relating thereto, together with a verified statement of the expenses incurred in making such removal, shall be transmitted to the state board of charities. Such board shall examine all matters relating thereto, and if satisfied that such removal was proper, and that the expenses thereof were actually and necessarily incurred, shall audit and allow the amount of such expenses, which when so audited and allowed, shall be paid by the state treasurer, on the warrant of the comptroller, to the person incurring the same.

If, however, it shall appear to the satisfaction of such superintendent that the Indian poor person making application for relief is in such physical condition as to make it improper to remove him to the almshouse, the superintendent may, subject to such rules and regulations as may be prescribed by the state board of charities, provide for the care and support of such Indian poor person, without removing him to the almshouse, and the expenses incurred in such care and support shall be paid by the state treasurer on the warrant of the comptroller, upon the order and allowance thereof by the state board of charities as in cases of support of Indian poor persons in almshouses.

§ 102. Contracts for support of Indian poor persons.—The state board of charities, shall from time to time, on behalf of the state, contract with the proper officers of the county within which such Indians who are poor persons reside, on such terms and for such times as it may deem proper, for the reception and support in the almshouse of such counties of such Indians who are poor persons as may be committed thereto. Such board may establish rules and regulations for the discipline, treatment and care of such Indians and provide for their discharge. Every such contract shall be in writing and filed in the office of such board.

§ 103. Expenses for support of Indian poor persons.—The expenses for the support, treatment and care of all Indians who are poor persons and shall be sent to such county almshouse pur-

suant to this chapter, shall be paid quarterly on the 1st day of January, April, July and October in each year, to the treasurer of the county wherein such Indians are supported, by the state treasurer, on the warrant of the comptroller, but no such expenses shall be paid until an account of the number of Indians thus supported, and the time that each shall have been respectively maintained shall have been rendered in due form and approved by the state board of charities.

§ 104. Duty of keepers; superintendent of state and alien poor to keep record.—The keeper or principal officer in charge of such almshouse shall enter the names of all Indians committed thereto, with such particulars in relation thereto as the state board of charities may prescribe. Immediately upon the admission of any such Indian, such keeper or principal officer shall transmit by mail the names of such Indians, with the particulars hereinbefore mentioned, to the superintendent of state and alien poor; and notice of the death, discharge or absconding of any such Indian shall in like manner be transmitted to such superintendent. Such superintendent shall cause the names of such Indians in such county almshouse to be entered in a book to be kept for that purpose in the office of such board, and he shall verify the correctness thereof by comparison with the books kept in the almshouse by personal examination of such Indians or in such other manner as the board may direct; and he shall furnish the board in tabulated statements, annually on or before the second Tuesday in January, the number of Indians maintained in all such county almshouses during the preceding year, the number discharged, bound out, removed from the state, and the number who died or left without permission during the year, with such other information as the board may require.

3. Advise the officers of almshouses in the performance of their official duties.

4. Collect statistical information in respect to the property, receipts and expenditures of all almshouses, and the number and condition of the inmates thereof.

§ 116. Visitation and inspection of almshouses.—Any commissioner or officer of the State Board of Charities, or any inspector duly appointed by it for that purpose, may visit and inspect any almshouse in this state. On such visits inquiry shall be made to ascertain:

1. Whether the rules and regulations of the board, in respect to such almshouse, are fully complied with.

2. Its methods of industrial, educational and moral training, if any, and whether the same are best adapted to the needs of its inmates.

3. The condition of its finances generally.

4. The methods of government and discipline of its inmates.

5. The qualifications and general conduct of its officers and employes.

6. The condition of its grounds, buildings and other property.

7. Any other matter connected with, or pertinent to, its usefulness and good management.

Any commissioner or officer of the board, or inspector duly appointed by it, shall have free access to the grounds, buildings, books and papers relating to such almshouse, and may require from the officers and persons in charge, any information it may

deem necessary. Such board may prepare regulations according to *age, and provide blanks and forms upon which such information shall be furnished, in a clear uniform and prompt manner for the use of the board; any such officer or inspector who shall divulge or communicate to any person without the knowledge and consent of such board, any facts or information obtained in pursuance of the provisions of this chapter, shall be guilty of a misdemeanor, and shall at once be removed from office. The annual reports of each year shall give the results of such inquiry, with the opinion and conclusions of the board relating to the same. Any officer, superintendent or employe of any such almshouse who shall wilfully refuse to admit any member, officer or inspector of the board, for the purpose of visitation and inspection, and who shall refuse or neglect to furnish the opinion required by the board, or any of its members, officers or inspectors, shall be guilty of a misdemeanor, and subject to a fine of one hundred dollars for each such refusal or neglect. The rights and powers hereby conferred may be enforced by an order of the supreme court after such notice as the court may prescribe, and an opportunity to be heard thereon, or by indictment by the grand jury of the county, or both.

§ 117. Investigations by board of committee; orders thereon.—The board may, by order, direct an investigation by a committee of one or more of its members, of the officers and managers of any almshouse, or of the conduct of its officers and employes; and the commissioner or commissioners so designated to make such investigation may issue compulsory process for the attendance of witnesses and the production of books and papers, administer oaths, examine persons under oath, and exercise the same powers in respect to such proceedings as belong to referees appointed by the supreme court.

If it shall appear, after such investigation, that the inmates of the almshouse are cruelly, negligently or improperly treated, or inadequate provision is made for their sustenance, clothing, care and supervision, or other condition necessary to their comfort and well being, such board may issue an order in the name of the people, and under its official seal, directed to the proper officer of such almshouse, requiring him to modify such treatment or apply

*So in original.

such remedy, or both, as shall therein be specified. Before such order is issued it must be approved by a justice of the supreme court, after such notice as he may subscribe, and an opportunity to be heard thereon, and any person to whom such an order is directed who shall wilfully refuse to obey the same shall, upon conviction, be deemed guilty of a misdemeanor.

§ 118. Almshouse construction and administration.—No almshouse shall be built or reconstructed, in whole or in part, except on plans and designs approved in writing by the state board of charities. It shall be the duty of such board to call the attention, in writing or otherwise, of the board of supervisors and the superintendent of the poor, or other proper officer, in any county, of any abuses, defects or evils, which, on inspection, it may find in the almshouse of such county, or in the administration thereof, and such county officer shall take proper action thereon, with a view to proper remedies, in accordance with the advice of such board.

§ 119. Duties of the attorney-general and district attorneys.—If, in the opinion of the state board of charities, or any three members thereof, any matter in regard to the management or affairs of any such almshouse, or any inmate or person in any way connected therewith, require legal investigation or action of any kind, notice thereof may be given by the board, or any three members thereof, to the attorney-general, who shall thereupon make inquiry and take such proceedings in the premises as he may deem necessary and proper. It shall be the duty of the attorney-general and of every district attorney when so required to furnish such legal assistance, counsel or advice as the board may require in the discharge of its duties under this chapter.

§ 120. State, nonresident and alien poor.—The state board of charities, and any of its members or officers, may, at any time, visit and inspect any almshouse to ascertain if any inmates are state charges, nonresidents, or alien poor; and it may cause to be removed to the state or country from which he came, any such nonresident or alien poor found in any such almshouse.

§ 121. Visit by the State Charities Aid Association.—Any justice of the supreme court, on written application of the state charities aid association, through its president or other officer

designated by its board of managers, may grant to such persons as may be named in such application, orders to enable such persons, or any of them, as visitors of such association, to visit, inspect and examine, in behalf of such association, any almshouse within the state. The person so appointed to visit, inspect and examine such almshouse and almshouses, shall reside in the county or counties from which such almshouse or almshouses receive their or some of their inmates, and such appointment shall be made by a justice of the supreme court of the judicial district in which such visitors reside. Each order shall specify the almshouse to be visited, inspected and examined, and the name of each person by whom such visitation, inspection and examination shall be made, and shall be in force for one year from the date on which it shall have been granted, unless sooner revoked.

All persons in charge of any such almshouse shall admit each person named in any such order into every part of such almshouse, and render to such person every possible facility to enable him to make in a thorough manner such visit, inspection and examination, which are hereby declared to be for a public purpose and to be made with a view to public benefit. Obedience to the orders herein authorized shall be enforced in the same manner as obedience is enforced to an order or mandate of a court of record.

Such association shall make an annual report to the state board of charities upon matters relating to the almshouse subject to its visitation. Such reports shall be made on or before the first day of November for each preceding fiscal year.

Section 130. Superintendents and overseers may redeem on sheriff's sale.—County superintendents and overseers of the poor may redeem real property, which may have been seized by them pursuant to sections nine hundred and twenty-one to nine hundred and twenty-six of the code of criminal procedure, the same as judgment-creditors under sections fourteen hundred and thirty to fourteen hundred and seventy-eight of the code of civil procedure. No such redemption shall be made, unless at the time of such redemption the seizure of the property sought to be redeemed, shall have been confirmed by the county court of the county where the premises may be situated, nor unless such property shall, at the time of making such redemption, be held by the superintendents or overseers, under and by virtue of such seizure.

§ 131. Redemption, how made.—To entitle such superintendents or overseers to acquire the title of the original purchaser, or to be substituted as purchaser from any other creditor, they shall present to and leave with such purchaser or creditor, or the officer who made the sale, the following evidence of their right:

1. A copy of the order of the county court, confirming the warrant and seizure of such property, duly verified by the clerk of the court:

2. An affidavit of one of the superintendents or overseers that such property is held by them under such warrant and seizure, and that the same have not been discharged, but are then in full force.

§ 132. Moneys, therefor, and how paid.—The superintendents or overseers of the poor may, for the purpose of making such redemption, use any moneys in their hands belonging to the poor funds of their respective towns or counties, which moneys shall be replaced, together with the interest thereon, out of the first moneys which may be received by them from the rent or sale of the premises so redeemed.

§ 133. When warrant of seizure may be discharged.—If such redemption shall be made, and the person against whom the warrant was issued and seizure made shall apply to have the warrant discharged, he shall, before such warrant and seizure are discharged, in addition to the security required to be given by section nine hundred and twenty-four of the code of criminal procedure, pay to such superintendents or overseers the sum paid by them to redeem such property, together with interest thereon, from the time of such redemption.

§ 134. Boards of supervisors may abolish or revive distinction between town and county poor.—The board of supervisors of any county may, at an annual meeting or at a special meeting called for that purpose, by resolution, abolish or revive the distinction between town and county poor of such county, by a vote of two-thirds of all the members elected to such board, and until such abolition or revival, such county, or the towns therein, shall continue to maintain and support their poor as at the time when this chapter shall take effect. The clerk of the board shall, within thirty days after such determination, serve, or cause to be served, a copy of the resolution upon the clerk of each town, village or city within such county, and upon each of the superintendents and overseers of the poor therein. Upon filing such determination to abolish the distinction between town and county poor, duly certified by the clerk of the board, in the office of the county clerk, the poor of the county shall thereafter be maintained, and the expense thereof defrayed, by the county; and all costs and charges attending the examinations, conveyance, support and necessary expenses of poor persons therein, shall be a charge upon the county. Such charges and expenses shall be reported by the superintendent of the poor, to the board of supervisors, and shall be assessed, levied and collected the same as other county charges.

In order to render the expense of maintaining all the poor of the county a county charge pursuant to the above section, the board of supervisors must not only determine to abolish the distinction between county and town poor, but must file such determination with the county clerk. Until such determination be filed, the duties of the officers arising out of such change in the poor system do not attach. The service of the resolution of the board of supervisors on the town clerks is not essential to effect a change of system; the provision respecting such service is only directory. *Supreme Court, January, 1846, Thompson v. Smith, 2 Den. 177.*

In order to abolish the distinction between town and county poor, in a particular county, a resolution to that effect must be passed by the board of supervisors, and the same must be filed in the county clerk's office. *Supreme Court, January, 1854, Baldwin v. McArthur, 17 Barb. 414.*

The town is charged with the support of the poor, when there is no action taken by the supervisors to abolish the distinction between town and county poor, and a city stands under the poor laws in place of the town. *Supreme Court, May, 1888, Nuns of St. Dominic v. Long Island City, 48 Hun. 306.*

The act of 1882, ch. 28, making the town of Oswegatchie a separate and distinct poor district, did not operate as a repeal of the privilege extended to the supervisors of St. Lawrence county by the act of 1846, ch. 245, to adopt the "Livingston County Act" chap. 334, of 1845. *Court of Appeals, November, 1886, People v. Supervisors of St. Lawrence, 103 N. Y. 541.*

§ 135. Overseers, when to pay money to county treasurer.— Within three months after notice shall have been served upon the overseers of the poor, that the distinction between town and county poor has been abolished, they shall pay over all moneys which shall remain in their hands as overseers for the use of their town, after discharging all demands against them, to the county treasurer, to be applied by him toward the future taxes of such town; and all moneys thereafter received by them, as such overseers, for the use of the poor of their town, shall be paid by them to the county treasurer within three months after receiving the same, and by him credited to the town whose overseer shall have paid the same. It shall be the duty of all officers or persons to pay to the county treasurer all moneys which shall be received for, or owing by them to the overseers of the poor of any such town, for the use of the poor thereof, pursuant to any law or obligation requiring the same to be paid to such overseers, and credited by such county treasurer to the town for whose use such moneys were received or owing. Any overseer or other person having received or owing such moneys, who shall neglect or refuse to pay the same within thirty days after demand

thereof, shall be liable to an action therefor, with interest at the rate of ten per cent thereon, by such county treasurer, in the name of his county.

In counties where the poor are a county and not a town charge, money paid for either the permanent or temporary support of a pauper is the money of the county, and not of the town. Hence the town can have no right to recover it back from a person alleged to have obtained it fraudulently. *Supreme Court, April, 1867, Robins v. Woolcott, 66 Barb. 63.*

§ 136. Invested town money.—When any town shall have any moneys raised for the support of the poor, invested in the name of the overseers of the poor of such town, such overseers shall continue to have the control thereof, and shall apply the interest arising therefrom to the support of the poor of their town, so long as such town shall be liable to support its own poor, but when relieved from such liability by a vote of the supervisors of the county, the money so raised and invested shall be applied to the payment of such taxes upon the town, as the inhabitants thereof shall at an annual town meeting, or a special town meeting called for that purpose determine.

§ 137. Report by supervisors.—The supervisor of every town in counties where all the poor are not a county charge, shall report to the clerk of the board of supervisors, within fifteen days after the accounts of the overseers of the poor have been settled by the town board at its first annual meeting in each year, an abstract of all such accounts, which shall exhibit the number of poor persons that have been relieved or supported in such town the preceding year, specifying the number of county poor, and town poor, the whole expense of such support, the allowance made to overseers, justices, constables or other officers, which shall not comprise any part of the actual expenses of maintaining the poor.

§ 138. Register of sex and age.—In addition to the general register of the inmates of the various almshouses, there shall be kept a record of the sex, age, birthplace, birth of parents, education, habits, occupation, condition of ancestors and family relations, and cause of dependence of each person at the time of admission, with such other facts and particulars in relation thereto as may be required by the state board of charities, upon forms prescribed and furnished by such board. Superintendents and overseers of

the poor, and other officers charged with the relief and support of poor persons, shall furnish to the keepers or other officers in charge of such almshouses, as full information as practicable in relation to each person sent or brought by them to such almshouse, and such keepers or other officers, shall record the information ascertained at the time of the admission of such person, on the forms so furnished. All such records shall be preserved in such almshouses, and the keepers and other officers in charge thereof shall make copies of the same on the first day of each month, and immediately forward such copies to the state board of charities.

§ 139. Care of poor persons not to be put up at auction.—No officer or persons whose duty it may be to provide for the maintenance, care or support of poor persons at public expense, shall put up at auction or sale, the keeping, care or maintenance of any such poor person to the lowest bidder, and every contract which may be entered into in violation of this provision shall be void.

§ 140. Reports of certain other officers.—The provisions of this chapter, relating to reports by superintendents of the poor, to the state board of charities, and the penalties applicable thereto, are hereby extended to, and made applicable to the commissioners of public charities for the city and county of New York, the superintendent of the almshouse of the county of Albany, the keeper of the almshouse of the county of Putnam, the commissioners of the almshouse elected in the cities of Newburgh and Poughkeepsie, and all poor officials elected or appointed in other cities of this state, under general or special acts of the legislature.

§ 141. Almshouse commissioners to report.—The commissioners of the almshouse of the cities of Newburgh and Poughkeepsie, and the poor officers of other cities chosen under special acts of the legislature, shall annually, on the first day of December, report to the superintendent of the poor of their respective counties such statistics as, from time to time, may be required to be reported in the other cities and towns under the provisions of this chapter.

§ 141-a. Reports with relation to children placed in family homes.—The superintendents of the poor of counties, the overseers of the poor of cities and towns and all other public officers

by whatsoever name or title known who are authorized by law to place out dependent children in family homes by adoption, indenture or otherwise, are hereby required to report to the state board of charities on blanks provided by such board, the particulars with relation to each child so placed out. Such report shall state the name, age and sex of the child so placed out, together with the father's full name and residence, the mother's full name and residence, and the religious faith of the parents. The report shall also state the full names and residence of the heads of the family with whom such child is placed, their relationship to the child, if any, the religious faith of the heads of such family, and their occupation or occupations, together with such further information as the state board of charities may require on the blanks provided. Such reports for the preceding month shall be filed with the state board of charities on or before the tenth day of each month. (*Added by chapter 273 of the Laws of 1905.*)

§ 142. Report of state board of charities.—The state board of charities shall include in its annual report to the legislature the results of the information obtained from the reports to be made to it as herein provided. It shall also, from time to time, furnish to the officials so required to report it, necessary forms, blanks and instructions required in making up such reports.

§ 143. The supervisor of a town may as such official accept a deed or conveyance of real property or mortgage thereon in behalf of the town, and sell and convey such real property or mortgage the same after the expiration of one year from the date of such conveyance or mortgage for the care and maintenance of a poor person. No such deed or conveyance shall be accepted by him, unless by the written consent of the town board given at any regular meeting thereof. Such consent shall be filed in the office of the town clerk. The person or persons giving such deed or mortgage may within one year from the date of such conveyance or mortgage secure a conveyance or cancellation of said deed or mortgage upon payment to said supervisor of the expense incurred by such town for taxes and necessary repairs on said property and also in maintaining such person or persons. (*Added by chapter 117 of the Laws of 1902.*)

A bequest to a town in trust in perpetuity for the benefit of the poor of the town generally, not confined to those for whose support the town is under statutory liability, is invalid for want of an ascertained beneficiary.

SPECIAL STATUTES RELATING TO THE CARE OF THE POOR IN CERTAIN COUNTIES OF NEW YORK STATE.

ALBANY COUNTY.

AN ACT to provide for the care, transportation and commitment, and the payment therefor, of lunatics, idiots, ~~persons~~ of unsound mind, deaf-mutes, orphans and ~~paupers~~, the expense of whose maintenance and transportation is a charge upon the county of Albany, and to define the duties of the superintendent of the almshouse in the city of Albany.

Chapter 354, Laws of 1884.

Section 1. It shall be the duty of the ~~overseers~~ of the poor of the several towns in the county of Albany, of the village of West

Troy, and of the city of Cohoes and of the city of Albany, whenever any lunatic, idiot, person of unsound mind, deaf-mute, or pauper within the jurisdiction of such officers respectively shall be or become by law chargeable to the county of Albany and shall be lawfully committed to the almshouse or any asylum or other place provided for the safe keeping of such persons, to transport such persons (subject, in case of their sickness, lameness or other disability, to the provisions of section forty-two of title one of chapter twenty of part one of the Revised Statutes of this state) to the city of Albany, and deliver him or her to the superintendent of the almshouse in the said city, as hereinafter provided for. Whenever notified by any such overseer that any such person has or is about to arrive by any public conveyance at any place in the city of Albany, and whenever notified by the overseer of the poor of the city of Albany that any such person is within the said city it shall be the duty of the said superintendent to send for and cause such person to be transported to the almshouse in said city, or to the asylum or other place where he is lawfully committed, in a proper conveyance to be kept at such almshouse for that purpose.

§ 2. Whenever any child shall be or become in danger of becoming a charge upon the county of Albany, it shall be the duty of the overseer of the poor having jurisdiction in the place of the residence for the time being of such child, to take such child before some magistrate, who shall examine such child and shall cause to appear before him and shall examine such other persons under oath as shall be acquainted with the parentage, condition and circumstances of such child, and shall ascertain among other things the full name, and the residence by town, village or city, and by road, street or street number if possible, of such child, his or her age, nationality, color and sex, the name of its father, his occupation or employment, and whether he be living or not, and if dead, the date of his death; the name of its mother and whether living or not and if dead the date of her death, the last residence and nationality of said father and mother, and the length of their residences in this county, and the present residence of such child and the person with whom he or she resides, and whether any person is properly chargeable with the expense of its support, and the reasons, if any, why such child is and

should be a charge upon the county of Albany, and shall reduce such examination to writing, and cause the same to be subscribed by the person examined. It shall be the duty of such overseer in case any person be properly chargeable with the support of such child, and able to support it, to take proceedings to compel such person to provide therefor. In case no such person be so chargeable with the support of such child, the said magistrate shall deliver such examination so had before him and reduce to writing as aforesaid to the said overseer of the poor, who shall transmit the same to the superintendent of the almshouse. If such superintendent shall find that the expense of the support of such child is a proper charge against the county of Albany, he shall transmit to said overseer (except to the overseer of the poor of the city of Albany), a commitment in writing, committing such child to the almshouse or to some incorporated institution specially authorized by law to receive orphan poor, or in any case may temporarily receive such such* child at the almshouse until a proper disposition can be made of it. The institution so to be selected shall, except under special and peculiar circumstances to be stated in the commitment, be one located in the county of Albany, and whenever practicable shall be one governed or controlled by persons of the same religious faith as the parents of the child who may be committed thereto. If the child be over two years of age it shall not in any case be committed to the almshouse, nor shall any children committed to any asylum or other institution be transferred to any other asylum or institution without a written commitment to such other asylum or institution made by the superintendent of the almshouse. It shall be the duty of such overseer forthwith to transport such child to the almshouse or to such institution, and in the latter case to take from the proper authorities thereof a receipt in writing, stating the full name, sex and age, and date of receipt of such child. On presentation of such child at the almshouse or transmission of such receipt from such institution to the superintendent of the almshouse, he shall give or transmit to such overseer a receipt similar to the receipt mentioned in section three of this act, under which the said overseer shall be paid by

*So in original.

the county treasurer of Albany county as hereinafter provided. All orders made by the superintendent of the almshouse for the commitment of orphan, destitute and dependent children to an orphan asylum, under the provisions of this act, shall lapse and become void on the first day of October next after the date on which they were issued, but the said superintendent may, within ten days next preceding the first day of October in any year, if on inquiry and investigation by him good and sufficient reasons therefor be found to exist, grant a new order of commitment authorizing the further detention and support of any such child in any orphan asylum for the period of one year from the expiration of his previous order.

§ 3. It shall be the duty of the said superintendent to give to the overseer of the poor for each person so received by him under section one of this act, and for each orphan committed under the provisions of section two of this act, a receipt stating the name of the said overseer, the name and last place of residence of the person received from such overseer or delivered by him at any asylum or other place, and the date of such receipt or delivery, and the number of miles properly traveled by any public conveyance, and the number of miles properly traveled by private conveyance by such overseer in bringing such person to the city of Albany, or to the asylum to which he or she is committed, and the amount to which such overseer is entitled therefor at the rate of compensation therefor hereinafter stated. The said superintendent shall also in all cases make an entry of the aforesaid and of such other facts connected with the case as shall enable him to make the reports to the county treasurer and supervisors hereinafter mentioned, in a book or books of record to be kept by him for that purpose and which shall be and constitute public records.

§ 4. It shall be the duty of the county treasurer of the county of Albany to pay out of the county moneys in his hands, to the overseer of the poor, who shall present and file with him the aforesaid receipt of the superintendent of the almshouse, endorsed with a proper receipt subscribed by such overseer for the amount to be thus paid, and dated at the date of such payment the following sums and no other or different sums, to wit: For each mile traveled upon any public conveyance, the actual disburse-

ments incurred in coming and returning, and for each mile necessarily traveled by any other mode of conveyance (other than the almshouse conveyance), where no mode of public conveyance exists, but not in any other case, the sum of fifty cents for each such mile, counting one way only, for the first ten miles, and for each mile in excess of such first ten miles, the sum of twenty-five cents per mile, counting one way only; and in addition, such overseer shall be paid for his services such per diem or other compensation by his town or city as he now may be by law entitled therefor. The overseer of the poor of the city of Albany shall not receive any compensation for any such services under this act. And any person mentioned in sections one and two of this act, who shall be or reside in the city of Albany, shall be transported and conveyed in accordance with the provisions of this act by the superintendent of the almshouse, and not by the overseer of the poor in said city.

The said county treasurer shall report to the board of supervisors of Albany county, at the opening of its annual session in each year, a statement in tabular form showing the facts stated in the receipts given by the said superintendent, and the dates of payment, and the payments thereunder up to November first, prior to such report.

§ 5. The superintendent of the almshouse to whom any such person mentioned in the first section of this act shall be so delivered, shall receive such person at the almshouse, and there safely keep him or her; and in a proper case where such commitment is authorized by law, may commit such person to any incorporated asylum authorized by law to receive such person, and shall cause such person to be taken to such asylum or other place, provided, however, and the said superintendent is hereby authorized and directed to exercise such reasonable discretion as to the time of transportation of such persons as shall enable him to collect together such reasonable number of such persons for transportation together, as shall lessen as much as possible the expense thereof. He shall also attend to the removal of lunatics, idiots, persons of unsound mind, and deaf-mutes from one asylum to another when such removal shall be authorized or required by law to be made. Hereafter no person being in indigent circumstances or a pauper shall be

admitted to any hospital, asylum, institution, home or retreat in which the board, instruction, care, treatment or clothing of such person is a charge upon the county of Albany, except upon the written order or certificate of the superintendent of the almshouse, anything contained in any law of this state to the contrary notwithstanding.

§ 6. § 3. It shall be the duty of the said acting superintendent to grant the necessary temporary relief to poor persons residing in the city of Troy, whose relief would be by law a county expense, in the same manner as town overseers of the poor are now required to grant relief to poor persons residing in their respective towns, and under the same restrictions of law, so far as the same shall be applicable, as said town overseers now are, excepting the compensation for such services, which shall be fixed by the board of supervisors of the county; and also excepting that said acting superintendent shall not be required to apply to any officer for authority. charge on the public, it shall be the duty of the said overseer diligently to investigate and inquire as to the antecedents of such person, whether he or she has any relatives legally bound to support such person, what his or her last place of residence was, and from what place he or she came into Albany county, and for what time he or she has resided or been in Albany county. All of which facts, together with a statement of the relief granted or of the disposition made of the case, shall be entered fully in a book to be kept by the said overseer of the poor, in which shall be also entered the name, nationality, color and age of such person. If it shall appear that such person has relatives legally bound to care for and support him or her, the overseer of the poor shall take proceedings to compel them to support such person. If from such investigation and inquiry it shall appear that such person has no legal settlement in Albany county, it shall be the duty of the overseer of the poor, as soon as the condition of the applicant will permit, to take such proceedings as are authorized by law to relieve Albany county from his or her care and support. (*As amended by chapter 302 of the Laws of 1885.*)

§ 4. The said overseer shall have power, within the limit of

He shall also separately state the amount represented by orders issued more than three months prior to such report which are outstanding at the date thereof, and the amount represented by outstanding orders issued within the three months preceding the date of such report. No orders shall be issued on any store or place in which liquors are sold by the glass; and no orders shall be issued in excess of the amount for which the overseer's requisitions have been allowed, after deducting from such amount all other expenses, disbursements and liabilities contracted to be paid therefrom. The overseer shall retain in his hands sufficient money to pay such orders until the end and expiration of three months after the date of their issue, and thereafter he shall, at the time of presenting his monthly reports to the common council, repay the amount, representing orders not redeemed within three months after their date, to the cham-

berlain, who shall credit the same to the appropriation for the poor. Said orders shall be dated when given, and shall have clearly printed across their face the following words: "This order becomes void if not presented for payment within three months after the date of its issue," and unless presented for payment to the overseer of the poor within such three months it shall be void and shall not be paid. It shall be a misdemeanor for the overseer of the poor to incur any expense, pay any money, or issue any orders in excess of the amount allowed to him under the aforesaid requisitions. § 3. All moneys which shall be collected and received by the commissioners of excise in the city of Newburgh, in the county of Orange, or by any other officers of said city or town arising from licenses granted in said city and town under the laws of this State regulating the sale of intoxicating liquors, or for penalties incurred for violations of such laws committed in said city or town, shall be paid over by the officers receiving the same within twenty days after they shall receive the same to the commissioners of the almshouse of the city and town of Newburgh, for the support of the poor of said city and town.

§ 4. § 5. All acts or parts of acts relating to the support of the poor in the city and town of Newburgh, in the county of Orange, and to the sale of intoxicating liquors, so far as the latter are applicable to said city and town, inconsistent with the provisions of this act, are hereby repealed.

§ 5. The said commissioners shall annually, on the first day of November in each year, cause to be prepared a report, in duplicate, containing an exact and accurate account of all moneys received by them, and the sources from whence such moneys were received, during the preceding year; an exact and accurate account of all their expenditures, and of all debts incurred by them, which are unpaid for the same period of time; and the objects for which such debts were incurred, and to which such expenditures were applied, and to the persons to whom they were paid, for the same period of time; also the number of persons admitted and discharged from the almshouse; the number of those provided with outdoor relief; the expenses incurred for keeping and supplying such almshouse, and the expenses incurred for such outdoor relief during the year; which said report shall be signed by the said commissioners and superintendent and one filed in the office of the town clerk of such town, and the other filed in the office of the clerk of the city of Newburgh. (*As amended by chapter 623 of the Laws of 1904.*)

§ 6. The said commissioners shall also on the first day of November in each year, make a written estimate to be signed by them, of the amount of money which will be required for the support of the poor of said city and town for the next following year; and shall deliver such estimate to any supervisor of any of the wards of the city of Newburgh, or to the supervisor of the town of Newburgh, and the supervisor receiving such estimate shall lay the same before the board of supervisors of the county of Orange at the next annual meeting, who shall apportion the amount between the city of Newburgh and the town of Newburgh, in proportion to the amount of taxable property in each respectively, and shall cause the sum so apportioned to the city of Newburgh to be levied and collected on said city, and the sum so apportioned to the town of Newburgh to be levied and collected on said town, in the same manner as the other taxes are levied and collected; and said board of supervisors shall also, by their warrant, direct and require the collectors of said city of Newburgh and town of Newburgh respectively to pay the said moneys, when collected, to the said commissioners, who shall apply the same to the relief and support of the poor in the manner herein directed. In case either the said city or town of Newburgh shall at any time

vote for local option under the provisions of the liquor tax law, and no funds shall in consequence thereof be derived by the said commissioners of almshouse from either said city or town of Newburgh from excise licenses, then and in that case the expense of the maintenance, repair and improvement of the almshouse premises and the relief and support of the poor of said city or town shall be ascertained according to the relief furnished to said city or town and the number of persons supported by said commissioners therefrom during the period that no funds shall be derived from excise licenses in said city or town, and a statement thereof shall be delivered to any supervisor of the town or any supervisor of any of the wards of the city of Newburgh, and the supervisors receiving such statement shall lay the same before the board of supervisors of the county of Orange at the next annual meeting thereof, who shall cause the sum mentioned in said statement to be apportioned to the city of Newburgh or the town of Newburgh, in which no funds are derived from excise licenses and to be levied and collected in said city or town in the same manner as other taxes are levied and collected; and said board of supervisors shall also by their warrant direct and require the collectors of said city of Newburgh and town of Newburgh, as the case may be, to pay the said moneys when collected, to the said commissioners, who shall apply the same to the relief and support of the poor in the manner herein directed. *(As amended by chapter 623 of the Laws of 1904.)*

§ 7. The town of Newburgh shall be entitled to receive from the board of supervisors of the county of Orange, in money, its fair and just proportion of the estimated value of the county poorhouse, farm and buildings, with the appurtenances and the personal property thereon being, belonging to said county; which proportion shall be in the same ratio to the ascertained value of the said poorhouse and farm, with the appurtenances and personal property, as the amount of state and county taxes charged upon the town of Newburgh bears to the aggregate amount of state and county taxes charged upon the county of Orange, according to the assessment rolls of the several towns therein, for the year eighteen hundred and fifty-two; for the purpose of ascertaining the value of the said county poorhouse, farm and personal property, the said board of supervisors shall, on the

second day of their next annual meeting, by resolution, appoint one competent and disinterested person as an appraiser; and the said commissioners shall also appoint, by like resolution, one other competent and disinterested person as an appraiser, who shall proceed with all convenient speed to examine the said property, and to estimate and appraise all value of the said real and personal property; which said estimate and appraisal shall be in the form of a report in writing, and shall specify the several pieces and items of property, with the values thereof, and shall be signed by the said appraisers and filed with the clerk of the said board of supervisors; and the aggregate amount of such values shall be deemed and taken to be the true value of such real and personal property. If the said appraisers shall disagree, and become unable by reason thereof to make such report, they shall certify such disagreement in writing, under their hands, to one of the justices of the supreme court, who shall thereupon, by an order to be entered for that purpose, appoint one other competent and disinterested person as an additional appraiser, to estimate and appraise the value of such property; and the said three appraisers shall then proceed to re-examine the said property, and to make an appraisement of the value thereof; and the written report of the said appraisers, or any two of them, made, signed, and filed as hereinbefore mentioned, shall be final and conclusive as to the value of such real and personal property. The reasonable fees and expenses of the said appraisers, for making such estimate and appraisal, shall be paid by the board of supervisors, as a part of the county expenses. The said board of supervisors shall cause the first proportion of the town of Newburgh, in the said real and personal property, when estimated and ascertained as aforesaid, to be assessed upon and collected from the other towns of the said county of Orange, excluding the town of Newburgh; and shall cause the same, when so collected, to be paid over to the said commissioners of the almshouse. The appraisers mentioned in this section shall also estimate the number of paupers contained in the Orange county poorhouse at the time of such appraisal, and shall set apart as belonging to the town of Newburgh such number of said paupers as shall be equitable, assuming as the basis for such division the proportion which the money apportioned to the town

of Newburgh shall bear to the whole amount of county-house property, and such proportion of the principal aforesaid shall be taken to Newburgh, and maintained at the cost of Newburgh.

§ 8. The said commissioners shall apply such moneys to the purchase of the lands for an almshouse, and to defray the expense of erecting buildings thereon, or to the payment and satisfaction of any debt contracted by them for such lands, almshouse and buildings; all other moneys required by them for procuring and paying for such lands, almshouse and buildings, and for furnishing the same with farming stock and utensils and furniture, not exceeding in all the said sum of twelve thousand dollars, shall be assessed upon and collected from the town of Newburgh, and paid over to the said commissioners in the manner as provided in section six of this act. (*As amended by chapter 495 of the Laws of 1853.*)

§ 9. The commissioners of emigration of this state shall, from time to time, pay to the said commissioners of the almshouse of the town of Newburgh all moneys expended by them for the support of foreign paupers in the said town out of the commutation moneys in the hands of such commissioners of emigration, according to the provisions of the act "concerning passengers in vessels coming to the city of New York," passed May fifth, eighteen hundred and forty-seven, and the several acts amending the same.

§ 10. The said commissioners of the almshouse shall receive no compensation, for their services, whatever for any services to be rendered by them under the provisions of this act; but all reasonable and proper expenses, incurred by them in executing their trusts as such commissioners, shall be paid out of any moneys raised for the support of the poor as herein mentioned.

§ 11. Whenever it shall become necessary to take proof of any fact or facts, by affidavits or otherwise, to entitle the said commissioners of the almshouse to receive moneys from the commissioners of emigration, or any other fact, the proof of which may be necessary to enable the said commissioners of the almshouse to carry into effect the provisions of this act, such oath may be administered by, and such affidavit taken before, any one of the said commissioners, or of the said superintendent of the poor, who are hereby authorized to administer oaths.

§ 12. It shall not be lawful for the said commissioners of the almshouse, or either of them, or the said superintendent of the poor, to be concerned or interested, directly or indirectly, in the sale of any goods, merchandise or other personal property found, furnished or provided for the use of the poor of the said town of Newburgh; nor shall such commissioners and superintendents, or either of them, take or receive any profit, reward or emolument, for or on account of any goods, merchandise or personal property found, furnished or provided, by any person or persons other than such commissioners, for the use of the poor of said town; every violation of the provisions of this section shall be deemed a misdemeanor, punishable by fine and imprisonment.

§ 13. No person shall be disqualified from acting as judge, justice, witness or juror, by reason of his being a resident, inhabitant or freeholder in said town of Newburgh, in any action or proceeding in which the said commissioners of the almshouse are a party. The inhabitants of the town of Newburgh shall not, after the passage of this act, be entitled to vote for superintendents of the poor of Orange county, at any election for such officer.

§ 14. All the provisions of the Revised Statutes, in relation to the settlement of the poor, and their removal from one county to another, shall be understood to apply to the two divisions into which the county of Orange is divided by this act.

§ 669. Record of inmates of institutions.—It shall be the duty of the commissioner of public charities to keep and preserve a proper record of all persons who shall come under his care or custody and of the disposition made of such persons, with full particulars as to the name, age, sex, color and nativity of each, and in case of minors the names and residence of parents and their religious faith so far as ascertained, and the religious faith, and residence of the persons or families with whom or of the persons in charge of the institution in which they are placed, together with copies of any instrument of indenture or agreement executed by such commissioner. And it shall also be the duty of the commissioner to keep and preserve such records of all persons who are inmates of private institutions, who are accepted by him as proper charges upon the city. (*As amended by chapter 466 of the Laws of 1901.*)

§ 676. (*As amended by chapter 466 of the Laws of 1901.*)

§ 678. Care of nonresidents in city hospitals.—The commissioner of public charities is hereby authorized in his discretion to permit the reception and treatment in hospitals under his jurisdiction of persons who do not reside in the city of New York, provided that every person so receiving treatment shall be required to pay such sum for board and attendance as may be fixed by such commissioner, and provided that no such persons shall be received to the exclusion of patients who reside in said city. Such commissioner shall collect and pay over all such moneys to the chamberlain once every month, and the amount so collected shall be paid into the general fund. When awarded to the respondent the payment of costs may be enforced as in a civil action, and in an action brought therefor against the sureties upon the undertaking given on the allowance of the appeal, the production of a certified copy of the order of affirmance shall be conclusive evidence. If a new trial is ordered it must be had in the court where the appeal was heard, before a judge without a jury.

An appeal to the court of general sessions may be taken in an abandonment proceeding, by the commissioner of public charities in whose name the proceeding is brought, from a decision or judgment of a city magistrate under this chapter, within the county of New York; or to the county court in any other county which is wholly or partly within the city of New York, as constituted by this act.

For the purpose of appealing the commissioner must within sixty days after such decision or judgment make an affidavit showing the alleged errors in the proceeding in which the decision or judgment was rendered, and must within that time present it to the county judge of the county where the proceeding was brought or to a justice of the supreme court in that department, or in the county of New York to the recorder or a judge authorized to hold a court of general sessions, and apply thereon for an allowance of the appeal.

If, in the opinion of the justice, judge or recorder to whom the affidavit is submitted, it is proper that the questions set forth in the affidavit should be decided by the appellate court, he must endorse upon the affidavit an allowance of an appeal to that court. And the commissioner must within five days thereafter serve a copy of such affidavit upon which the appeal was granted, together with a notice that the same has been allowed, upon the defendant in the abandonment proceeding or upon the attorney or counsel who last appeared for the defendant therein.

Sections seven hundred and fifty-five, seven hundred and fifty-six, seven hundred and fifty-seven and seven hundred and fifty-

dren and eighty-five and six hundred and eighty-six of chapter four hundred and sixty-six of the laws of nineteen hundred and one. (*As amended by chapter 362 of the Laws of 1904.*)

§ 684. Conduct of bastardy proceedings.—All bastardy proceedings shall be conducted by and in the name of the commissioner, and the amount collected shall be paid to the commissioner, to be by him applied to the support of the child or of the child and its mother, and shall be accounted for by him in a manner approved by the comptroller. The commissioner shall have authority to compromise bastardy and abandonment cases. (*As amended by chapter 466 of the Laws of 1901.*)

§ 685. Maintenance of abandoned wives and children.—Every person in the city of New York, as constituted by this act, who actually abandons his wife or children without adequate support, or leaves them in danger of becoming a burden upon the public, or who neglects to provide for them according to his means, or who threatens to run away and leave his wife and children a burden upon the public, may be arrested upon a complaint made under oath to a city magistrate and a warrant thereon issued, and brought before such magistrate, as provided by section nine hundred of the code of criminal procedure. And if thereupon it shall appear by the confession of the defendant or by competent testimony that he is guilty of the charge, the said magistrate shall make an order specifying a reasonable sum of money to be paid weekly for the space of one year thereafter by such defendant to the commissioner of public charities for the support of the wife or children. But nothing in this chapter contained shall apply to or affect an order for the payment of money for the support of a child in an institution pursuant to the provisions of section two hundred and eighty-eight of the penal code or of section nine hundred and twenty-one of the code of criminal procedure. (*As amended by chapter 466 of the Laws of 1901.*)

§ 686. Commitments in abandonment proceedings; surety.—Any person convicted of any of the offenses hereinbefore recited shall, upon being served with such order, enter into a bond to the people of the state in such sum as such city magistrate shall direct, with good and sufficient surety to be approved by the said city magistrate, that such person will pay weekly for the space of one year such sum for the support of the wife or children or

either or any of them, as has been ordered as aforesaid, to the commissioner of public charities. In default of such surety being found, the city magistrate shall make up, sign and file in the office of the clerk of the county in which such conviction is had, a record of the conviction of such offender as a disorderly person, specifying generally the nature and circumstances of the offense and the names of the witnesses by whom it has been established, and shall by warrant commit such offender to the workhouse on Blackwell's Island, or to the penitentiary or jail in the borough where the conviction is had, there to remain until such surety be found or such offender be discharged according to law, or he shall sentence such offender to imprisonment in the penitentiary, for a term not exceeding six months or until such offender gives the security as hereinbefore provided or is discharged according to law. Upon the trial or hearing of all complaints for any or either of the offenses hereinbefore referred to, the wife shall be a competent witness therein against her husband, as to all matters embraced in said complaint. (*As amended by chapter 466 of the Laws of 1901.*)

§ 687. Actions on bonds in abandonment proceedings.—Any suit, action or proceeding brought or instituted upon any bond or recognizance given in pursuance of the preceding section shall be brought and prosecuted by and in the name of the commissioner of public charities, and all moneys recovered in any suit, action or proceeding shall be paid to the commissioner to be by him applied and expended for the support of the wife and children, or either or any of them, of the person against whom the order mentioned and provided for in section six hundred and eighty-five of this act shall have been made. If the person charged with the offenses hereinbefore recited or either of them is admitted to bail, the undertaking of his bail shall be for the future appearance of the defendant according to the terms of the undertaking, or that the bail will pay to the commissioner a specified sum in the event of such failure to appear, or if such person deposits a sum of money as directed by law instead of giving an undertaking of bail for his future appearance, and if such person shall thereafter fail to appear in accordance with the terms of said undertaking or the terms upon which the money was deposited, then the said magistrate shall enter the fact of said person's

Gouverneur hospitals and the Emergency hospital in East Twenty-sixth street in the city of New York, shall cease, and the care, management and control of such hospitals shall be vested in a board of trustees, which shall on said date succeed to all rights, duties and powers heretofore vested in said department of public charities so far as concerns said hospitals. Said board of trustees shall consist of seven residents of the city of New York, together with the commissioner of public charities, *ex officio*. It shall be known as the "Board of Trustees of Bellevue and Allied Hospitals." Notice in writing of the dates on which appointments, including the first, to said board of trustees are proposed to be made shall be given by the mayor to each of said presidents or other executive heads at least ten days prior thereto, and such list of names shall be so presented within three days

after the receipt of such notice. Said presidents or other executive heads may each submit, or two or more of them may jointly present, such a list of names. Appointments to said board of trustees may in the discretion of the mayor be made from such list or lists.

3. No trustee shall be subject to removal under the provisions of section ninety-five of this act, but any trustee may be removed by the mayor upon proof either of official misconduct or neglect of duty or of conduct which tends to discredit his office or for mental or physical inability to perform his duties, but before such removal he shall receive due and timely notice in writing of the charges and a copy thereof, and shall be entitled to a hearing on like notice before the mayor and to the assistance of counsel on said hearing. It shall further apportion to each of said hospitals, the employees and subordinates of every grade in its service of the department of public charities who shall be in service in and about the said hospitals exclusively on said date. To enable said commissioners to prepare such plan, they shall have access to all of the books and papers which are the property of the city of New York in the

person, and it shall thereupon be the duty of such commissioner forthwith to receive and remove the same for burial or other proper disposition. The cost and expense of such reception, removal, burial or other proper disposition shall be borne and paid by the department of public charities. (*As amended by chapter 466 of the Laws of 1901.*)

AN ACT for the support of the poor in the town of Oswegatchie, in the county of St. Lawrence.

Section 1. The town of Oswegatchie shall not hereafter be subject to taxation for the support or maintenance of the town poor of or in the other towns of the county of St. Lawrence, nor shall the other towns of the county of St. Lawrence be taxed or required to contribute to the support of the town poor of or in the town of Oswegatchie, but such town of Oswegatchie, for all the purposes of supporting it, or poor within its limits and carrying into effect the laws of the state for support and relief of such indigent persons, shall be separate and in distinct district.

§ 2. The office of overseer of the poor in the town of Oswegatchie is hereby abolished. There shall be a corporation in the said town by the name of "the superintendents of the poor of the town of Oswegatchie," which shall possess the usual powers of a corporation for public purposes. Frank Chapman, Daniel Wheeler, Samuel H. Palmer, Nathan Frank, Robert J. Donahue, and William Mayne, are hereby appointed such superintendents for the purpose of carrying into effect the provisions of this act. They shall be divided into three classes, and hold their offices for the periods following, that is to say: Frank Chapman and Daniel Wheeler, shall constitute the first class, and hold their offices until the first Tuesday of March, nineteen hundred and seven; Samuel H. Palmer and Nathan Frank shall constitute the second class, and hold their offices until the first Tuesday of March, nineteen hundred and nine; and Robert J. Donahue and William Mayne shall constitute the third class, and hold their offices until

the first Tuesday of March, nineteen hundred and eleven; and upon the expiration of their several terms of office, their places shall be filled by persons duly elected at the biennial town meetings held in the town of Oswegatchie for the year in which such terms of office shall expire, which elections shall be conducted in the following manner, that is to say: Each elector may place upon a separate ballot the name of one suitable person, who shall be a citizen of the United States, of full age and a resident of said town of Oswegatchie, under the words, "for superintendent of the poor," and deposit the same in a separate box to be provided for that purpose by the officers who shall preside at such town meetings; and a separate poll list shall be kept of the persons voting for such superintendents, and the two persons having the greatest number of votes, at such elections, shall be declared and deemed duly elected. And at every biennial town meeting thereafter there shall be elected, in the same manner, two persons as superintendents. The persons elected shall hold their office for the term of six years, and until others are duly elected in their places. (*As amended by chapter 170 of the Laws of 1905.*)

§ 3. The said superintendents of the poor may sue and be sued in their corporate name in any of the courts of this state. They shall have the sole and exclusive care and management of the poor in the said town, and shall provide for and maintain the persons enumerated in the fourteenth section of the act concerning "the relief and support of indigent persons," in the manner hereinafter mentioned, and for that purpose they shall have and exercise all the powers and authority now vested by law in the overseers of the poor of towns, and in superintendents of the poor of counties, not inconsistent with the provisions of this act. They shall also have and possess the powers following:

1. To appoint, by a resolution to be entered upon their minutes, an officer, to be denominated "the overseer of the poor of the town of Oswegatchie," together with such other agents as may be necessary in order to carry into effect the purposes of this act, which said overseer and other agents shall hold their offices during the pleasure of the said superintendents, and receive such fixed annual salary as a compensation for their services as the said superintendents may direct. The said superintendents

shall require their agent who may act as treasurer to give satisfactory bonds for the faithful discharge of duty as such treasurer.

2. To visit the poor of the said town at their several places of residence, and direct the overseer of the poor so to do, and inquire and examine into their circumstances, the number and ages of the members of their families, the places of their former residence, their employments, for what length of time and to what extent they have been dependent on the public for support, their ability to labor, and the causes of their poverty; and the superintendents may direct either permanent or temporary relief to such poor persons, under such rules and regulations as they may from time to time adopt.

3. To contract for, purchase and provide provisions, fuel, clothing, and other necessities for the support of or distribution among the poor, as in their judgment they may deem necessary.

4. The said superintendents shall have power to receive from the supervisor of the town of Oswegatchie the excise money received in said town outside of the limits of the city of Ogdensburg, with all fines, forfeitures and penalties which may accrue to them as such superintendents, and all fines, which are now by law directed to be paid to the supervisors of the town for the support of the poor, which said several sums of money shall be applied to the support and relief of the poor in said town, according to the provisions of this act, except that all said excise moneys, fines, penalties, forfeitures and other moneys received in or for said town outside of the limits of the city of Ogdensburg shall be applied to them exclusively to the support and relief of the poor of the town outside of said city limits, and all other moneys received by them shall be applied exclusively to the support and relief of the poor of the town within said city limits. (*As amended by chapter 458 of the Laws of 1889.*)

5. The said superintendents shall also have power, and it shall be their duty, to sue in their corporate name for all violation of the excise laws committed in said town, in any court having jurisdiction of such suits. All other suits and proceedings which may now by law be prosecuted and maintained, in the name of the overseers of the poor of the town of Oswegatchie, to enforce civil remedies, shall and may hereafter be prosecuted and maintained, and such remedies may be enforced, in the name of the superintendents of the poor of the town of Oswegatchie, not in

conflict with the charter of the city of Ogdensburg, but shall be additional thereto.

6. Such superintendents may also appoint one of their body president, who shall hold the office during their pleasure, and they may also fill all vacancies which may occur among their number by death, resignation or otherwise, by appointing some suitable person or persons to fill such vacancy or vacancies, who shall hold their office for the unexpired terms of the persons whose places had thus become vacant. They shall keep written records of their proceedings, and may establish rules and regulations for their own government, the government of their overseers, agents, and servants, in the examination of paupers and others applying for or entitled to relief, and in the distribution of food, fuel, clothing and other necessities among the poor of the town.

7. They shall have power from time to time to borrow all such sums of money as they may deem necessary to carry out the powers vested in them by this act, not to exceed twelve thousand dollars in any one year, and to give obligations in their corporate name, to be signed by their president and secretary, for the payment of such sum of money, and of any debts incurred by them as such superintendents, and the town of Oswegatchie shall be liable for the payment of such obligations.

8. They shall have the powers superintendents of the poor now have in relation to lunatics within said town, and to provide for their safe-keeping in a proper place in such town, or to send them to a lunatic asylum.

9. They shall have the same powers as overseers of the poor and county superintendents of the poor now have in relation to bastards within said town. And all proceedings to be had in such cases shall be in their corporate name. And all bonds required according to the provisions of the statutes relating to bastards shall be given to them in their corporate name; but nothing in this act contained shall be construed to release or discharge the superintendents of the poor of St. Lawrence county from their liability to any person or persons residing in the town of Oswegatchie, supporting any bastard child already chargeable to said county of St. Lawrence, in cases in which

they have heretofore compromised with the putative father for such support.

§ 4. The said overseer of the poor shall keep an office, to be provided for him by the said superintendents, in the city of Ogdensburg, which shall be open and accessible to those having business therein, at all seasonable hours. He shall devote his time and attention to the discharge of his public duties, and shall, among other things, attend the meetings of the said board of superintendents, and act as the secretary thereof. He shall aid them in the examination into the circumstances and conditions of the poor persons applying for or entitled to relief, as provided in the second subdivision of second section of this act, and shall keep a record of such examinations. He shall keep the minutes of the proceedings of the superintendents, and an account of their receipts and disbursements, together with the names of the persons relieved, the manner of the relief, and the time when it was rendered, and prepare their annual and other reports. He shall carry into effect the orders and directions of the said superintendents in distributing relief to poor persons, and generally perform all such duties as may be assigned to him from time to time.

§ 5. The said superintendents shall annually, on the first day of November in each year, or when the same shall fall on Sunday, then on the day succeeding, cause to be prepared a report containing an exact and accurate account of all moneys received by them, and the sources from whence such moneys were received during the preceding year, an exact and accurate account of all their expenditures, and of all debts incurred by them, which are unpaid for the same period of time; and the objects for which such expenditures were applied, and the persons to whom they were paid for the same period of time also, the number of those provided with outdoor relief and the expenses incurred for such outdoor relief during the year; which said report shall be signed by the said superintendents and overseers, and filed in the office of the town clerk of such town, and publish a synopsis of the same containing the amounts of receipts and the sources from whence obtained, the amount of expenditures and for what purpose, in two newspapers published in said city of Ogdensburg, of opposite politics.

§ 6. The said superintendents shall also on the first day of November, and when the same shall fall on Sunday, then on the succeeding day in each year, furnish the supervisor of the town of Oswegatchie with a written estimate, to be signed by them, of the amount of moneys which in their judgment will be required for the support of the poor of said town outside of the limits of the city of Ogdensburg, and for the support of the poor within the limits of the city of Ogdensburg, which said amounts required shall be separately stated; which said amounts in the aggregate shall not exceed in any one year the sum of three mills upon the dollar upon the last preceeding assessment-roll or rolls of said town, which said estimate shall by the said supervisor be laid before the board of supervisors of the county of St. Lawrence at their next thereafter annual meeting, who shall cause the moneys in such estimate mentioned as required for the support and relief of the poor of the town outside of the limits of the city of Ogdensburg to be levied and collected on the assessment-roll of said town of the taxable property outside of said city limits, and the moneys in such estimate mentioned as required for the support and relief of the poor within the limits of said city to be levied and collected on the assessment-rolls of said town of the taxable property within said city limits, at the same time and in the same manner as the other taxes are levied and collected; and they shall also by their warrant, direct and require the collector to pay the same, when collected, to the said superintendents, who shall apply the same to the relief and support of the poor in the manner herein directed. (*As amended by chapter 458 of the Laws of 1889.*)

§ 7. The said superintendents of the poor shall receive no compensation whatever for any services rendered by them under the provisions of this act; but all reasonable and proper expenses, incurred by them in executing their trusts as such superintendents shall be paid out of any moneys raised for the support of the poor as herein mentioned.

§ 8. It shall not be lawful for the said superintendents of the poor, or either of them, or the said overseer of the poor, to be concerned or interested, directly or indirectly, in the sale of any goods, merchandise or other personal property found, furnished or provided for the use of the poor of the said town of Oswe-

gatchie; nor shall such superintendents and overseer, or either of them, take or receive any profit, reward or emolument, for or on account of any goods, merchandise or personal property found, furnished or provided by any person or persons other than against such superintendents, for the use of the poor of said town. Any violation of the provisions of this section shall be deemed a misdemeanor, punishable by fine and imprisonment.

§ 9. Any of said superintendents and the overseer of the poor of the town of Oswegatchie shall have the power to administer to, and examine under oath, any person or persons applying to them for relief, and to any other person or persons in any matter pertaining to the discharge of their duties under this act, and for that purpose to issue subpoenas requiring the attendance of applicants and witnesses, and false swearing during such examination shall be deemed willful perjury.

§ 10. No person shall be disqualified from acting as judge, justice, witness or juror, by reason of his being a resident, inhabitant or freeholder in said town of Oswegatchie, in any action or proceeding in which the said superintendents of the poor are a party.

§ 11. All disputes between the town of Oswegatchie and any other town in said county as to the settlement of any pauper, or as to which town is liable to support any poor person, shall be decided by the superintendent of the poor of St. Lawrence county as now provided by law.

§ 12. Nothing in this act shall be construed as to require or compel the town of Oswegatchie to support any county pauper or state pauper. Neither shall it be construed as exempting or relieving the town of Oswegatchie from paying its full share of the expense of supporting the county or state poor or from erecting and keeping in repair all county buildings, including the poorhouse, nor from the payment of its share of the salaries of all county officers or employes in the poorhouse of St. Lawrence county.

Any interest which may accrue on said fund shall be credited to said town.

§ 7. The board of alms may cause to be purchased all or any needful supplies for the relief of the poor, in such quantities as

And shall prepare annually a statement showing the names of all persons and families who have received relief and the amount to each person and family. No overseer of the poor shall be elected in said town of Herkimer after the passage of this act and the office

§ 16. Overseers of the poor.—The electors of each town may, at their biennial town meeting, determine by resolution whether they will elect one or two overseers of the poor, and the number so determined upon shall be thereafter biennially elected for a term of two years. Whenever any town shall have determined upon having two overseers of the poor, the electors thereof may determine by a resolution at a biennial town meeting, to thereafter have but one, and if they so determine thereafter no other overseer shall be elected or appointed, until the term of the overseer continuing in office at the time of adopting the resolution shall expire or become vacant, and the overseer in office may continue to act until his term shall expire or become vacant. The electors of any town may, at any biennial or regularly called special town meeting on the application of at least twenty-five resident taxpayers whose names appear upon the then last preceding town assessment-roll, adopt by ballot a resolution that there shall be appointed in and for such town one overseer of the poor. If a vacancy shall occur in the office of an overseer of the poor, so appointed, such vacancy shall be filled by the town board, by appointment, for the balance of the unexpired term. The compensation of an overseer of the poor so appointed, shall be fixed by the town board of such town, but shall not exceed, in any one year, the sum of one thousand dollars, and shall be a town charge. At any subsequent town meeting after the expiration of three years from the adoption of a resolution by any town to appoint an overseer of the poor, the electors of the town may determine by ballot to thereafter elect one or more overseers of the poor, and if they determine so to elect, then at the next biennial town meeting thereafter one or more overseers of the poor shall be elected in pursuance of the laws regulating the election of overseers of the poor, and the term or terms of the overseer or overseers first so elected shall commence upon the expiration of the term of office of the overseer of the poor last theretofore appointed in pursuance of law, and shall expire as though each such term commenced at the time of election; and their successors shall thereafter be elected in pursuance of law. 12. Direct the sale and conveyance by the supervisor in the name of the town of property owned by it. * * * (*As amended by chapter 481 of the Laws of 1897, § 11, and chapter 377 of the Laws of 1900.*)

§ 23. Special town meetings.—Special town meetings shall also be held whenever twenty-five taxpayers upon the last town assessment roll shall, by written application addressed to the town clerk, require a special town meeting to be called, for the purpose of raising money for the support of the poor. * * * Special town meetings may also be held upon the like application of the supervisor, commissioners of highways, or overseers of the poor, to determine questions pertaining to their respective duties as such officers, and which the electors of a town have a right to determine. An application and notice heretofore made and given for a special town meeting to be hereafter held for a purpose not heretofore authorized by law, shall be as valid and of the same force and effect as if such purpose had been authorized by law at the time of such application and notice. (*As amended by chapter 280 of the Laws of 1894, § 1, and chapter 481 of the Laws of 1897, § 12.*)

One of which duplicates shall be delivered to the town clerk of the town, to be kept on file for the inspection of any of the inhabitants of the town; and the other shall be delivered to the supervisor of the town, to be by him laid before the board of supervisors of his county at their annual meeting. The board of supervisors shall cause to be levied and raised upon the town the amount specified in the certificate, in the same manner as they are directed to levy and raise other town charges. VARIOUS ACTS OF CONGRESS RELATING TO IMMIGRATION.

Sections 3 and 5 of an act supplementary to the acts in relation to immigration, approved March 3, 1875, vol. 18, part 3, United States Statutes at Large provide:

"Sec. 3. That the importation into the United States of women for the purpose of prostitution is hereby forbidden; and all contracts and agreements in relation thereto, made in advance or in pursuance of such illegal importation and purposes, are hereby declared void; and whoever shall knowingly and willfully import, or cause any importation of, women into the United States for the purposes of prostitution, or shall knowingly or willfully hold, or attempt to hold, any women to any such purposes, in pursuance of such illegal importation and contract or agreement, shall be deemed guilty of a felony, and, on conviction thereof, shall be imprisoned not exceeding five years and pay a fine not exceeding five thousand dollars."

"Sec. 5. That it shall be unlawful for aliens of the following classes to immigrate into the United States, namely, persons who are undergoing a sentence for conviction in their own country of felonious crimes other than political or growing out of or the result of such political offenses, or whose sentence has been

remitted on condition of their immigration, and women 'imported for the purposes of prostitution.' Every vessel arriving in the United States may be inspected under the direction of the collector of the port at which it arrives, if he shall have reason to believe that any such obnoxious persons are on board; and the officer making such inspection shall certify the result thereof to the master or other person in charge of such vessel, designating in such certificate the person or persons, if any there be, ascertained by him to be of either of the classes whose importation is hereby forbidden. When such inspection is required by the collector as aforesaid, it shall be unlawful, without his permission, for any alien to leave any such vessel arriving in the United States from a foreign country until the inspection shall have been had and the result certified as herein provided; and at no time thereafter shall any alien certified to by the inspecting officer as being of either of the classes whose immigration is forbidden by this section be allowed to land in the United States, except in obedience to a judicial process issued pursuant to law. If any person shall feel aggrieved by the certificate of such inspecting officer stating him or her to be within either of the classes whose immigration is forbidden by this section, and shall apply for release or other remedy to any proper court or judge, then it shall be the duty of the collector at said port of entry to detain said vessel until a hearing and determination of the matter are had, to the end that if the said inspector shall be found to be in accordance with this section, and sustained, the obnoxious person or persons shall be returned on board of said vessel, and shall not thereafter be permitted to land, unless the master, owner, or consignee of the vessel shall give bond and security, to be approved by the court or judge hearing the cause, in the sum of five hundred dollars for each such person permitted to land, conditioned for the return of such person, within six months from the date thereof, to the country whence his or her emigration shall have taken place, or unless the vessel bringing such obnoxious person or persons shall be forfeited, in which event the proceeds of such forfeiture shall be paid over to the collector of the port of arrival, and applied by him, as far as necessary, to the return of such person or persons to his or her own country within the said period of six months. And for all violations of this act, the vessel, by

the acts, omissions, or connivance of the owners, master, or other custodian, or the consignees of which the same are committed, shall be liable to forfeiture, and may be proceeded against as in cases of frauds against the revenue laws, for which forfeiture is prescribed by existing law."

Approved March 3, 1875.

AN ACT to regulate immigration.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there shall be levied, collected, and paid a duty of fifty cents for each and every passenger not a citizen of the United States who shall come by steam or sail vessel from a foreign port to any port within the United States. The said duty shall be paid to the collector of customs of the port to which such passenger shall come, or if there be no collector at such port, then to the collector of customs nearest thereto, by the master, owner, agent, or consignee of every such vessel, within twenty-four hours after the entry thereof into such port. The money thus collected shall be paid into the United States Treasury and shall constitute a fund to be called the immigrant fund and shall be used, under the direction of the Secretary of the Treasury, to defray the expenses of regulating immigration under this act and for the care of immigrants arriving in the United States, for the relief of such as are in distress, and for the general purposes and expenses of carrying this act into effect. The duty imposed by this section shall be a lien upon the vessels which shall bring such passengers into the United States, and shall be a debt in favor of the United States against the owner or owners of such vessels, and the payment of such duty may be enforced by any legal or equitable remedy: *Provided*, That no greater sum shall be expended for the purposes hereinbefore mentioned, at any port, than shall have been collected at such port.

Sec. 2. That the Secretary of the Treasury is hereby charged with the duty of executing the provisions of this act and with supervision over the business of immigration to the United States, and for that purpose he shall have power to enter into contracts with such State commission, board, or officers as may be designated for that purpose by the governor of any State to take

charge of the local affairs of immigration in the ports within said State, and to provide for the support and relief of such immigrants therein landing as may fall into distress or need public aid, under the rules and regulations to be prescribed by said Secretary; and it shall be the duty of such State commission, board, or officers so designated to examine into the condition of passengers arriving at the ports within such State in any ship or vessel, and for that purpose all or any of such commissioners, or officers or such other person or persons as they shall appoint, shall be authorized to go on board of and through any such ship or vessel; and if on such examination there shall be found among such passengers any convict, lunatic, idiot, or any person unable to take care of himself or herself without becoming a public charge, they shall report the same in writing to the collector of such port, and such person shall not be permitted to land.

Sec. 3. That the Secretary of the Treasury shall establish such regulations and rules and issue from time to time such instructions, not inconsistent with law, as he shall deem best calculated to protect the United States and immigrants into the United States from fraud and loss and for carrying out the provisions of this act and the immigration laws of the United States; and he shall prescribe all forms of bonds, entries, and other papers to be used under and in the enforcement of the various provisions of this act.

Sec. 4. That all foreign convicts, except those convicted of political offenses, upon arrival, shall be sent back to the nations to which they belong and from whence they came. The Secretary of the Treasury may designate the State board of charities of any State in which such board shall exist by law, or any commission in any State, or any person or persons in any State whose duty it shall be to execute the provisions of this section without compensation. The Secretary of the Treasury shall prescribe regulations for the return of the aforesaid persons to the countries from whence they came and shall furnish instructions to the board, commission, or persons charged with the execution of the provisions of this section as to the mode of procedure in respect thereto, and may change such instructions from time to time. The expense of such return of the aforesaid persons not permitted to land shall be borne by the owners of the vessel in which they came.

the foregoing excluded classes: *Provided*, That nothing in this act shall exclude persons convicted of an offense purely political, not involving moral turpitude: *And provided further*, That skilled labor may be imported, if labor of like kind unemployed can not be found in this country; *And provided further*, That the provisions of this law applicable to contract labor shall not be held to exclude professional actors, artists, lecturers, singers, ministers of any religious denomination, professors for colleges or seminaries, persons belonging to any recognized learned profession, or persons employed strictly as personal or domestic servants.

Sec. 3. That the importation into the United States of any woman or girl for the purposes of prostitution is hereby forbidden; and whoever shall import or attempt to import any woman or girl into the United States for the purposes of prostitution, or shall hold or attempt to hold, any woman or girl for such purposes in pursuance of such illegal importation shall be deemed guilty of a felony, and, on conviction thereof, shall be imprisoned not less than one nor more than five years and pay a fine not exceeding five thousand dollars.

Sec. 4. That it shall be unlawful for any person, company, partnership, or corporation, in any manner whatsoever, to prepare the transportation or in any way assist or encourage the importation or migration of any alien into the United States, in pursuance of any offer, solicitation, promise, or agreement, parole or special, expressed or implied, made previous to the importation of such alien to perform labor or service of any kind, skilled or unskilled, in the United States.

Sec. 5. That for every violation of any of the provisions of section four of this act the person, partnership, company, or corporation violating the same, by knowingly assisting, encouraging, or soliciting the migration or importation of any alien to the United States to perform labor or service of any kind by reason of any offer, solicitation, promise, or agreement, expressed or implied, parole or special, to or with such alien shall forfeit and pay for every such offense the sum of one thousand dollars, which may be sued for and recovered by the United States or by any person who shall first bring his action therefor in his own name and for his own benefit, including any such alien thus promised

labor or service of any kind as aforesaid, as debts of like amount are now recovered in the courts of the United States; and separate suits may be brought for each alien thus promised labor or service of any kind as aforesaid. And it shall be the duty of the district attorney of the proper district to prosecute every such suit when brought by the United States.

Sec. 6. That it shall be unlawful and be deemed a violation of section four of this act to assist or encourage the importation or migration of any alien by a promise of employment through advertisements printed and published in any foreign country; and any alien coming to this country in consequence of such an advertisement shall be treated as coming under a promise or agreement as contemplated in section two of this act, and the penalties imposed by section five of this act shall be applicable to such a case: *Provided*, That this section shall not apply to states or territories, the District of Columbia, or places subject to the jurisdiction of the United States advertising the inducements they offer for immigration thereto, respectively.

Sec. 7. That no transportation company or owner or owners of vessels or others engaged in transporting aliens into the United States shall, directly or through agents, either by writing, printing, or oral representations, solicit, invite, or encourage the immigration of any aliens into the United States except by ordinary commercial letters, circulars, advertisements, or oral representations, stating the sailings of their vessels and terms and facilities of transportation therein; and for a violation of this provision any such transportation company and any such owner or owners of vessels, and all others engaged in transporting aliens to the United States, and the agents by them employed, shall be subjected to the penalties imposed by section five of this act.

Sec. 8. That any person, including the master, agent, owner, or consignee of any vessel, who shall bring into or land in the United States, by vessel or otherwise, or who shall attempt, by himself or through another, to bring into or land in the United States, by vessel or otherwise, any alien not duly admitted by an immigrant inspector, or not lawfully entitled to enter the United States, shall be deemed guilty of a misdemeanor, and shall, on conviction, be punished by a fine not exceeding one thousand dollars for each and every alien so landed or attempted to be landed,

or by imprisonment for a term not less than three months nor more than two years, or by both such fine and imprisonment.

Sec. 9. That it shall be unlawful for any person, including any transportation company other than railway lines entering the United States from foreign contiguous territory, or the owner, master, agent, or consignee of any vessel to bring to the United States any alien afflicted with a loathsome or with a dangerous contagious disease; and if it shall appear to the satisfaction of the Secretary of the Treasury that any alien so brought to the United States was afflicted with such a disease at the time of foreign embarkation, and that the existence of such disease might have been detected by means of a competent medical examination at such time, such person or transportation company or the master, agent, owner, or consignee of any such vessel shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of one hundred dollars for each and every violation of the provisions of this section; and no vessel shall be granted clearance papers while any such fine imposed upon it remains unpaid, nor shall such fine be remitted.

Sec. 10. That the decision of the board of special inquiry, hereinafter provided for, based upon the certificate of the examining medical officer, shall be final as to the rejection of aliens afflicted with a loathsome or with a dangerous contagious disease, or with any mental or physical disability which would bring such aliens within any of the classes excluded from admission to the United States under section two of this act.

Sec. 11. That upon the certificate of a medical officer of the United States Marine-Hospital Service to the effect that a rejected alien is helpless from sickness, physical disability, or infancy, if such alien is accompanied by another alien whose protection or guardianship is required by such rejected alien, the master, agent, owner, or consignee of the vessel in which such alien and accompanying alien are brought shall be required to return such alien and accompanying alien in the same manner as vessels are required to return other rejected aliens.

Sec. 12. That upon the arrival of any alien by water at any port within the United States it shall be the duty of the master or commanding officer of the steamer, sailing or other vessel, having said alien on board to deliver to the immigration officers at the

port of arrival lists or manifests made at the time and place of embarkation of such alien on board such steamer or vessel, which shall, in answer to questions at the top of said lists, state as to each alien the full name, age and sex; whether married or single; the calling or occupation; whether able to read or write; the nationality; the race; the last residence; the seaport for landing in the United States; the final destination, if any, beyond the port of landing; whether having a ticket through to such final destination; whether the alien has paid his own passage, or whether it has been paid by any other person or by any corporation, society, municipality, or government, and if so, by whom; whether in possession of fifty dollars, and if less, how much; whether going to join a relative or friend, and if so, what relative or friend and his name and complete address; whether ever before in the United States, and if so, when and where; whether ever in prison or almshouse or an institution or hospital for the care and treatment of the insane or supported by charity; whether a polygamist; whether an anarchist; whether coming by reason of any offer, solicitation, promise or agreement, expressed or implied, to perform labor in the United States, and what is the alien's condition of health, mental and physical, and whether deformed or crippled, and if so, for how long and from what cause.

Sec. 13. That all aliens arriving by water at the ports of the United States shall be listed in convenient groups, and no one list or manifest shall contain more than thirty names. To each alien or head of a family shall be given a ticket on which shall be written his name, a number or letter designating the list in which his name, and so forth, is contained, and his number on said list, for convenience of identification on arrival. Each list or manifest shall be verified by the signature and the oath or affirmation of the master or commanding officer or the first or second below him in command, taken before an immigration officer at the port of arrival, to the effect that he has caused the surgeon of said vessel sailing therewith to make a physical and oral examination of each of said aliens, and that from the report of said surgeon and from his own investigation he believes that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge or is suffering from a loathsome or a dangerous

contagious disease, or is a person who has been convicted of a felony or other crime, or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, expressed or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of his knowledge and belief, the information in said lists or manifests concerning each of said aliens named therein is correct and true in every respect.

Sec. 14. That the surgeon of said vessel sailing therewith shall also sign each of said lists or manifests and make oath or affirmation in like manner before an immigration officer at the port of arrival, stating his professional experience and qualifications as a physician and surgeon, and that he has made a personal examination of each of the said aliens named therein, and that the said list or manifest, according to the best of his knowledge and belief, is full, correct, and true in all particulars relative to the mental and physical condition of said aliens. If no surgeon sails with any vessel bringing aliens the mental and physical examinations and the verifications of the lists or manifests shall be made by some competent surgeon employed by the owners of the said vessel.

Sec. 15. That in the case of the failure of the master or commanding officer of any vessel to deliver to the said immigration officers lists or manifests of all aliens on board thereof as required in sections twelve, thirteen, and fourteen of this act, he shall pay to the collector of customs at the port of arrival the sum of ten dollars for each alien concerning whom the above information is not contained in any list as aforesaid.

Sec. 16. That upon the receipt by the immigration officers at any port of arrival of the lists or manifests of aliens provided for in sections twelve, thirteen, and fourteen of this act it shall be the duty of said officers to go or send competent assistants to the vessels to which said lists or manifests refer and there inspect all such aliens, or said immigration officers may order a temporary removal of such aliens for examination at a designated time and place, but such temporary removal shall not be considered a landing, nor shall it relieve the transportation lines, masters, agents, owners or consignees of the vessel upon which such aliens are brought to any port of the United States from any of the obliga-

tions which, in case such aliens remain on board, would, under the provisions of this act, bind the said transportation lines, masters, agents, owners, or consignees: *Provided*, That where a suitable building is used for the detention and examination of aliens the immigration officials shall there take charge of such aliens, and the transportation companies, masters, agents, owners, and consignees of the vessel bringing such aliens shall be relieved of the responsibility for their detention thereafter until the return of such aliens to their care.

Sec. 17. That the physical and mental examination of all arriving aliens shall be made by medical officers of the United States Marine-Hospital Service, who shall have had at least two years' experience in the practice of their profession since receiving the degree of doctor of medicine and who shall certify for the information of the immigration officers and the boards of special inquiry hereinafter provided for, any and all physical and mental defects or diseases observed by said medical officers in any such alien, or, should medical officers of the United States Marine-Hospital Service be not available, civil surgeons of not less than four years' professional experience may be employed in such emergencies for the said service, upon such terms as may be prescribed by the Commissioner-General of Immigration, under the direction or with the approval of the Secretary of the Treasury. The United States Public Health and Marine-Hospital Service shall be reimbursed by the Immigration Service for all expenditures incurred in carrying out the medical inspection of aliens under regulations of the Secretary of the Treasury.

Sec. 18. That it shall be the duty of the owners, officers and agents of any vessel bringing an alien to the United States to adopt due precautions to prevent the landing of any such alien from such vessel at any time or place other than that designated by the immigration officers, and any such owner, officer, agent, or person in charge of such vessel who shall land or permit to land any alien at any time or place other than that designated by the immigration officers, shall be deemed guilty of a misdemeanor, and shall on conviction be punished by a fine for each alien so permitted to land of not less than one hundred nor more than one thousand dollars, or by imprisonment for a term not exceeding one year, or by both such fine and imprisonment, and every such

alien so landed shall be deemed to be unlawfully in the United States and shall be deported, as provided by law.

Sec. 19. That all aliens brought into this country in violation of law shall, if practicable, be immediately sent back to the countries whence they respectively came on the vessels bringing them. The cost of their maintenance while on land, as well as the expense of the return of such aliens, shall be borne by the owner or owners of the vessels on which they respectively came; and if any master, person in charge, agent, owner, or consignee of any such vessels shall refuse to receive back on board thereof, or of any other vessel owned by the same interest, such aliens, or shall neglect to detain them thereon, or shall refuse or neglect to return them to the foreign port from which they came, or to pay the cost of their maintenance while on land, such master, person in charge, agent, owner, or consignee shall be deemed guilty of a misdemeanor and shall, on conviction be punished by a fine not less than three hundred dollars for each and every such offense; and no vessel shall have clearance from any port of the United States while any such fine is unpaid: *Provided*, That the Commissioner-General of Immigration, under the direction or with the approval of the Secretary of the Treasury, may suspend, upon conditions to be prescribed by the Commissioner-General, the deportation of any alien found to have come under promise or agreement of labor or service of any kind if, in his judgment, the testimony of such alien is necessary on behalf of the United States Government in the prosecution of offenders against the provisions of sections four and five of this act: *Provided*, That the cost of maintenance of any person so detained resulting from such suspension of deportation shall be paid from the "immigrant fund," but no alien certified, as provided in section seventeen of this act, to be suffering with a loathsome or with a dangerous contagious disease other than one of a quarantinable nature, shall be permitted to land for medical treatment thereof in the hospitals of the United States.

Sec. 20. That any alien who shall come into the United States in violation of law, or who shall be found a public charge therein, from causes existing prior to landing, shall be deported as herein-after provided to the country whence he came at any time within two years after arrival at the expense, including one-half of the cost of inland transportation to the port of deportation, of the

person bringing such alien into the United States, or, if that can not be done, then at the expense of the immigration fund referred to in section one of this act.

Sec. 21. That in case the Secretary of the Treasury shall be satisfied that an alien has been found in the United States in violation of this act he shall cause such alien, within the period of three years after landing or entry therein, to be taken into custody and returned to the country whence he came as provided in section twenty of this act, or, if that can not be so done, at the expense of the immigrant fund provided for in section one of this act; and neglect or refusal on the part of the masters, agents, owners, or consignees of vessels to comply with the order of the Secretary of the Treasury to take on board, guard safely, and return to the country whence he came any alien ordered to be deported under the provisions of this section shall be punished by the imposition of the penalties prescribed in section nineteen of this act.

Sec. 22. That the Commissioner-General of Immigration, in addition to such other duties as may by law be assigned to him, shall, under the direction of the Secretary of the Treasury, have charge of the administration of all laws relating to the immigration of aliens into the United States, and shall have the control, direction, and supervision of all officers, clerks, and employes appointed thereunder. He shall establish such rules and regulations, prescribe such forms of bonds, reports, entries and other papers, and shall issue from time to time such instructions, not inconsistent with law, as he shall deem best calculated for carrying out the provisions of this act and for protecting the United States and aliens migrating thereto from fraud and loss, and shall have authority to enter into contracts for the support and relief of such aliens as may fall into distress or need public aid; all under the direction or with the approval of the Secretary of the Treasury. And it shall be the duty of the Commissioner-General of Immigration to detail officers of the immigration service from time to time as may be necessary, in his judgment, to secure information as to the number of aliens detained in the penal, reformatory, and charitable institutions (public and private) of the several States and Territories, the District of Columbia, and other territory of the United States, and to inform

the officers of such institutions of the provisions of law in relation to the deportation of aliens who have become public charges. *Provided*, That the Commissioner-General of Immigration may, with the approval of the Secretary of the Treasury, whenever in his judgment such action may be necessary to accomplish the purposes of this act, detail immigration officers for temporary service in foreign countries.

Sec. 23. That the duties of the Commissioners of Immigration shall be of an administrative character, to be prescribed in detail by regulations prepared, under the direction or with the approval of the Secretary of the Treasury.

Sec. 24. That immigrant inspectors and other immigration officers, clerks, and employes shall hereafter be appointed, and their compensation fixed and raised or decreased from time to time, by the Secretary of the Treasury, upon the recommendation of the Commissioner-General of Immigration and in accordance with the provisions of the civil service act of January sixteenth, eighteen hundred and eighty-three: *Provided*, That nothing herein contained shall be construed to alter the mode of appointing commissioners of immigration at the several ports of the United States as provided by the sundry civil appropriation act approved August eighteenth, eighteen hundred and ninety-four, or the official status of such commissioners heretofore appointed. Immigration officers shall have power to administer oaths and to take and consider testimony touching the right of any alien to enter the United States, and, where such action may be necessary, to make a written record of such testimony, and any person to whom such an oath has been administered under the provisions of this act who shall knowingly or willfully give false testimony or swear to any false statement in any way affecting or in relation to the right of an alien to admission to the United States shall be deemed guilty of perjury and be punished as provided by section fifty-three hundred and ninety-two, United States Revised Statutes. The decision of any such officer, if favorable to the admission of any alien, shall be subject to challenge by any other immigration officer and such challenge shall operate to take the alien whose right to land is so challenged before a board of special inquiry for its investigation. Every alien who may not appear to the examining immigrant inspector at the port of arrival to

be clearly and beyond a doubt entitled to land shall be detained for examination in relation thereto by a board of special inquiry.

Sec. 25. That such boards of special inquiry shall be appointed by the commissioners of immigration at the various ports of arrival as may be necessary for the prompt determination of all cases of aliens detained at such ports under the provisions of law. Such boards shall consist of three members, who shall be selected from such of the immigrant officials in the service as the Commissioner-General of Immigration with the approval of the Secretary of the Treasury, shall from time to time designate as qualified to serve on such board: *Provided*, That at ports where there are fewer than three immigrant inspectors, the Secretary of the Treasury, upon recommendation of the Commissioner-General of Immigration, may designate other United States officials for service on such boards of special inquiry. Such boards shall have authority to determine whether an alien who has been duly held shall be allowed to land or be deported. All hearings before boards shall be separate and apart from the public, but the said boards shall keep complete permanent records of their proceedings and of all such testimony as may be produced before them; and the decision of any two members of a board shall prevail and be final, but either the alien or any dissenting member of said board may appeal, through the commissioner of immigration at the port of arrival and the Commissioner-General of Immigration, to the Secretary of the Treasury, whose decision shall then be final; and the taking of such appeal shall operate to stay any action in regard to the final disposal of the alien whose case is so appealed until the receipt by the commissioner of immigration at the port of arrival of such decision.

Sec. 26. That no bond or guaranty, written or oral, that an alien shall not become a public charge shall be received from any person, company, corporation, charitable or benevolent society or association unless authority to receive the same shall in each special case be given by the Commissioner-General of Immigration, with the written approval of the Secretary of the Treasury.

Sec. 27. That no suit or proceeding for a violation of the provisions of this act shall be settled, compromised, or discontinued without the consent of the court in which it is pending, entered of record, with the reasons therefor.

Sec. 28. That nothing contained in this act shall be construed to affect any prosecution or other proceeding, criminal or civil, begun under any existing act or any acts hereby amended, but such prosecutions or other proceedings, criminal or civil, shall proceed as if this act had not been passed.

Sec. 29. That the circuit and district courts of the United States are hereby invested with full and concurrent jurisdiction of all causes, civil and criminal, arising under any of the provisions of this act.

Sec. 30. That after the first day of January, nineteen hundred and three, all exclusive privileges of exchanging money, transporting passengers or baggage, or keeping eating houses, and all other like privileges in connection with any United States immigration station, shall be disposed of after public competition, subject to such conditions and limitations as the Commissioner-General of Immigration, under the direction or with the approval of the Secretary of the Treasury, may prescribe: *Provided*, That no intoxicating liquors shall be sold in any such immigrant station; that all receipts accruing from the disposal of such exclusive privileges as herein provided shall be paid into the United States Treasury to the credit of the immigrant fund provided for in section one of this act.

Sec. 31. That for the preservation of the peace, and in order that arrests may be made for crimes under the laws of the States and Territories of the United States where the various immigrant stations are located, the officers in charge of such stations, as occasion may require, shall admit therein the proper state and municipal officers charged with the enforcement of such laws, and for the purposes of this section the jurisdiction of such officers and of the local courts shall extend over such stations.

Sec. 32. That the Commissioner-General of Immigration, under the direction or with the approval of the Secretary of the Treasury, shall prescribe rules for the entry and inspection of aliens along the borders of Canada and Mexico, so as not to unnecessarily delay, impede, or annoy passengers in ordinary travel between the United States and said countries, and shall have power to enter into contracts with foreign transportation lines for the same purpose.

Sec. 33. That for the purposes of this act the words "United States" as used in the title as well as in the various sections of this act shall be construed to mean the United States and any waters, territory or other place now subject to the jurisdiction thereof.

Sec. 34. That no intoxicating liquors of any character shall be sold within the limits of the Capitol building of the United States.

Sec. 35. That the deportation of aliens arrested within the United States after entry and found to be illegally therein, provided for in this act, shall be to the trans-Atlantic or trans-Pacific ports from which said aliens embarked for the United States; or, if such embarkation was for foreign contiguous territory, to the foreign port at which said aliens embarked for such territory.

Sec. 36. That all acts and parts of acts inconsistent with this act are hereby repealed: *Provided*, That this act shall not be construed to repeal, alter or amend existing laws relating to the immigration or exclusion of Chinese persons or persons of Chinese descent.

Sec. 37. That whenever an alien shall have taken up his permanent residence in this country, and shall have filed his preliminary declaration to become a citizen, and thereafter shall send for his wife or minor children to join him, if said wife, or either of said children shall be found to be affected with any contagious disorder, and if it is proved that said disorder was contracted on board the ship in which they came, and is so certified by the examining surgeon at the port of arrival, such wife or children shall be held, under such regulations as the Secretary of the Treasury shall prescribe, until it shall be determined whether the disorder will be easily curable, or whether they can be permitted to land without danger to other persons; and they shall not be deported until such facts have been ascertained.

Sec. 38. That no person who disbelieves in or who is opposed to all organized government, or who is a member of or affiliated with any organization entertaining and teaching such disbelief in or opposition to all organized government, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or officers generally, of the government of the United States or of any other organized government, because of his or their official

character shall be permitted to enter the United States or any territory or place subject to the jurisdiction thereof. This section shall be enforced by the Secretary of the Treasury under such rules and regulations as he shall prescribe.

That any person who knowingly aids or assists any such person to enter the United States or any territory or place subject to the jurisdiction thereof, or who connives or conspires with any person or persons to allow, procure, or permit any such person to enter therein, except pursuant to such rules and regulations made by the Secretary of the Treasury shall be fined not more than five thousand dollars, or imprisoned for not less than one nor more than five years, or both.

Sec. 39. That no person who disbelieves in or who is opposed to all organized government, or who is a member of or affiliated with any organization entertaining and teaching such disbelief in or opposition to all organized government, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the government of the United States or of any other organized government, because of his or their official character, or who has violated any of the provisions of this act, shall be naturalized or be made a citizen of the United States. All courts and tribunals and all judges and officers thereof having jurisdiction of naturalization proceedings or duties to perform in regard thereto shall, on the final application for naturalization, make careful inquiry into such matters, and before issuing the final order or certificate of naturalization cause to be entered of record the affidavit of the applicant and of his witnesses so far as applicable, reciting and affirming the truth of every material fact requisite for naturalization. All final orders and certificates of naturalization hereafter made shall show on their face specifically that said affidavits were duly made and recorded and all orders and certificates that fail to show such facts shall be null and void.

That any person who purposely procures naturalization in violation of the provisions of this section shall be fined not more than five thousand dollars, or shall be imprisoned not less than one nor more than ten years, or both, and the court in which such conviction is had shall thereupon adjudge and declare the

order or decree and all certificates admitting such person to citizenship null and void. Jurisdiction is hereby conferred on the courts having jurisdiction of the trial of such offense to make such adjudication.

That any person who knowingly aids, advises, or encourages any such person to apply for or to secure naturalization or to file the preliminary papers declaring an intent to become a citizen of the United States, or who in any naturalization proceeding knowingly procures or gives false testimony as to any material fact, or who knowingly makes an affidavit false as to any material fact required to be proved in such proceeding, shall be fined not more than five thousand dollars, or imprisoned not less than one nor more than ten years, or both.

The foregoing provisions concerning naturalization shall not be enforced until ninety days after the approval hereof.

Approved March 3, 1903.

1. Any minor under the age of eighteen years; nor to such minor for any other person;

2. To any intoxicated person;

3. To any habitual drunkard;

4. To any Indian;

5. To any person to whom such corporation, association, copartnership or person may be forbidden to sell by notice in writing from the parent, guardian, husband, wife or child of such person over sixteen years of age, or by a magistrate or overseer of the poor of the town; provided, however, that such notice in writing by a magistrate or overseer of the poor of the town shall apply only in the case of a person who is wholly or partly a charge upon the town, which fact shall be stated in such notice;

Such prescription shall not be made unless the physician is satisfied that the liquor furnished is necessary for the health of the person for whose use it is prescribed, and that fact must be stated in the prescription. PROCEEDINGS RESPECTING THE SUPPORT OF POOR PERSONS.

Title VIII of Part VI of the Code of Criminal Procedure.

Section 914. Who may be compelled to support poor relatives.

915. Order to compel a person to support a poor relative, etc.

- 916. Court to hear the case, and make order of support.
- 917. Support, when to be apportioned among different relatives.
- 918. Order, to prescribe time during which support is to continue, or may be indefinite; when and how order may be varied.
- 919. Costs, by whom to be paid, and how enforced.
- 920. Action on the order, on failure to comply therewith.
- 921. Proceedings against absconding parents, leaving children chargeable to public, etc.
- 922. Seizure of their property; transfer thereof, when void.
- 923. Warrant and seizure, when confirmed or discharged; direction of the court thereon.
- 924. Warrant, in what cases to be discharged.
- 925. Sale of the property seized and application of its proceeds.
- 926. Powers of superintendents of poor.

Section 914. Who may be compelled to support poor relatives. —The father, mother and children, if of sufficient ability, of a poor person who is insane, blind, old, lame, impotent or decrepit, so as to be unable by work to maintain himself, must, at their own charge, relieve and maintain him in a manner to be approved by the overseers of the poor of the town where he is, or in the city of New York, by the commissioners of public charities. If such poor person be insane, he shall be maintained in the manner prescribed by the insanity law. The father, mother, husband, wife, or children of a poor insane person legally committed to and confined in an institution supported in whole or in part by the state, shall be liable, if of sufficient ability, for the support and maintenance of such insane person from the time of his reception in such institution. (*As amended by chapter 399 of the Laws of 1898.*)

Where a son requests the superintendent of the poor to take proceedings to have his father committed to an asylum, and promises to pay a certain sum towards his future support he is liable therefor. 49 Hun, 53.

A husband is not bound to maintain his wife's illegitimate children born before their marriage. *Supreme Court, May, 1827. Minden v. Cox, 7 Cow., 235.*

Persons having relatives within prescribed degrees and whom they have sufficient ability to support are under an absolute duty, at their own charge, to support the persons described, not in the poorhouse, nor even through the agency of, but only in a manner to be approved by, the poor authorities of town or county. *Supreme Court, April 13, 1892, Matter of Weaver v. Benjamin*, 45 St. Rep., 97; 18 N. Y. Supp., 630, 631. This scheme is outside of the general provisions of the statute for the care and relief of the poor, who are, or who become, a public charge. *Id.* Its purpose is to prevent these persons from becoming a public charge. *Id.* It is not the intent that they are to be made and marked as public paupers by being consigned to the poorhouse of the county. *Id.*

The order for support goes beyond the power of the court when it attaches to the liability of a party to support his mother, the condition that she shall receive such support in the county poorhouse. *Id.*

The court has no power to prescribe the place where the poor person shall be supported, nor any of the conditions of such support, except that the manner of it shall be such as is approved by the overseers or superintendents of the poor. *Id.*

Whatever power there is over that support is vested in the overseers or superintendents of the poor; the court can only declare the duty to support, and in default to fix the sum to be paid. *Id.*

Supreme Court, March, 1885, In Stevens v. Cheney, 36 Hun, 1, the court said: "Under this statute (§ 914) the child is bound to aid in the support of a parent if he is a poor person and unable to defend himself, and, if he fails to do so, the court of sessions may compel him. If the child recognizes the duty laid upon him by statute to care for his indigent parent and voluntarily assumes it without waiting to be compelled by the court of sessions, what right have third persons or wrongdoers to interfere and prevent? The law affords the same protection to those who perform their duty voluntarily as it does to those who reluctantly act under compulsion, and we are of opinion that if the parent is a poor person within the provisions of the statute, it was the duty of the son to aid in his support, and if he voluntarily did that and the plaintiff has been deprived of his means of support by reason of the intoxication, that then he may recover, even though his child is over the age of twenty-one years." See, also, *Supreme Court, October, 1895, De Puy v. Cook*, 90 Hun, 43.

Where two or more persons are equally liable to support an indigent person but are unequally able to grant such support, contribution may be ordered and all may be made to pay in accordance with their means. *Court of Appeals, February 20, 1872, Stone v. Burgess*, 47 N. Y. 521; 2 Lana. 439.

The common law affords no means of compelling a husband to support his wife otherwise than by making him liable to third persons who have supplied her with necessities after he has improperly refused to do so and the statute providing for the compulsory support of indigent relatives does not extend to husband and wife. *Supreme Court, July, 1877, People ex rel. Kehlbeck v. Walsh*, 11 Hun, 292.

The wife of a man who is abundantly able to provide for her cannot be deemed a poor person. Superintendents of the poor cannot, as such, maintain an action against a husband for boarding, clothing and medical aid furnished to his wife as a pauper. *Supreme Court, May, 1854, Norton et al. v. Rhodes*, 18 Barb. 100.

§ 915. Order to compel a person to support a poor relative, etc.—If a relative of a poor person fail to relieve and maintain him, as provided in the last section, the overseers of the poor of the town where he is, or in the city of New York, the commissioners of public charities may apply to any court of record or to a judge thereof where the relative dwells, for an order to compel such relief upon at least ten days' written notice, served personally, or by leaving it at the last place of residence of the person to whom it is directed, in case of his absence, with a person of suitable age and discretion. If such poor person be insane and legally committed to and confined in an institution supported in whole or in part by the state, and his relatives refuse or neglect to pay for his support and maintenance therein, application may be made by the treasurer of such institution in the manner provided in this section for an order directing the relatives liable therefor to make such payment. (*As amended by chapter 399 of the Laws of 1898.*)

The overseers are the proper parties to begin proceedings to compel a father to support his poor and infirm son. *Supreme Court, July 1887, Tillotson v. Smith*, 12 St. Rep. 331. See also *Court of Appeals, February 20, 1872, Stone v. Burgess*, 2 Lans. 439.

§ 916. Court to hear the case and make order of support.—At the time appointed in the notice, the court or a judge thereof must proceed summarily to hear the allegations and proofs of the parties, and must order such of the relatives of the poor person mentioned in section nine hundred and fourteen, as were served with the notice and are of sufficient ability, to relieve and maintain him, specifying in the order the sum to be paid weekly for his support, and requiring it to be paid by the father, or if there be none, or if he be not of sufficient ability, then by the children, or if there be none, or if they be not of sufficient ability, then by the mother. If the application be made to secure an order compelling relatives to pay for the maintenance of insane poor persons committed to and confined in an institution supported in whole or in part by the state such order shall specify the sum to be paid for his maintenance by his relatives liable therefor, from the time of his reception in such institution to the time of making such order, and also the sum to be paid weekly for his future maintenance in such institution. The

relatives served with such notice shall be deemed to be of sufficient ability, unless the contrary shall affirmatively appear to the satisfaction of the court or a judge thereof. (*As Amended by chapter 399 of the Laws of 1898.*)

§ 917. Support; when to be apportioned among different relatives.—If it appear that any such relative is unable to wholly maintain the poor person or to pay for his maintenance if confined in a state institution for the insane, but is able to contribute toward his support, the court or judge thereof may direct two or more relatives, of different degrees, to maintain him or to pay for his maintenance in such an institution if insane, prescribing the proportion which each must contribute for that purpose; and if it appear that the relatives are not of sufficient ability wholly to maintain him, or to pay for his maintenance in such an institution, if insane, but are able to contribute something, the court or a judge thereof may direct the sum, in proportion to their ability, which they shall pay weekly for that purpose. If it appears that the relatives who are liable for the maintenance of an insane poor person confined in a state institution for the insane are not able to pay the whole amount due for such maintenance from the time of such poor person's admission to such institution, the court or a judge thereof must direct the sum to be paid for such maintenance in proportion to the ability of the relatives liable therefor. (*As amended by chapter 399 of the Laws of 1898.*)

Two out of five children may be ordered to support an indigent parent, and those two in unequal amounts. *Court of Appeals, February 20, 1872, Stone v. Burgess*, 2 Lans. 439.

The liability of the children charged by the order is several, and either is liable on default, in an action to recover the payment required of him by the order. *Id.*

Where the poor are a charge upon the county, the action to enforce such support is properly brought by the superintendent of the poor. *Id.*

See *Supreme Court, June 23, 1888, Herendeen v. DeWitt*, 17 St. Rep. 298; 1 N. Y. Supp. 469; 49 Hun. 55.

§ 918. Order to prescribe time during which support is to continue, or may be indefinite; when and how order may be varied.—The order may specify the time during which the relatives must maintain the poor person, or during which any of the sums directed by the court or a judge thereof are to be paid, or it may be indefinite or until the further order of the court

or a judge thereof. If the order be for the payment of a weekly sum for the maintenance of an insane poor person in a state institution, the order shall specify that such sum shall be paid as long as such insane poor person is maintained in such institution. The court or a judge thereof may from time to time vary the order, as circumstances may require, on the application either of any relative affected by it, or of an officer on whose application the order was made, upon ten days' written notice. (*As amended by chapter 399 of the Laws of 1898.*)

So long as an order, made by a court of sessions, directing the relative of a poor person to pay a specified sum periodically to the superintendent of the poor for the support of such poor person, remains unchanged, such relative is liable to pay the sum therein prescribed. If he or she desires to be relieved therefrom application to amend the order should be made. If the person directed by an order of the Court of Sessions to pay a certain sum of money per week, payable monthly to a superintendent of the poor, to be applied exclusively to the support of her daughter, desires to relieve herself from the effect thereof, she should apply to the Court of Sessions under the provisions of this section for its modification, but so long as the order remains unchanged such person is, by force of the statute, liable to pay the sum therein prescribed. *Supreme Court, October, 1892, Aldridge v. Walker, 73 Hun, 281; 57 St. Rep. 273; 26 N. Y. Supp. 296.*

Such an order is not void because it gives no option to such person either to support her daughter or to pay the amount provided, and if it is irregular or improper the remedy is by appeal, and the question of its irregularity or impropriety cannot be properly raised in an action brought to collect the amount directed to be paid by such person and unpaid by her. *Id.*

While the determination provided for by this title is denominated an order, it was a final determination of the matter, and in effect a judgment. *Id.*

See *Supreme Court, April 13, 1892, matter of Weaver v. Benjamin, 45 St. Rep. 97; 18 N. Y. Supp. 631; Supreme Court, June 23, 1888, Mercendeen v. DeWitt, 17 St. Rep. 298; 49 Hun, 55; 1 N. Y. Supp. 469.*

§ 919. Costs, by whom to be paid, and how enforced.—The costs and expenses of the application must be ascertained by the court, and paid by the relatives against whom the order is made; and the payment thereof, and obedience to the order of maintenance, and to any order for the payment of money, may be enforced by attachment.

§ 920. Action on the order on failure to comply therewith.—If a relative, required by an order or the court or a judge thereof, to relieve or maintain a poor person, neglect to do so in the manner approved by the officers mentioned in section nine hun-

dred and fourteen, and neglect to pay them weekly the sum prescribed by the court or a judge thereof, the officers may maintain an action against the relative, and recover therein the sum prescribed by the court or a judge thereof, for every week the order has been disobeyed, to the time of the recovery, with costs, for the use of the poor. If the order directs a relative to pay for the maintenance of an insane poor person in a state institution, and such relative refuses or neglects to pay the amount specified therein, an action may be brought by the treasurer of such institution in its corporate name to recover the amount due to such institution by virtue of such order. (*As amended by chapter 389 of the Laws of 1898.*)

The relative may provide for the support of the pauper at such place, and in such manner, as he shall deem proper, provided the place and manner are approved by the proper officers. *Supreme Court, June, 1873, Ducl v. Lamb, 1 T. & C. 66.* It is not until he has neglected or refused to do this, that he is liable for the sum directed to be paid. *Id.*

The court of sessions has no authority to prescribe the place or manner of support. *Id.* Whatever power there is over that support is vested in the overseers or superintendents of the poor. *Id.; Supreme Court, January, 1854, Converse v. McArthur, 17 Barb. 410.*

If the pauper, of his own accord, leaves the supporting party who is ready and willing to take him back and support him upon the terms of the order, the duty of the supporting party is fully discharged. *Supreme Court, June, 1873, Ducl v. Lamb, 1 T. & C. 69; Supreme Court, January, 1854, Converse v. McArthur, 17 Barb. 410.*

See *Supreme Court, June 23, 1888, Herendeen v. DeWitt, 17 St. Rep. 296; 49 Hun, 55; 1 N. Y. Supp. 469.*

§ 921. Proceedings against absconding parents, leaving children chargeable to public, etc.—When the father, or the mother being a widow or living separate from her husband, absconds from the children, or a husband from his wife, leaving any of them chargeable or likely to become chargeable upon the public, the officers mentioned in section nine hundred and fourteen may apply to any two justices of the peace or police justices in the county in which any real or personal property of the father, mother or husband is situated, for a warrant to seize the same. Upon due proof of the facts, the magistrate must issue his warrant, authorizing the officers so applying to take and seize the property of the person so absconding. Whenever any child shall be committed to an institution pursuant to any provision of law, any criminal court or magistrate may issue a warrant for the

arrest of the father of the child, and examine into his ability to maintain such child in whole or in part; and if satisfied that such father is able to contribute towards the support of the child, then such court or magistrate shall, by order require the weekly payment by such father of such sum and in such manner as shall be in said order directed, towards the maintenance of such child in such institution, which amount when paid shall be credited by the institution to the city, town or county against any sums due to it therefrom on account of the maintenance of the child. (*As amended by chapter 13 of the Laws of 1903.*)

In cases of a commitment of a child to an institution under the Penal Code, the magistrate is authorized to order the father to pay a sum for the child's support which is to be credited by the institution to the city, town or county against any sum due for maintenance. *Supreme Court, July 7, 1890, People ex rel. St. Magdalen School, etc., v. Dickson, 32 St. Rep. 496; 57 Hun, 315; 10 N. Y. Supp. 605.*

One of two overseers of the poor is authorized to institute and carry on proceedings for the seizure of property of one who has absconded, leaving his wife or child chargeable to the town. When only one overseer acts, the consent of the other will be presumed. *Supreme Court, May, 1839, Downing v. Rugar, 21 Wend. 178.*

§ 922. Seizure of their property; transfer thereof, when void.—The officers so applying may seize and take the property, wherever it may be found in the same county; and are vested with all the rights and title thereto, which the person absconding then had. The sale or transfer of any personal property, left in the county from which he absconded, made after the issuing of the warrant, whether in payment of an antecedent debt or for a new consideration, is absolutely void. The officers must immediately make an inventory of the property seized by them, and return it, together with their proceedings, to the next county court of the county where they reside, there to be filed. (*As amended by chapter 880 of the Laws of 1895.*)

§ 923. Warrant and seizure, when confirmed or discharged. Direction of the court thereon.—The court, upon inquiring into the circumstances of the case, may confirm or discharge the warrant and seizure; and if it be confirmed, must, from time to time, direct what part of the personal property must be sold, and how much of the proceeds of the sale, and of the rents and profits of the real property, if any, are to be applied toward the maintenance of the children or wife of the person absconding.

§ 924. Warrant, in what cases to be discharged.—If the party against whom the warrant issued, return and support the wife or children so abandoned, or give security satisfactory to any two justices of the peace, or police justices in the city, village or town, to the overseers of the poor of the town, or in the city of New York, to the commissioners of charities and corrections, that the wife or children so abandoned shall not be chargeable to the town or county, then the warrant must be discharged by an order of the magistrates, and the property taken by virtue thereof restored to the party.

§ 925. Sale of the property seized, and application of its proceeds.—The officers must sell at public auction the property ordered to be sold, and receive the rents and profits of the real property of the person absconding, and in those cities, villages or towns which are required to support their own poor, the officers charged therewith must apply the same to the support of the wife or children so abandoned; and for that purpose must draw on the county treasurer, or in the city of New York, upon the comptroller, for the proceeds as directed by special statutes. They must also account to the county court of the county, for all money so received by them, and for the application thereof from time to time, and may be compelled by that court to render that account at any time. (*As amended by chapter 880 of the Laws of 1895.*)

§ 926. Powers of superintendents of poor.—In those counties where all the poor are a charge upon the county, the superintendents of the poor are vested with the same powers, as are given by this title to the overseers of the poor of a town, in respect to compelling relatives to maintain poor persons, and in respect to the seizure of the property of a parent absconding and abandoning his family; and are entitled to the same remedies in their names, and must perform the duties required by this title, of overseers, and are subject to the same obligations and control.

This section gives to the superintendents of the poor of those counties in which all the poor are a county charge the powers given to the overseers of the towns by the preceding sections. *Supreme Court, April 13, 1892. Matter of Weaver v. Benjamin*, 45 St. Rep. 97; 18 N. Y. Supp. 631.

An application to compel relatives to maintain poor persons should be made by the county superintendent, where all the poor are a charge upon the county. *Supreme Court, July, 1887. Matter of Tillotson v. Smith*, 12 St. Rep. 332.

CARE OF AGED, DECREPIT AND FEEBLE-MINDED PERSONS.

AN ACT to provide for the care of aged, decrepit, and mentally enfeebled persons who are not insane.

Chapter 914, Laws of 1896.

Section 1. It shall be lawful for the state board of charities, within ten days after the passage of this act, to exercise supervision over all aged, decrepit and feeble-minded persons who are not proper subjects for care and treatment in a hospital for the insane, but who, on application by themselves, or by their relatives, or if without relatives, then by their friends or legal guardians, seek to obtain admission into any homes, retreats, or other asylums which may be authorized under the provisions of this act, to receive and administer to their necessities in a safe and humane manner.

§ 2. The state board of charities, in the exercise of such official supervision, is hereby empowered to license any home, retreat, or other asylum devoted to the sole purpose of keeping and caring for such aged, decrepit or mentally enfeebled persons whenever in the judgment of said board such home, retreat or asylum possesses the necessary equipment in officers and attendants, together with suitable domestic accommodations in all other respects, for the safe and humane maintenance of such patients. And the power of exercising supervision over such institutions by the state board of charities, and of visiting and inspecting them and their inmates at all times, shall be the same as now belongs to them in respect to the other institutions under their care.

§ 3. Any person not a minor may voluntarily enter such a licensed institution upon filing an application of his intention with the superintendent thereof, supported by the affidavits of two reputable physicians of the places of residence of such person, certifying to the fact that the said applicant, though aged, decrepit or mentally enfeebled, is not insane nor a proper subject for treatment in a hospital for the insane, and that he goes there with the consent of his relatives, friends, or legal guardians.

§ 4. In case such applicant be incompetent to act for himself, a similar application may be made in his behalf by any relative,

friend or legal guardian in whose charge, or by whose assistance he is maintained, and the superintendent of such institution is hereby authorized to receive him in like manner as above stated.

§ 5. Any patient upon application made to the state board of charities by him, or his friends or legal guardians, may be discharged from any such home, retreat or asylum, and placed in the care of his friends or other suitable place as the said board, in their judgment, may deem best.

AN ACT to provide for a permanent establishment for the cure and prevention of hydrophobia.

Chapter 770, Laws of 1895.

Section 1. Patients sent to Pasteur Institute.—Overseers of the poor or other officers having charge of the dispensation of public charity in the several counties of this state may hereafter send to the Pasteur institute in the city of New York all persons duly certified by regular physicians to have been bitten by rabid animals or otherwise put in danger of infection with rabies. (*As amended by chapter 482 of the Laws of 1901.*)

§ 2. Transportation, cost of.—The transportation of such persons, with necessary attendant or attendants, to and from the city of New York, shall be a charge upon the counties in which they reside. (*As amended by chapter 482 of the Laws of 1901.*)

§ 4. Institute open to inspection.—The Pasteur institute of the city of New York shall be at all times open to the inspection

of the Governor and of the State Board of Health or of the accredited representative of either, and shall annually, on or before the fifteenth of January of each year make its report to the Legislature.

§ 5. All acts and parts of acts inconsistent with this act are hereby repealed.

CARE OF INDIGENT AND PAUPER CHILDREN.

AN ACT to revise and consolidate the statutes of the state relating to the custody and care of indigent and pauper children by orphan asylums and other charitable institutions.

Chapter 438. Laws of 1884.

Section 1. Guardianship of indigent children may be committed to any incorporated orphan asylum.—The guardianship of the person and the custody of any indigent child may be committed to any incorporated orphan asylum or other institution incorporated for the care of orphan, friendless or destitute children, by an instrument in writing signed by the parents of such child, if both such parents shall then be living, or by the surviving parent, if either parent of such child be dead, or if either one of such parents shall have, for the period of six months then next preceding, abandoned such child, by the other of such parents, or if the father of such child shall have neglected to provide for his family during the six months then next preceding, or if such child be a bastard, by the mother of such child; or if both parents of such child shall then be dead, by the guardian of the person of such child, legally appointed, with the approval of the court or officer which appointed such guardian to be entered of record; or if both parents of such child shall then be dead and no legal guardian of the person of such child shall have been appointed, and no guardian of such child shall have been appointed by a last will and testament, or by a deed by either parent thereof, or if the parents of such child shall have abandoned such child for the period of six months then next preceding, by the mayor of the city or by the county judge of the county in which such asylum or such other institution shall be located, upon such terms, for such time, and

subject to such conditions as may be agreed upon by the parties to such written instrument. And such written instrument may provide for the absolute surrender of such child to such corporation. But no such corporation shall draw or receive money from public funds for the support of any such child committed under the provisions of this section, unless it shall have been determined by a court of competent jurisdiction that such child has no relative, parent or guardian living, or that such relative, parent or guardian, if living, is destitute and actually unable to contribute to the support of such child.

CHARITABLE CORPORATION—NOT LIABLE FOR INJURY TO INMATE.—"A corporation incorporated under chapter 319 of the Laws of 1848, as amended by chapter 446 of the Laws of 1883, 'to maintain and support an industrial school and asylum for the sustenance and education of male orphan children,' which is conducted by the Christian Brothers without compensation, and which is largely supported by charity, although it receives from the various counties of the State a certain weekly sum for the support of the boys committed to it by the magistrates and other correctional officers of the county pursuant to section 713 of the Penal Code, and also a small sum for the sale of surplus farm products and manufactured articles, is a charitable and benevolent corporation and is not liable to a boy committed to it by a police magistrate for injuries sustained by him while operating a machine in the laundry of the institution in consequence of the negligence of the foreman of the laundry in failing to instruct him concerning the operation of the machine and to warn him of the dangers incident thereto. The rule of *respondent superior* does not apply to the case.

"*Semble*, that, as to such an inmate, the institution acts as one of the governmental agencies of the State, and is, therefore, not liable for negligence."

Corbett, guardian, to recover damages from St. Vincent's Industrial School, Utica, for injuries sustained by plaintiff while assisting in operating a mangle. Supreme Court, January, 1902. Corbett v. St. Vincent's Industrial School of Utica (79 App. Div. 334), reversing judgment of Supreme Court in favor of plaintiff.)

§ 2. A commissioner, other than the president, may be removed by the governor for cause, stated in writing, after an opportunity has been given him to be heard thereon. The full term of office of a commissioner other than the president shall be six years. When the term of office of a commissioner other than the president expires at a time other than the last day of December, the term of office of his successor is abridged so as to expire on the last day of December preceding the time when such term would otherwise expire, and the term of office of each such commissioner thereafter appointed shall begin on the first day of January. The commissioners shall be appointed by the governor, by and with the advice and consent of the senate. (*As amended by chapter 137 of the Laws of 1901, chapter 330 of the Laws of 1904, and chapter 490 of the Laws of 1905.*)

§ 4. The salaries and reasonable expenses of the commission and of the necessary clerical assistants shall be paid by the treasurer of the state on the warrant of the comptroller, out of any moneys appropriated for the support of the insane. The commission in lunacy may also appoint a medical inspector, who shall be a well educated physician, a graduate of an incorporated medical college, and who shall have had actual experience in an institution for the care and treatment of the insane. Such inspector shall receive an annual salary to be fixed by the commission subject to the approval in writing of the governor and the action of the legislature, not to exceed five thousand dollars, and all his actual and necessary traveling expenses incurred by him in the performance of his duties, which shall be audited and paid in the same manner as the other expenses of the commission. He shall, subject to the

direction of the commission, visit and inspect the several state hospitals and other institutions for the insane which are subject to the supervision, visitation and inspection of the commission. He shall, subject to the direction of the commission, make an examination, so far as circumstances may permit, of the patients confined in such hospitals and institutions, especially those admitted thereto since his preceding visit, giving such as may request it suitable opportunity to converse with him apart from the officers and attendants. He shall perform such other duties as may be prescribed and directed by the commission. (*As amended by chapter 221 of the Laws of 1903, and chapter 490 of the Laws of 1905.*)

§ 5. Official seal and execution of papers.—The commission shall have an official seal. Every process, order or other paper issued or executed by the commission, may, by the direction of the commission, be attested, under its seal, by its secretary or by any member of the commission, and when so attested shall be deemed to be duly executed by the commission.

§ 6. General powers.—The commission is charged with the execution of the laws relating to the custody, care and treatment of the insane, as provided in this act not including feeble-minded persons and epileptics as such and idiots. They shall examine all institutions, public and private, authorized by law to receive and care for the insane, and inquire into their methods of government and the management of all such persons therein. They shall examine into the condition of all buildings, grounds and other property connected with any such institution, and into all matters relating to its management. For such purpose each commissioner shall have free access to the grounds, buildings and all books and papers relating to any such institution. All persons connected with any such institution shall give such information, and afford such facilities for any such examination or inquiry as the commissioners may require. The commission may, by order, appoint a competent person to examine the books, papers and accounts, and also into the general condition and management of any institution to the extent deemed necessary and specified in the order. The commission may endeavor to secure legislation from congress to provide more effectually for the removal of alien and nonresident insane and may expend a reasonable sum there-

§ 6-a. General powers as to state hospitals.—The commission shall, subject to the powers hereinafter granted to boards of managers:

Such visits shall be made on such days and at such hours of the day or night, and for such length of time, as the visiting commissioner may choose. But each commissioner may make such other visits as he or the commission may deem necessary. Each visit shall include, to the fullest extent deemed necessary, an inspection of every part of each institution, and all the out-houses, places, buildings and grounds belonging thereto or used in connection therewith. The commissioners shall, from time to time, make an examination of all the records and methods of administration, the general and special dietary, the stores and methods of supply, and, as far as circumstances may permit, of every patient confined therein, especially those admitted since the preceding visit, giving such as may require it suitable opportunity to converse with the commissioners apart from the officers and attendants. They shall, as far as they deem necessary, examine the officers, attendants and other employes, and make such inquiries as will determine their fitness for their respective duties. At the next regular or special meeting of the commission, after any such visit, the visiting commissioners shall report the result thereof, with such recommendations for the better management or improvement of any such institution, as they may deem necessary. But such recommendations shall not be contrary to the doctrines of the particular school of medicine adopted by such institutions. The commissioners shall, at least once each year, at a time to be appointed by the commission,

All persons having charge of, and connected with, any such sanitarium or institution shall permit any member of the commission and the medical inspector to have free access to any portion thereof, and shall give such information and afford such facilities for inspection or inquiry, as the member of the commission, or the medical inspector, making such visit and inspection, may require. (*Added by chapter 497 of the Laws of 1905.*)

§ 8. Regulations and forms.—The commission shall make such regulations in regard to the correspondence of the insane in custody as in its judgment will promote their interests, and it shall be the duty of the proper authorities of each institution to comply with and enforce such rules and regulations. The books of record and blank forms for the official use of the hospitals shall be uniform, and shall be approved by the commission.

§ 10. State hospital districts; how defined.—The state commission in lunacy shall divide the state into as many state hospital districts as there are state hospitals. No county shall be divided in such classification, unless more than one of the existing state hospitals be situated within such county. Whenever the commission shall deem it necessary to more conveniently care for the insane in the various hospitals, it may change the limits of such hospital districts. When a new state hospital shall be established it shall again divide the state into hospital districts. Before any change or reestablishment of hospital districts shall be made, the board of managers of each hospital to be affected thereby shall be notified by the commission that they may be heard in regard thereto, at a time and place to be specified in said notice. Such hospital districts shall be so defined that the number of patients in each district shall be in proportion, as nearly as practicable, to the accommodations which are or may be provided by the state hospital or hospitals within such district. The commission may provide for the commitment of patients from any part of the city of New York to any state hospital located in the city of New York, or to the Kings park state hospital, or to the Central Islip state hospital. (*As amended by chapter 634 of the Laws of 1900, chapter 26 of the Laws of 1902, and chapter 490 of the Laws of 1905.*)

§ 11. Change of hospital districts and reassignment of patients.—When a change or reestablishment of state hospital districts shall be made, or a new state hospital district created, the commission shall make a report thereof, designating the counties included within each district affected thereby, and file the same with the secretary of state, and send a copy to the managers and

No examiner shall be qualified until he has received from the commission an acknowledgment of the receipt and filing of his certificate.

§ 13. Record of patients.—The commission shall keep in its office, and accessible only to the commissioners, their secretary and clerk, except by the consent of the commission or one of its members, or an order of a judge of a court of record, a record showing:

To prevent overcrowding in the state hospitals, it shall recommend to the legislature the establishment of other state hospitals, in such parts of the state as in its judgment will best meet the requirements of such insane. It shall also furnish to the legislature in each year, an estimate of the probable number of patients who will become inmates of the respective state hospitals during the year beginning October first next ensuing, and the cost of all the additional buildings and equipments, if any, which will be required to carry out the provisions of this chapter relating to the care, custody and treatment of the poor and indigent insane of the state. § 33. General powers and duties of boards of managers.—Subject to the statutory powers of the commission, boards of managers shall have the general direction and control of all the property and internal affairs of the institutions for which they are respectively appointed, except as otherwise provided by law. A committee consisting of one member of each board of managers, or other representative designated by such board, shall establish by-laws, rules and regulations governing the appointment and duties of officers and employes of all the state hospitals, and for the internal government, discipline and management of the same, subject to the approval of the commission. Such by-laws, rules and regulations shall be uniform for all the state hospitals, and shall not be inconsistent with the provisions of this act nor with the provisions of the civil service law and the rules and regulations established thereunder. The by-laws, rules and regulations established by the state commission in lunacy and in force on the first day of April, nineteen hundred and five, shall continue in force except as they may hereafter be modified, amended or repealed as provided by this act. The managers shall not receive any compensation for their services, but shall receive actual and necessary traveling and other expenses, to be paid after audit as other current expenditures of the hospital. Each board shall, in October of each year, elect from among its members a president and a secretary. The superintendent shall personally submit at each monthly meeting of the board of managers a report showing changes in population, health of patients, officers and employes; accidents, suicides, unusual sickness, infectious diseases; important occurrences relating to the welfare of the patients and to the

management and discipline of the employees, and such other matters as the board may specify. Each board shall:

1. Take care of the general interests of the hospital and see that its design is carried into effect, according to law, and the by-laws, rules and regulations, made as above provided.

2. Maintain an effective inspection of the hospital, for which purpose the board, or a majority of its members, shall visit and inspect the hospital at least once each month. Each board shall make a written report to the commission and to the governor within ten days after each inspection, such report to be signed by each member making the inspection. Such reports shall state in detail the condition of the hospital and of its inmates, and such other matters pertaining to the management and affairs thereof as in the opinion of the board should be brought to the attention of the commission or the governor, and may contain recommendations as to needed improvements in the hospital or in its management.

3. Keep in a book provided for that purpose, a fair and full record of their doings, which shall be open at all times to the inspection of the governor of the state, the commissioners in lunacy, or any person appointed by the governor, the commission in lunacy, or either house of the legislature to examine the same.

4. Hold regular meetings at least once each month, and cause to be typewritten within ten days after each such meeting, the minutes and proceedings of such meeting, and cause a copy thereof to be sent forthwith to each member of such board, to the commission, and to the governor.

5. Enter in a book, kept at the hospital for that purpose, the date of each visit of each manager.

6. Make to the commission, in October of each year, a detailed report of the results of their visits and inspection, with suitable suggestions and such other matters as may be required of them by the commission, for the year ending on the thirtieth day of September preceding the date of such report. Such report shall be prepared by a committee of the board, subject to the approval of the board.

7. Investigate, hear and determine the truth of all charges made against the superintendent or other officer or employe of a hospital, issue subpoenas and take and hear testimony in respect to

such charges. A witness attending before such board shall be entitled to the same fees as a witness attending before a court of record or a judge thereof, which shall be paid as other hospital charges. The resident officers shall admit such managers into every part of the hospital and its buildings, and exhibit to them on demand all the books, papers, accounts and writings belonging to the hospital, or pertaining to its business, management, discipline or government, and furnish copies, abstracts and reports whenever required by them. (*As amended by chapter 380 of the Laws of 1900, chapter 26 of the Laws of 1902, and 490 of the Laws of 1905.*)

§ 34. Officers.—The commission in lunacy, pursuant to the civil service law and the rules and regulations of the state civil service commission, shall appoint, subject to the approval of the board of managers for each hospital, as often as a vacancy shall occur therein a superintendent. Whenever a vacancy shall occur in the office of superintendent of any state hospital the commission in lunacy, with the approval of the board of managers of such hospital, may transfer to such position the superintendent of any other state hospital, subject to the civil service law, and subject to the consent of the board of managers of such other state hospital. The superintendent shall be a well educated physician and a graduate of an incorporated medical college, of at least five years' actual experience in an institution for the care and treatment of the insane. The superintendents and all assistant physicians of homeopathic hospitals for the insane shall be homeopathic physicians, but such homeopathic physicians shall not be eligible to appointment in or transfer to state hospitals that are not for homeopathic treatment. Each superintendent shall be the treasurer of the state hospital for which he is appointed, unless the commission shall designate a person to act as treasurer as hereinafter provided, and before entering upon his duties as such treasurer shall file with the comptroller of the state his undertaking to the people in an amount and with sureties to be approved by the state comptroller to the effect that he will faithfully perform his trust as such treasurer. The superintendent may be removed by a vote of a majority of the board of managers for cause stated in writing, and after an opportunity has been given him to be heard thereon, and such action, when approved

by the commission, shall be final. Pending the investigation of any charges against a superintendent, and the decision thereon, the board of managers may suspend such superintendent. The commission may prefer charges of misconduct or incompetency against any superintendent to the board of managers of the hospital of which he is superintendent, and the board shall thereupon investigate the truth of such charges. On the first day of April, nineteen hundred and two, the office of treasurer in each of the state hospitals shall be abolished, and their powers and duties may be conferred upon the superintendent, or the commission may designate a person in its office to act as treasurer for all the hospitals, who shall have the powers, and perform the duties of treasurer as to such hospital, as prescribed in this chapter, and shall perform such other duties as the commission may impose. The person so designated, before entering upon the performance of his duties as such treasurer, shall file with the comptroller his undertaking in an amount and with sureties to be approved by him, to the effect that he will faithfully perform his trust as such treasurer. A superintendent or a steward in office on the first day of April, nineteen hundred and five, shall be continued in office until removed, pursuant to law, notwithstanding the change hereby made in the manner of his appointment. (*As amended by chapter 676 of the Laws of 1900, chapter 26 of the Laws of 1902, and chapter 490 of the Laws of 1905.*)

§ 35. General powers and duties of superintendent.—The superintendent of each hospital shall be its chief executive officer, and in his absence or sickness, the first assistant physician or other officer designated by the superintendent shall perform the duties, exercise the powers and be subject to the responsibilities of the superintendent. Subject to the by-laws and regulations established by the commission and the managers under the provisions of section thirty-three of this act, the superintendent shall have general superintendence of the buildings, grounds and farm, together with their furniture, fixtures and stock, and the direction and control of all persons therein, and subject to such by-laws and regulations shall:

1. Personally maintain an effective supervision and inspection of all parts of the hospital and generally direct the care and treatment of the patients. To this end the superintendent shall

2. Appoint such resident officers including a woman physician, and such employes as he may think proper and necessary for the economical and efficient performance of the business of the hospital and prescribe their duties and, for cause stated in writing, after an opportunity to be heard, discharge any of such employes in his discretion, but an appointment of a steward by such superintendent shall be approved by the commission before taking effect, and such steward shall not be removed without the consent in writing of the commission. The number of such resident officers and employes shall be determined from time to time by the commission. The commission may, with the approval of the governor, abolish the office of any of such resident officers or employes. The superintendent may remove any resident officer, for cause stated in writing, after an opportunity to be heard, and such action shall be final. Upon any such removal he shall make a record thereof, with the reasons therefor, under the appropriate head in one of the books of the hospital.

The superintendent, assistant physicians, including the woman physician, steward and matron shall constantly reside in the hospital, or on the premises, except as provided in section thirty-eight of this act, and shall be designated the resident officers of the hospital. The assistant physicians, including the woman physician, shall be graduates of an incorporated medical college, and shall possess such other qualifications as may be required by law.

3. Transmit, by mail, to the commission in lunacy, and to the president of the board of managers, within five days after any such discharge, information of such discharge, and of the cause thereof. The commission shall preserve the name of such officer, or employe, with the facts relating to his discharge, in a book provided for that purpose.

4. Designate hospital attendants or employes to act as special policemen, whose duty it shall be, under the orders of the superintendent, to arrest and return to the hospital insane persons who may escape therefrom, and to preserve peace and good order

in such hospital and to fully protect the grounds, buildings and patients. Such attendants and employes, acting as policemen, shall possess all the powers of peace officers on the grounds and premises of such hospital and to the extent of one hundred yards beyond such grounds. The designation of such attendants and employes as special policemen, in pursuance hereof, shall not be deemed to supersede, on the grounds and premises of such hospital, the authority of peace officers of the jurisdiction within which such hospital is located.

5. Give such orders and instructions as he may deem best calculated to insure good conduct, fidelity and economy in every department of labor and expense.

6. Maintain salutary discipline among all who are employed in the institution and enforce strict compliance with his instructions and uniform obedience to all rules and regulations of the hospital.

7. Establish and supervise a training school for attendants and nurses, under rules and regulations of the hospital.

The superintendent shall hold at least two meetings weekly with the medical staff, at which the condition of patients, especially those recently admitted, shall be considered, and matters of medical service generally shall be given attention. The superintendent shall cause a complete clinical record to be made of each patient, to be kept in such form and to comprise such matters as the commission may direct.

9. Cause full and fair accounts and records of the entire business and operation of the hospital, to be kept regularly, from day to day, in books provided for that purpose.

10. See that all such accounts and records are fully made up to the last day of September in each year, and that the principal facts and results, with his report thereon, be presented to the board of managers within thirty days thereafter, who shall incorporate it in their report to the commission. The commission may prescribe the form of and the subjects to be embraced in such reports. Such superintendent shall make other reports at such times, in such manner and in respect to such matters as the board of managers or the commission may direct.

11. Keep a book, in which he shall cause to be entered at the time of reception of any patient, his name, residence and occu-

pation, and the date of such reception, by whom brought and by what authority and on whose petition committed, and an abstract of all orders, warrants, requests, petitions, certificates and other papers accompanying such person. (*As amended by chapter 26 of the Laws of 1902, and chapter 490 of the Laws of 1905.*)

Upon the revision and approval of such estimate by the commission, the comptroller shall authorize the superintendent as treasurer, or such other officer as the commission may designate as provided in this chapter, to make drafts on the comptroller, as the money may be required for the purposes mentioned in such estimates, which drafts shall be

The amount received from the sale of such tickets shall be paid into such fund and shall be available for the purchase of additional tickets as above provided. Libraries may be furnished to any state hospital by the regents of the university of the state of New York, subject to the regulations adopted by them and the commission, the expense of which shall be included in the quarterly estimates of the hospitals. Any general expenses necessarily incurred by the commission for or on account of the state hospitals shall be apportioned to such hospitals on the basis of the number of patients, and included in the estimates of such hospitals, made as provided in this section under the direction of the commission. 4. Deposit all money received from the comptroller on account of estimates in a bank designated by the comptroller, in his name as treasurer, and send each month to the comptroller and to the commission a statement, showing the amount so received and deposited, and from whom and for what received, and when such deposits were made. Such statement of deposit shall be certified by the proper officer of the bank receiving such deposit. The superintendent as treasurer, or other officer designated as treasurer by the commission, as provided in this chapter, shall make an affidavit to the effect that the sum so deposited is all the money received by him, from any source of hospital income up to the time of the last deposit appearing on such statement. A bank designated by the comptroller to receive such deposits shall, before any deposit is made, execute a bond to the people of the state, in a sum approved by the comptroller, for the safe keeping of the funds deposited.

5. Pay out the money deposited for the uses of the state hospital, upon the voucher of the steward; where a person has been designated as treasurer, as provided in this chapter, such voucher shall be countersigned by the superintendent.

6. Keep full and accurate accounts of all receipts and payments, in the manner and according to books and forms prescribed and furnished by the commission.

§ 41. Monthly statements of receipts and expenditures; vouchers.—The superintendent as treasurer of each state hospital or such other officer as may be designated as treasurer by the commission, as provided in this chapter, shall, on or before the fifteenth day of each month, make to the comptroller and to the commission a full and perfect statement of all the receipts and expenditures, specifying the several items, for the last preceding calendar month. Such statement shall be verified by the affidavit of the treasurer attached thereto, in the following form:

I, treasurer of the state hospital, do solemnly aver that I have deposited in the bank designated by law for such purpose, all the moneys received by me on account of the hospital during the last month, and I do further swear that the foregoing is a true abstract of all the moneys received and payments made by me or under my direction as such treasurer during the month ending on the day of, 19 ..

There shall also be forwarded to the commission the affidavit of the steward, to the effect that all goods and other articles for which vouchers are rendered were purchased and received by him, or under his direction, at the hospital; that the goods were purchased at a fair cash market price and paid for in cash, or on credit, not exceeding sixty days, and that he or any person in his behalf, had no pecuniary or other interest in the articles purchased; that he received no pecuniary or other benefit therefrom in the way of commission, percentage, deductions or presents, or in any other manner whatever, directly or indirectly; that the articles for which vouchers are rendered were received at the hospital; that they were conformed in all respects to the invoiced goods received and ordered by him, both in quality and quantity. Such vouchers shall be examined by the commission and compared with the estimates made for the month for which the statement is rendered, and if found correct shall be endorsed and forwarded by the commission, with the statement to the comp-

troller. If any voucher is found objectionable, the comptroller shall endorse his disapproval thereon, with the reason therefor, and return it to the commission, who shall present it to the superintendent for correction, and when corrected return it to the comptroller. All such vouchers shall be filed in the office of the comptroller. (*As amended by chapters 26 and 130 of the Laws of 1903, and chapter 490 of the Laws of 1905.*)

§ 42. Action to recover moneys due the hospital.—The superintendent of any state hospital may bring an action in the name of the hospital, to recover for the use thereof:

1. The amount due upon any note or bond in his hands belonging to the hospital.

2. The amount charged and due, according to the by-laws of the hospital, for the support of any patient therein, or for actual disbursements made in his behalf for necessary clothing and traveling expenses, and to enforce any liability created by statute for the care and support of the insane.

3. Upon any cause of action accruing to the hospital.—(*As amended by chapter 380 of the Laws of 1900, chapter 26 of the Laws of 1902 and chapter 490 of the Laws of 1905.*)

§ 43. General powers and duties of the steward.—The steward, under the direction of the superintendent, and subject to the rules and regulations of the hospital, shall be accountable for the careful keeping and economical use of all furniture, stores and other articles provided for the hospital, and under the direction of the superintendent, and subject to such rules and regulations, shall:

1. Make all purchases for the hospital, except as otherwise provided in this chapter, and preserve the original bills and receipts thereof, and keep full and accurate accounts of the same.

2. Prepare and keep the pay-rolls of the hospital.

3. Keep the accounts for the support of patients and expenses incurred in their behalf, and furnish the treasurer statements thereof as they fall due.

4. Notify the treasurer of the death or discharge of any reimbursing or pay patient, within five days after such death or discharge. (*As amended by chapter 26 of the Laws of 1902, and chapter 490 of the Laws of 1905.*)

§ 44. Purchases and contracts.—All purchases of supplies for the use of the hospital shall be made for cash or on credit or time,

not exceeding sixty days; every voucher shall be duly filled up, and with every abstract of vouchers paid, there shall be proof on oath that the voucher was properly filled up and the money paid. No expenditure for supplies or other purposes shall be made for the benefit of such hospital, by contract or otherwise, unless in conformity with the provisions of this act in relation to estimates. No member of the commission, manager or officer of a hospital shall be interested, directly or indirectly, in the furnishing of material, labor or supplies for the use of the hospital, nor shall any such manager or officer act as attorney or counsel for such hospital. Contracts subject to the approval of the commission shall be entered into jointly, by the stewards of the state hospitals for such staple articles of supplies, as it may be found feasible by the commission to purchase for the use of the hospitals. Such contracts shall not be let except in conformity with the provisions of this act relating to estimates. The state hospitals may manufacture such supplies and materials to be used in any of such hospitals as can be economically made therein. All goods for the use of the hospitals shall be bought, as far as practicable, of manufacturers or their immediate agents. All contracts, if let, shall, subject to the provisions of section thirty-nine, relating to estimates, be awarded to the lowest responsible bidders. A member of the commission or an officer, manager or employe of a state hospital shall not receive a gift or reward for himself or the hospital from any person, firm or corporation dealing in goods or supplies suitable or necessary for the use of the hospital. All purchases and contracts made and executed in pursuance of law, prior to June first, nineteen hundred and five, shall thereafter be given full force and effect, notwithstanding the change in the management of the state hospitals. (*As amended by chapter 380 of the Laws of 1900, chapter 26 of the Laws of 1902, and chapter 490 of the Laws of 1905.*)

§ 45. Official oath.—Each superintendent and steward of a hospital, before entering upon his duties as such, shall take the constitutional oath of office and file the same in the office of the secretary of state. (*As amended by chapter 26 of the Laws of 1902.*)

§ 46. Actions against commissioners in lunacy, managers or officers of state hospitals.—No civil action shall be brought in any court against the commission, or a commissioner in lunacy, or an

officer or a manager of a state hospital, for alleged damages because of any act done or failure to perform any act, while discharging their official duties, without leave of a judge of the supreme court, first had and obtained. Any just claim for damages against such commission or commissioner, officer, manager, or employe for which the state would be legally or equitably liable, may be paid out of any moneys appropriated for the care of the insane. (*As amended by chapter 26 of the Laws of 1902, and chapter 490 of the Laws of 1905.*)

§ 47. Private institutions for the insane.—No person, association or corporation shall establish or keep an institution for the care, custody or treatment of the insane, for compensation or hire, without first obtaining a license therefor from the commission. Every application for such license shall be accompanied by a plan of the premises proposed to be occupied, describing the capacities of the buildings for the uses intended, the extent and location of grounds appurtenant thereto, and the number of patients proposed to be received therein, with such other information, and in such form, as the commission may require. The commission shall not grant any such license without first having made an examination of the premises proposed to be licensed, and being satisfied that they are substantially as described, and are otherwise fit and suitable for the purposes for which they are designed to be used, and that such license should be granted. The commission may, at any and all times, examine and ascertain how far a licensed institution is conducted in compliance with the license therefor, and after due notice to the institution and opportunity for it to be heard, the commission having made a record of the proceeding upon such hearing, may, if the interest of the inmates of the institution so demand, for just and reasonable cause then appearing and to be stated in its order, amend or revoke any such license by an order to take effect within such time after the service thereof upon the licensee, as the commission shall determine.

§ 48. Recommendations of commission.—The authorities of each institution for the insane shall place on file in the office of the institution, the recommendations made by the commissioners as a result of their visits, for the purpose of consultation by such authorities, and for reference by the commissioners upon their visits.

§ 49. Visitors to state hospitals.—Justices of the supreme court are authorized to appoint visitors to state hospitals, upon nomination of the state charities aid association, as provided by law.

§ 50. Manhattan State Hospital; lease of property.—The transfer of the institutions, formerly known as the New York city asylums for the insane, to the custody and control of the Manhattan State Hospital, made pursuant to chapter two of the laws of eighteen hundred and ninety-six, and the lease and conveyance described in section two of such chapter are hereby ratified and confirmed. The lease of the island known as Ward's island, together with all the buildings and improvements thereon and the equipment, fixtures and furniture of the asylums for the insane located on such island, executed as prescribed in section two of chapter two of the laws of eighteen hundred and ninety-six, shall continue and remain in full force and effect until the same shall either be surrendered by the state or terminated by the city of New York. Such lease may be surrendered at any time by the state, or the same may be terminated by the city of New York by fifteen years' notice, in writing, signed by the mayor of such city, to the comptroller of the state. If such lease is terminated by the city of New York, the city shall pay to the state, the value, at the time of such termination, of all buildings that may have been erected and of all improvements that may have been made by the state on the premises as to which the lease is terminated. The amount so to be paid shall be determined by appraisalment of five competent, disinterested persons, two of whom shall be named by the governor, two by the mayor of the city of New York, and the fifth by the four persons so named. In case such lease is surrendered or terminated, as provided in this section or otherwise, adequate provision shall thenceforth be made by the state for the care and custody of all insane persons who may be inmates of the institution affected. (*Added by chapter 380 of the Laws of 1900.*)

§ 51. Manhattan state hospital; docks, ferry-boats, and removal of dead bodies.—After notice has been given to the board of managers of the Manhattan state hospital and an opportunity has been afforded them for a hearing, the commission is hereby authorized to acquire by purchase or by lease, for the use of the Manhattan state hospital, in the city of New York, at some point as

nearly opposite Ward's island as may be available, a dock which shall be suitable for the purpose of a landing and a depot for the general use of the hospital; also to purchase or lease one or more suitable steamboats to be used for the conveyance of patients and supplies to and from such hospital. Until the state provides a cemetery for the use of the hospital the commissioner of public charities of the city of New York shall continue to remove the dead bodies of insane patients from Ward's island, and to provide for the burial of the unclaimed dead as prescribed by law prior to the passage of chapter two of the laws of eighteen hundred and ninety-six, and also to afford transportation by their steam ferry-boats for such bodies as are claimed by friends at the hospital, such removal to be made within twenty-four hours after receipt of notice from the superintendent of the Manhattan state hospital. (*Added by chapter 380 of the Laws of 1900, and amended by chapter 26 of the Laws of 1902, and chapter 490 of the Laws of 1905.*)

§ 52. Acquisition of property for use of state hospitals by condemnation and otherwise.—The state commission in lunacy may acquire, under the condemnation law, such real estate, right or interest therein as may be necessary for the construction, maintenance and accommodation of a state hospital, if unable to agree with the owner thereof for its purchase. The proceedings for the purpose of acquiring such real estate, right or interest therein, shall be instituted and maintained in the name of the people of the state of New York, by the attorney-general or by such counsel as the governor or attorney-general may designate for that purpose, upon the certificate of such commission as to the necessity of acquiring such real estate, right or interest therein, approved and endorsed by the governor. The commission may acquire and hold in the name of and for the people of the state of New York, by grant, gift, devise or bequest, property to be applied to the maintenance of insane persons in and for the general use of a hospital. (*Added by chapter 380 of the Laws of 1900, and amended by chapter 490 of the Laws of 1905.*)

§ 53. Erection, repairs and improvements of state hospital buildings.—Except as hereinafter in this section provided, all plans and specifications for the erection, repairs and improvements of state hospital buildings shall be prepared by the state

architect, and he may employ such experts, engineers and assistants as may be necessary for the proper conduct of such work, whose compensation shall be fixed by said architect, with the approval of the commission, and shall be paid by the treasurer of the hospital where the work is to be performed, out of any moneys allotted by the commission for that purpose. The supervising engineer of the state commission in lunacy shall, when directed by the commission, prepare plans and specifications for the installation, repairs and improvements of the mechanical appliances and fixtures in the existing state hospitals, which before adoption shall be approved by the state architect. Before adopting any plans or specifications for the erection, repair or improvement of a state hospital building the commission shall submit the plans and specifications therefor to the board of managers of such hospital, and shall allow such board a period of not less than fifteen, nor more than sixty, days in which to submit a statement of their opinions and suggestions in regard to such plans and specifications. Contracts for such erection, repairs and improvements may be let by the commission, subject to the approval of the governor and comptroller, for the whole or any part of the work to be performed, and in the discretion of the commission, such contracts may be sublet. The comptroller and the commission shall determine to what extent and for what length of time advertisements are to be inserted in newspapers for proposals for the erection, repairs or improvements of state hospital buildings. A preliminary deposit, or certified check drawn upon some legally incorporated bank in this state, shall in all cases be required as an evidence of good faith, upon all proposals for buildings, repairs and improvements, to be deposited with the treasurer of the hospital for which the work is to be performed, in an amount to be determined by the state architect. All contracts for the erection, repairs or improvements to hospitals, shall contain a clause that the contract shall only be deemed executory to the extent of the moneys available, and no liability shall be incurred by the state beyond the moneys available for the purpose. The commission is directed, to the fullest extent deemed practicable, to provide additional buildings for the removal of the insane from the Long Island state hospital at Flatbush. (*Added by chapter 380 of the*

s of 1900, amended by chapter 26 of the Laws of 1902, and after 490 of the Laws of 1905.)

54. Streets and railroads through hospital lands.—No public street or road for railroad or other purposes shall be opened through the lands of a state hospital, unless the legislature by special law consents thereto. (*Added by chapter 26 of the Laws of 1902.*)

Section 60. Order for commitment of an insane person.—A person alleged to be insane, and who is not in confinement on a criminal charge, may be committed to and confined in an institu-

tion for the custody and treatment of the insane, upon an order made by a judge of a court of record of the city or county, or a justice of the supreme court of the judicial district, in which the alleged insane person resides or may be, adjudging such person to be insane, upon a certificate of lunacy made by two qualified medical examiners in lunacy, accompanied by a verified petition therefor, or upon such certificate and petition, and after a hearing to determine such question, as provided in this article. The commission shall prescribe and furnish blanks for such certificates and petitions, which shall be made only upon such blanks. An insane person shall be committed only to a state hospital, a duly licensed institution for the insane, or the Matteawan State hospital, or to the care and custody of a relative or committee, as hereinafter provided. No idiot shall be committed to or confined in a state hospital. But any epileptic or feeble-minded person becoming insane may be committed as an insane person to a state hospital for custody and treatment therein.

§ 61. Medical examiners in lunacy; certificates of lunacy.—The certificate of lunacy must show that such person is insane and must be made by two reputable physicians, graduates of an incorporated medical college, who have been in the actual practice of their profession at least three years, and have filed with the commission a certified copy of the certificate of a judge of a court of record, showing such qualifications in accordance with forms prescribed by the commission. Such physicians shall jointly make a final examination of the person alleged to be insane within ten days next before the granting of the order. The date of the certificate of lunacy shall be the date of such joint examination. Such certificate of lunacy shall be in the form prescribed by the commission, and shall contain the facts and circumstances upon which the judgment of the physicians is based and show that the condition of the person examined is such as to require care and treatment in an institution for the care, custody and treatment of the insane. Neither of such physicians shall be a relative of the person applying for the order, or of the person alleged to be insane, or a manager, superintendent, proprietor, officer, stockholder, or have any pecuniary interest, directly or indirectly, or be an attending physician in the institution to which it is proposed to commit such person.

§ 62. Proceedings to determine the question of insanity.—Any person with whom an alleged insane person may reside or at whose house he may be, or the father or mother, husband or wife, brother or sister, or the child of any such person, and any overseer of the poor of the town, and superintendent of the poor of the county in which any such person may be, may apply for such order, by presenting a verified petition containing a statement of the facts upon which the allegation of insanity is based, and because of which the application for the order is made. Such petition shall be accompanied by the certificate of lunacy of the medical examiners, as prescribed in the preceding section. Notice of such application shall be served personally, at least one day before making such application, upon the person alleged to be insane, and if made by an overseer or superintendent of the poor, also upon the husband or wife, father or mother or next of kin of such alleged insane person, if there be any such known to be residing within the county, and if not, upon the person with whom such alleged insane person may reside, or at whose house he may be. The judge to whom the application is to be made may dispense with such personal service, or may direct substituted service to be made upon some person to be designated by him. He shall state in a certificate to be attached to the petition his reason for dispensing with personal service of such notice, and if substituted service is directed, the name of the person to be served therewith. The judge to whom such application is made may, if no demand is made for a hearing in behalf of the alleged insane person, proceed forthwith to determine the question of insanity, and if satisfied that the alleged insane person is insane, may immediately issue an order for the commitment of such person to an institution for the custody and treatment of the insane. If, however, it appears that such insane person is harmless and his relatives or a committee of his person are willing and able to properly care for him, at some place other than such institution, upon their written consent, the judge may order that he be placed in the care and custody of such relatives or such committee. Such judge may, in his discretion, require other proofs in addition to the petition and certificate of the medical examiners. Upon the demand of any relative or near friend in behalf of such alleged insane person, the judge shall, or he may upon his own motion,

issue an order directing the hearing of such application before him at a time not more than five days from the date of such order, which shall be served upon the parties interested in the application and upon such other persons as the judge, in his discretion, may name. Upon such day, or upon such other day to which the proceedings shall be regularly adjourned, he shall hear the testimony introduced by the parties and examine the alleged insane person if deemed advisable, in or out of court, and render a decision in writing as to such person's insanity. If it be determined that such person is insane, the judge shall forthwith issue his order committing him to an institution for the custody and treatment of the insane, or make such other order as is provided in this section. If such judge can not hear the application he may, in his order directing the hearing, name some referee, who shall hear the testimony and report the same forthwith, with his opinion thereon, to such judge, who shall, if satisfied with such report, render his decision accordingly. If the commitment be made to a state hospital, the order shall be accompanied by a written statement of the judge as to the financial condition of the insane person and of the persons legally liable for his maintenance as far as can be ascertained. The superintendent of such state hospital shall be immediately notified of such commitment, and he shall, at once, make provisions for the transfer of such insane person to such hospital. The petition of the applicant, the certificate in lunacy of the medical examiners, the order directing a further hearing as provided in this section, if one be issued, and the decision of the judge or referee, and the order of commitment shall be presented at the time of the commitment to the superintendent or person in charge of the institution to which the insane person is committed, and verbatim copies shall be forwarded by such superintendent or person in charge and filed in the office of the state commission in lunacy. The relative, or committee, to whose care and custody any insane person is committed, shall forthwith file the petition, certificate and order, in the office of the clerk of the county where such order is made, and transmit a certified copy of such papers, to the commission in lunacy, and procure and retain another such certified copy. The superintendent or person in charge of any institution for the care and treatment of the insane may refuse

to receive any person upon any such order, if the papers required to be presented shall not comply with the provisions of this section, or if in his judgment, such person is not insane within the meaning of this statute, or if received, such person may be discharged by the commission. No person shall be admitted to any such institution under such order after the expiration of five days from and inclusive of the date thereof. Notwithstanding the requirements of this section that an alleged insane person be duly committed by an order of the court, in a case where the condition of such person is such that it would be for his benefit to receive immediate care and treatment, or if he is dangerously insane so as to render it necessary for public safety that he be immediately confined, he shall be forthwith received by a state institution authorized by law to care for the insane. In such case such insane person shall be so received by such institution upon a certificate of lunacy, executed by two medical examiners in lunacy after the examination and in the manner provided in the preceding section, and upon a petition made by the person authorized by this section to apply to a court for an order of commitment. By virtue of such certificate of lunacy and such petition such insane person may be retained in such institution for a period not to exceed five days. Prior to the expiration of such time an order for his commitment must be obtained in the manner provided by this section. The certificate of lunacy executed by such physicians must contain adequate reasons why the insane person should be immediately received in an institution for the insane for treatment. The superintendent or person in charge of any such institution may refuse to receive such insane person upon such certificate and petition, if in his judgment the reasons stated in the certificate, or the condition of the patient, are not sufficient, or is not of such character, as to make it necessary that the patient should receive immediate treatment. (*As amended by chapter 146 of the Laws of 1903.*)

§ 63. Appeal from order of commitment.—If a person ordered to be committed, pursuant to this chapter, or any friend in his behalf, is dissatisfied with the final order of a judge or justice committing him, he may, within ten days after the making of such order appeal therefrom to a justice of the supreme court other than the justice making the order, who shall cause a jury to be

summoned as in case of proceedings for the appointment of a committee for an insane person, and shall try the question of such insanity in the same manner as in proceedings for the appointment of a committee. Before such appeal shall be heard, such person shall make a deposit or give a bond, to be approved by a justice of the supreme court, for the payment of the costs of the appeal, if the order of commitment is sustained. If the verdict of the jury be that such person is insane, the justice shall certify that fact and make an order of commitment as upon the original hearing. Such order shall be presented, at the time of the commitment of such insane person, to the superintendent or person in charge of the institution to which the insane person is committed, and a copy thereof shall be forwarded to the commission by such superintendent or person in charge and filed in the office thereof. Proceedings under the order shall not be stayed pending an appeal therefrom, except upon an order of a justice of the supreme court, and made upon a notice, and after a hearing, with provisions made therein for such temporary care or confinement of the alleged insane person as may be deemed necessary. If a judge shall refuse to grant an application for an order of commitment of an insane person proved to be dangerous to himself or others, if at large, he shall state his reasons for such refusal in writing, and any person aggrieved thereby may appeal therefrom in the same manner and under like conditions as from an order of commitment.

§ 64. Costs of commitment.—The costs necessarily incurred in determining the question of the insanity of a poor or indigent or other person under this act, or under section twenty-six, chapter four hundred and forty-six of the laws of eighteen hundred and seventy-four, including the fees allowed by the judge or justice ordering the commitment to the medical examiners or medical witnesses called by him and other necessary expenses, and in securing the admission of such person into a state hospital and the expense of providing proper clothing for such person in accordance with the rules and regulations adopted by the commission, shall be a charge upon the town, city or county securing the commitment; but in the city of New York all fees of medical examiners and medical witnesses appointed or called by a judge of any court in said city for the purpose of determining the

question of the insanity of any such person, and not heretofore paid, may be audited and allowed in the first instance either by the judge or justice appointing the medical examiners or by the comptroller of said city and shall be paid by the chamberlain of said city on the warrant of the comptroller from the court fund and charged to the proper county within said city. If the person sought to be committed is not a poor or indigent person, the costs and expenses of the proceeding to determine his insanity and secure his commitment paid by any town, city or county may be collected by it from the estate of such person, or from the persons legally liable for his maintenance, and the same shall be a charge upon the estate of such person, or the same shall be paid by the persons legally liable for his maintenance. (*As amended by chapter 428 of the Laws of 1904.*)

§ 65. Liability for care and support of poor and indigent insane.—All poor and indigent insane persons not in confinement under criminal proceedings, shall, without unnecessary delay, be transferred to a state hospital and there wholly supported by the state. The costs necessarily incurred in the transfer of patients to state hospitals shall be a charge upon the state. The commission shall secure from the patient's estate and from relatives or friends who are liable or may be willing to assume the costs of support of inmates of state hospitals supported by the state, reimbursement, in whole or in part, of the money thus expended, either directly or through the treasurers of the respective hospitals, as provided in section forty-two of this act. The commission may appoint agents, whose duty it shall be to secure from relatives and friends who are liable therefor, or who may be willing to assume the cost of support of any of the inmates of state hospitals as are being supported by the state, reimbursement in whole or in part of the money so expended. The compensation of each agent shall not exceed five dollars a day, and the necessary traveling and other incidental expenses incurred by him, to be approved by the comptroller. The commission may fix a rate to be paid for the support of the inmates of state hospitals by relatives liable for such support or by those not liable for such support, but willing to assume the cost thereof; but such rate shall be sufficient to cover a proper proportion of the cost of maintenance and of necessary repairs and improvements,

The maintenance of any inmate of a state hospital, committed thereto upon a court order arising out of any criminal action, shall be paid by the county from which such inmate was committed. (*As amended by chapter 380 of the Laws of 1900 and chapter 546 of the Laws of 1901.*)

§ 66. Liability for the care and support of the insane other than the poor and indigent.—The father, mother, husband, wife and children of an insane person, if of sufficient ability, and the committee or guardian of his person and estate, if his estate is sufficient for the purpose, shall cause him to be properly and suitably cared for and maintained. The commission and the superintendent of the poor of the county, and the overseer of the poor of the town where any such insane person may be, or in the city of New York, the commissioners of public charities, may inquire into the manner in which any such person is cared for and maintained; and if, in the judgment of any of them, he is not properly or suitably cared for, may apply to a judge of a court of record for an order to commit him to a state hospital under the provisions of this article, but such order shall not be made unless the judge finds and certifies in the order that such insane person is not properly or suitably cared for by such relative or committee, or that it is dangerous to the public to allow him to be cared for and maintained by such relative or committee. The costs and charges of the commitment and transfer of such insane person to a state hospital shall be paid by the committee, or the father, mother, husband, wife or children of such person, to be recovered in an action brought in the name of the people by the commission, the superintendent of the poor of the county, or the overseer of the poor of the town where such insane person may be, or in the city of New York in the name of the commissioners of public charities. In all claims of the state upon relatives liable for the support of a patient, or upon moneys or property held by said patient, the state shall be deemed a preferred creditor. (*As amended by chapter 380 of the Laws of 1900.*)

§ 67. Duties of local officers in regard to their insane.—All county superintendents of the poor, overseers of the poor and other city, town or county authorities, having duties to perform relating to the insane poor, are charged with the duty of seeing that all poor and indigent insane persons within their respective

municipalities, are timely granted the necessary relief conferred by this chapter, and, when so ordered by a judge, as herein provided, or by the commission, shall see that they are, without unnecessary delay, transferred to the proper institutions provided for their care and treatment as the wards of the state. Before sending a person to any such institution, they shall see that he is in a state of bodily cleanliness and comfortably clothed with *suitable* or new clothing, in accordance with the regulations prescribed by the commission. The commission may, by order, direct that any person it deems unsuitable therefor shall not be so employed or act as such attendant. Each patient shall be sent to the state hospital, within the district embracing the county from which he is committed, except that the commission may, in their discretion, direct otherwise, but private or public insane patients, for whom homeopathic care and treatment may be desired by their relatives, friends or guardians, may be committed to the Middletown State Homeopathic hospital, or the Gowanda State Homeopathic hospital, from any of the counties of the state, in the discretion of the judge granting the order of commitment; and in the hospital to which any patient is ordered to be sent shall, by and under the regulations made by such commission, send a trained attendant to bring the patient to the hospital. Each female committed to any institution for the insane shall be accompanied by a female attendant, unless accompanied by her father, brother, husband, or son. After the patient has been delivered to the proper officers of the hospital, the care and custody of the municipality from which he is sent shall cease. (*As amended by chapter 481 of the Laws of 1899 and chapter 146 of the Laws of 1903.*)

§ 68. Duty of committee and others to care for the insane; apprehension and confinement of a dangerous insane person.—When an insane person is possessed of sufficient property to maintain himself, or his father, mother, husband, wife or children are of sufficient ability to maintain him, and his insanity is such as to endanger his own person, or the person and property of others, the committee of his person and estate, or such father, mother, husband, wife or children must provide a suitable place for his confinement, and there maintain him in such manner as shall be approved by the proper legal authority. The county superin-

tendent of the poor and the overseers of the poor of towns and cities, the commissioners of public charities in the city of New York, and the commissioners of charities and correction in the city of Brooklyn, are required to see that the provisions of this section are carried into effect in the most humane and speedy manner. Upon the refusal or neglect of a committee, guardian or relative of an insane person to cause him to be confined, as required in this chapter, the officers named in this section shall apply to a judge of a court of record of the city or county, or to a justice of the supreme court of the judicial district in which such insane person may reside or be found, who, upon being satisfied, upon proper proofs, that such person is dangerously insane and improperly at large, shall issue a precept to one or more of the officers named, commanding them to apprehend and confine such insane person in some comfortable and safe place; and such officers in apprehending such insane person shall possess all the powers of a peace officer executing a warrant of arrest in a criminal proceeding. Unless an order of commitment has been previously granted, such officers shall forthwith make application for the proper order for his commitment to the proper institution for the care, custody and treatment of the insane, as authorized by this chapter, and if such order is granted, such officer shall take the necessary legal steps to have him transferred to such institution. In no case shall any such insane person be confined in any other place than a state hospital or duly licensed institution for the insane, for a period longer than ten days, nor shall such person be committed as a disorderly person to any prison, jail or lockup for criminals, unless he be violent and dangerous, and there is no other suitable place for his confinement, nor shall he be confined in the same room with a person charged with or convicted of crime. Any person apparently insane, and conducting himself in a manner which in a sane person would be disorderly, may be arrested by any peace officer and confined in some safe and comfortable place until the question of his sanity be determined, as prescribed by this chapter. The officer making such arrest shall immediately notify the superintendent of the poor of the county, or the overseers of the poor of the town or city, or, in the city of New York, the commissioners of public charities, or, in the city of Brooklyn, the commissioners of chari-

ties and correction, who shall forthwith take proper measures for the determination of the question of the sanity of such person.

§ 69. Patients admitted under special agreement.—The commission may authorize the superintendent of a state hospital to admit thereto, under special agreement, insane patients, who are residents of the state, other than poor and indigent insane persons, when there is room for such insane therein. But no patient shall be permitted to occupy more than one room in any state hospital. Such patients, when so received, shall be subject to the general rules and regulations of the hospital. The amount agreed upon for the maintenance of such insane persons in a state hospital, shall be secured by a properly executed bond, and bills therefor shall be collected monthly. (*As amended by chapter 380 of the Laws of 1900, and chapter 26 of the Laws of 1902.*)

§ 70. Entries in case book.—Every superintendent or other person in charge of an institution for the care and treatment of the insane, shall, within three days after the reception of a patient, make, or cause to be made, a descriptive entry of such case in a book exclusively set apart for that purpose. He shall also make or cause to be made entries from time to time, of the mental state, bodily condition and medical treatment of such patient during the time such patient remains under his care, and in the event of the discharge or death of such person he shall state in such case book the circumstances thereof, and make such other entries at such intervals of time and in such form as may be required by the commission.

§ 71. Transfer of patients when hospital is overcrowded.—When the building of any state hospital shall become overcrowded with patients, or the number of buildings shall be reduced by fire, or other casualties, or for other cause, the commission may, in its discretion, cause the transfer of patients therefrom, or direct that patients required to be sent thereto, be transferred to another state hospital, where they can be conveniently received, or make, in special emergencies, temporary provision for their care, preference to be given in such transfers to a hospital in an adjoining rather than in a remote district. The expenses of such transfer shall be chargeable to the state, and the bills for the same, when approved by the commission, shall be paid by the treasurer of the

state, on the warrant of the comptroller, out of any moneys provided for the support of the insane.

§ 72. Investigation into the care and treatment of the insane.—When the commission has reason to believe that any person adjudged insane is wrongfully deprived of his liberty, or is cruelly, negligently or improperly treated, or inadequate provision is made for his skillful medical care, proper supervision and safe keeping, it may ascertain the facts, or may order an investigation of the facts by one of its members. It, or the commissioner conducting the proceedings, may issue compulsory process for the attendance of witnesses and the production of papers, and exercise the powers conferred upon a referee in the supreme court. If the commission deem it proper, it may issue an order directing to any or all institutions, directing and providing for such remedy or treatment, or both, as shall be therein specified. If such order be just and reasonable, and be approved by a justice of the supreme court, who may require a notice to be given of the application for such approval, it shall be binding upon any and all institutions and persons to which it is directed, and any willful disobedience of such order shall be a criminal contempt and punishable as such. Whenever the commission shall undertake an investigation into the general management and administration of any institution for the insane, it may give notice to the attorney-general of any such investigation, and the attorney-general shall appear personally or by deputy and examine witnesses who may be in attendance. The commission, or any member thereof, may at any time visit and examine the inmates of any county or city almshouse, to ascertain if insane persons are kept therein.

§ 73. Habeas corpus.—Any one in custody as an insane person is entitled to a writ of habeas corpus, upon a proper application made by him or some friend in his behalf. Upon the return of such writ, the fact of his insanity shall be inquired into and determined. The medical history of the patient, as it appears in the case book, shall be given in evidence, and the superintendent or medical officer in charge of the institution wherein such person is held in custody, and any proper person, shall be sworn touching the mental condition of such person.

§ 74. Discharge of patients.—The superintendent of a state hospital, on filing his written certificate with the commission, may

discharge any patient, except one held upon an order of a court or judge having criminal jurisdiction in an action or proceeding arising out of a criminal offense at any time, as follows :

1. A patient who, in his judgment, is recovered.

1-a. A patient who, in his opinion, is a dotard, not insane.

2. Any patient who is not recovered but whose discharge, in the judgment of the superintendent, will not be detrimental to the public welfare, or injurious to the patient; provided, however, that before making such certificate, the superintendent shall satisfy himself, by sufficient proof, that friends or relatives of the patient are willing and financially able to receive and properly care for such patient after his discharge. When the superintendent is unwilling to certify to the discharge of an unrecovered patient upon request, and so certifies in writing, giving his reasons therefor, any judge of a court of record in the judicial district in which the hospital is situated may, upon such certificate and an opportunity of a hearing thereon being accorded the superintendent, and upon such other proofs as may be produced before him, direct, by order, the discharge of such patient, upon such security to the people of the state as he may require, for the good behavior and maintenance of the patient. The certificate and the proof and the order granted thereon shall be filed in the clerk's office of the county in which the hospital is situated, and a certified copy of the order in the hospital from which the patient is discharged. The superintendent may grant a parole to a patient not exceeding thirty days, under general conditions prescribed by the commission. The commission may, by order, discharge any patient in its judgment improperly detained in any institution. A poor and indigent patient discharged by the superintendent, because he is an idiot, or a dotard not insane, or an epileptic, not insane, or because he is not a proper case for treatment within the meaning of this chapter, shall be received and cared for by the superintendent of the poor or other authority having similar powers, in the county from which he was committed. A patient, held upon an order of a court or judge having criminal jurisdiction, in an action or proceeding arising from a criminal offense, may be discharged upon the superintendent's certificate of recovery, approved by any such court or judge,

(As amended by chapter 26 of the Laws of 1902, and chapter 490 of the Laws of 1905.)

§ 75. Clothing and money to be furnished discharged patients.—No patient shall be discharged from a state hospital without suitable clothing adapted to the season in which he is discharged; and if it can not be otherwise obtained, the steward shall, upon the order of the superintendent, furnish the same, and money not exceeding twenty-five dollars, to defray his necessary expenses until he can reach his relatives or friends, or find employment to earn a subsistence.

§ 76. Transfer of non-resident patients.—If an order be issued by any judge, committing to a state hospital a poor or indigent person, who has not acquired a legal settlement in this state, the commission in lunacy shall return such insane person, either before or after his admission to a state hospital, to the country or state to which he belongs, and for such purpose may expend so much of the money appropriated for the care of the insane as may be necessary, subject to the audit of the comptroller.

§ 77. Insane Indians.—Poor and indigent insane Indians living within this state or upon any of the Indian reservations shall be committed to, confined in, and discharged from the state hospitals for the insane in the same manner and under the same rules and regulations as other poor and indigent insane persons; and all the provisions of this chapter shall apply to the Indians residing within this state the same as to other persons.

§ 78. Sale of unclaimed personal property of discharged or deceased patients.—All articles of personal property belonging to a discharged or deceased patient of a state hospital for the insane and in the custody of the superintendent or other proper officer of such hospital, may, if unclaimed by such discharged patient, or the legal representatives of such deceased patient, for a period of six months after the discharge or decease of such patient, be sold at public auction in such manner and after such notice or advertisement as the commission shall prescribe, and the proceeds of such sale shall be paid into the amusement fund of such hospital. *(Added by chapter 391 of the Laws of 1902.)*

Section 90. Establishment and purposes of the Matteawan State Hospital.—The grounds, buildings and property located at Matteawan, in the county of Dutchess, and used for the purposes of the hospital for insane criminals, are hereby declared to be the Matteawan State Hospital, to be used for the purpose of holding in custody and caring for such insane persons as may be committed to the said institution by courts of criminal jurisdiction, or transferred thereto by the state commission in lunacy, and for such convicted persons who may be declared insane while undergoing sentence of one year or less or for a misdemeanor at any of the various penal institutions of the state, and for all female convicts becoming insane while undergoing sentence. (As amended by chapter 325 of the Laws of 1904.)

§ 91. Medical superintendent.—The superintendent of state prisons shall, whenever there is a vacancy, appoint a medical su-

perintendent for the Matteawan State Hospital, who shall be a well-educated physician of at least five years' actual experience in a hospital for the care and treatment of the insane. The superintendent of state prisons, subject to the approval of the state commission in lunacy, shall make by-laws and regulations for the government of the hospital and the management of its affairs.

§ 92. Medical superintendent as treasurer of the hospital.—The medical superintendent shall be the treasurer of the hospital, and before entering upon his duties, shall file with the comptroller of the state his undertaking to the people with sureties to be approved by the superintendent of state prisons, to the effect that he will faithfully perform his trust as such treasurer. He shall have the custody of the moneys, securities and obligations belonging to the hospital, and shall open with some bank, in the vicinity of the hospital, to be selected with the approval of the comptroller, an account in his name as such medical superintendent, and immediately deposit in such bank all moneys received by him as such medical superintendent and treasurer, and shall draw therefrom only for the use of the hospital and in the manner provided by the by-laws and upon the order of the steward, specifying the object of each payment. He shall keep a full and accurate account of the receipts and payments, as directed by the by-laws, and of such other matters as the superintendent of state prisons and the state commission in lunacy may prescribe, and balance all his accounts, annually, on the thirtieth day of September, and within ten days thereafter deliver to the superintendent of state prisons, a statement thereof and an abstract of such receipts and payments for the past year. His books and vouchers shall at all times be open to the inspection of the superintendent of state prisons and the commission, and they may at any time require of him a statement of his accounts and of the funds and property in his custody.

§ 93. Salaries of resident officers.—The superintendent of state prisons shall, from time to time, determine the annual salaries and allowances of the resident officers, provided they do not in the aggregate exceed twelve thousand dollars; and the same shall be paid quarterly, on the last days of March, June, September and December, by the treasurer of the state, on the warrant of the comptroller, out of any moneys in the treasury not otherwise

appropriated, to the medical superintendent, on his presenting a bill of particulars thereof signed by the steward, and properly certified by such medical superintendent.

§ 94. Powers and duties of medical superintendent and assistants.—The medical superintendent shall be the chief executive officer of the hospital and shall:

1. Have the general superintendence of the building and grounds, together with their furniture, fixtures and stock, and the direction and control of all persons therein, subject to the rules and regulations adopted by the superintendent of state prisons, with power to assign their respective duties.

2. Appoint such number of assistant physicians, not to exceed one for each two hundred inmates or fraction thereof, as the necessities of the institution may require, also a steward and matron, all of whom and the medical superintendent, shall reside in the hospital, and shall be known as the resident officers thereof.

3. Appoint such and so many attendants and other subordinate employes as he may think proper and necessary for the economical and efficient administration of the affairs of the hospital, and prescribe their several duties and places, and fix, with the approval of the superintendent of state prisons, their compensation, and discharge any of them at his sole discretion; but in every case of discharge, so occurring, he shall, forthwith, enter the same with the reasons therefor, under an appropriate heading, in one of the record books of the hospital.

4. Give, from time to time, such orders and instructions as he may deem best calculated to insure good conduct, fidelity and economy in every department of labor and expense.

5. Maintain salutary discipline among all who are employed by the institution, and enforce strict compliance with all instructions and orders given by him, and uniform obedience to all the rules and regulations of the hospital.

6. Cause full and fair accounts and records of all his doings, and of the entire business and operations of the institution to be kept regularly, from day to day, in books provided for that purpose, in the manner and extent prescribed in the by-laws.

7. See that all accounts and records are fully made up to the last day of September in each year, and present the principal

facts and results, with his report thereon, to the superintendent of state prisons, within forty days thereafter. The resident officers, before entering upon their duties as such, shall severally take and file in the office of the secretary of state, the constitutional oath of office. The first assistant physician shall perform the duties and be subject to the responsibilities of the superintendent in his sickness or absence. The steward may personally purchase any supplies for the use of such hospital, but only in the name of the medical superintendent, and in each instance by his direction and not otherwise.

§ 95. Monthly estimates.—The medical superintendent shall cause an estimate to be made monthly, in accordance with forms to be approved by the state comptroller, of all moneys necessary for the support and maintenance of the hospital, which may be required to supplement the deficiencies in the earnings thereof. Such estimates shall be submitted to and examined by the superintendent of state prisons, who, if he is satisfied that it is correct, and that the articles named therein are actually needed for the support and maintenance of the hospital, shall certify to the same, and on production of such estimate so certified, to the comptroller, he shall draw his warrant on the state treasurer for the amount thereof, and the state treasurer shall pay such amount to the medical superintendent of the hospital, out of any money in the treasury appropriated for the support of such hospital.

§ 96. Power of removal.—The superintendent of state prisons may remove the medical superintendent, for cause shown, and an opportunity to such superintendent to be heard thereon, and such officer shall not be reappointed to the office of medical superintendent, or to any other position in said hospital.

§ 97. Transfer of insane convicts to the Matteawan State Hospital.—Whenever the physician of the state prison for women, any county penitentiary or workhouse, any reformatory for women, or of the state reformatory or any other penal institution shall report in writing to the warden or other officer in charge thereof, that any person undergoing a sentence of one year or less or convicted of a misdemeanor, or any female convict confined therein is, in his opinion, insane, such warden or other officer shall apply to a judge of a court of record to cause an examination to be made of such person by two legally qualified examiners in

lunacy, other than a physician connected with such state prison, penitentiary, reformatory or penal institution. Such examiners shall be designated by the judge to whom the application is made. Such examiners, if satisfied, after a personal examination, that such convict is insane, shall make a certificate to such effect in the form and manner prescribed by this chapter for the commitment of insane persons to state hospitals. Such warden or other person in charge shall apply to a judge of a court of record for an order transferring such convict to the Matteawan State Hospital, accompanying such application with such certificate in lunacy. Such judge, if satisfied that such convict is insane, shall issue such order of transfer, and such warden or other officer in charge shall thereupon cause such convict to be transferred to the Matteawan State Hospital and delivered to the medical superintendent thereof. At the time of such transfer the certificate in lunacy and order of transfer shall be presented to such medical superintendent. Such insane convict shall be received into such hospital and retained there until legally discharged. Such warden, or other officer in charge, before transferring such insane convict, shall see that he is bodily clean and is provided with a new suit of clothing similar to that furnished to convicts on their discharge from prison. The costs necessarily incurred in determining the question of insanity, including the fees of the medical examiners, shall be a charge upon the state or the municipality at whose expense the institution from which the transfer is made or sought to be made is maintained. (*As amended by chapter 525 of the Laws of 1904.*)

§ 98. Disposal of insane convicts after expiration of term of imprisonment.—Whenever any convict in the Matteawan State Hospital, under and by virtue of this act, shall continue to be insane at the expiration of the term for which he was sentenced, he may be retained therein until he has recovered or is otherwise legally discharged. The medical superintendent of such hospital may discharge and deliver any patient whose sentence has expired, and who is still insane, but who, in the opinion of the superintendent is reasonably safe to be at large, to his relatives or friends who are able and willing to comfortably maintain him, without further public charge; and such patient may, in the discretion of the medical superintendent, be provided with the whole or a por-

tion of such allowances as are hereinafter granted to recovered convicts. Whenever any convict, who, by reason of his insanity, shall have been retained beyond the date of the expiration of his sentence shall recover, he may be discharged by the medical superintendent, and such convict shall be entitled to ten dollars in money, suitable clothing and a railroad ticket to the county of his conviction or to such other place as he may designate at no greater distance. Similar allowances shall be made to patients committed by order of a court and who may be discharged. Any convict in the Matteawan State Hospital, whose term of imprisonment has expired by commutation or otherwise, and who is not recovered may, upon an order of the commission in lunacy, be transferred to any institution for the insane.

§ 99. Convicts on recovery to be transferred to prison.—Whenever any convict, who shall have been confined in such hospital as an insane person, shall have recovered before the expiration of his sentence, and the medical superintendent thereof shall so certify in writing to the agent and warden, or other officer in charge of the institution, from which such convict was received or to which the superintendent of state prisons may direct that he be transferred, such convict shall forthwith be transferred to the institution from which he came by the medical superintendent of the hospital, or, if received from one of the state prisons, to such state prison as the superintendent of state prisons may direct; and the agent and warden or other officer in charge of such institution shall receive such convict into such institution, and shall, in all respects, treat him as when originally sentenced to imprisonment. Any inmate not a convict, held upon an order of a judge, in a criminal proceeding, may be discharged therefrom, upon the superintendent's certificate of recovery, made to and approved by such court or judge.

§ 100. Certificate of conviction to be delivered to medical superintendent and copy filed.—Whenever any convict shall be transferred to the Matteawan State hospital, the agent and warden or other officer in charge of the prison, penitentiary, reformatory or other penal institution from which such convict is transferred, shall cause a correct copy of the original certificate of conviction of such convict to be filed in the office of the warden or officer in charge, and shall deliver the original certificate to the medical

superintendent of such hospital; and whenever any such convict shall be transferred to any penal institution from such hospital, as hereinbefore provided, the medical superintendent shall deliver to the agent and warden, or other officer in charge of such institution, such original certificate, which shall be filed in the clerk's office of the same.

§ 101. Transfers from state hospitals to Matteawan state hospital.—The commission may, by order in writing, transfer to the Matteawan state hospital, any insane inmate of a state hospital committed thereto upon the order of a court of criminal jurisdiction or of a judge or justice of such a court; or any patient who has previously been sentenced to a term of imprisonment in any penal institution, and who still manifests criminal tendencies or any such patient who has previously been an inmate of the Matteawan state hospital. From and after October first, nineteen hundred and four, all persons then inmates of the Matteawan state hospital, and all persons thereafter committed to its custody, shall be a charge upon the state. (*As amended by chapter 260 of the Laws of 1899, chapter 380 of the Laws of 1900, and chapter 525 of the Laws of 1904.*)

§ 102. Authority to recover for the support of patients.—The medical superintendent of the hospital is hereby authorized to recover for the support of any patient therein, chargeable under the law to other counties or penitentiaries, in an action to be brought, in the name of the people of the state of New York, against the county or penitentiary, for the maintenance of said patient.

§ 103. Tenure of office.—Nothing in this article shall be construed to affect the tenure of office of any of the present officers of the hospital.

§ 104. Communications with patients.—No person not authorized by law or by written permission from the superintendent of state prisons shall visit the Matteawan State hospital, or communicate with any patient therein without the consent of the medical superintendent; nor without such consent shall any person bring into or convey out of the Matteawan State hospital any letter or writing to or from any patient; nor shall any letter or writing be delivered to a patient, or if written by a patient, be sent from the Matteawan State hospital until the same shall

(As amended by chapter 26 of the Laws of 1902, and chapter 490 of the Laws of 1905.)

§ 75. Clothing and money to be furnished discharged patients.—No patient shall be discharged from a state hospital without suitable clothing adapted to the season in which he is discharged; and if it can not be otherwise obtained, the steward shall, upon the order of the superintendent, furnish the same, and money not exceeding twenty-five dollars, to defray his necessary expenses until he can reach his relatives or friends, or find employment to earn a subsistence.

§ 76. Transfer of non-resident patients.—If an order be issued by any judge, committing to a state hospital a poor or indigent person, who has not acquired a legal settlement in this state, the commission in lunacy shall return such insane person, either before or after his admission to a state hospital, to the country or state to which he belongs, and for such purpose may expend so much of the money appropriated for the care of the insane as may be necessary, subject to the audit of the comptroller.

§ 77. Insane Indians.—Poor and indigent insane Indians living within this state or upon any of the Indian reservations shall be committed to, confined in, and discharged from the state hospitals for the insane in the same manner and under the same rules and regulations as other poor and indigent insane persons; and all the provisions of this chapter shall apply to the Indians residing within this state the same as to other persons.

§ 78. Sale of unclaimed personal property of discharged or deceased patients.—All articles of personal property belonging to a discharged or deceased patient of a state hospital for the insane and in the custody of the superintendent or other proper officer of such hospital, may, if unclaimed by such discharged patient, or the legal representatives of such deceased patient, for a period of six months after the discharge or decease of such patient, be sold at public auction in such manner and after such notice or advertisement as the commission shall prescribe, and the proceeds of such sale shall be paid into the amusement fund of such hospital. *(Added by chapter 391 of the Laws of 1902.)*

Establishment and purposes of the Matteawan State Hospital.—The grounds, buildings and property located at Matteawan, in the county of Dutchess, and used for the purposes of the hospital for insane criminals, are hereby declared to be the Matteawan State hospital, to be used for the purpose of holding in custody and caring for such insane persons as may be committed to the said institution by courts of criminal jurisdiction, or transferred thereto by the state commission in lunacy, and for such convicted persons who may be declared insane while undergoing sentence of one year or less or for a misdemeanor at any of the various penal institutions of the state, and for all female convicts becoming insane while undergoing sentence. (*As amended by chapter 525 of the Laws of 1904.*)

§ 91. Medical superintendent.—The superintendent of state prisons shall, whenever there is a vacancy, appoint a medical su-

perintendent for the Matteawan State Hospital, who shall be a well-educated physician of at least five years' actual experience in a hospital for the care and treatment of the insane. The superintendent of state prisons, subject to the approval of the state commission in lunacy, shall make by-laws and regulations for the government of the hospital and the management of its affairs.

§ 92. Medical superintendent as treasurer of the hospital.—The medical superintendent shall be the treasurer of the hospital, and before entering upon his duties, shall file with the comptroller of the state his undertaking to the people with sureties to be approved by the superintendent of state prisons, to the effect that he will faithfully perform his trust as such treasurer. He shall have the custody of the moneys, securities and obligations belonging to the hospital, and shall open with some bank, in the vicinity of the hospital, to be selected with the approval of the comptroller, an account in his name as such medical superintendent, and immediately deposit in such bank all moneys received by him as such medical superintendent and treasurer, and shall draw therefrom only for the use of the hospital and in the manner provided by the by-laws and upon the order of the steward, specifying the object of each payment. He shall keep a full and accurate account of the receipts and payments, as directed by the by-laws, and of such other matters as the superintendent of state prisons and the state commission in lunacy may prescribe, and balance all his accounts, annually, on the thirtieth day of September, and within ten days thereafter deliver to the superintendent of state prisons, a statement thereof and an abstract of such receipts and payments for the past year. His books and vouchers shall at all times be open to the inspection of the superintendent of state prisons and the commission, and they may at any time require of him a statement of his accounts and of the funds and property in his custody.

§ 93. Salaries of resident officers.—The superintendent of state prisons shall, from time to time, determine the annual salaries and allowances of the resident officers, provided they do not in the aggregate exceed twelve thousand dollars; and the same shall be paid quarterly, on the last days of March, June, September and December, by the treasurer of the state, on the warrant of the comptroller, out of any moneys in the treasury not otherwise

appropriated, to the medical superintendent, on his presenting a bill of particulars thereof signed by the steward, and properly certified by such medical superintendent.

§ 94. Powers and duties of medical superintendent and assistants.—The medical superintendent shall be the chief executive officer of the hospital and shall:

1. Have the general superintendence of the building and grounds, together with their furniture, fixtures and stock, and the direction and control of all persons therein, subject to the rules and regulations adopted by the superintendent of state prisons, with power to assign their respective duties.

2. Appoint such number of assistant physicians, not to exceed one for each two hundred inmates or fraction thereof, as the necessities of the institution may require, also a steward and matron, all of whom and the medical superintendent, shall reside in the hospital, and shall be known as the resident officers thereof.

3. Appoint such and so many attendants and other subordinate employes as he may think proper and necessary for the economical and efficient administration of the affairs of the hospital, and prescribe their several duties and places, and fix, with the approval of the superintendent of state prisons, their compensation, and discharge any of them at his sole discretion; but in every case of discharge, so occurring, he shall, forthwith, enter the same with the reasons therefor, under an appropriate heading, in one of the record books of the hospital.

4. Give, from time to time, such orders and instructions as he may deem best calculated to insure good conduct, fidelity and economy in every department of labor and expense.

5. Maintain salutary discipline among all who are employed by the institution, and enforce strict compliance with all instructions and orders given by him, and uniform obedience to all the rules and regulations of the hospital.

6. Cause full and fair accounts and records of all his doings, and of the entire business and operations of the institution to be kept regularly, from day to day, in books provided for that purpose, in the manner and extent prescribed in the by-laws.

7. See that all accounts and records are fully made up to the last day of September in each year, and present the principal

facts and results, with his report thereon, to the superintendent of state prisons, within forty days thereafter. The resident officers, before entering upon their duties as such, shall severally take and file in the office of the secretary of state, the constitutional oath of office. The first assistant physician shall perform the duties and be subject to the responsibilities of the superintendent in his sickness or absence. The steward may personally purchase any supplies for the use of such hospital, but only in the name of the medical superintendent, and in each instance by his direction and not otherwise.

§ 95. Monthly estimates.—The medical superintendent shall cause an estimate to be made monthly, in accordance with forms to be approved by the state comptroller, of all moneys necessary for the support and maintenance of the hospital, which may be required to supplement the deficiencies in the earnings thereof. Such estimates shall be submitted to and examined by the superintendent of state prisons, who, if he is satisfied that it is correct, and that the articles named therein are actually needed for the support and maintenance of the hospital, shall certify to the same, and on production of such estimate so certified, to the comptroller, he shall draw his warrant on the state treasurer for the amount thereof, and the state treasurer shall pay such amount to the medical superintendent of the hospital, out of any money in the treasury appropriated for the support of such hospital.

§ 96. Power of removal.—The superintendent of state prisons may remove the medical superintendent, for cause shown, and an opportunity to such superintendent to be heard thereon, and such officer shall not be reappointed to the office of medical superintendent, or to any other position in said hospital.

§ 97. Transfer of insane convicts to the Matteawan State Hospital.—Whenever the physician of the state prison for women, any county penitentiary or workhouse, any reformatory for women, or of the state reformatory or any other penal institution shall report in writing to the warden or other officer in charge thereof, that any person undergoing a sentence of one year or less or convicted of a misdemeanor, or any female convict confined therein is, in his opinion, insane, such warden or other officer shall apply to a judge of a court of record to cause an examination to be made of such person by two legally qualified examiners in

lunacy, other than a physician connected with such state prison, penitentiary, reformatory or penal institution. Such examiners shall be designated by the judge to whom the application is made. Such examiners, if satisfied, after a personal examination, that such convict is insane, shall make a certificate to such effect in the form and manner prescribed by this chapter for the commitment of insane persons to state hospitals. Such warden or other person in charge shall apply to a judge of a court of record for an order transferring such convict to the Matteawan State Hospital, accompanying such application with such certificate in lunacy. Such judge, if satisfied that such convict is insane, shall issue such order of transfer, and such warden or other officer in charge shall thereupon cause such convict to be transferred to the Matteawan State Hospital and delivered to the medical superintendent thereof. At the time of such transfer the certificate in lunacy and order of transfer shall be presented to such medical superintendent. Such insane convict shall be received into such hospital and retained there until legally discharged. Such warden, or other officer in charge, before transferring such insane convict, shall see that he is bodily clean and is provided with a new suit of clothing similar to that furnished to convicts on their discharge from prison. The costs necessarily incurred in determining the question of insanity, including the fees of the medical examiners, shall be a charge upon the state or the municipality at whose expense the institution from which the transfer is made or sought to be made is maintained. (*As amended by chapter 525 of the Laws of 1904.*)

§ 98. Disposal of insane convicts after expiration of term of imprisonment.—Whenever any convict in the Matteawan State Hospital, under and by virtue of this act, shall continue to be insane at the expiration of the term for which he was sentenced, he may be retained therein until he has recovered or is otherwise legally discharged. The medical superintendent of such hospital may discharge and deliver any patient whose sentence has expired, and who is still insane, but who, in the opinion of the superintendent is reasonably safe to be at large, to his relatives or friends who are able and willing to comfortably maintain him, without further public charge; and such patient may, in the discretion of the medical superintendent, be provided with the whole or a por-

tion of such allowances as are hereinafter granted to recovered convicts. Whenever any convict, who, by reason of his insanity, shall have been retained beyond the date of the expiration of his sentence shall recover, he may be discharged by the medical superintendent, and such convict shall be entitled to ten dollars in money, suitable clothing and a railroad ticket to the county of his conviction or to such other place as he may designate at no greater distance. Similar allowances shall be made to patients committed by order of a court and who may be discharged. Any convict in the Matteawan State Hospital, whose term of imprisonment has expired by commutation or otherwise, and who is not recovered may, upon an order of the commission in lunacy, be transferred to any institution for the insane.

§ 99. Convicts on recovery to be transferred to prison.—Whenever any convict, who shall have been confined in such hospital as an insane person, shall have recovered before the expiration of his sentence, and the medical superintendent thereof shall so certify in writing to the agent and warden, or other officer in charge of the institution, from which such convict was received or to which the superintendent of state prisons may direct that he be transferred, such convict shall forthwith be transferred to the institution from which he came by the medical superintendent of the hospital, or, if received from one of the state prisons, to such state prison as the superintendent of state prisons may direct; and the agent and warden or other officer in charge of such institution shall receive such convict into such institution, and shall, in all respects, treat him as when originally sentenced to imprisonment. Any inmate not a convict, held upon an order of a judge, in a criminal proceeding, may be discharged therefrom, upon the superintendent's certificate of recovery, made to and approved by such court or judge.

§ 100. Certificate of conviction to be delivered to medical superintendent and copy filed.—Whenever any convict shall be transferred to the Matteawan State hospital, the agent and warden or other officer in charge of the prison, penitentiary, reformatory or other penal institution from which such convict is transferred, shall cause a correct copy of the original certificate of conviction of such convict to be filed in the office of the warden or officer in charge, and shall deliver the original certificate to the medical

superintendent of such hospital; and whenever any such convict shall be transferred to any penal institution from such hospital, as hereinbefore provided, the medical superintendent shall deliver to the agent and warden, or other officer in charge of such institution, such original certificate, which shall be filed in the clerk's office of the same.

§ 101. Transfers from state hospitals to Matteawan state hospital.—The commission may, by order in writing, transfer to the Matteawan state hospital, any insane inmate of a state hospital committed thereto upon the order of a court of criminal jurisdiction or of a judge or justice of such a court; or any patient who has previously been sentenced to a term of imprisonment in any penal institution, and who still manifests criminal tendencies or any such patient who has previously been an inmate of the Matteawan state hospital. From and after October first, nineteen hundred and four, all persons then inmates of the Matteawan state hospital, and all persons thereafter committed to its custody, shall be a charge upon the state. (*As amended by chapter 260 of the Laws of 1899, chapter 380 of the Laws of 1900, and chapter 525 of the Laws of 1904.*)

§ 102. Authority to recover for the support of patients.—The medical superintendent of the hospital is hereby authorized to recover for the support of any patient therein, chargeable under the law to other counties or penitentiaries, in an action to be brought, in the name of the people of the state of New York, against the county or penitentiary, for the maintenance of said patient.

§ 103. Tenure of office.—Nothing in this article shall be construed to affect the tenure of office of any of the present officers of the hospital.

§ 104. Communications with patients.—No person not authorized by law or by written permission from the superintendent of state prisons shall visit the Matteawan State hospital, or communicate with any patient therein without the consent of the medical superintendent; nor without such consent shall any person bring into or convey out of the Matteawan State hospital any letter or writing to or from any patient; nor shall any letter or writing be delivered to a patient, or if written by a patient, be sent from the Matteawan State hospital until the same shall

have been examined and read by the medical superintendent or some other officer of the hospital duly authorized by the medical superintendent. But communications addressed by such patient to the county judge or district attorney of the county from which he was sentenced, shall be forwarded, after examination by such medical superintendent, to their destination.

Section 1. Whenever the father, or the mother being a widow or living separate from her husband, has absconded or shall abscond from his or her children or a husband from his wife, leaving any of such children or such wife chargeable, or likely to become chargeable upon the public for their support, and any

real or personal estate of such father, or mother, or husband, has been or shall be seized by a superintendent of the poor or an overseer of the poor, or by a board of charities (or by other officers authorized to make such seizures), by warrant of the justices of the peace of the county where such real or personal property may be situated, and the court of sessions of the county wherein such superintendent or overseer of the poor or board of charities, or other officers authorized to make such seizure resides, has confirmed, or shall confirm said warrant and seizure and has heretofore directed, or shall hereafter direct what part of any of the said personal property shall be sold and how much if any of the proceeds of such sale and of the rents and profits of the real estate, if any, be applied toward the maintenance of the children or wife of the person so absconding, then the said superintendent or overseer of the poor, board of charities or other officers so authorized and directed, shall apply the said proceeds of sale of said personal property, or rents and profits of the real estate (as the case may be): First, to the payment of such taxes and assessments as may be outstanding and existing liens upon the said real estate, and repairs necessary to be made upon said real estate; and premiums for insurance on the buildings on said real estate and the balance, if any, directly to the maintaining, bringing up and providing for the wife, child or children so left and abandoned, as the same may be required from time to time; and for all of such expenditures they shall take proper vouchers, and from the rents and profits thereafter received from any real estate so seized they shall first pay all legal taxes and assessments, as they shall be assessed against said real estate and such premiums for insurances and expenses for such repairs thereon as they may deem necessary for the protection and preservation of said real estate, and the balance of said rents and profits shall be applied by said overseers, superintendents, boards of charities, or other persons authorized to make such seizures, to the maintaining, bringing up, and providing for the wife, child, or children so left and abandoned, and proper vouchers shall be taken thereof.

to attend such examination. If thereon the complaint shall be satisfactorily established, the magistrate must require the parent, guardian or master to enter into an engagement in writing to the corporate authorities of the city or village, that he will restrain such child from so wandering about, will keep him in his own premises, or in some lawful occupation and will cause him to be sent to some school at least four months in each year until he becomes fourteen years old. The magistrate may, in his discretion, require security for the faithful performance of such engagement. If the child has no parent, guardian or master, or none can be found, or if the parent, guardian or master refuse or neglect, within a reasonable time, to enter into such engagement, and to give such security, if required, the magistrate shall make the like disposition of such child as is authorized to be made by section two hundred and ninety-one of the Penal Code, of children coming within the descriptions therein mentioned. On such examination the uncorroborated testimony of the defendant as to his place of residence shall not be deemed sufficient proof thereof. (*Added by chapter 664 of the Laws of 1898.*)

D.’ et cetera, naming the witnesses), by which it appears that he is a person (pursuing the description contained in the subdivision of section eight hundred and eighty-seven, which is appropriate to the case), and (if convicted under subdivisions one, five or six of section eight hundred and eighty-seven) that he has resided in the county of.....for a period of six months immediately prior to his arrest, I have adjudged that he is a vagrant.

In those counties of the state where the distinction between county poor and town poor is maintained, the expense of the conviction and maintenance during the

commitment of any vagrant committed to any one of the places of confinement above specified, who shall, at the time of such commitment, have obtained a legal settlement in one of the towns of the county in which said persons shall be convicted, shall be a charge upon the town where they may reside at the time of such commitment. (*As amended by chapter 664 of the Laws of 1898.*)

§ 893. Repealed by section 5, chapter 220 of the Laws of 1888.

Board of examiners; examination; fees.—Upon the taking effect of this act, the New York State Nurses' association shall nominate for examiners ten of their members who have had not less than five years' experience in their profession, and at each annual meeting of said association thereafter, two other candidates. One member of said board shall be appointed for one year, one for two years, one for three years, one for four years, and one for five years. Upon the expiration of the term of office of any examiner the said regents shall likewise fill the vacancy for a term of five years and until his or her successor is chosen. An unexpired term of an examiner caused by death, resignation or otherwise, shall be filled by the regents in the same manner as an original

appointment is made. The said regents, with the advice of the board of examiners above provided for, shall make rules for the examination of nurses applying for certification under this act, and shall charge for examination and for certification a fee of five dollars to meet the actual expenses, and shall report annually their receipts and expenditures under the provisions of this act to the state comptroller, and pay the balance of receipts over expenditures to the state treasurer. No person shall thereafter practice as a registered nurse under any such revoked certificate. (*Added by chapter 293 of the Laws of 1903.*)

§ 208. Waiver of examinations.—The regents of the University of the State of New York, may upon the recommendation of said board of examiners, waive the examination of any persons possessing the qualifications mentioned in section two hundred and six, who shall have been graduated before, or who are in training at the time of, the passage of this act and shall hereafter be graduated, and of such persons now engaged in the practice of nursing as have had three years' experience in a general hospital prior to the passage of this act, who shall apply in writing for such certificate within three years after the passage of this act, and shall also grant a certificate to any nurse of good moral character, who has been engaged in the actual practice of nursing for not less than three years next prior to the passage of this act who shall satisfactorily pass an examination in practical nursing within three years hereafter. **PRESERVATION OF THE HEALTH OF CHILDREN IN
INSTITUTIONS.**

* * * * *

Section 213. Examination and quarantine of children admitted to institutions for orphans, destitute or vagrant children or juvenile delinquents.—Every institution in this state, incorporated for the express purpose of receiving or caring for orphan, vagrant or destitute children or juvenile delinquents, except hospitals, shall have attached thereto a regular physician of its selection duly licensed under the laws of the state and in good professional standing, whose name and address shall be kept posted conspicuously within such institution near its main entrance. The words “juvenile delinquents” here used shall include all children whose commitment to an institution is authorized by the penal code. The officer of every such institution upon receiving a child therein, by commitment or otherwise, shall, before admitting it to contact with the other inmates, cause it to be examined by such physician, and a written certificate to be given by him, stating whether the child has diphtheria, scarlet fever, measles, whooping cough or any other contagious or infectious disease, especially of the eyes and skin, which might be communicated to other inmates and specifying the physical and mental condition of the child, the presence of any indication of hereditary or other constitutional disease, and any deformity or abnormal condition found upon the examination to exist. No child shall be so admitted until such certificate shall have been furnished, which shall be filed with the commitment or other papers on record in the case, by the officers of the institution, who shall, on receiving such child, place it in strict quarantine thereafter from the other inmates, until discharged from such quarantine by such physician, who shall thereupon indorse upon the certificate the length of quarantine and the date of discharge therefrom. (*As amended by chapter 667 of the Laws of 1900.*)

§ 214. Monthly examination of inmates and reports.—Such physician shall at least once a month thoroughly examine and inspect the entire institution, and report in writing, in such form as may be approved by the state board of health, to the board of managers or directors of the institution, and to the local board of the district or place where the institution is situated, its con-

dition, especially as to its plumbing, sinks, water-closets, urinals, privies, dormitories, the physical condition of the children, the existence of any contagious or infectious disease, particularly of the eyes or skin, their food, clothing and cleanliness, and whether the officers of the institution have provided proper and sufficient nurses, orderlies, and other attendants of proper capacity to attend to such children, to secure to them due and proper care and attention as to their personal cleanliness and health, with such recommendations for the improvement thereof as he may deem proper. Such boards of health shall immediately investigate any complaint against the management of the institution or of the existence of anything therein dangerous to life or health, and, if proven to be well founded, shall cause the evil to be remedied without delay. (*As amended by chapter 667 of the Laws of 1900.*)

§ 215. Beds; ventilation.—The beds in every dormitory in such institution shall be separated by a passageway of not less than two feet in width, and so arranged that under each the air shall freely circulate and there shall be adequate ventilation of each bed, and such dormitory shall be furnished with such means of ventilation as the local board of health shall prescribe. In every dormitory six hundred cubic feet of air space shall be provided and allowed for each bed or occupant, and no more beds or occupants shall be permitted than are thus provided for, unless free and adequate means of ventilation exist approved by the local board of health, and a special permit in writing therefor be granted by such board, specifying the number of beds or cubic air space which shall, under special circumstances, be allowed, which permit shall be kept conspicuously posted in such dormitory. The physician of the institution shall immediately notify in writing the local board of health and the board of managers or directors of the institution of any violation of any provision of this section. (*As amended by chapter 667 of the Laws of 1900.*)

§ 216. Baby farming.—No person shall receive or board more than two infants under three years of age in the same place at the same time, unless accompanied by their parents, relatives or some person entitled to their custody, or unless within two days after the reception of every such infant beyond the first two, a

license shall be duly issued by the mayor or board of health of the city, or by the board of health of the village or town where such infant is to be received or boarded, specifying the name and age of the child, and the name and place of residence of the person so undertaking its care, and authorizing such person to receive and board the same. The officers of every incorporated society for the prevention of cruelty to children may at all reasonable times enter and inspect the premises where such infants are so received, boarded or kept, and they shall see that the provisions of this section are duly enforced. This section shall not apply to corporations incorporated under the laws of this state for the purpose of receiving and caring for foundlings or abandoned or homeless infants. (*As amended by chapter 667 of the Laws of 1900.*)

§ 217. Cadavers.—The persons having lawful control and management of any hospital, prison, asylum, morgue, or other receptacle for corpses not interred, and every undertaker or other person having in his lawful possession any such corpse for keeping or burial may deliver and he is required to deliver, under the conditions specified in this section, every such corpse in their or his possession, charge, custody or control, not placed therein by relatives or friends in the usual manner for keeping or burial, to the medical colleges of the state authorized by law to confer the degree of doctor of medicine and to any university of the state having a medical preparatory course of instruction and the professors and teachers in every such college or university may receive any such corpse and use it for the purpose of medical study. No corpse shall be so delivered or received if desired for interment by relatives or friends within forty-eight hours after death, or if known to have relatives or friends without the assent of such relatives or friends; or of a person who shall have expressed a desire in his last illness that his body be interred, but the same shall be buried in the usual manner. If the remains of any person so delivered or received shall be subsequently claimed by any relative or friend, they shall be given up to such relative or friend for interment. Any person claiming any corpse or remains for interment as provided in this section, may be required by the persons, college, university or officer or agent thereof, in whose possession, charge or custody the same may be to present an affidavit stating that he is such

relative or friend, and the facts and circumstances upon which the claim that he is such relative or friend is based, the expense of which affidavit shall be paid by the persons requiring it. If such person shall refuse to make such affidavit, such corpse or remains shall not be delivered to him but he shall forfeit his claim and right to the same. Any such medical college or university desiring to avail itself of the provisions of this section shall notify such persons having the control and management of the institutions and places heretofore specified, and such undertakers and other persons having any such corpse in their possession, custody or control in the county where such college or university is situated, and in any adjoining county in which no medical college is situated of such desire, and thereafter all such persons shall notify the proper officers of such college or university whenever there is any corpse in their possession, custody or control, which may be delivered to a medical college or university under this section, and shall deliver the same to such college or university. If two or more medical colleges located in one county are entitled to receive corpses from the same county or adjoining counties, they shall receive the same in proportion to the number of matriculated students in each college. The professors and teachers in every college or university receiving any corpse under this section shall dispose of the remains thereof, after they have served the purposes of medical science and study, in accordance with the regulations of the local board of health where the college or university is situated. Every person neglecting to comply with or violating any provision of this section, shall forfeit to the local board of health where such non-compliance or violation occurred, the sum of twenty-five dollars for every such non-compliance or violation, to be sued for by the health officer of such place, and when recovered to be paid over, less the costs and expenses of the action, to such board for its use and benefit. (*As amended by chapter 667 of the Laws of 1900.*)

§ 218. Cadavers.—The governors, keepers, wardens, managers, or persons having lawful control and management of any hospital, prison, almshouse, asylum, morgue or other receptacle for corpses not interred in the counties of Onondaga, Oswego, Madison and Cortland, and the warden of the Auburn state prison,

in the county of Cayuga, and every undertaker or other person in the counties of Onondaga, Oswego, Madison and Cortland, having in his lawful possession any such corpses for keeping or burial, may deliver, and they are hereby required to deliver, under the conditions specified in this section, every such corpse in their or his possession, charge, custody or control, not placed therein by relatives or friends in the usual manner for keeping or burial, to the medical colleges or schools in said counties of Onondaga, Oswego, Madison and Cortland, authorized by law to confer either the degree of doctor of medicine, or the degree of doctor of dental surgery and to all other colleges or schools incorporated under the laws of the state in said counties for the purpose of teaching medicine, anatomy or surgery, and to any university in either of said counties having a medical preparatory course of instruction, and the professors and teachers in each such college, school or university may receive such corpses and use the same for the purposes of medical, anatomical or surgical science and study. No such corpse shall be so delivered if within forty-eight hours after death, it is desired for interment by relatives, or by friends, who will bear the expenses of its interment; nor shall a corpse be so delivered or received of any person known to have relatives, whose places of residence are also known, without the assent of such relatives; and such relatives shall be deemed to have assented thereto, unless they shall claim such corpse for the interment within twenty-four hours after being notified of the death of such person. If the remains of any person so delivered or received shall be subsequently claimed for interment by any relative or by any friend who will bear the expense of such interment, they shall be given up to such relative or friend for interment. Any person claiming any corpse or remains for interment, as provided in this section, may be required by the persons, college, school, university or officer or agent thereof, in whose possession, charge or custody the same may be, to present an affidavit stating that he is such relative or friend, and the facts and circumstances upon which the claim that he is such relative or friend is based, and, if a friend, that he will bear the expense of such interment, the expense of which affidavit shall be paid by the person requiring it. If such person shall refuse to make such affidavit,

such corpse or remains shall not be delivered to him, but he shall forfeit his claim and right to the same. Any such college, school or university in either of said counties desiring to avail itself of the provisions of this section shall notify said governors, keepers, wardens, managers, undertakers and other persons hereinbefore specified in the county where said college, school or university is situated, or in any of said adjoining counties in which no such college, school or university is situated of such desire, and thereafter it shall be obligatory upon such governors, keepers, wardens, managers, undertakers and other persons hereinbefore specified, to immediately notify the proper officer or officers of said college, school or university, whenever there is any corpse in their possession, charge, custody or control, which may be delivered to a medical college, school or university under this section, and to deliver the same to such college, school or university. It shall be the duty of such governors, keepers, wardens, managers and persons having lawful control and management of the institutions hereinbefore mentioned, after being duly notified by any college, school or university of its desire to avail itself of the provisions of this section, to keep, if requested so to do by such college, school or university, and if provided by such medical college, school or university with a suitable book for that purpose, a true and correct record of any and all corpses thereafter coming into their possession, charge, custody, or control, and of the disposition made of the same, giving the name of such corpses, if known; the dates of death and burial, if known; the names and places of residence, if known, of the relatives of such corpses; the names of the persons by whom such corpses are claimed for interment and the names of the colleges, schools, universities, or persons, to whom the same are delivered, and the dates of such deliveries; which said books shall be open to the inspection of the officers and agents of such college, school or university furnishing the same and to the officers and agents of any other medical college, school or university entitled to receive corpses from the same county. If two or more colleges, schools or universities located in any one of said counties are entitled to receive corpses from the same or from said adjoining counties, they shall receive the same in proportion to the number of matriculated students in each college. The professors and

teachers in every college, school or university receiving any corpse under this section, shall dispose of the remains thereof, after they have served the purposes of medical, anatomical, or surgical science and study, in accordance with the regulations of the local board of health where the college, school or university is situated. Any person neglecting to comply with or violating any provision of this section, shall forfeit and pay a penalty of twenty-five dollars for each and every such noncompliance or violation thereof, and it shall be the duty of the health officer, or person performing his duties, in the places where said medical colleges, schools or universities are situated, whenever he shall have knowledge or information of any non-compliance with, or violation of, any provision, or provisions, of this section, to sue for and recover, in his name of office, the aforesaid penalty, and to pay over the amount so recovered, less the cost and expenses of the action, to the health board of said locality, for its use and benefit. ARTICLE VI.

THE ADOPTION OF CHILDREN.

- Section 60. Definitions; effect of article.
61. Whose consent necessary.
62. Requisites of voluntary adoptions.
63. Order.
64. Effect of adoption.
65. Adoption from charitable institutions.
66. Abrogation of voluntary adoption.

Section 67. Application in behalf of the child for abrogation of an adoption from a charitable institution.

68. Application by a foster parent for the abrogation of such an adoption.

Section 60. Definitions; effect of article.—Adoption is the legal act whereby an adult takes a minor into the relation of child and thereby acquires the rights and incurs the responsibilities of parent in respect to such minor. Hereafter, in this article, the person adopting is designated the “foster parent.” A voluntary adoption is any other than that of an indigent child, or one who is a public charge from an orphan asylum or charitable institution. An adult unmarried person, or an adult husband or wife, or an adult husband and his adult wife together, may adopt a minor in pursuance of this article, and a child shall not hereafter be adopted except in pursuance thereof. Proof of the lawful adoption of a minor heretofore made may be received in evidence, and any such adoption shall not be abrogated by the enactment of this chapter and shall have the effect of an adoption hereunder. Nothing in this article in regard to an adopted child inheriting from the foster parent, applies to any will, devise or trust made or created before June twenty-fifth, eighteen hundred and seventy-three, or alters, changes or interferes with such will, devise or trust, and as to any such will, devise or trust, a child adopted before that date is not an heir so as to alter estates or trusts, or devises in wills so made or created.

§ 61. Whose consent necessary.—Consent to adoption is necessary as follows:

1. Of the minor, if over twelve years of age;
2. Of the foster parents, husband or wife, unless lawfully separated, or unless they jointly adopt such minor;
3. Of the parents or surviving parent of a legitimate child, and of the mother of an illegitimate child; but the consent of a parent who has abandoned the child, or is deprived of civil rights, or divorced because of his or her adultery or cruelty, or adjudged to be insane, or to be an habitual drunkard, or judicially deprived of the custody of the child on account of cruelty or neglect, is unnecessary.

4. Of a person of full age having lawful custody of the child, if any such person can be found, where the child has no father or mother living, or no father or mother whose consent is necessary under the last subdivision. If such child has no father or mother living, and no person can be found who has the lawful custody of the child, the judge or surrogate shall recite such facts in the order allowing the adoption.

§ 62. Requisites of voluntary adoptions.—In adoption the following requirements must be followed:

1. The foster parents or parent, the minor and all the persons whose consent is necessary under the last section, must appear before the county judge or the surrogate of the county where the foster parent or parents reside, and be examined by such judge or surrogate, except as provided by the next subdivision.

2. They must present to such judge or surrogate an instrument containing substantially the consents required by this chapter, an agreement on the part of the foster parent or parents to adopt and treat the minor as his, her, or their own lawful child, and a statement of the age of the child as nearly as the same can be ascertained, which statement shall be taken *prima facie* as true. The instrument must be signed by the foster parent or parents and by each person whose consent is necessary to the adoption, and severally acknowledged by said persons before such judge or surrogate; but where a parent or person or institution having the legal custody of the minor resides in some other country, state or county, his or their written acknowledged consent, or the written acknowledged consent of the officers of such institution, certified as conveyances are required to be certified to entitle them to record in a county in this state, is equivalent to his or their appearance and execution of such instrument. (*As amended by chap. 498 of the Laws of 1899.*)

§ 63. Order.—If satisfied that the moral and temporal interests of the child will be promoted thereby, the judge or surrogate must make an order allowing or confirming such adoption, reciting the reasons therefor, and directing that the minor shall thenceforth be regarded and treated in all respects as the child of the foster parent or parents. Such order, and the instrument

and consent, if any, mentioned in the last section must be filed and recorded in the office of the county clerk of such county.

It is not required by the statute that the judge or surrogate shall witness by his signature the consent of the parties adopting the child; it is sufficient if the order recites that the parties appeared before him and that they signed the necessary consents. *Supreme Court, December 30, 1891, People ex rel. Burns v. Bloedel*, 42 N. Y. St. Rep. 453; 16 N. Y. Supp. 837.

§ 64. Effect of adoption.—Thereafter the parents of the minor are relieved from all parental duties toward, and of all responsibility for, and have no rights over such child, or to his property by descent or succession. Where a parent who has procured a divorce, or a surviving parent, having lawful custody of a child, lawfully marries again, or where an adult unmarried person who has become a foster parent and has lawful custody of a child, marries, and such parent or foster parent consents that the person who thus becomes the stepfather or the stepmother of such child, may adopt such child, such parent or such foster parent, so consenting, shall not thereby be relieved of any of his or her parental duties toward, or be deprived of any of his or her rights over said child, or to his property by descent or succession. The child takes the name of the foster parent. His rights of inheritance and succession from his natural parents remain unaffected by such adoption. The foster parent or parents and the minor sustain toward each other the legal relation of parent and child and have all the rights, and are subject to all the duties of that relation, including the right of inheritance from each other, except as the same is affected by the provisions in this section in relation to adoption by a step-father or stepmother, and such right of inheritance extends to the heirs and next of kin of the minor, and such heirs and next of kin shall be the same as if he were the legitimate child of the person adopting, but as respects the passing and limitation over of real or personal property dependent under the provisions of any instrument on the foster parent dying without heirs, the minor is not deemed the child of the foster parent so as to defeat the rights of remaindermen. (*As amended by chap. 408 of Laws of 1897, § 1.*)

§ 65. Adoption from charitable institutions.—Where an orphan asylum or charitable institution is authorized to place children

for adoption, the adoption of every such child shall, when practicable, be given to persons of the same religious faith as the parents of such child. The adoption shall be effected by the execution of an instrument containing substantially the same provisions as the instrument provided in this article for voluntary adoption, signed and sealed in the corporate name of such corporation by the officer or officers authorized by the directors thereof to sign the corporate name to such instruments, and signed by the foster parent or parents and each person whose consent is necessary to the adoption; and may be signed by the child, if over twelve years of age, all of whom shall appear before the county judge or surrogate of the county where such foster parents reside and be examined, except that such officers need not appear and such judge or surrogate may thereupon make the order of adoption provided by this article. Such instrument and order shall be filed and recorded in the office of the county clerk of the county where the foster parent resides and the adoption shall take effect from the time of such filing and recording.

§ 66. Abrogation of voluntary adoption.—A minor may be deprived of the rights of a voluntary adoption by the following proceedings only: The foster parent, the minor and the persons whose consent would be necessary to an original adoption, must appear before the county judge or surrogate of the county where the foster parent resides, who shall conduct an examination as for an original adoption. If he is satisfied that the abrogation of the adoption is desired by all parties concerned, and will be for the best interests of the minor, the foster parent, the minor, and the persons whose consent would have been necessary to an original adoption shall execute an agreement, whereby the foster parent and the minor agree to relinquish the relation of parent and child and all rights acquired by such adoption, and the parents or guardian of the child or the institution having the custody thereof, agree to reassume such relation. The judge or surrogate shall indorse, upon such agreement, his consent to the abrogation of the adoption. The agreement and consent shall be filed and recorded in the office of the county clerk of the county where the foster parent resides, and a copy thereof filed and recorded in the office of the county clerk of the county where

the parents or guardians reside, or such institution is located, if they reside, or such institution is located, within this state. From the time of the filing and recording thereof, the adoption shall be abrogated, and the child shall reassume its original name and the parents or guardians of the child shall reassume such relation. Such child, however, may be adopted directly from such foster parents by another person in the same manner as from parents, and as if such foster parents were the parents of such child.

§ 67. Application in behalf of the child for abrogation of an adoption from a charitable institution.—A minor who shall have been adopted in pursuance of this chapter or of any act repealed thereby, from an orphan asylum or charitable institution, or any corporation which shall have been a party to the agreement by which such child was adopted, or any person on the behalf of such child, may make an application to the county judge or the surrogate's court of the county in which the foster parent then resides, for the abrogation of such adoption, on the ground of cruelty, misusage, refusal of necessary provisions or clothing, or inability to support, maintain or educate such child, or of any violation of duty on the part of such foster parent toward such child; which application shall be by a petition setting forth the grounds thereof, and verified by the person or by some officer of the corporation making the same. A citation shall thereon be issued by such judge or surrogate in or out of such court, requiring such foster parent to show cause why the application should not be granted. The provisions of the code of civil procedure relating to the issuing, contents, time and manner of service of citations issued out of a surrogate's court, and to the hearing on the return thereof, and to enforcing the attendance of witnesses, and to all proceedings thereon, and to appeals from decrees of surrogate's courts, not inconsistent with this chapter, shall apply to such citation, and to all proceedings thereon. Such judge or court shall have power to order or compel the production of the person of such minor. If on the proofs made before him, on the hearing on such citation, the judge or surrogate shall determine that either of the grounds for such application exists, and that the interests of such child will be promoted by granting the application, and that such foster

parent has justly forfeited his right to the custody and services of such minor, an order shall be made and entered abrogating the adoption, and thereon the status of such child shall be the same as if no proceedings had been had for the adoption thereof. After one such petition against a foster parent has been denied, a citation on a subsequent petition against the same foster parent may be issued or refused in the discretion of the judge or surrogate to whom such subsequent petition shall be made.

§ 68. Application of the foster parent for the abrogation of such an adoption.—A foster parent who shall have adopted a minor in pursuance of this chapter or of any act repealed thereby, from an orphan asylum or charitable institution, may apply to the county judge or surrogate's court of the county in which such foster parent resides, for the abrogation of such adoption on the ground of the willful desertion of such child from such foster parent, or of any misdemeanor or ill-behavior of such child, which application shall be by petition, stating the grounds thereof, and the substance of the agreement of adoption, and shall be verified by the petitioner; and thereon a citation shall be issued by such judge or surrogate in or out of such court, directed to such child, and to the corporation which was a party to such adoption, or, if such corporation does not then exist, to the superintendent of the poor of such county, requiring them to show cause why such petition should not be granted. Unless such corporation shall appear on the return of such citation before the hearing thereon shall proceed, a special guardian shall be appointed by such judge or court to protect the interests of such child in such proceeding, and the foster parent shall pay to such special guardian such sum as the court shall direct for the purpose of paying the fees and the necessary disbursements in preparing for and contesting such application on behalf of the child. If such judge or surrogate shall determine, on the proofs made before him, on the hearing of such citation, that the child has violated his duty toward such foster parent, and that due regard to the interests of both require that such adoption be abrogated, an order shall be made and entered accordingly; and such judge or court may make any disposition of the child, which any court or officer shall then be

authorized to make of vagrant, truant or disorderly children. If such judge or surrogate shall otherwise determine an order shall be made and entered denying the petition.

ARTICLE VII.

APPRENTICES AND SERVANTS.

Section 70. Definitions; effect of article.

71. Contents of indenture.

72. Indenture by minor.

73. Indenture by poor officers.

74. Indenture by charitable corporation.

75. Penalty for failure of master or employer to perform provisions of indenture.

76. Assignment of indenture on death of master or employer.

77. Contract with apprentice in restraint of trade void.

Section 70. Definitions; effect of article.—The instrument whereby a minor is bound out to serve as a clerk or servant in any trade, profession or employment, or is apprenticed to learn the art or mystery of any trade or craft, is an indenture.

Every indenture made in pursuance of the laws repealed by this chapter shall be valid hereunder, but hereafter a minor shall not be bound out or apprenticed except in pursuance of this article.

To entitle a master to recover from a stranger the value of work and services performed for and rendered to him by one alleged to be an apprentice, a valid contract of apprenticeship must be established by the plaintiff. *Supreme Court, January, 1885, Barton v. Ford*, 35 Hun, 32.

§ 71. Consents to indenture.—Every indenture must contain:

1. The names of the parties;
2. The age of the minor as nearly as can be ascertained, which age on the filing of the indenture shall be taken prima facie to be the true age;
3. A statement of the nature of the service or employment to which the minor is bound or apprenticed;
4. The term of service or apprenticeship, stating the beginning and end thereof;
5. An agreement that the minor will not leave his master or employer during the term for which he is indentured;

6. An agreement that suitable and proper board, lodging and medical attendance for the minor during the continuance of the term shall be provided, either by the master or employer, or by the parent or guardian of the apprentice. (*As amended by chapter 448 of the Laws of 1899.*)

7. A statement of every sum of money paid or agreed to be paid in relation to the service;

8. If such minor is bound as an apprentice to learn the art or mystery of any trade or craft, an agreement on the part of the employer to teach, or to cause to be carefully and skillfully taught, to such apprentice, every branch of the business to which such apprentice is indentured, and that at the expiration of such apprenticeship he will give to such apprentice a certificate, in writing, that such apprentice has served at such trade or craft a full term of apprenticeship specified in such indenture;

9. If a minor is indentured by the poor officers of a county, city or town, or by the authorities of an orphan asylum, penal or charitable institution, an agreement that the master or employer will cause such child to be instructed in reading, writing and the general rules of arithmetic, and that at the expiration of the term of service he will give to such minor a new bible.

Every such indenture shall be filed in the office of the county clerk of the county where the master or employer resides.

§ 72. Indenture by minor; by whom signed.—Any minor may, by the execution of the indenture provided by this article, bind himself or herself:

1. As an apprentice to learn the art or mystery of any trade or craft for a term of not less than three nor more than five years; or,

2. As a servant or clerk in any profession, trade or employment for a term of service not longer than the minority of such minor, unless such indenture be made by a minor coming from a foreign country, for the purpose of paying his passage, when such indenture may be made for a term of one year although such term may extend beyond the time when such person will be of full age.

An indenture made in pursuance of this section must be signed,

1. By the minor;

2. By the father of the minor unless he is legally incapable of giving consent or has abandoned his family;

3. By the mother of the minor unless she is legally incapable of giving consent;

4. By the guardian of the person of the minor, if any;

5. If there be neither parents or guardians of the minor legally capable of giving consent, by the county judge of the county or a justice of the supreme court of the district, in which the minor resides; whose consent shall be necessary to the binding out or apprenticing in pursuance of this section of a minor coming from a foreign country or of the child of an Indian woman, in addition to the other consents herein provided;

6. By the master or employer.

§ 73. Indenture by poor officers; by whom signed.—The poor officers of a municipal corporation may, by an execution of the indenture provided by this article bind out or apprentice any minor whose support shall become chargeable to such municipal corporation.

In such case the indenture shall be signed,

1. By the officer or officers binding out or apprenticing the minor;

2. By the master or employer;

3. By the county judge of the county, if the support of such child was chargeable to the county, by two justices of the peace, if chargeable to the town, or by the mayor and aldermen or any two of them, if chargeable to the city.

The poor officers by whom a child is indentured and their successors in office, shall be guardians of every such child and shall inquire into the treatment thereof, and redress any grievance as provided by law.

The provision of the Revised Statutes (1 R. S. 617, § 15) declaring that a majority of the superintendents of the poor of a county "shall be at all times competent to transact business and to execute any powers vested in the board of superintendents" authorizes the majority to act, irrespective of and without consultation, with the minority.

The authority to bind minors as apprentices given to said superintendents (2 R. S. 134, § 5) may, therefore, be executed by a majority, without a meeting of or notice to all. *Court of Appeals, February, 1874, Johnson v. Dodd*, 56 N. Y. 76.

The government has the right to require the services of its citizens, minors as well as adults, for the public defense. It may dissolve the relation of

master and apprentice existing by force of municipal regulations, and the obligation of service resulting from indentures executed under or sanctioned by local law.

The relation is dissolved by the acceptance of the apprentice into the military service of the government, although his enlistment was his voluntary act, not compelled by the government, and without the consent of the master; and the wages due the former for his service in the army as well as bounty money belong to him, to the exclusion of any claim thereto by the latter. *Id.*

A mother who has received temporary relief from the poor officers is not a person chargeable to the public, within the meaning of the statutes, allowing a child who, or whose parents, become chargeable, to be bound out. *Albany City Recorder, March, 1873, People ex rel. Heilbronner v. Hoster*, 14 Abb. Pr. N. S. 414.

Abandonment of a child by the father is the surrender of his parental right to the child's custody. *Court of Appeals, April, 1875, People ex rel. Wehle v. Weisenbach*, 60 N. Y. 385.

§ 74. Indenture by a charitable corporation; by whom signed.—Where an orphan asylum or charitable institution is authorized to bind out or apprentice dependent or indigent children committed to its charge, every such child shall, when practicable, be bound out or apprenticed to persons of the same religious faith as the parents of such child, and the indenture shall in such case be signed.

1. In the corporate name of such institution by the officer or officers thereof authorized by the directors to sign the corporate name to such instrument, and shall be sealed with the corporate seal;

2. By the master or employer; and

3. May be signed by the child, if over twelve years of age.

§ 75. Penalty for failure of master or employer to perform provisions of indenture.—If a master or employer to whom a minor has been indentured shall fail, during the term of service, to perform any provision of such indenture, on his part, such minor or any person in his behalf, may bring an action against the master or employer to recover damages for such failure; and if satisfied that there is sufficient cause, the court shall direct such indenture to be canceled, and may render judgment against such master or employer for not to exceed one thousand nor less than one hundred dollars, to be collected and paid over for the use and benefit of such minor to the corporation or officers indenturing such minor, if so indentured, and otherwise, to the parents or guardian of the child.

§ 76. Assignment of indenture on death of master or employer.

—On the death of a master or employer to whom a person is indentured by the poor officers of a municipal corporation, the personal representatives of the master or employer may, with the written and acknowledged consent of such person, assign such indenture and the assignee shall become vested with all the rights and subject to all the liabilities of his assignor; or if such consent be refused, the assignment may be made with like effect by the county judge of the county, on proof that fourteen days' notice of the application therefor has been given to the person indentured, to the officers by whom indentured, and to his parent or guardian, if in the country.

§ 77. Contracts with apprentices in restraint of trade void.—

No person shall accept from any apprentice any agreement or cause him to be bound by oath, that after his term of service expires, he will not exercise his trade, profession or employment in any particular place; nor shall any person exact from any apprentice, after his term of service expires, any money or other thing, for exercising his trade, profession or employment in any place. Any security given in violation of this section shall be void; and any money paid, or valuable thing delivered, for the consideration, in whole or in part, of any such agreement or exaction, may be recovered back by the person paying the same with interest; and every person accepting such agreement, causing such obligation to be entered into, or exacting money or other thing, is also liable to the apprentice in the penalty of one hundred dollars, which may be recovered in a civil suit.

PLACING OUT CHILDREN.

AN ACT to prevent evils and abuses in connection with the placing out of children.

Chapter 264, Laws of 1898.

Section 1. When used in this act the term destitute child means an orphan, abandoned or destitute minor, under the age of sixteen years, who is an inmate of a public or private charitable institution or is maintained by or dependent upon public or organized charity. The term place-out, when used in this act,

means the placing of a destitute child in a family, other than that of a relative within the second degree, for the purpose of providing a home for such child. The term board, when used in this act, means the state board of charities.

§ 2. It is hereby made unlawful for any person or corporation, other than a charitable or benevolent institution, society or association, or society for the prevention of cruelty to children, now or hereafter duly incorporated under the laws of this state, or a local officer charged with the relief of the poor and placing out in the manner now provided by law, to place out any destitute child, directly or indirectly, unless such person or corporation shall be duly licensed, as hereinafter provided, by the state board of charities, to place out destitute children. Nor shall any local officer charged with the relief of the poor, directly or indirectly, place out any child or children in a family not residing within this state.

In *Supreme Court*, November, 1901, *People ex rel. Charles W. Spaulding v. The Board of Supervisors of Saratoga County*, 68 App. Div. 117, the court said: "That such resolution empowered the superintendent of the poor to employ Maybee to assist him in finding homes for indigent children, which was one of his official duties.

"That the duty of placing children in the homes found by Maybee devolved upon the superintendent of the poor and not upon Maybee, and, therefore, that the fact that Maybee was not licensed by the State Board of Charities to 'place out' children, as required by section 2 of chapter 264 of the Laws of 1898, did not render the contract of employment invalid."

Decision affirmed, 170 N. Y. 93, but order based upon decision, modified.

§ 3. The state board of charities is hereby authorized to issue licenses to such persons or corporations as apply therefor, and, in the judgment of said board, are proper to place-out children, empowering such licensees to place out destitute children. Any such license may be revoked by said board, in its discretion, on reasonable notice to such licensee and after affording such licensee an opportunity to be heard before said board. The reason for not granting any such license within six months after application has been made therefor, or for revoking a license, shall be entered in full in the minutes of said board.

§ 4. Any person or corporation who shall place out a destitute child shall keep and preserve a record of the full name and actual or apparent age of such child, the names and residence of its parents, so far as known, and the name and residence of

the person or persons with whom such child is placed. If such person or corporation shall subsequently remove such child from the custody of the person or persons with whom it was placed, the fact of such removal and the disposition made of such child shall be entered upon such record.

§ 5. The state board of charities, through any member, officer or duly authorized inspector of said board, is hereby authorized to visit, in its discretion, any child under the age of sixteen years, not legally adopted, placed out by any person or corporation mentioned in the second section of this act, or by any person licensed by said board to place out destitute children.

§ 6. In every case where practicable any child placed out shall be placed with individuals of like religious faith as the parents of the child.

§ 7. Whenever the state board of charities shall decide by the affirmative vote of a majority of its members that any person or corporation has placed out children for purposes of gain, or without due inquiry as to the character and reputation of the persons with whom such children are placed, and with the result that such children are subjected to cruel or improper treatment or neglect or immoral surroundings, the said board may issue an order prohibiting such person or corporation from thereafter placing out children. No such order shall be issued unless such person or corporation has had reasonable notice, with a copy of the charge, and an opportunity to be heard before said board, and a full record of the proceedings and decision on such hearings shall be kept by said board. Any such order issued by said board may be revoked by said board.

§ 8. Any person or corporation who may feel aggrieved by the decision of the state board of charities in issuing any order pursuant to the provisions of section seven of this act, may apply to any judge of the supreme court in the judicial district in which such person resides, or in which the chief office of such corporation is situated, for a writ of certiorari, and upon the return of such writ the reasonableness of such decision shall be subject to review by the supreme court of this state.

§ 9. Any person or corporation who shall willfully violate any of the provisions of this act or shall place out a child in violation of an order issued under the provisions of section seven

of this act shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than fifty and of not more than two hundred and fifty dollars.

PERSONS PUNISHABLE FOR CRIME.

Title I of the Penal Code.

* * * * *

Section 12. Of sections declaring crimes punishable.

* * * * *

18. Presumption of responsibility in general as to child under seven years.

19. Id.; as to child seven years or more.

20, 21. Irresponsibility, etc., of idiot, lunatic, etc.

22. Intoxicated persons.

* * * * *

§ 12. Of sections declaring crimes punishable.—The several sections of this code which declare certain crimes to be punishable as therein mentioned devolve a duty upon the court authorized to pass sentence to determine and impose the punishment prescribed, but such court may in its discretion suspend sentence, during the good behavior of the person convicted, where the maximum term of imprisonment prescribed by law does not exceed ten years and such person has never been convicted of a felony. Courts of special sessions are empowered to suspend sentence and at any time within the longest period for which a defendant might have been sentenced, may issue process for the re-arrest of the defendant, and when arraigned the court as it is then constituted may proceed to enter judgment and impose sentence. In the case of children under sixteen years of age, at the time of conviction, the longest period of time after suspension of sentence within which a sentence may be imposed for such offense shall be one year; and in any proceeding of a criminal nature, triable before a magistrate, the magistrate upon conviction, may suspend sentence and place the offender under probation and at any time thereafter, during the longest period for which he could have been committed in the first instance, such magistrate, or his successor, if his term has expired, may

pronounce any judgment or sentence or impose any fine or other penalty, or make any commitment which might have been pronounced, imposed or made at the time the conviction was had. (*As amended by chapter 655 of the Laws of 1905.*)

§ 18. Presumption as to child under seven years.—A child under the age of seven years is not capable of committing crime.

The law does not define when a child becomes *sui juris*. *Court of Appeals, February, 1887, Kunz v. City of Troy*, 104 N. Y. 351; 5 St. Rep. 642.

A child not yet seven has not reached that age at which infants are generally supposed to be of full discretion or capable of crime of which laches and neglect are but degrees. *Court of Appeals, February, 1888, Moebus v. Herrman*, 108 N. Y. 353; 13 St. Rep. 648.

Infants under seven years of age are deemed incapable of committing crime, and by the common law such incapacity presumptively continues until the age of twelve. *Court of Appeals, June 4, 1889, Stone v. Dry Dock, etc.*, 115 N. Y. 109; 23 St. Rep. 551.

§ 19. Age of capability for crime. Age, how determined by examination. By record of baptism or birth. By family Bible.—A child of the age of seven years, and under the age of twelve years, is presumed to be incapable of crime, but the presumption may be removed by proof that he had sufficient capacity to understand the act or neglect charged against him and to know its wrongfulness. Whenever in any legal proceedings it becomes necessary to determine the age of a child, the child may be produced for personal inspection, to enable the magistrate, court or jury, to determine the age thereby; and the court or magistrate may direct an examination by one or more physicians, whose opinion shall also be competent evidence upon the question of age. A copy of the record of baptism of any child in any parish register, or register kept in a church, or by a clergyman thereof, or a certificate of baptism duly authenticated by the person in charge of such register, or who administered said baptism, and also a transcript of the record of birth recorded in any bureau of vital statistics or board of health, duly authenticated by its secretary or under its seal, and the entries made in a family Bible, shall also be competent evidence upon the question of the age. (*As amended by chapter 46 of the Laws of 1881 and chapter 145 of the Laws of 1888.*)

The Penal Code preserves the rule of the common law except that it fixes the age of twelve instead of fourteen as the time when the presumption

of incapacity ceases. *Court of Appeals, June 4, 1886, Stone v. Dry Dock, etc.*, 115 N. Y. 109; 23 St. Rep. 551.

On a criminal charge against an infant between the years of seven and twelve, the burden is on the prosecutor to show that the child has intelligence and maturity of judgment sufficient to render him capable of harboring a criminal intent. *Court of Appeals, June 4, 1889, Stone v. Dry Dock, etc.*, 115 N. Y. 109; 23 St. Rep. 551.

A jury has the right to determine from personal inspection, the age of a child at the time an offense is alleged to have been committed. *General Sessions, New York County, May, 1886, People v. Stott*, 4 N. Y. Cr. 308; *Supreme Court, May, 1885, People v. Platt*, 3 N. Y. Cr. 137. The latter case was reversed in 100 N. Y. 590, but upon another point. See also *Supreme Court, May 13, 1887, People v. Sheppard*, 9 St. Rep. 34; 44 Hun, 565; 5 N. Y. Cr. 136.

§ 20. Irresponsibility of idiot, lunatic, etc.—An act done by a person who is an idiot, imbecile, lunatic or insane is not a crime. A person cannot be tried, sentenced to any punishment, or punished for a crime while he is in a state of idiocy, imbecility, lunacy or insanity so as to be incapable of understanding the proceeding or making his defense. (*As amended by chapter 384 of the Laws of 1882.*)

The law presumes sanity in all cases. *New York County Court, Oyer and Terminer, December, 1881, People v. Coleman*, 1 N. Y. Cr. 5. The burden of overthrowing the presumption of sanity is upon the person who alleges the insanity. *Id.*

An insane man frequently deliberates, and after the most mature deliberation commits acts which, but for his insanity, would be crimes. *Court of Appeals, April, 1891, People v. Wood*, 126 N. Y. 267; 36 St. Rep. 863. The question always is, not did the party deliberate, but was he at the time insane within the legal definition of that term. *Id.*

An insane person cannot be lawfully punished for an act which was committed by him while in a state of insanity, or when he has become insane during or after a trial or conviction. *Court of Appeals, February 24, 1891, People v. McElvaine*, 125 N. Y. 600; 36 St. Rep. 181.

An insane person is incapable of crime. *New York County Court, Oyer and Terminer, December, 1881, People v. Coleman*, 1 N. Y. Cr. 2.

A lunatic is not criminally liable for his unlawful acts. *Supreme Court, October, 1892, d'Autremont v. Fire Association*, 48 St. Rep. 43; 65 Hun, 477; 20 N. Y. Supp. 345. But he is responsible civilly for any tort committed by him where a wrongful intent is not an essential thing to be proved. *Id.*

The species of insanity, called by some moral insanity, constitutes no defense for the commission of crime. *Court of Appeals, April, 1891, People v. Wood*, 126 N. Y. 268; 36 St. Rep. 963.

In a defense that the homicide was the unconscious and uncontrollable result of epileptic furor, the absence of motive is important, as bearing upon the issue so presented. *Court of Appeals, October, 1889, People v. Barber*, 115 N. Y. 475; 25 St. Rep. 184.

The doctrine that a criminal act may be excused upon the motion of an irresistible impulse to commit it, where the offender has the ability to discover his legal and moral duty in respect to it, has no place in the law. *Court of Appeals, October, 1881, Flanagan v. People*, 52 N. Y. 467; *Court of Appeals, April 13, 1886, People v. Carpenter*, 1 St. Rep. 642; 102 id. 250; 4 N. Y. Cr. 187; *Oyer and Terminer, New York County, July, 1873, People v. Walworth*, id. 395; *Court of Appeals, June, 1865, Willis v. People*, 32 N. Y. 717; *Court of Appeals, May, 1881, Moett v. People*, 85 id. 379; *New York County Court Oyer and Terminer, December, 1881, People v. Coleman*, 1 N. Y. Cr. 3.

When it is said that a prisoner must, at the time of the alleged criminal act, have sufficient capacity to distinguish between right and wrong with respect to such act, it is implied that he must have sufficient capacity to know whether such act is violation of the law of God, or of the land, or of both. *Court of Appeals, May, 1881, Moett v. People*, 85 N. Y. 380.

The test of responsibility is the capacity to distinguish between right and wrong at the time the act was done, and in respect thereto. *Supreme Court, December, 1883, People v. Casey*, 2 N. Y. Cr. 190. (Reversed in 2 N. Y. Cr. 194; *Court of Appeals, May, 1884, 96 N. Y. 115*, but on other grounds.) The law does not find irresponsibility where the claim is that such capacity exists, without the power to choose between them. *Id.*; *Court of Appeals, October, 1881, Flanagan v. People*, 52 N. Y. 467.

The test of responsibility for criminal acts, where insanity is asserted, is the capacity of the accused to distinguish between right and wrong at the time and with respect to the act which is the subject of inquiry. *New York County Court, Oyer and Terminer, December, 1881, People v. Coleman*, 1 N. Y. Cr. 2.

The true test of criminal responsibility, where the defense of insanity is interposed, is, whether the accused had sufficient reason to know the nature and quality of his act, and whether he has sufficient reason to know right from wrong. *Supreme Court, October, 1881, Walker v. People*, 1 N. Y. Cr. 14.

In order to sustain the defense of insanity, the evidence should be clear and substantial. *Supreme Court, October, 1881, Walker v. People*, 1 N. Y. Cr. 27. And if there is upon the whole evidence in the case any reasonable doubt, the accused is entitled to the benefit of that doubt and to an acquittal. *Id.*

The report of the Commissioners under sections 636 to 662 of Criminal Code will not prevent the accused from having the question as to sanity passed upon by a jury on the trial of the indictment. *Madison County Court of Oyer and Terminer, December, 1883, People v. Haight*, 13 Abb. N. C. 198. See *People v. Haight*, 3 N. Y. Cr. 61; *Court of General Sessions, New York County, October, 1884, People v. Rhineland*, 2 id. 340.

§ 21. Irresponsibility, etc., of idiots, lunatics, etc.—A person is not excused from criminal liability as an idiot, imbecile, lunatic, or insane person, except upon proof that, at the time of committing the alleged criminal act, he was laboring under such a defect of reason, as either,

1. Not to know the nature and quality of the act he was doing;
or

2. Not to know that the act was wrong.

(As amended by chapter 384 of the Laws of 1882.)

The rule now established excludes consideration of the question as to whether the accused possessed sufficient mental power to forbear the commission of an act which he clearly perceived to be criminal. *Court of Appeals, June 6, 1893, People v. Taylor, 52 St. Rep. 920; 138 N. Y. 407.*

An insane delusion with reference to the conduct and attitude of another cannot excuse the criminal act of taking his life, unless it is of such a character, that if it had been true, it would have rendered the homicide excusable or justifiable. *Court of Appeals, June 6, 1893, People v. Taylor, 52 St. Rep. 919; 138 N. Y. 406.*

Partial insanity, or incipient insanity, is not sufficient, if there is still the ability to perform a correct perception of the legal quality of the act and to know that it is wrong. *Court of Appeals, June 6, 1893, People v. Taylor, 52 St. Rep. 919; 138 N. Y. 407.* If, when a specific act is contemplated, he has the power to know whether it is wrong to do it and right to refrain from doing it, the law presumes that the person has also the power to choose between the right and wrong course of action, and will not permit either courts or juries to speculate as to its possible non-existence. *Id.*

A desire for self-destruction and the adoption of means to secure it do not of themselves indicate a mental impairment which has advanced to the stage of irresponsibility, otherwise the law would not make the attempt to kill one's self a crime. *Court of Appeals, June 6, 1893, People v. Taylor, 52 St. Rep. 920; 138 N. Y. 408.*

See 1 St. Rep. 648; *Court of Appeals, April 13, 1886, People v. Carpenter, 102 N. Y. 250; 4 N. Y. Cr. 187; Madison County Court of Oyer, December, 1883, People v. Haight, 3 id. 61; 13 Abb. N. C. 198; Court of General Sessions, New York County, October, 1884, People v. Rhineland, 2 N. Y. Cr. 340.*

§ 22. Intoxicated person.—No act committed by a person while in a state of voluntary intoxication, shall be deemed less criminal by reason of his having been in such condition. But whenever the actual existence of any particular purpose, motive or intent is a necessary element to constitute a particular species or degree of crime, the jury may take into consideration the fact that the accused was intoxicated at the time, in determining the purpose, motive or intent with which he committed the act.

The law expressly declares that voluntary intoxication, though furnishing no excuse for a criminal act, may be considered by the jury upon the questions of intent and of the degree of crime. *Supreme Court, June, 1884, People v. Conroy, 2 N. Y. Cr. 248; 33 Hun. 121.* It may also be considered upon the question of deliberation. *Id.*

The jury have a right to consider the intoxicated condition of the accused. *Supreme Court, September, 1883, People v. Cassiano*, 30 Hun, 388; 1 N. Y. Cr. 505.

Intoxication does not absolutely tend to show an absence of premeditation and deliberation. *Court of Appeals, February, 1885, People v. Mills*, 98 N. Y. 181; 3 N. Y. Cr. 187; 21 W. Dig. 137. This is a question for the jury to determine. *Id.*

The only materiality of the evidence of the defendant's intoxication is its bearing upon the questions of deliberation, premeditation and intent. *Court of Appeals, January 13, 1891, People v. Fish*, 125 N. Y. 146; 8 N. Y. Cr. 136; 34 St. Rep. 843. If he was sober enough to form an intent and to deliberate and premeditate a crime, then his responsibility is the same as if he had been perfectly sober. *Id.* His condition in this respect must be taken into account in weighing the evidence as to meditation and deliberation. *Id.*; *Court of Appeals, October, 1881, Flanigan v. People*, 86 N. Y. 554.

Section 287. Abandonment of child under fourteen years.—A parent, or other person having the care or custody, for nurture or education, of a child under the age of fourteen years, who deserts the child in any place, with intent wholly to abandon it, is punishable by imprisonment in a state prison for not more than seven years. (*As amended by chapters 325 of the Laws of 1892, and 376 of 1903.*)

§ 287a. Abandonment of children.—A parent or other person charged with the care or custody for nurture or education of a child under the age of sixteen years, who abandons the child in

destitute circumstances and willfully omits to furnish necessary and proper food, clothing or shelter for such child is guilty of felony, punishable by imprisonment for not more than two years, or by a fine not to exceed one thousand dollars, or by both. In case a fine is imposed the same may be applied in the discretion of the court to the support of such child. Proof of the abandonment of such child in destitute circumstances and omission to furnish necessary and proper food, clothing or shelter is prima facie evidence that such omission is willful. The provisions of section seven hundred and fifteen of this code prohibiting the disclosure of confidential communications between husband and wife shall not apply to prosecutions for the offense here defined. A previous conviction or convictions of felony or misdemeanor shall not prevent the court from suspending sentence upon a conviction under this section, or from arbitrarily fixing the limit of imprisonment or fine, in case imprisonment or fine is imposed upon conviction herein.

§ 2. Nothing in this act contained shall be deemed or construed to repeal, amend, impair or in any manner affect the provisions of sections two hundred and eighty-seven, two hundred and eighty-eight or two hundred and eighty-nine of the penal code or any other existing provisions of law relating to abandonment or other acts of cruelty to children. (*Added by chapter 168 of the Laws of 1905.*)

§ 288. Omitting to provide for child. A person who,

1. Willfully omits, without lawful excuse, to perform a duty by law imposed upon him to furnish food, clothing, shelter or medical attendance to a minor, or to make such payment toward its maintenance as may have been required by the order of a court or magistrate when such minor has been committed to an institution; or,

2. Not being a superintendent of the poor, or a superintendent of almshouses, or an institution duly incorporated for the purpose, without having first obtained a license in writing so to do from the board of health of the city or town wherein such females or children are received, boarded or kept, erects, conducts, establishes or maintains any maternity hospital, lying-in asylum where females may be received, cared for or treated during pregnancy, or during or after delivery; or receives, boards

or keeps any nursing children, or any children under the age of twelve years not his relatives, apprentices, pupils or wards without legal commitment; or.

3. Being a midwife, nurse or other person having the care of an infant within the age of two weeks, neglects or omits to report immediately to the health officer or to a legally qualified practitioner of medicine of the city, town or place where such child is being cared for, the fact that one or both eyes of such infant are inflamed or reddened whenever such shall be the case, or who applies any remedy therefor without the advice, or except by the direction of such officer or physician; or,

4. Neglects, refuses or omits to comply with any provisions of this section, or who violates the provisions of such license, is guilty of a misdemeanor. Every such license must specify the name and residence of the person so undertaking the care of such females or children, and the place and the number of females or children thereby allowed to be received, boarded and kept therein, and shall be revocable at will by the authority granting it. Every person so licensed must keep a register wherein he shall enter the names and ages of all such children and of all children born on said premises, and the names and residences of their parents, as far as known, the time of the reception and discharge of such children and the reasons therefor, and also a correct register of the name and age of every child under the age of five years who is given out, adopted, taken away or indentured from such place to or by any one, together with the name and residence of the person so adopting, taking or indenturing such child; and shall cause a correct copy of such register to be sent to the authority issuing such license within forty-eight hours after such child is so given out, adopted, taken away or indentured. It shall be lawful for the officers of any incorporated society for the prevention of cruelty to children and of such board of health at all reasonable times to enter and inspect the premises wherein such females and children are so boarded, received or kept, and also such license register and the children. *(As amended by chapter 46 of the Laws of 1884, 31 of 1886, 145 of 1888, and 325 of 1892.)*

5. No institution shall be incorporated for any of the purposes mentioned in this section except with the written consent and

approbation of a justice of the supreme court, upon the certificate in writing of the state board of charities approving of the organization and incorporation of such institution. The said board of charities may apply to the supreme court for the cancellation of any certificate of incorporation previously filed without its approval, and may institute and maintain an action in such court through the attorney-general to procure a judgment dissolving any such corporation not so incorporated and forfeiting its corporate rights, privileges and franchises. (*Added by chapter 171 of the Laws of 1894.*)

Unlawfully and feloniously suffering and permitting a child to die through willful negligence, without lawful excuse, to supply it with proper food, clothing and care, constitutes a misdemeanor. *Supreme Court, June 23, 1888, People v. McDonald*, 17 St. Rep. 494; 49 Hun, 68; 1 N. Y. Supp. 704.

One failing to supply a child in his custody with proper food is guilty of an offense under the statute. *Supreme Court, June, 1880, Crowley v. People*, 21 Hun, 415.

In same case on appeal, 83 N. Y. 464, it was held that one who, with no natural or legal duty, voluntarily seeks and assumes the care and custody of a child, is amenable to the statute, if he fails to perform the duty required, to the injury of the child. It is not requisite to aver or prove that he had means of support, but he must either perform his duty or surrender such care and custody.

§ 289. Endangering life, et cetera, of child.—A person who,

1. Willfully causes or permits the life or limb of any child actually or apparently under the age of sixteen years to be endangered, or its health to be injured, or its morals to become depraved; or,

2. Willfully causes or permits such child to be placed in such a situation or to engage in such an occupation that its life or limb is endangered, or its health is likely to be injured, or its morals likely to be impaired; is guilty of a misdemeanor. (*As amended by chapter 145 of the Laws of 1888.*)

3. Any parent or guardian or other person having custody of a child under sixteen years of age, except in the city of New York who omits to exercise due diligence in the control of such child, to prevent such child from violating any of the provisions of this chapter and any such person or any other person responsible for or who by any act or omission causes, encourages or contributes to the violation by any such child of said provisions shall

be guilty of a misdemeanor and punishable accordingly. (*Added by chapter 655 of the Laws of 1905.*)

§ 290. Permitting children to attend certain resorts.—A person who,

1. Admits to or allows to remain in any dance-house, concert saloon, theatre, museum, skating rink, or in any place where wines or spirituous or malt liquors are sold or given away, or in any place of entertainment injurious to health or morals, owned, kept or managed by him in whole or in part, any child actually or apparently under the age of sixteen years, unless accompanied by its parent or guardian; or,

2. Suffers or permits any such child to play any game of skill or chance in any such place, or in any place adjacent thereto, or to be or remain therein, or admits to or allows to remain in any reputed house of prostitution or assignation or in any place where opium or any preparation thereof is smoked, any child actually or apparently under the age of sixteen years; or,

3. Sells or gives away, or causes or permits or procures to be sold or given away to any child actually or apparently under the age of sixteen years any beer, ale, wine, or any strong or spirituous liquors; or,

4. Being a pawnbroker or person in the employ of a pawnbroker, makes any loan or advances or permits to be loaned or advanced to any child actually or apparently under the age of sixteen years any money, or in any manner directly or indirectly receives any goods, chattels, wares or merchandise from any such child in pledge for loans made or to be made to it or to any other person or otherwise howsoever; or,

5. Sells, pays for or furnishes any cigar, cigarette or tobacco in any of its forms to any child actually or apparently under the age of sixteen years; (*As amended by chapter 46 of the Laws of 1884; 31 of 1886; and 170 of 1889.*)

6. Or who, being the owner, keeper or proprietor of a junk shop, junk cart or other vehicle or boat or other vessel used for the collection of junk, or any collector of junk, receives or purchases any goods, chattels, wares or merchandise from any child under the age of sixteen years; (*Added by chapter 309 of the Laws of 1903.*)

Is guilty of a misdemeanor.

7. No child actually or apparently under sixteen years of age shall smoke or in any way use any cigar, cigarette or tobacco in any form whatsoever in any public street, place or resort. A violation of this subdivision shall be a misdemeanor and shall be punished by a fine not exceeding ten dollars and not less than two dollars for each offense. (*Added by chapter 417 of the Laws of 1890.*)

§ 291. Children not to beg, etc.—Any child actually or apparently under the age of sixteen years who is found:

1. Begging or receiving or soliciting alms, in any manner or under any pretense; or gathering or picking rags, or collecting cigar stumps, bones or refuse from markets; or

2. Not having any home or other place of abode or proper guardianship; or who has been abandoned or improperly exposed or neglected, by its parents or other person or persons having it in charge, or being in a state of want or suffering; or

3. Destitute of means of support, being an orphan, or living or having lived with or in custody of a parent or guardian who has been sentenced to imprisonment for crime, or who has been convicted of a crime against the person of such child, or has been adjudged an habitual criminal; or

4. Frequenting or being in the company of reputed thieves or prostitutes, or in a reputed house of prostitution or assignation, or living in such a house either with or without its parent or guardian, or being in concert saloons, dance-houses, theatres, museums or other places of entertainment, or places where wines, malt or other spirituous liquors are sold, without being in charge of its parent or guardian; or playing any game of chance or skill in any place wherein or adjacent to which any beer, ale, wine or liquor is sold or given away, or being in any such place; or

5. Coming within any of the descriptions of children mentioned in section two hundred and ninety-two, must be arrested and brought before a proper court or magistrate, who may commit the child to any incorporated charitable reformatory, or other institution, and when practicable, to such as is governed by persons of the same religious faith as the parents of the child, or may make any disposition of the child such as now is.

or hereafter may be authorized in the cases of vagrants, truants, paupers or disorderly persons, but such commitment shall, so far as practicable, be made to such charitable or reformatory institutions. Whenever any child shall be committed to an institution under this code, and the warrant of commitment shall so state, and it shall appear therefrom that either parent, or any guardian or custodian of such child was present at the examination before such court or magistrate, or had such notice thereof as was by such court or magistrate deemed and adjudged sufficient, no further or other notice required by any local or special statute, in regard to the committal of children to such institution shall be necessary, and such commitment shall in all respects be sufficient to authorize such institutions to receive and retain such child in its custody as therein directed. Whenever any commitment of a child shall for any reason be adjudged or found defective, a new commitment of the child may be made or directed by the court or magistrate, as the welfare of the child may require. And no commitment of a child which shall recite therein the facts upon which it is based shall be deemed invalid by reason of any omission of the court or magistrate by whom such commitment is made to file any documents, papers or proceedings relating thereto, or by reason of any limitation as to the age of the child committed, contained in the act or articles of incorporation of the institution to which it may have been committed. (*As amended by chapter 31 of the Laws of 1886, and chapter 145 of the Laws of 1888.*)

6. Any magistrate having criminal jurisdiction may commit, temporarily, to an institution authorized by law to receive children on final commitment, and to have compensation therefor from the city or county authorities, any child under the age of sixteen years, who is held for trial on a criminal charge; and may, in like manner, so commit any such child held as a witness to appear on the trial of any criminal case; which institution shall thereupon receive the same, and be entitled to the like compensation proportionally therefor as on final commitment, but subject to the order of the court as to the time of detention and discharge of the child. Any such child convicted of any misdemeanor shall be finally committed to some such institution, and not to any prison or jail, or penitentiary, longer than is

necessary for its transfer thereto. No child under restraint or conviction, actually or apparently under the age of sixteen years, shall be placed in any prison or place of confinement, or in any courtroom, or in any vehicle for transportation in company with adults charged with or convicted of crime. (*As amended by chapter 217 of the Laws of 1892.*)

7. All cases involving the commitment or trial of children, actually or apparently under the age of sixteen years, for any violation of law, in any court shall be heard and determined by such court, at suitable times to be designated therefor by it, separate and apart from the trial of other criminal cases, of which session a separate docket and record shall be kept. All such cases shall, so far as practicable, be heard and determined in a separate court room to be known as the children's court and to be used exclusively for the examination and trial of children, actually or apparently under the age of sixteen years, charged with any offense. And all such cases and cases of offenses by, or against the person of, a child under the age of sixteen years shall have preference over all other cases, before all magistrates and in all courts and tribunals in this state both civil and criminal; and where a child is committed or detained as a witness in any case such case shall be brought to trial or otherwise disposed of without delay, whether the defendant be in custody or enlarged on bail. (*Added by chapter 217 of the Laws of 1892, and amended by chapter 331 of 1903.*)

By this section certain acts or conduct on the part of children render them liable to be arrested and dealt with as vagrants. *Supreme Court, January, 1883, Matter of McMahon*, 1 N. Y. Cr. 60; 64 How. 285.

It is not necessary to show that the children were found wandering in the streets. *Supreme Court, October, 1883, Matter of Moses*, 1 N. Y. Cr. 512.

To justify a commitment of a child under section 291, subd. 2, of the Penal Code, as being "abandoned or improperly exposed" such abandonment or improper exposure must be by the parents or the person or persons having it in charge. A child of good character who on a single occasion and while about to return to her home is found in the company of a reputed prostitute of whose character she is ignorant does not "frequent," nor is she in the company of, reputed prostitutes, within section 291, subd. 4 of the Penal Code. *Supreme Court, May, 1887, People ex rel. Van Riper v. Catholic Protectory*, 19 Abb. N. C. 142, 148; *Supreme Court, May, 1887, sub nomine, People ex rel. Van Riper v. Home of the Good Shepherd*, 44 Hun, 529; 5 N. Y. Cr. 139, 504; 11 St. Rep. 155.

Where the examining magistrate commits the child without summoning its guardian, if there be one, the child will be discharged on *habeas corpus*. *Supreme Court, October, 1883, Matter of Maloney, 2 N. Y. Supp. 248; 4 id. 428.*

8. All children actually or apparently under the age of sixteen who desert their homes without good or sufficient cause, or keep company with dissolute, immoral or vicious persons, shall be deemed disorderly children. Those actually or apparently under the like age who are not susceptible of proper restraint or control by their parents, guardians, or lawful custodians, or who are habitually disobedient to their reasonable and lawful commands, shall be deemed ungovernable children. A disorderly or ungovernable child may be dealt with as provided in the fifth subdivision of this section. (*Added by chapter 50 of the Laws of 1903.*)

9. Whenever any child is brought before any court or magistrate, to be dealt with under any of the subdivisions of this section, instead of committing such child to confinement in any institution, the court or magistrate may place such child under the custody of a probation or parole officer, and at any time within one year thereafter such court or magistrate, may issue a warrant for such child, and after giving such child an opportunity to be heard, may make the commitment which could have been made in the first instance as aforesaid. The foregoing provision shall not apply to a children's court created by special enactment in cities of the first class but this exception shall not be construed as taking away or limiting any jurisdiction now possessed by such children's courts. (*Added by chapter 655 of the Laws of 1905.*)

§ 292. Certain employments of child prohibited.—A person who employs or causes to be employed, or who exhibits, uses, or has in custody, or trains for the purpose of the exhibition, use or employment of, any child actually or apparently under the age of sixteen years; or who having the care, custody or control of such a child as parent, relative, guardian, employer, or otherwise, sells, lets out, gives away, so trains, or in any way procures or consents to the employment, or to such training, or use, or exhibition of such child; or who neglects or refuses to

restrain such child from such training, or from engaging or acting, either

1. As a rope or wire walker, gymnast, wrestler, contortionist, rider or acrobat; or upon any bicycle or similar mechanical vehicle or contrivance; or,

2. In begging or receiving or soliciting alms in any manner or under any pretense, or in any mendicant occupation; or in gathering or picking rags, or collecting cigar stumps, bones or refuse from markets; or in peddling; or,

3. In singing; or dancing; or playing upon a musical instrument; or in a theatrical exhibition; or in any wandering occupation; or,

4. In any illegal, indecent or immoral exhibition or practice; or in the exhibition of any such child when insane, idiotic, or when presenting the appearance of any deformity or unnatural physical formation or development; or

5. In any practice or exhibition or place dangerous or injurious to the life, limb, health or morals of the child, is guilty of a misdemeanor. But this section does not apply to the employment of any child as a singer or musician in a church, school or academy; or in teaching or learning the science or practice of music; or as a musician in any concert or in a theatrical exhibition, with the written consent of the mayor of the city, or the president of the board of trustees of the village where such concert or exhibition takes place. Such consent shall not be given unless forty-eight hours previous notice of the application shall have been served in writing upon the society mentioned in section two hundred and ninety-three of the Penal Code, if there be one within the county, and a hearing had thereon if requested, and shall be revocable at the will of the authority giving it. It shall specify the name of the child, its age, the names and residence of its parents or guardians, the nature, time, duration and number of performances permitted, together with the place and character of the exhibition. But no such consent shall be deemed to authorize any violation of the first, second, fourth or fifth subdivisions of this section. (*As amended by chapter 46 of the Laws of 1884; 31 of 1886; and 309 of 1892.*)

CONSTITUTIONAL PROVISIONS, LAWS, BY-LAWS AND RULES. 583

This section is not unconstitutional as infringing on the rights of parents or those of the child. *Supreme Court, July 21, 1892, People v. Ewer, 47 St. Rep. 501; 8 N. Y. Cr. 392.*

§ 292a. Penalty for sending messenger boys to certain places.—A corporation or person employing messenger boys who:

1. Knowingly places or permits to remain in a disorderly house, or in an unlicensed saloon, inn, tavern or other unlicensed place where malt or spirituous liquors or wines are sold, any instrument or device by which communication may be had between such disorderly house, saloon, inn, tavern or unlicensed place, and any office or place of business of such corporation or person; or

2. Knowingly sends or permits any person to send any messenger boy to any disorderly house, unlicensed saloon, inn, tavern, or other unlicensed place, where malt or spirituous liquors or wines are sold on any errand or business whatsoever except to deliver telegrams at the door of such house, is guilty of a misdemeanor, and incurs a penalty of fifty dollars to be recovered by the district attorney. (*Added by chapter 692 of the Laws of 1893.*)

§ 292b. Taking apprentice without consent of guardian.—A person who takes an apprentice without having first obtained the consent of his legal guardian or unless a written agreement has been entered into as prescribed by law, is guilty of a misdemeanor. (*Added by chapter 692 of the Laws of 1893.*)

§ 293. Arrests, by whom made.—A constable or police officer must, and any agent or officer of any incorporated society for the prevention of cruelty to children may, arrest and bring before a court or magistrate having jurisdiction, any person offending against any of the provisions of this chapter and any minor coming within any of the descriptions of children mentioned in section two hundred and ninety-one, or in section two hundred and ninety-two. Such constable, police officer or agent may interfere to prevent the perpetration in his presence of any act forbidden by this chapter. A person who obstructs or interferes with any officer or agent of such society in the exercise of his authority under this chapter, is guilty of a misdemeanor. All fines, penalties and forfeitures imposed or collected for a violation of the provisions of this code or of any act relating to

or affecting children, now in force or hereafter passed, must be paid on demand to the incorporated society for the prevention of cruelty to children in every case where the prosecution shall be instituted or conducted by such a society; and any such payment heretofore made to any such society may be retained by it. (*As amended by chapter 145 of the Laws of 1888.*)

*** SENTENCE OF MINOR.**

Section 713 of the Penal Code.

Sentence of minor.—When a person under the age of sixteen is convicted of a crime, he may, in the discretion of the court, instead of being sentenced to fine or imprisonment, be placed in charge of any suitable person or institution willing to receive him, and be thereafter, until majority or for a shorter term, subjected to such discipline and control of the person or institution receiving him as a parent or guardian may lawfully exercise over a minor. A child under sixteen years of age committed for misdemeanor, under any provision of this Code, must be committed to some reformatory, charitable or other institution authorized by law to receive and take charge of minors. And when any such child is committed to an institution, it shall when practicable, be committed to an institution governed by persons of the same religious faith as the parents of such child. (*As amended by chapter 46 of the Laws of 1884.*)

CHILDREN'S COURT, NEW YORK CITY.

AN ACT to amend the Greater New York charter, chapter three hundred and seventy-eight of the Laws of eighteen hundred and ninety-seven, entitled "An act to unite into one municipality under the corporate name of the city of New York, the various communities lying in and about New York harbor, including the city and county of New York, the city of Brooklyn and the county of Kings, the county of Richmond and part of the county of Queens, and to provide for the government thereof."

Chapter 466, Laws of 1901.

Section 1418. The justices of the special sessions of the first division shall assign a separate part for the hearing and disposition of cases heretofore within the jurisdiction of city magistrates involving the trial or commitment of children, which part shall be called the children's court; and in all such cases the justice or justices holding said court shall have all the powers, duties and jurisdiction now possessed by the city magistrates within said first division, and such other and further powers, duties and jurisdiction as are contained in the following sections:

The justices of the special sessions of the second division shall as soon as a special court building can be put in readiness assign a separate part for the hearing and disposition of cases heretofore within the jurisdiction of city magistrates, involving the trial or commitment of children, which part shall be called the children's court, second division, borough of Brooklyn; and in all such cases the justice or justices holding said court shall have all the powers, duties and jurisdiction now possessed by the city magistrates within said second division, except in the boroughs of Queens and Richmond, and such other and further powers, duties and jurisdiction as are contained in the following sections:

Each of said children's courts shall be held by one or more of the justices of special sessions in their respective divisions, as

the circumstances require in such manner as the said justices shall by rule provide.

Whenever, under any provision of law, after said separate parts shall be assigned, a child under sixteen years of age, unless jointly charged with one or more persons above that age, is taken into custody it shall be the duty of the officer having the child in charge, and at the earliest time when a justice will be present, to take such child before the children's court, and shall not take said child, knowingly, to any city magistrate's court, or before any city magistrate, except for the purpose of giving bail. If through inadvertence any such child shall be arraigned before a city magistrate, it shall be the duty of such magistrate, as soon as the age of such child is discovered, to transfer the case to the children's court, in the division in which such case belongs, and if any papers have been prepared, to indorse the transfer thereon and to send the same with the officer to said court; and it is hereby made the duty of the officer to take such child with said papers to the children's court with all convenient speed, to be heard and disposed of, pursuant to law by the justice there presiding. The justices of the court of special sessions for the first division shall appoint a clerk and a deputy clerk for the children's court, first division, and such and so many officers and attendants, including a stenographer, as may be necessary, whose salaries, except the clerk, shall be fixed by the board of aldermen, on the recommendation of the board of estimate and apportionment. The salary of the clerk of the children's court, first division, shall be three thousand dollars per year, payable in monthly installments, and the clerk, appointed by the board of city magistrates in office at the time this act shall go into effect, shall continue in office as clerk until removed therefrom by expiration of term, or by due process of law.

The justices of the court of special sessions for the second division shall appoint a clerk and a deputy clerk for the children's court, second division, borough of Brooklyn, and such and so many officers and attendants, including a stenographer, as may be necessary, whose salaries, except the clerk, shall be fixed by the board of aldermen on the recommendation of the board of estimate and apportionment. The salary of the clerk shall be two thousand five hundred dollars per year, payable in monthly

installments, and he shall continue in office as clerk until removed therefrom by expiration of term or by due process of law. The term of office of the clerk of the children's court, second division, shall be for five years. The justice shall have authority to appoint or designate not more than three discreet persons of good character to serve as probation officers during the pleasure of the court. It shall be the duty of said probation officers to make such investigations as may be required by the court, to be present in court in order to present the interests of the child; when the case is heard, to furnish to the court such information and assistance as he may require, and to take charge of any child before and after trial as may be directed by the court.

The said courts shall be held in some building separate and apart from one used for the trial of persons above the age of sixteen charged with any criminal offense.

Nothing herein contained shall affect any provisions of law with respect to the temporary commitment by magistrates of children as witnesses for the trial of any criminal case. For statistical purposes the clerk of each of said children's courts, annually, at such time and in such form as the board of city magistrates of the first division may require, as to the children's court in the first division, and in such form as the justices of the court of special sessions in the second division may require as to such children's court in Brooklyn, shall prepare in duplicate a report of the arrests, commitments and dispositions, with such other data as said board may require, of all persons arraigned in or brought before such court during the year; one of which said duplicates shall be transmitted to the board of city magistrates in their respective divisions to be included in its annual report; and the other shall be transmitted to the mayor and be printed in the City Record. (*As amended by chapter 590 of the Laws of 1902 and chapter 159 of the Laws of 1903.*)

§ 1419. In addition to the powers, duties and jurisdiction heretofore conferred, the court of special sessions of the first division, and the justices thereof, and the court of special sessions of the second division, except in the boroughs of Queens and Richmond, and the justices thereof, shall supersede the city magistrates in said first and second divisions, except in the boroughs of Queens and Richmond, in the trial, determination and disposi-

tion of all cases concerning children under sixteen years of age, unless upon a criminal charge in which two or more persons are jointly charged and some of them are above that age; and the said courts and the justices thereof shall have and exercise the powers, duties and jurisdiction as follows:

1. The said court of special sessions of the first division, and the said court of special sessions of the second division, except in the boroughs of Queens and Richmond, shall hear and adjudicate all charges of a criminal nature against children under sixteen years of age, of the grade of, or, under section six hundred and ninety-nine of the penal code, permitted to be tried as misdemeanors, including all charges coming within the summary jurisdiction of magistrates, and impose or suspend sentence or remit to probation pursuant to law. But all such hearings and trials shall, except as hereinafter provided, be had in a court room exclusively used for the hearing and disposition of children's cases.

2. Such court as provided in section fourteen hundred and eighteen, shall be open each day, except Sundays and legal holidays, during such hours as the justices of special sessions in their respective divisions, by public rule shall determine, and one of said justices shall be in attendance who shall possess and exercise, as to all matters arising in said court, all the powers and jurisdiction now conferred on city magistrates, and, unless an objection shall be interposed by the prosecution or the defense at or before the time the defendant, or defendants, are called upon to plead to a charge graded, or permitted by law, as a misdemeanor, all the powers and jurisdiction of a court of special sessions.

3. If an objection be interposed, as provided for in the preceding subdivision, or thereafter if permitted by the justice presiding, the case shall be adjourned to some future day, when either in the same building or at the main court as the justice of special sessions shall regulate, a trial may be had before three justices.

4. Any order, determination or judgment of one of said justices when sitting alone, pursuant to the foregoing provisions, or any two of said justices when three are sitting, shall be the order, determination or judgment of said children's court sitting as a court of special sessions.

5. Section fourteen hundred and twelve, as to the adoption of rules, is hereby extended so as to cover said children's courts.

PROBATIONARY OFFICERS.

AN ACT to amend the code of criminal procedure, relating to the appointment of probationary officers and defining their duties.

Chapter 372, Laws of 1901.

§ 11-a. 1. The justices of the courts having original jurisdiction of criminal actions in the state, shall from time to time appoint a person or persons to perform the duties of probation officer or officers as hereinafter described, within the jurisdiction and under the direction of said court or justice, to hold such office during the pleasure of the court or justice making such appointment. Such probation officer or officers may be chosen from among the officers of a society for the prevention of cruelty to children or of any charitable or benevolent institution, society or association now or hereafter duly incorporated under the laws of this state, or be reputable private citizens, male or female. Any officer or member of the police force of any city or incorporated village who may be detailed to do duty in such

courts, or any constable or peace officer, may be employed as probation officer upon the order of any court or justice as herein provided. No probation officer appointed under the provisions of this section shall receive compensation for his services as such probation officer until allowed by proper municipal ordinance or resolution, as hereinafter prescribed, but this shall not be construed to deprive any officer or member of the police force, or any constable or peace officer, appointed probation officer as herein provided, from receiving the salary or compensation attached to his said official employment. The board of estimate and apportionment in the city of New York and the appropriate municipal board or body of any other city or village, may, in their discretion determine whether probation officers, not detailed from other branches of the public service, shall receive a salary, and if they shall so determine, they may fix the amount thereof and provide for its payment. (*As amended by chapter 613 of the Laws of 1903, chapter 508 of the Laws of 1904, and chapter 656 of the Laws of 1905.*)

2. Every probation officer or officers so appointed shall when so directed by the court, inquire into the antecedents, character and offense of any person or persons arrested for a crime within the jurisdiction of the court appointing him, and shall report the same to the court. It shall be his duty to make such reports of all cases investigated by him, of all cases placed in his care by the court, and of any other duties performed by him in the discharge of his office, as shall be prescribed by the court or justice making the appointment, or his successor, or by the court or justice assigning the case to him, or his successor, which report shall be filed, with the clerk of the court, or where there is no clerk, with the justice thereof. He shall furnish to each person released on probation, committed to his care, a written statement of the terms and conditions of his probation, and shall report to the court or justice appointing him, at least monthly, any violation or breach of the terms and conditions imposed by the court, of the persons placed in his care. Such probation officer shall have, as to the persons so committed to their care, the powers of a peace officer, and shall require such persons to report to them as may be directed by the court. (*As amended by chapter 613 of the Laws of 1903.*)

§ 483. Court may summarily inquire into circumstances in aggravation or mitigation of punishment. After a plea or verdict of guilty, in a case where a discretion is conferred upon the court as to the extent of the punishment, the court may, in its discretion, hear the same summarily at a specified time, and upon such notice to the adverse party as it may direct. At such specified times, if it shall appear by the record and the circumstances of any person convicted of crime, that there are circumstances in mitigation of the punishment, the court shall have power, in its discretion, to place the defendant on probation in the manner following:

1. The court upon suspending sentence, may place such person on probation during such suspension under the charge and supervision of the probation officer appointed by said court. When practicable, any child under the age of sixteen years, placed on probation, shall be placed with a probation officer of the same religious faith as that of the child's parents. The parents, guardian or master of such child, if the child has any, shall be summoned by the magistrate to attend any examination or trial of such child and to be present in court when the child is placed on probation and informed by the court of the action taken in such case.

2. If the judgment is to pay a fine and that the defendant be imprisoned until it is paid, the court upon imposing sentence may direct that the execution of the sentence of imprisonment be suspended for such period of time, and on such terms and conditions as it shall determine, and shall place such defendant on probation under the charge and supervision of a probation officer during such suspension, provided, however, that upon payment of the fine being made, the judgment shall be satisfied and the probation cease.

3. At any time during the probationary term of a person convicted and released on probation in accordance with the provisions of this section, the court before which, or the justice before whom, the person so convicted was convicted, or his successor, may in its or his discretion, revoke and terminate such probation. Upon such revocation and termination, the court may, if the sentence has been suspended, pronounce judgment at any time thereafter within the longest period for which the defend-

ant might have been sentenced, or, if judgment has been pronounced and the execution thereof has been suspended, the court may revoke such suspension, whereupon the judgment shall be in full force and effect for its unexpired term. (*As amended by chapter 613 of the Laws of 1903, and chapter 656 of the Laws of 1905.*)

§ 487. If the judgment be imprisonment, or a fine and imprisonment until it is paid, the defendant must forthwith be committed to the custody of the proper officer, and by him detained, until the judgment be complied with. Where, however, the court has suspended sentence or where after imposing sentence, the court has suspended the execution thereof and placed the defendant on probation, as provided in section four hundred and eighty-three of the code of criminal procedure, the defendant must forthwith be placed under the care and supervision of the probation officer of the court committing him, until the expiration of the period of probation and the compliance with the terms and conditions of the sentence or of the suspension thereof. Where, however, the probation has been terminated, as provided in paragraph four of section four hundred and eighty-three of the code of criminal procedure, and the suspension of the sentence or of the execution revoked, and the judgment pronounced, the defendant must forthwith be committed to the custody of the proper officer and by him detained until the judgment be complied with. (*As amended by chapter 613 of the Laws of 1903.*)

§ 554. * * * * * * * * * *

Subdivision 4. Whenever a child under the age of sixteen years is arrested charged with any offence except a felony or a crime which if committed by an adult would be a felony, a captain or sergeant or acting sergeant of police, in any city may accept, in lieu of bail, the personal recognizance in writing, without security, of a parent, guardian or other lawful custodian of such child, to produce such child before the proper court or magistrate on the following day, at a time and place to be specified in said recognizance; and thereupon he shall place said child in the care and custody of the person executing the same who, on failure to so produce said child, pursuant to the terms of such recognizance, shall be liable to punishment by the court or magistrate, as for a criminal contempt in the manner provided

in the code of civil procedure. A similar recognizance may be taken by the court or magistrate for the subsequent production of such child at a time and place to be specified therein, pending the final termination of the proceedings, and noncompliance therewith shall subject the person giving the same to the same punishment. Such failure to produce the child shall in either case vacate the said recognizance and warrant the immediate arrest of the child by order of the court or magistrate. But nothing in this act contained shall authorize the acceptance of such personal recognizance for the production of a child who has been the subject of a crime or a witness to its commission by another. (*As amended by chapter 656 of the Laws of 1905.*)

§ 941. Within ten days after the adjournment of any criminal court of record in this state, the district attorney of the county in which the court shall be held, shall furnish to the clerk of the county a certified statement containing the names of all persons convicted of crime in said court; the crime for which convicted; whether the conviction was upon a trial or upon a plea of guilty and whether sentence was suspended or the defendant placed on probation; the cases in which counsel were assigned by the court to defend the defendant; the sex, age, nativity, residence and occupation of the defendant; whether married or single; the degree of education and religious instruction; whether parents are living or dead; whether temperate or intemperate, and whether before convicted or not of any crime, and any other information regarding them as may seem to him expedient. He shall also furnish to the clerk of the court a certified statement containing the names of all probation officers appointed by the court, with their addresses and date of appointment.

§ 942. The clerk or the deputy clerk of the court of special sessions in the city and county of New York shall on or before the first day of February, eighteen hundred and ninety-five, and quarterly thereafter, transmit to the secretary of state a tabulated and certified statement, in the form prescribed by the secretary of state, containing the name of every person convicted of a crime,

The police clerks of the city magistrates of the city of New York, shall on or before February first, nineteen hundred and one, and annually thereafter, transmit to the secretary of state, a tabulated statement made from their records, showing the number of males and females convicted of crime during each month in the preceding quarter in the several courts of such city magistrates; the number convicted of each offense, the number sentenced, the number fined, the number of those against whom sentence was suspended, and the number placed on probation; and shall also furnish a certified statement containing the names of all probation officers appointed by the magistrates, with their address and date of appointment. Such statements shall be in the form prescribed by the secretary of state.

§ 943. On or before the first day of February, eighteen hundred and ninety-five, and quarterly thereafter, the clerk of each county shall transmit to the secretary of state a tabulated and certified statement, in the form prescribed by the secretary of state, of all the matters contained in the statements filed with such clerks by the district attorney of such county after October thirty-first, eighteen hundred and ninety-four; and of the name of each person shown to be convicted by a court of special sessions by the certificate of conviction filed with him by magistrates holding courts of special sessions after October thirty-first, eighteen hundred and ninety-four, and since the date of the closing of each last preceding quarterly report made after October thirty-first, eighteen hundred and ninety-four, and showing the offense for which each person was so convicted; whether the conviction was upon a trial or upon a plea of guilty; the sentence imposed, whether the sentence was suspended, and whether the defendant was placed on probation. Said certified

statement shall also contain the names of all probation officers appointed by said courts of special sessions, with their address and the date of their appointment.

* * * *

§ 946. The secretary of state shall cause this title to be published with forms and instructions for the execution of the duties therein prescribed, and copies thereof to be furnished annually to each county clerk. The forms furnished by the secretary of state as herein provided, shall contain in tabulated form, the nature of every offense upon which a conviction was had, the court before which the defendant was convicted, the character of the sentence imposed, the cases where defendant had been previously convicted, the cases where sentence was suspended, the cases where the defendant was placed upon probation, and the cases where probation was revoked, together with the age, sex, nativity and residence of the defendant. And a sufficient number of the copies of this title, and of such instructions, and of the forms to be used by the district attorney, or clerk or deputy clerk of the court of special sessions of the city and county of New York, shall also be furnished to each clerk to enable him to furnish at least one copy thereof annually to the district attorney, and the clerk of the court of special sessions of the city and county of New York and the county clerk shall distribute the copies of this title and of such forms and instructions accordingly, and when said county clerk is not a salaried officer his disbursements and compensation for his services under this act shall be a county charge. The certificate exempting institutions from the operations of this act shall be filed during the month of January in each year, in the office of the county clerk of the county.

Section 762. All lights used in theatres and other places of public amusement, manufactories, stores, hotels, lodging-houses and in show windows shall be properly protected by globes or glass coverings, or in such other manner as the fire commissioners shall prescribe. The owners and proprietors of all manufactories, hotels, tenement-houses, apartment-houses, office buildings, boarding and lodging-houses, warehouses, stores and offices, theatres and music halls, and the authorities or persons having charge of all hospitals and asylums, and of the public schools and other public buildings, churches and other places where large numbers of persons are congregated for purposes of worship, instruction or amusement, shall provide such means of communicating alarms of fire, accident or danger, to the police and fire departments respectively, as the fire commissioner or police board may direct, and shall also provide such fire hose, fire extinguishers, buckets, axes, fire hooks, fire doors and other means of preventing and extinguishing fires as said fire commissioner may direct. In each of the said buildings there shall be placed and provided electrical or other alarms and time detectors, to be approved by the fire commissioner, by means of which the movements of said watchman may be recorded, and through which alarms of fire or other danger may be instantly communicated, by means of bells or gongs, to every portion of the building. Said electrical apparatus, and all other appliances placed or kept within any of said buildings for the purpose of preventing or extinguishing fires, or for affording means of escape therefrom in case of fire, shall be kept at all times in good working order and proper condition for immediate use, and any member of the uniformed force of said department may enter any of the said buildings at any time for the purpose of inspecting said apparatus or appliances.

Hotels, lodging-houses, public or private hospitals or asylums shall provide:

One or more watchmen whose exclusive duty it shall be to visit every portion of the building at regular and frequent intervals, for the purpose of detecting fire or other source of danger, and giving timely warning thereof to the inmates of the building.

A time detector, by means of which the movements of said watchman may be recorded.

Electrical or other alarms through which alarms of fire and other danger may be instantly communicated by means of bells or gongs to every portion of the building.

Provide means of communicating alarms of fire, accident or danger to the fire department, and maintain the same in good working order.

Iron balcony fire-escapes (having one or more windows leading thereto from each room) having direct access to the ground, or rope fire-escapes in each of said rooms.

Cards in each room with diagram printed thereon, showing the exits, halls, stairways, elevators and fire-escapes.

Signs in halls and passageways indicating the location of stairs and fire-escapes, which signs shall be illuminated at night with lights having red globes or coverings.

Metal buckets filled with water at all times, and hooks and axes for fire use only, to be kept where directed by the officer serving notice.

Electrical apparatus and all other appliances placed or kept within any of said buildings for the purpose of preventing or extinguishing fires, or for affording means of escape therefrom in case of fire, shall be kept at all times in good working order and proper condition for immediate use.

THE BUILDING CODE OF THE CITY OF NEW YORK.

* * * * *

§ 103. Fire-escapes.—Every dwelling-house occupied by or built to be occupied by three or more families, and every building already erected, or that may hereafter be erected, more than three stories in height, occupied and used as a hotel or lodging-house, and every boarding-house having more than fifteen sleeping rooms above the basement story, and every factory, mill, manufactory or workshop, hospital, asylum or institution for the care or treatment of individuals, and every building three stories and over in height used or occupied as a store or work-room, and every building in whole or in part occupied or used as a school or place of instruction or assembly, and every office building five stories or more in height, shall be provided with such good and sufficient fire-escapes, stairways, or other means of egress in case of fire as shall be directed by the department of buildings; and said department shall have full and exclusive power and authority within said city to direct fire-escapes and other means of egress to be provided upon and within said building or any of them. The owner or owners of any building upon which a fire-escape is erected shall keep the same in good repair and properly painted. No person shall at any time place any

incumbrance of any kind whatsoever before or upon any fire-escape, balcony or ladder. It shall be the duty of every fireman and policeman who shall discover any fire-escape, balcony or ladder of any fire-escape incumbered in any way, to forthwith report the same to the commanding officer of his company or precinct, and such commanding officer shall forthwith cause the occupant of the premises or apartment to which said fire-escape, balcony or ladder is attached or for whose use the same is provided, to be notified either verbally or in writing, to remove such incumbrance and keep the same clear. If said notice shall not be complied with by the removal, forthwith, of such incumbrance, and keeping said fire-escape, balcony or ladder free from incumbrance, then it shall be the duty of said commanding officer to apply to the nearest police magistrate for a warrant for the arrest of the occupant or occupants of the said premises or apartment of which the fire-escape forms a part, and the said parties shall be brought before the said magistrate, as for a misdemeanor; and, on conviction, the occupant or occupants of said premises or apartment shall be fined not more than ten dollars for each offense, or may be imprisoned not to exceed ten days, or both, in the discretion of the court. In constructing all balcony fire-escapes, the manufacturer thereof shall securely fasten thereto, in a conspicuous place, a cast-iron plate having suitable raised letters on the same, to read as follows: Notice: Any person placing any incumbrance on this balcony is liable to a penalty of ten dollars and imprisonment for ten days. All buildings requiring fire-escapes shall have stationary iron ladders leading to the scuttle opening in the roof thereof, and all scuttles and ladders shall be kept so as to be ready for use at all times. If a bulkhead is used in place of a scuttle, it shall have stairs with sufficient guard or hand-rail leading to the roof. In case the building shall be a tenement house, the door in the bulkhead or any scuttle, shall at no time be locked, but may be fastened on the inside by movable bolts or hooks.

(Revised from *New York City Consolidation Act, chapter 410, of the Laws of 1882, § 498, as amended by chapter 275 of the Laws of 1892, § 34.*)

The powers conferred upon the municipal authorities to require the construction of fire-escapes are clearly constitutional, and are not obnoxious to

the objections that the party affected is deprived of his property without due process of law. *Supreme Court, October, 1884, Fire Dept. v. Sturtevant*, 33 Hun, 407.

The power to require the erection of fire-escapes being given to the building department in direct terms, it must be exercised by the department as such.

The statute is not satisfied with the action and direction of one of the subordinate bureaus or subordinate bureaus or officers of the department. *Supreme Court, October, 1884, Fire Dept. v. Sturtevant*, 33 Hun, 407, followed in *Supreme Court, June, 1898, Greenhaus v. Alter*, 30 App. Div. 585.

§ 105. Fireproof buildings.—Every building hereafter erected or altered, to be used as a hotel, lodging-house, school, theatre, jail, police station, hospital, asylum, institution for the care or treatment of persons, the height of which exceeds thirty-five feet, excepting all buildings for which specifications and plans have been heretofore submitted to and approved by the department of buildings, and every other building the height of which exceeds seventy-five feet, except as herein otherwise provided, shall be built fireproof, that is to say, they shall be constructed with walls of brick, stone, Portland cement concrete, iron or steel, in which wood beams or lintels shall not be placed, and in which the floors and roofs shall be of materials provided for in section one hundred and six of this code. The stairs and staircase landings shall be built entirely of brick, stone, Portland cement concrete, iron or steel. No woodwork or other inflammable material shall be used in any of the partitions, furrings or ceilings in any such fireproof buildings, excepting, however, that when the height of the building does not exceed twelve stories nor more than one hundred and fifty feet, the doors and windows and their frames, the trims, the casings, the interior finish when filled solid at the back with fireproof material, and the floor boards and sleepers directly thereunder, may be of wood, but the space between the sleepers shall be solidly filled with fireproof materials and extend up to the underside of the floor boards.

The windows or doors to each fire-escape shall be located as far as possible, consistent with accessibility from the stairways and elevator hatchways or openings and the ladders thereof shall extend to the roof.

§ 150. Every building or part thereof which shall appear to the fire marshal to be specially dangerous, by reason of bad condition of walls, overloaded floors, defective construction, lack of guards against fire, or other causes, shall be held to be unsafe; and the fire marshal shall immediately notify the owner or lessee to cause the same to be repaired, and shall also affix a notice of the dangerous character of the structure in a conspicuous place on the exterior wall of such building, and no person shall remove or deface such notice so affixed. The owner or party having an interest in the unsafe building or structure mentioned in this section, being notified thereof in writing by the fire marshal, immediately shall cause the same to be made safe and secure, and if any such building shall be used for any purpose requiring

a license therefor, the mayor may revoke said license on neglect of the owner to repair said building. Where the public safety requires immediate action, the fire marshal may enter upon the premises with such assistance as may be necessary, and cause the said structure to be made secure or taken down without delay, at the expense of such owner or party interested.

BUILDING ORDINANCES OF 1904.

CHAPTER 1, ARTICLE II.

§ 46. Fire-escapes.—Outside iron stair fire-escapes or inside fire stairways herein specified shall be constructed in or upon every building more than two stories in height, not having more than one means of egress, used as a hotel, tenement-house, apartment-house, lodging-house, factory, mill, office building, hospital, asylum, school or public building. The number and location of such fire-escapes and fire stairways shall be governed by the location of the building, its style of construction, size, constructed means of egress, number of inmates and the purposes for which used. When inside fire stairways are adopted they shall be constructed entirely of fireproof material, inclosed with fire walls and shall connect with a passageway leading directly to the street, without any connection whatever with the basement. They shall have standard fire doors, self-closing, at every landing, which doors must never be blocked or fastened. When outside fire-escapes are adopted they shall consist of open iron stairways of not more than forty-five degrees slant with steps not less than six inches in width, and twenty-four inches in length and protected by a well secured hand rail on both sides. They shall be connected with each floor above the first, well fastened and of sufficient strength, and shall have landings or balconies, not less than six feet in length and three feet in width guarded by iron railings not less than three feet in height, and embracing at least two windows at each story, connected with the interior by easily accessible and unobstructed openings. The windows or doors to each fire-escape shall be located as far as possible, consistent with accessibility, from the stairways and elevator hatchways or openings, and the ladders thereof shall extend to the roof. Drop stairs shall reach from the lowest platform to the ground, and

shall be hinged and hung with a counterweight suspended to chain or cable with the said weight entirely inclosed in iron pockets, in which it shall move freely up and down; and the weights of all fire-escapes now existing shall be inclosed in such iron pockets. Any other plan of outside iron stair fire-escape, substantially as above required, shall be sufficient if approved by the bureau. Fire-escapes shall be kept painted and in good repair, and no person shall place any encumbrance whatsoever before or thereon. If any person shall neglect or refuse for thirty days after notice in writing from the bureau to construct such outside iron stair fire-escape, or inside fire stairways as this ordinance requires, and the bureau shall direct, said bureau may cause such fire-escape or stairways to be constructed, and the expense thereof, and ten per centum in addition, shall be collected from such person by an action brought by the corporation counsel in the name of the city of Rochester, and this shall be in addition to the other penalties provided in this ordinance. The owner of all buildings mentioned in this section shall have scuttles on the roofs, and shall cause to be constructed and maintained stationary iron stairs or ladders leading to said scuttles which scuttles and stairs shall be kept ready for use at all times.

Such fire-escapes shall, when in use, reach from the roof of such hotel, tavern, inn, factory, workshop, asylum, hospital, public hall or theatre to within ten feet of the street, road or sidewalk, and be of the latest and most approved service, style and pattern now in practical use, and such as shall be approved by the said chief engineer and assistant engineers of the fire department and the fire department committee of the common council. YONKERS.

(No ordinances specifically regulating the matter of fire protection in charitable institutions, but such ordinances are under consideration.)

III. Requirements of the State Board of Charities as to Fire Protection in Charitable Institutions.

The State Board of Charities in considering the question of proper fire protection for the inmates of institutions, bases its requirements upon the following:

1. The general laws of the State dealing with the matter.
2. The building laws and ordinances of the respective localities and the requirements of local fire commissioners, departments of public safety, and similar regulations.
3. The necessity for reasonable protection of inmates, particularly young children and sick and aged persons, in institutions not affected by the foregoing laws and ordinances.

When making an inspection of an institution subject to the jurisdiction of this Board the inspectors of this department are instructed to examine with care the facilities provided for the protection of buildings and inmates, in the event of fire, and to ascertain the extent to which the law is complied with and the buildings and inmates protected against fire. Examination is made and data secured upon the following points, which cover the more important provisions of the laws and ordinances in regard to the matter, in force in this state at the present time :

1. The neighborhood hazard.
2. Height and material of buildings and whether of fireproof construction or not.
3. Number and location of exits, interior stairways and elevator shafts and whether fireproof.
4. Number, location and construction of outside stairways* and fire-escapes, and if same can be reached easily.
5. Fire alarm connection, and date of last inspection by local fire department.

* Chapter 381 of the Laws of 1895 requires all hospitals over two stories in height and not of fireproof construction to be provided with outside iron stairways, the design being to afford means for the removal of surgical or bedridden patients on stretchers, when any other method of handling would be dangerous.

6. Number and location of hydrants and standpipes; length and condition of hose, and how often tested.
7. Number and location of portable fire-extinguishers, hand grenades and fire-pails.
8. Organization and practice of fire drills.
- 9 Whether night patrol service is established with use of watchman's clock.
10. Protection given swinging gas jets and other heating or lighting fixtures in proximity to woodwork.
11. Presence of rubbish, particularly in attics, cellars, etc., or of oils and inflammable liquids, and care given same.

An institution found to be complying with the law and satisfactorily equipped in the above particulars, and whose officers give due attention to fire drills, night patrol service, care of oils, inflammable liquids and the disposal of rubbish, is considered by the Board to be adequately protected.

IV. Suggestions for Protection of Buildings and Inmates against Fire.

1. Buildings of charitable institutions should be of fireproof construction if possible.
2. Interior stairways and elevator shafts should be made fireproof, and in the case of the stairs, sufficiently broad to permit all persons on floors above to pass down without delay.
3. Outside iron stairways of easy descent and connecting with each dormitory should be provided to furnish means of escape in case the interior stairways and elevators are cut off by fire. For safety these should be inclosed with heavy wire netting and provided with iron hand rails.
4. Direct fire alarm connection is most desirable. Telephone is not considered as satisfactory as an electric alarm connection.
5. Interior facilities should include a sufficient number of portable fire-extinguishers, hand grenades, and fire-pails, and in buildings of more than two stories, standpipes with sufficient hose attached to reach every part of each floor. The hose should be tested every three months, the fire-pails kept filled and the extinguishers recharged annually, the date of recharging being shown on a tag attached to the extinguisher.

6. Regular fire drills both for employes, and, where their physical condition permits, for inmates as well, should be held in order to accustom them to the work of rapid removal from the buildings and thus prevent confusion or excitement in case of a real alarm.

7. A night watchman should patrol the building during the entire period when the day employes are off duty, and should be required to register his visits to different parts of the institution by means of a watchman's clock.

8. Stationary gas jets should be protected by globes or wire screens, and all swinging jets made stationary. All woodwork in proximity to stoves should be protected by sheets of metal.

9. All parts of the building, particularly cellars and attics, should be kept free from rubbish, and rags used in oiling floors, etc., should either be destroyed after using or kept in metal cans or boxes.

10. Great care should be exercised in the storage and handling of paints, oils, and other inflammable liquids. Oil stoves and lamps should not be used if avoidable and should never be filled or trimmed after dark; if oil is used it should be of the highest fire test.

11. A high grade of safety or sulphur matches should be used.

12. Ashes should never be collected in wooden barrels or boxes, but in metal cans.

13. Fire-escapes, stairways, halls, passageways, windows or doors should never be encumbered with boxes, barrels, etc., as in the event of fire these would interfere with the escape of the inmates and hinder the firemen in their work.

V. Suggestions for Suitable Fire Escapes.

In view of the recent losses of life in fires in charitable institutions by reason of the absence of escapes or because the escapes provided were defective or unsuitable, the following suggestions as to what kind of escapes are best adapted to charitable institutions are submitted:

1. FOR HOMES FOR CHILDREN, INDUSTRIAL SCHOOLS, REFORMATORIES,
ETC.

Outside iron stairways not less than twenty-four inches wide, guarded by hand rails and preferably enclosed with wire netting.

Such escapes to connect with all the dormitories and all approaches to escape to be kept free and clear.

Stairs to be placed at an angle for easy descent (not to exceed 55 degrees; preferably from 45 degrees to 50 degrees).

Treads to be not less than six and one-half inches wide and preferably from seven and one-half to nine inches wide.

Spaces between treads to be not more than ten inches.

Ladder escapes are of little value except for the larger boys, and as a means of ingress for firemen.

Stairway escapes may be broken into a number of short flights or may extend the full length of each story of the building.

2. FOR HOSPITALS, HOMES FOR THE AGED, ETC.

Stairway escapes as above but of greater width—not less than three feet—are recommended.

Platforms, approaches, etc., to be wide enough to permit handling an operative case on a stretcher or mattress without injury, in case the interior stairs and elevators were cut off by flames or smoke.

Such escapes to connect with all wards and be accessible from all private rooms. Approaches to the escapes to be through doors which should open freely (rather than through windows which make exit difficult at best). Both approaches and escapes to be kept free and clear.

VI. Fire Drills.

1. HOMES FOR CHILDREN, INDUSTRIAL SCHOOLS, REFORMATORIES AND OTHER INSTITUTIONS WITH ACTIVE INMATES.

The kind of drill recommended for homes for children is that required by chapter 201, Laws of 1901, entitled "An act providing for fire drills in the schools of this state." Under the provisions of that act the principal of every public or private school in the State having more than 100 pupils is required to instruct and train the pupils in his school so that they may be able to leave the building in the shortest possible time without confusion or panic. The children in homes should in like manner be practiced in rapid dismissal exercises, using both the interior stairways and the outside escapes. The caretakers and other employees

should be assigned to certain stations in connection with this drill and carefully instructed as to their duties in emergencies. The caretakers of the children under five years of age should be most carefully instructed and drilled in the best method for removing their charges from the building promptly.

The following is an outline of plan for the organization of a fire drill similar to that practiced in a number of homes in this State:

ORGANIZATION.

1. The superintendent, or in his absence the matron, head teacher, or engineer in this order to be in chief command and to have direction of the drill as a whole.

2. The head officer of each department of the home to be responsible for his department to the superintendent or his substitute and to be in command of that department.

3. Each caretaker and teacher to be in command of and responsible for the children in his dormitory or class room (under the head officer of his department).

4. The children in each dormitory or class room to be organized into squads of ten, one of the older children (captain) being in charge of each squad.

A plan of organization for such a drill may be shown graphically as follows:

PRACTICE.

At a given signal (fire alarm) the children in each school room or dormitory form in squads under the direction of the teacher or caretaker, and march out into the corridors where they take their proper places in the formation composed of the entire population on that floor of the building. The entire company then marches in regular order and without delay or confusion down the stairs and out of the building, following a similar company made up of the children from the floor below. The company of children from the first floor should march out first, followed by the company from the second floor and so on through the building. If the building has more than one exit the companies may be formed accordingly so as to secure more rapid dismissal.

The outside fire-escapes as well as the interior stairways should be used as means for egress during these drills, so that the children may become accustomed to them and be able to leave the building by any means of exit without confusion or panic in case the interior stairway should be cut off by fire or smoke.

All employes should be instructed in the use of the extinguishers and other fire-fighting apparatus as a part of the fire drill and certain of them, other than the teachers and caretakers if possible, assigned to particular duties in connection with the use of this apparatus, when an alarm is given.

Where infants and small children are in the institution the drill should include practice in the speedy removal of these children by the caretakers, nurses and other employes assigned to this duty.

2. HOSPITALS, HOMES FOR THE AGED AND OTHER INSTITUTIONS WITH HELPLESS INMATES.

In these institutions the removal of patients in the event of fire is more difficult and laborious than in those cases where the inmates are active persons. Many of the patients must be carried out bodily, some of them on mattresses or stretchers, and without delay or injury. Accordingly the fire drill cannot be actively participated in by the patients but must consist in the practice of movements looking to the rapid removal of patients

by the nurses, orderlies and employes. For medical reasons it is often not advisable to actually remove the patients from the ward during the drill, but this fact does not affect materially either the need for or the value of such a drill.

The employment of a competent expert for a brief period sufficient to instruct and train the staff of employes, as has been done in some of the larger public hospitals in New York city, is recommended by the board, where possible.

The drill should include the following matters:

1. Instruction of the staff of employes in the use of the fire-fighting apparatus, and practice in the same.

2. The organization of the staff for the purposes of this drill and the assignment of the resident physicians, nurses, and employes to particular positions and duties in connection with the work of removing the patients; these positions to be taken immediately upon the signal (alarm) being given.

3. Instruction and practice in the handling and carrying of stretchers and other work having to do with the removal of patients.

Weekly or fortnightly practice of these drills is necessary to secure and retain their effectiveness.

The Western District shall embrace the fifth, sixth, seventh and eighth judicial districts of the State.

The Committee in the Eastern District shall consist of the members of the Board resident therein. The work in the East-

ern District may be carried on by a sub-committee of three of its members, to be appointed by the President.

The Committee in the Western District shall consist of the members of the Board resident therein. The work in the Western District may be carried on by a sub-committee of two of its members, to be appointed by the President. The President shall designate the Chairman of the said Committees.

With the exception of the months of July and August, each of the Committees shall hold meetings at their respective district offices at least once a month, as the Committee may decide. Three members shall constitute a quorum in the Eastern District and two in the Western District. Special meetings may be called by the Chairman as often as he may deem the same necessary. The District Committees may, when in their judgment the work of inspection requires it, hold joint meetings.

The Committees may in their respective districts designate from time to time one of their members to supervise and direct the daily conduct of the work of the District.

The district offices shall be open for business from 9 A. M. to 5 P. M. on every week day, not a legal holiday, except on Saturdays, when they shall be open from 9 A. M. to 12 M.

In each district there shall be a Superintendent, to be appointed by the Board upon the nomination of the District Committee, who shall be subject to the said Committees, and shall have the immediate direction of the Inspectors in the said districts.

In each district there shall be such number of inspectors and other employes as the Board may see proper to employ.

The inspectors may, as far as practicable, be classified as "auditing inspectors," "sanitary inspectors" and "general

inspectors.” The duties of the “auditing inspectors” may be specially directed to examination of the accounts, records and other matters relative to the financial affairs of institutions. The duties of “sanitary inspectors” may be specially directed to inspection of conditions affecting the sanitary status of institutions. The duties of “general inspectors” may be considered as connected with conditions not belonging specially to the departments of auditing and sanitary inspectors. All inspectors and other employes of the District shall perform such duties as may from time to time be designated by the District Committees.

The joint committee of the Eastern and the Western Districts may temporarily transfer inspectors from the Eastern to the Western District and *vice versa*. The reasons of such transfers shall be entered in the minutes of both of the District Committees.

As soon after the first of each month as practicable, the said Committees shall send to the Secretary of the Board a full report of the inspection work of the district, during the month preceding, together with a separate account of the salary and disbursements of each employe of the District, certified by the Chairman of said respective Committees.

**MANUAL FOR THE GUIDANCE OF THE INSPECTORS OF THE
STATE BOARD OF CHARITIES.****THE OFFICE OF INSPECTOR.**

An inspector of the State Board of Charities is a State officer appointed by that Board under the State Civil Service Rules. The statute confers important powers and requires of him the performance of certain duties in the visitation and inspection of institutions of a charitable, eleemosynary, reformatory or correctional character or design. These powers and duties are contained in the "State Charities Law" (chapter 546, Laws of 1896). With a view to familiarize inspectors with their statutory obligations and the instructions of the State Board of Charities in relation thereto, the provisions of law relating to their powers and duties have been collated in this manual, and such explanations, instructions and regulations have been added as were deemed necessary for their information and guidance.

**I. PROVISIONS OF LAW RELATING TO THE POWERS AND DUTIES OF
INSPECTORS.****1. *Institutions subject to inspection.***

Section 10. All institutions of a charitable, eleemosynary, reformatory or correctional character or design, including reformatories (except those now under the supervision and subject to the inspection of the prison commission), but including all reformatories, except those in which adult males convicted of felony, shall be confined, asylums and institutions for idiots and epileptics, almshouses, orphan asylums, and all asylums, hospitals and institutions, whether state, county, municipal, incorporated or not incorporated, private or otherwise, except institutions for the custody, care and treatment of the insane, are subject to the visitation, inspection and supervision of the State Board of Charities, its members, officers and inspectors.

The Court of Appeals has defined the meaning of the words "charitable institution," as used in the Constitution and the State Charities Law, as follows:

"A charitable institution, within the meaning of sections 11 to 14 of article VIII. of the Constitution, chapter 771 of the Laws of 1895, and chapter 546 of the Laws of 1896, giving to the State

Board of Charities the right of visitation with respect to all charitable institutions, is one that in some form or to some extent receives public money for the support and maintenance of indigent persons, and by public money is meant money raised by taxation, not only in the State at large, but in any city, county or town."

The important facts which should be noticed by inspectors are as follows:

1. Certain classes of institutions are excepted from inspection by the State Board of Charities, because they are not in receipt of public money, or are under the jurisdiction of other State authorities.

2. The language of the statute makes all institutions, with the exceptions given, subject to inspection, which in *character* or *design* are charitable, eleemosynary, reformatory or correctional. Managers and officers may object to an inspection, alleging that the institution is not a charity in character or design. It is important, therefore, that inspectors should inform themselves as accurately as possible, before visiting an institution with which they are unacquainted, as to its character and the objects which it was designed to accomplish, and whether or not the institution is in receipt of public money. This information may be obtained by examining the articles of incorporation and the annual reports.

3. Objection may be made to an inspection because the institution belongs to a county or city, or because it is unincorporated or is private, but the statute is very explicit in this respect, and includes all that come under the general definition, whatever may be the nature of their origin, their location or their control.

Court of Appeals, February, 1901: *Fox vs. Mohawk and Hudson River Humane Society*, 165 N. Y. 517.

2. Inspections may be made at any and all times.

Section 10, continued: Such institutions may be visited and inspected by such Board, or any member, officer or inspector duly appointed by it for that purpose, at any and all times.

No examination of an institution can be made for the purpose of obtaining all of the information which the law requires when the inspector is limited as to the time of his inspection by any rules or regulations of the managers or officials. The everyday working condition of all parts of an institution can most satisfactorily be determined only by the casual and unexpected visits of the inspector. For example, unannounced visits must be made at meal times to learn the kind, quality and quantity of foods ordinarily served, and visits to the dormitories at night is the only method of deciding as to their ventilation.

3. Powers of inspectors during an inspection.

Section 10, continued: Any member or officer of such Board, or inspector duly appointed by it, shall have full access to the grounds, buildings, books and papers relating to any such institution, and may require from the officers and persons in charge thereof, any information he may deem necessary in the discharge of his duties.

The statutory powers of inspectors during an inspection enable them to obtain full and accurate knowledge of the entire premises and of every feature of the institution and its management. They have the right to see personally every part of the buildings and premises, every inmate, all of the books, records and papers, and finally they may require any additional information deemed necessary for the proper discharge of their duties. In exercising these powers, inspectors should be courteous and considerate towards officers of institutions, and whenever refused unlawfully they should use no force nor mandatory language, but discontinue the inspection and withdraw and report the facts to the Board for its action.

4. Relation of officers, superintendents and employes of institutions to inspectors of the Board.

Section 10, continued: Any officer, superintendent or employe of any such institution, society or association who shall unlawfully refuse to admit any member, officer or inspector of the Board, for the purpose of visitation and inspection, or who shall refuse or neglect to furnish the information required by the Board or any of its members, officers or inspectors, shall be guilty of a misdemeanor, and subject to a fine of one hundred dollars for each such refusal or neglect. The right and powers hereby conferred may be enforced by an order of the supreme court after notice and hearing, or by indictment by the grand jury of the county or both.

This clause of the section establishes the character of the offense committed by an officer, superintendent or employe of an institution, society or association who unlawfully refuses to admit an inspector for the purpose of inspection, or refuses or neglects to furnish information required. It also prescribes the method of enforcing the rights and powers of the inspector.

5. Inspectors confidential agents of the Board.

Section 10, continued: No such officer or inspector shall divulge or communicate to any person without the knowledge and consent of said Board any facts or information obtained pursuant to the provisions of this act; on proof of such divulgement or communication such officer or inspector may at once be removed from office.

The necessity of this restriction upon inspectors grows out of the extraordinary powers of inquiry into the affairs of institutions given them by law in making inspections. Inspectors are peculiarly exposed to the temptation of giving information in regard to facts obtained in the performance of their duties. Officers of institutions are very liable to make inquiries of them as to the condition and management of other institutions of the same class. While much of the information thus sought might be given, not only without detriment, but even with benefit, the occasional scandals that might result render the legal restriction eminently wise and conservative.

No record, document or paper containing information considered confidential regarding the history and personality of any

inmate, and sealed or kept under lock and key, by resolution duly adopted by the board of managers of any institution, shall be examined by any inspector, except by direction of the State Board of Charities.

II. PROVISIONS OF LAW RELATING TO THE SUBJECTS OF INQUIRY DURING INSPECTION.

Section 11. This section provides that "on such visits, inquiry shall be made to ascertain" the following information:

1. *Whether all parts of the State are equally benefited by the institution requiring State aid.*

To obtain this information the inspector must first learn from the act creating the institution the precise terms on which it is required to receive inmates from the several counties of the State or of the district to which its operations are confined. Then a census of the inmates must be taken and the residence of each noted. Finally, the population of each county entitled to representation in the institution must be taken as the basis of calculation as to the proper ratio of inmates from each county in the institution.

2. *The merits of any and all requests on the part of any such institution for State aid, for any purpose other than the usual expenses thereof, and the amount required to accomplish the object desired.*

Inquiries required by this section are to be made only when the managers of institutions make requests for State aid for some specific purpose. They are not subjects of inquiry, therefore, on every inspection, and should receive the attention of the inspector only when directed by the State Board of Charities.

3. *The sources of public moneys received for the benefit of such institution, as to the proper and economical expenditure of such moneys and the condition of the finances generally.*

The sources of public moneys received for the benefit of an institution, and the condition of the finances generally, are subjects for special inquiry under the direction of the Board; but inquiries as to the expenditure of moneys ought to be constantly

in the mind of the inspector during his inspections, and accurate notes should be made whenever he discovers evidences of improper and uneconomical uses of the funds of an institution. Improper expenditures are more likely to be found in the purchase of luxuries, as in furniture, foods, implements, horses, carriages and in other directions. The lack of economy is found in the prices paid for the great variety of articles purchased, the cost of the erection and repair of buildings.

4. Whether the objects of the institution are being accomplished.

The inquiries required by this provision should be taken in their larger sense. The unit in every charitable institution is the individual inmate. For his welfare alone it was established and now exists. To relieve or mitigate the special disabilities which make him an object of charity, every matter or thing connected with the institution, whether lands, buildings, furniture, officers, management, should contribute to their fullest capacity. The inspector must, therefore, in all the details of inspections, have in mind the ultimate objects of the institution and endeavor to determine how far they are accomplished by the existing conditions.

5. Whether the laws and the rules and regulations of this Board, in relation to it, are fully complied with.

To make the inquiries under this head, the inspector should first make himself thoroughly familiar with the laws and the rules and regulations of this Board in relation to the institution about to be inspected. The laws relating to it will be found in the State Charities Law, and other statutes, and in the act of incorporation, and the amendments thereto. The rules of the Board will be found in its manual or in other form at the central office. Inquiry should be made as to whether a copy of the Board's manual is in the hands of the managers. Three classes of institutions are now operating under the rules of the Board, namely: 1. Institutions wholly or partly under private control, authorized by law to receive payments from any county, city, town or village for the support, care or maintenance of inmates. (*Chap. 546, Laws of 1896.*) 2. Homes, retreats and asylums for the care and maintenance of aged, decrepit and mentally en-

feebled persons who are not insane. (*Chap. 914, Laws of 1896.*)

3. Dispensaries. (*Chap. 368, Laws of 1899, as amending Chap. 546 of the Laws of 1896.*)

6. *Its methods of industrial, educational and moral training, if any, and whether the same are best adapted to the needs of its inmates.*

The methods of industrial, educational and moral training in practice in an institution can be learned by inquiry and observation, but it requires large experience and good judgment to determine whether they are best adapted to the needs of its inmates. Inspectors should make very accurate notes of the method of training in each of these branches, and report the facts, with such observations as they may have made as to the effects upon the inmates.

7. *The methods of government and discipline of its inmates.*

It is difficult to determine definitely the government and discipline of an institution, as in obtaining information the inspector is limited to inquiry, for by his observation he can determine only the most superficial facts. His inquiries must not be limited to officers and attendants, but must include such inmates as, in his opinion, will make truthful statements. Inquiries of inmates should be very judiciously made, in order not to prejudice them against attendants. In general, they should be examined singly and in private, that they may not be actuated by fear.

8. *The qualifications and general conduct of its officers and employes.*

The opinion of the inspector in regard to the qualifications and general conduct of officers and employes must be formed chiefly by observation and intercourse with them. In his examination of the different departments of an institution he should carefully discriminate as to the officer or employe who is personally responsible for the conditions found, and thus he can very accurately determine his qualifications and general conduct. In his intercourse with officers and employes, the inspector can form

a very accurate judgment as to their fitness for their position by the discussion of topics relating to their duties.

9. The condition of its grounds, buildings and other property.

This information is obtained only by personal inspection. It is very important that these inspections be made in a methodical manner, in order that nothing shall escape thorough examination. Each matter or thing undergoing inspection should be exhaustively examined before another is undertaken.

10. Any other matter connected with or pertaining to its usefulness and good management.

During an inspection many incidents will occur and many observations will be made bearing on the usefulness of the institution and its management. Ample notes and full reports should be made of everything that in any manner comes to the knowledge of the inspector illustrating its condition and management.

III. RULES AND REGULATIONS OF THE BOARD RELATING TO INSPECTORS AND INSPECTION.

1. Relation of inspectors to District Committees.

1. All inspectors will be under the special direction of the District Committee to which they are assigned by the Board, and will receive their orders either directly from the chairman of the District Committee or the Superintendent of Inspection, or through their District Superintendent.

2. All assignments of inspectors for ordinary inspection will be made by the District Committees, while special inspection duties may be assigned by the Board.

2. The relation of inspectors to the institutions which they inspect.

1. In all visitations and inspections, inspectors, while maintaining their statutory privileges, will so conduct their investigations as to avoid unnecessary friction on the part of the officers of institutions, or to disturb the usual daily routine of the service. The establishment of cordial coöperation on the part of the managers and officers of institutions will facilitate the work of inspection.

2. Inspectors must not criticise the management of institutions, either publicly or privately, but in their reports to the Board they shall accurately describe such defects as, in their opinion, require to be remedied; nor shall they direct or advise changes to be made of any matter or thing in any institution unless first specifically authorized by the Board, the District Committee, the Commissioner of the district, or, in his absence, some other Commissioner.

3. *The conduct of inspections.*

1. Special inspections.

A special inspection is a visit to an institution to inquire or examine as to some particular fact or condition. It may be made at any time, the hour selected being the best adapted to obtain the desired information.

For example, the inspector might wish to learn by his own observation of the kind of food served to the inmates at dinner. This information could be secured only by a personal visit unannounced at the dinner hour.

2. General inspections.

All general inspections should be made in accordance with a plan which, while it economizes the time of the inspector and officials, and creates the least possible disturbance of the ordinary details of daily management, will secure a thorough inquiry into the operations and condition of every department of an institution. The inspector should always carry a note-book and make an immediate entry of every observation. The following scheme of a general inspection is best adapted to secure reliable results:

1. Before visiting an institution, the inspector should familiarize himself, as far as possible, with the law relating to it, the objects it is designed to accomplish, as set forth in its charter and its previous history. This information can be obtained at the offices of the Board and will enable the inspector to anticipate the defects of management which may exist.

2. On entering the institution the inspector should first call on the chief officer and inform him of his intention to make a general inspection. If this officer volunteers to accompany him

he should accept the offer, but the inspector should not be diverted from the plan of inspection proposed, unless the suggestions of such officer would manifestly facilitate the work or accomplish some other useful purpose.

3. In order to see the institution in its usual every-day working condition, the inspector should at once visit those parts where such changes may readily be made in existing conditions as will give false impressions if there is any delay. The changes more likely to be made are in the clothing, location or surroundings of certain troublesome inmates. The inspector should, therefore, first make a rapid tour of the institution and endeavor to see all of the inmates in whatever place and condition they may be found. He should next pass rapidly through the dormitories, the kitchen, the laundry and other departments. Having completed this preliminary survey, he should commence a detailed, exhaustive examination of the entire establishment. Every room in the entire building should be examined in regular succession, with the single exception of the chief officers' living rooms. No attendants' rooms, no closets or clothes room, no pantry or cupboard, no wardrobe or recess, no cellar or attic should be exempt from inspection. Every inmate should be seen, and those whose appearance indicates diseases of the eyes or scalp, or uncleanness of person, or deficient clothing or any other evidences of neglect, should be made the subject of special inquiry. If there is a farm connected with the institution, inquiry should be made as to the crops raised and their value, the amount of labor of inmates, and the cost of hired labor, and the final disposition of the products of the farm. The inspection may close with the examination of the books, records and papers.

FIELDBOOK FOR INSPECTORS OF CHARITABLE
INSTITUTIONS AND SOCIETIES.

PREFACE.

This manual is not designed to supersede or to be in any sense a substitute for the larger manual published by the Board in 1903, with which the inspectors of the Board are expected to be entirely familiar, but is intended to supplement and interpret for the use

of inspectors the laws and those portions of the manual which relate to the scope of inspections.

The Department of Inspection was organized for the purpose of carrying out the following provisions of the State Charities Law:

ARTICLE I.

Section 11. Powers and Duties of the Board on Visits and Inspections.—On such visits inquiry shall be made to ascertain:

1. Whether all parts of the State are equally benefited by the institutions requiring State aid.

2. The merits of any and all requests on the part of any such institution for State aid, for any purpose, other than the usual expenses thereof; and the amount required to accomplish the object desired.

3. The sources of public moneys received for the benefit of such institution, as to the proper and economical expenditure of such moneys and the condition of the finances generally.

4. Whether the objects of the institution are being accomplished.

5. Whether the laws and the rules and regulations of this Board in relation to it are fully complied with.

6. Its methods of industrial, educational and moral training, if any, and whether the same are best adapted to the needs of its inmates.

7. The methods of government and discipline of its inmates.

8. The qualifications and general conduct of its officers and employes.

9. The condition of its grounds, buildings and other property.

10. Any other matter connected with or pertaining to its usefulness and good management.

It will be seen from the above statute that the ground to be covered in the inspection of a given institution is quite extensive and that a thorough inquiry is required if the Board is to perform conscientiously the duties laid upon it by the Constitution and the law. Reduced to concrete terms the subjects to be covered in a general inspection are indicated by the following outlines for such inspections of each of the following classes of institutions or societies:
